The University

History

A desire to educate their children led the founders of Northwest Nazarene University, under the leadership of Eugene Emerson, to organize an elementary school in 1913. In the ensuing two years both high school and college courses were added to the curriculum. Thus began Northwest Nazarene University, now an accredited, Christian, comprehensive university of the arts, humanities, sciences, and professions.

In 1915, the first student was graduated from high school, and a year later Dr. H. Orton Wiley was elected president. The first college degrees were conferred upon a class of four graduates in 1917.

Academic progress has been notable, including accreditation as a junior college in 1931 and as a four-year college in 1937. Master's programs were added in the early '70s. The name of the institution was changed from Northwest Nazarene College to Northwest Nazarene University in 1999.

Northwest Nazarene University presently offers six associate degree majors, 40 bachelor's degree majors, eight master's degrees and two doctoral degrees. In addition to attending programs on the home campus, NNU students may study in cooperative programs in 35 countries around the world. Northwest Nazarene University serves approximately 1,300 undergraduate students, 725 graduate students, and 7,000 continuing education students each year.

Campus

The main campus of the University is located in Nampa, Idaho, which is in the Boise metropolitan area. Situated in the Treasure Valley, the University's location provides many rural and urban advantages, including a 2,500 foot altitude which provides a mild year-round climate. People are discovering and enjoying Idaho, the Gem State, with its easily accessible skiing, hiking, hunting, and fishing areas. The 90 acre campus, with its 33 buildings, has been carefully planned for maximum use and development. In addition to our offering courses at main campus, NNU also offers graduate courses in Idaho Falls and Twin Falls, Idaho. NNU also offers a variety of undergraduate and graduate programs in online formats that reach around the globe.

Students

NNU attracts students from all over the United States and many foreign countries. Students from all denominations and faiths are welcome to study at NNU. The University especially invites applications from international students and members of racial and ethnic minorities.

Accreditations

Northwest Nazarene University is accredited by the Northwest Commission on Colleges and Universities (NWCCU), a regional accrediting body recognized by the Council for Higher Education Accreditation (CHEA). In addition, programs in the following departments are accredited by nationally-recognized specialized accrediting boards:

- Business: Accreditation Council for Business Schools and Programs (ACBSP).
- Concurrent Credit: National Alliance Concurrent Enrollment Programs (NACEP).
- Counseling: Council for Accreditation of Counseling and Related Educational Programs (CACREP).
- Education: National Council for Accreditation of Teacher Education (NCATE).
- Engineering: Accreditation Board for Engineering Technology (ABET).
- Music: National Association of Schools of Music (NASM).
- Nursing: Commission on Collegiate Nursing Education (CCNE).
- Social Work: Council on Social Work Education (CSWE).
- Graduate School of Theology is accredited by the Commission on Accrediting of the Association of Theological Schools (ATS)

Affiliations

The Graduate School of Theology's pastoral ministry core of the Master of Divinity and the Master of Arts in Pastoral Ministry program are both recognized by the Church of the Nazarene's International Course of Study Advisory Committee (ICOSAC) as validated courses of study meeting the educational requirements for ordination in the denomination.

In addition, the University is a member of:

- Association of Christian Schools International (ACSI)
- Association of Governing Boards (AGB)
- Council for Christian Colleges & Universities (CCCU)
 - International programs: ASC, CSP, ISP (temporarily suspended), LASP, OSP, SSO, USP
 - U.S. Programs: ASP, CMC, LAFSC
- Council of Independent Colleges (CIC)
- National Association of Independent Colleges and Universities (NAICU)

Mission and Vision

Mission

The mission of Northwest Nazarene University is the transformation of the whole person. Centered in Jesus Christ, the NNU education instills habits of heart, soul, mind and strength to enable each student to become God's creative and redemptive agent in the world.

