

SOWK2851 : Human Behavior in the Social Environment II: Issues of Diversity

The second of two courses in human behavior in the social environment, this course will continue the examination of human behavior as it relates to the life-course development. An ecosystems framework will be employed to give special attention to diversity issues such as ethnicity, social class, and discrimination as factors affecting human development. This course will include a service learning component. Fulfills a General Education Cultural Competency (CC) requirement.