Context for Mission

Founded in 1913, NNU is a Christian university of the liberal arts, professional programs, and graduate studies. The University is grounded in the Wesleyan-Holiness tradition and is in partnership with the Church of the Nazarene, which emphasizes the biblical doctrines of perfect love and Christian holiness.

Vision

Northwest Nazarene University strives to be a vibrant educational community that integrates and reflects Christian faith in all that it does. The University seeks to provide nationally-recognized programs distinguished by graduates who are academically prepared, spiritually grounded, service-minded, globally engaged, and vocationally successful.

Values

Transformation

We believe education fosters transformation. NNU engages and affects all domains of life: intellectual, social, physical and spiritual; thereby advancing the transformation of the individual, the church and the world.

Truth

We believe education pursues truth. NNU explores knowledge, the wonder of God's creative activity, the story of human civilization and the achievements in the arts, sciences and professions. Ultimately, we believe Jesus is the truth incarnate; therefore, we pursue Christ.

Community

We believe education flourishes in community. NNU provides a learning and faith community that teaches, challenges and encourages each other through intellectual and spiritual practices. Within covenantal relationships we express our love for God and others.

Service

We believe education cultivates service. NNU teaches the importance of a life of servanthood as modeled by Jesus Christ. We learn to lead by giving of ourselves to God and humankind.

Approved by the Board of Trustees

March 2010, October 2017

Statement of Belief

Northwest Nazarene University, theologically, emphasizes the theistic view of God and human beings as interpreted in the Wesleyan-Arminian tradition. We believe the following brief statements to be sufficient.

We believe:

- In one God--the Father, Son, and Holy Spirit.
- The Old and New Testament Scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living.
- Human beings are born with a fallen nature, and are, therefore, inclined to evil, and that continually.
- The finally impenitent are hopelessly and eternally lost.
- The atonement through Jesus Christ is for the whole human race; and that whosoever repents and believes on the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.
- That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.
- The Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers.
- Our Lord will return, the dead will be raised, and the final judgment will take place.

(Manual, Church of the Nazarene 2013-2017)

Philosophy of Education

NNU is committed to providing its undergraduate students with an acquaintance with the major fields of knowledge through a study in the liberal arts, an effective foundation in and a working grasp of one field in a selected major, and a balanced development of the wholly-educated person within the context of Christian commitment. Based on the philosophy of education and the University values, NNU has grouped the general education outcomes into four categories.

General Education Outcomes

I. Christian Formation

- Students will understand the Bible as a collection of ancient texts gathered as a canonical library for the Church and will develop and employ appropriate exegetical skills and methods in order to interpret the Bible responsibly and transformationally.
- Students will understand major doctrinal developments and emphases (including the creeds) within the historic theological traditions of Christendom and articulate distinctive characteristics of Wesleyan theology and its contributions to broader conversations within Christian theology.
- Students will understand and value the role of thoughtful biblical/theological reflection within the Wesleyan theological context and will develop and employ enhanced skills that critically integrate aspects of biblical interpretation and Christian theology to explore contemporary issues.
- Students will construct and critically evaluate philosophical, theological, or ethical arguments by using both formal and informal logic. Students will also apply principles of formal or informal logic to better understand their own faith commitments.

II. Humanities

- Students will be able to make informed decisions and choices regarding visual, musical, and literary art based on the historical, political, and socio-cultural contexts in which they emerged.
- Students will be able to demonstrate the ability to effectively solve real-world problems through the use of diverse ways of knowing, philosophical arguments, and discipline-specific knowledge within the humanities.
- Students will interact and communicate openly with individuals from diverse backgrounds while observing, contrasting, comparing, and understanding different worldviews and ways of knowing.
- Students will demonstrate growth in the four University values and the ability to apply these values to their NNU experience.
- Students will develop an integrated approach to the human story that takes into account contrasting interpretations and the diverse roles of people within history.

III. Sciences

- Students will be able to assess scientific practices within the foundational theories of one field of the natural sciences.
- Students will apply the basic methods of scientific inquiry in a laboratory experience.
- Students will have developed a deeper understanding of the relation of self to the world through investigation of the influence of social, cultural, economic, and political institutions in shaping human thought, values, and behavior.
- Students will have an awareness of human health, including stewardship of their own body.

IV. Intellectual and Practical Skills

- Students will be able to effectively use the English language, writing and speaking with clarity, coherence, and persuasiveness.
- Students will be able to think critically, independently, and creatively so that they can make informed and logical judgments of the arguments of others, arrive at reasoned and meaningful arguments and positions, and formulate and apply ideas to new contexts.
- Students will be able to comprehend and to use quantitative concepts and methods to interpret and to critically evaluate data and to effectively problem-solve in a variety of contexts demanding quantitative literacy.
- Students will be able to locate, access, analyze, and utilize information that facilitates learning and critical inquiry and to adhere to the standards of academic honesty in their use of that information.

Academic Services

NNU Academic Services provide support for the entire academic community. They include:

John E. Riley Library

Vital to the educational and intellectual life of the university, the John E. Riley Library contains almost 117,000 printed books, 140,000 electronic books and currently receives thousands of electronic periodicals. The library also has approximately 60,000 volumes in collections of microforms, non-print materials, and federal government documents, for which the library is a selective depository. Additionally, a special collection of works by or about John Wesley is maintained.

The library's web page is library.nnu.edu. It provides links to the library's online catalog, various indexes and databases many of which include full-text materials, and to other resources. Through participation in OCLC Inc., an international library network, the library has access to additional books and other materials from libraries around the world, available via interlibrary loan.

Reciprocal borrowing agreements with Boise State University and with College of Idaho allow students to check out a limited number of items from these libraries. Key to the library's mission is its staff, which provides friendly, professional service. Librarians, staff, and student assistants are available to make use of the library more effective and meaningful. Library services include interlibrary loans, instruction, and individual research assistance.

The library provides individual study areas, 17 group study rooms, and has wireless access for laptops and access to campus networked computers.

The University Archives contain items pertaining to the history of the University. Use of the Archives is by appointment only.

Registrar

The Office of the Registrar is responsible for maintaining, storing, and distributing all academic records and petitions. Statistical data for institutional, regional, and national reports and surveys are generated. All data concerning the university catalog and the Course Schedule Bulletin are sent to the Office of the Registrar for verification and organization. By providing accurate and timely data and having a thorough understanding of academic policy, the Office of the Registrar exists to serve and to educate faculty, staff, administrators, and students of the academic policies and procedures of NNU.

Information Technology Services (ITS)

ITS is located in the Leah Peterson Learning Commons. Hours are found on the help.nnu.edu website.

Services include but are not limited to:

- Computer Support
- Printer Support
- Classroom Technology Support
- Phone Support
- Purchase of print credit

ITS provides technical support to students and employees of NNU. More information on ITS and hours can be found on help.nnu.edu. Contact ITS by visiting help.nnu.edu and submitting a request or calling (208)467-8111.

Center for Academic Success and Advising (CASA)

Academic Advising

CASA directs the academic advising and scheduling of all first year students, in consultation with major advisers and the Registrar's Office. CASA endeavors to enhance the educational experience of each student through assistance in understanding the major selection process and first semester course selection. Student progress is monitored each semester, and the CASA faculty and staff coach students encountering difficulties.

Academic Success

The Center for Academic Success and Advising supports the entire undergraduate academic program by providing students with writing consultation, subject area peer tutoring, academic coaching, English support for international students, and Supplemental Instruction for select courses. These services are available to all NNU students free of charge. In addition, CASA offers courses for credit: University Success, Computer Applications, Mathematics Strategies, English Strategies, Major and Career Explorations, English language acquisition courses, and more. For a detailed description of these courses, see "Course Descriptions" listed under Study Skills (STSK) and English Language/Writing (ELWR).

Disability Services

It is the policy of Northwest Nazarene University (NNU) that no qualified persons with disabilities shall, on the basis of disability, be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination under any of its programs or activities. Any qualified student who has a physical or mental impairment which substantially limits one or more of major life activities, such as walking, seeing, hearing, speaking, breathing, learning and/or working, can receive assistance at NNU as provided in Section 504 of the Rehabilitation Act of 1973, and the applicable provisions of the

Americans with Disabilities Act of 1990 and the ADA Amendment Acts of 2008. The Director of CASA serves as the campus contact for disability related needs.

Testing

The Testing Office supports the educational mission of NNU by providing high quality testing services in accordance with the National College Testing Association Professional Standards and Guidelines and governmental regulations. The services provided for students, faculty, staff, community members and business partners will be consistently rendered with an attitude of service that demonstrates value for relationships, personal excellence, diversity, and commitment to lifelong learning. Tests/services include proctoring for distance learning courses; residual ACT testing; CLEP, DSST, and placement testing.

Admissions and Financial Aid

Admission

Northwest Nazarene University admits students who desire to contribute to the mission of the university and display academic characteristics that predict success at the university level.

- NNU maintains a policy of equal educational opportunity for all students without regard to sex, race, color, religion, national or ethnic origin, age, or physical and documented learning disabilities; and in administration of its educational and admissions policies, finance and operations, employment programs, student life and services, or any other university-administered programs.
- Specific high school courses are not required for admission. However, a strong college preparatory program in high school is recommended. Students planning to select majors in chemistry, engineering, mathematics or physics will benefit from four years of mathematics prior to enrolling at NNU.
- Reasonable accommodations are extended to special-needs students. Inquiries about accommodations for students with disabilities should be directed to the Center for Academic Success and Advising. The student must provide proper documentation before accommodations can be put into place. Any documentation provided is held in the strictest confidence and is used solely for the student's benefit.

Admission to the Bachelor of Science in Nursing Program

Admission to the Bachelor of Science in Nursing Program is based on successful completion of established criteria listed on the departmental website. Pre-nursing students must submit an online application located at nursing.nnu.edu during the Spring semester of the freshman year.

Admission to the Professional Program in Teacher Education

Admission to the Teacher Education program is granted to students who meet selection and retention criteria. In addition to University admission requirements, students must apply for and receive admission to the Professional Program in Teacher Education. Admission to Teacher Education is dependent upon department requirements in the year of program application.

Admission for Students Who Have Been Charged With or Convicted of a Felony

Applicants for admission to NNU's traditional residential program who have been convicted of a felony or who have felony charges pending against them may be denied admission or may be admitted upon special review and approval of the Admissions Committee at its sole discretion. Applicants who are in a correctional facility or have recently been in a correctional facility are required to allow a minimum of one year to elapse between the time of release and the time of enrollment at NNU.

Application Deadlines

Students submitting an application for Fall may apply under one of the two Early Action deadlines in order to receive notification prior to the standard decision date. Early Action I deadline is November 15th and Early Action II deadline is January 15th. The Standard Decision deadline is March 31st, after which time NNU Admissions will continue to accept application on a rolling basis until the incoming class is filled.

Those admitted to NNU, including students rejoining through the readmission process, must submit all application materials, including final official transcripts, by the following dates:

1. August 15 for fall semester enrollment.
2. December 15 for spring semester enrollment.

International Student Application Deadlines

1. July 1 for fall semester enrollment.
2. October 1 for spring semester enrollment.

If an I-20 has not been issued by the date below, the student will be automatically postponed to the next semester:

- July 15 for fall semester enrollment
- November 15 for spring semester enrollment

First Year Students

If you are a graduating high school or home school student, even if you have earned college credit while in high school, then you will complete the First Year or Freshmen application. This is also true if you've received a GED in lieu of a high school diploma and have not enrolled at any other college or university.

1. Applications, along with the non-refundable \$40 application fee, can be submitted the [The Common Application](#) or at love.nnu.edu/apply.
2. NNU admissions requires a writing sample before making an admission decision. The essay on The Common Application or the one found in the NNU candidate portal is acceptable.
3. Arrange for a current high school transcript to be sent to NNU Undergraduate Admission. You must also request that an official final transcript be forward to NNU no later than August 15th. If you've completed the GED in lieu of high school, submit the results of that test.
4. All first year student applicants are required to take either the ACT (NNU Code 0924), SAT (NNU Code 4454) or Classic Learning Test (CLT) before they can be granted admission to NNU. The optional writing test on either the ACT or the SAT is not required. The test may be taken more than once and students may apply for admission before taking the tests.

Admission As A Home-Schooled Student

Northwest Nazarene University welcomes applications from students who have been home-schooled. Home-schooled students seeking admission should submit application and supporting documents as stated for first year students.

1. If the home-schooled student has taken any courses through a high school, correspondence school, college or other educational organization, then the school or organization should provide NNU with an official transcript.
2. If the home-schooled student's education is based upon a parent and student designed curriculum, then the parent, as the primary instructor, should provide the University with the official high school transcript.
3. Home-schooled students who have earned a General Educational Development (GED) certificate should submit the GED certificate.

Transfer Students

The Office of Admissions will review transfer applications and make admission decisions based on unofficial transcripts from all previous college work after high school. However, *official transcripts* are required from those colleges and universities prior to a transfer student beginning their coursework at NNU. Applicants seeking admission as a transfer student may not need to present high school transcripts and ACT, SAT or CLT scores as long as the applicant has a minimum of 28 transferrable college credits. Failure to report all college and university work attempted could result in denial or revocation of admission. Transfer students may request a transfer brochure to assist them in the transfer process.

Federal financial aid regulations require that students transferring to NNU who have not successfully completed at least a two-year program (that is acceptable for full credit toward a bachelor's degree) need to self-certify that they have graduated from high school or have passed the GED in order for NNU to determine eligibility for federal funds.

International Students

Students from countries outside the United States for whom English is not their native language are required to meet one of the following criteria in order to be admitted to the university:

1. A score of 52 or higher on the TOEFL examination.
2. A score of 5.0 or higher on the IELTS examination.
3. A score of 40 or higher on the PTE Academic examination.
4. An interview evaluation of Level 2 or higher.

International students would be placed in one of the three following tracks:

Track 1: TOEFL score of 52 – 60, IELTS score of 5.0, PTE score of 40-44, or Interview Level 2 or higher^

Fall Semester:

ELWR1061 Academic Language Acquisition (3)

ELWR1063 Course-specific Language Support (3)

ELWR1072 Academic Reading and Grammar (3)
ELWR1073 Academic Writing for Non-Native Speakers of English (3)
1 course (3 credits) from a list of approved traditional courses

Spring Semester:

ELWR1062 Academic Language Acquisition II (3)
ELWR1074 Academic Writing for Non-Native Speakers of English II (3)
2 courses (6 credits) from a list of approved traditional courses

Track 2: TOEFL score of 61 – 78, IELTS score of 5.5 or PTE score of 45-52

Fall Semester:

ELWR1073 Academic Writing for Non-Native Speakers of English (3)
3 courses (9 credits) from a list of approved traditional courses

Spring Semester:

ELWR1074 Academic Writing for Non-Native Speakers of English II (3)
3 courses (9 credits) from a list of approved traditional courses

Or, if students place out of ENGL1073 with either a writing assessment or Accuplacer test:

Fall Semester:

ELWR1074 Academic Writing for Non-Native Speakers of English II (3)
3 courses (9 credits) from a list of approved traditional courses

Track 3: TOEFL score of 79 or higher, IELTS score of 6.0 or higher, PTE score of 53 or higher, or completion of two semesters at a regionally accredited college or university in the U.S. with a GPA of 2.0 or higher

Eligible for traditional courses, including ENGL1030, University Writing and Research.

^Students admitted based on an interview will be given a writing assessment during New Student Orientation. Students may be placed in Track 2 or Track 3 based on performance on this assessment.

For students admitted to Levels 1 or 2, completion of ELWR1074 with a grade of C- or higher is a prerequisite for ENGL1030, University Writing and Research.

Accepting Your Offer of Admission

An admissions decision will be communicated shortly after the Early Action and Standard Admission deadlines. To accept an offer of admission, please follow these steps:

1. Submit your \$250 tuition deposit as indication of your intent to enroll. Payment of a deposit made prior to communicated deadlines guarantees a spot in the incoming class and allows the student to register for classes. Payment can be made online through the student candidate portal or sent directly to the Undergraduate Office of Admissions. This payment is credited to your student account and is applied toward tuition and fees. Refunds are granted upon written request but those requests must be received prior to May 1. Refunds are not granted when requests are received after May 1.
2. Complete the Academic Planning Form (used for course scheduling), the Residential Status Agreement and the Immunization forms found at love.nnu.edu.

3. Coordinate with the Office of Financial Aid and Student Accounts to ensure that all scholarships, grants and student aid have been accepted and applied to your account.
4. Attend a Jump Start preregistration event during the summer. These events are not required but are very helpful for students and families.
5. Have an official, final high school and/or college transcripts sent to Undergraduate Admissions no later than August 15.
6. Submit all required fees and forms as requested to insure that a space can be retained in the incoming class (see Deposits and Fees).

New Student Orientation

New Student Orientation dates are found on the official university calendar published in this catalog and [online](#). All students are expected to be present and complete registration on the days scheduled for this purpose.

Students are not enrolled until all registration materials are completed and approved by advisers and/or other authorized persons. Satisfactory financial arrangements must be completed and approved in the Business Office.

Readmission

Any person who interrupts his or her education at Northwest Nazarene University after having once been admitted, whether by withdrawal during a semester or failure to register for a semester, must apply for readmission and be approved before resuming attendance. Failure to register for a summer semester is not considered an interruption. An application for readmission is available online at www.nnu.edu/apply or upon request from the Office of Admissions. Please see application deadline dates above.

If the student has registered at any other college or university since attending Northwest Nazarene University, a transcript from those institutions must be sent to the Office of Admissions.

Admission to Temporary Non-Degree Students

An unclassified non-degree seeking student may be admitted to classes with temporary non-degree status provided he or she gives evidence of the requisite ability to participate in the class. To apply for temporary non-degree status, a student must enroll for less than 12 semester credits, not be working on a degree at NNU, and not be applying for federal financial aid. All such students will be expected to do the same work required of regularly classified students, unless he or she has been permitted to take the course on a noncredit basis.

Expenses and Financial Aid

Expenses

Student charges are set by the Board of Trustees based on the projected costs of operation. In addition to revenue from student charges, a major supplement to the cost of the student's education comes from donations made by Churches of the Nazarene, businesses and other individual sources. The actual costs of operation are affected by some factors over which the institution has little or no control. The amounts quoted in this catalog and its supplements are subject to change after appropriate notice.

Charges

Tuition, fees, room and board charges are usually increased annually by the approximate amount of increases in the cost of living, plus a reasonable amount for specific planned improvements in the educational opportunities to be provided during the year. **Some courses, such as private lessons, require a fee for specialized instruction, transportation, equipment, and/or supplies.**

Payment

Payment and/or satisfactory financial arrangement of the balance due on a student's account must be completed 2 weeks prior to the start of the semester. In determining the balance due, financial aid awarded for the semester will be deducted from the total semester charges. A late payment fee of \$150 may be assessed if payment and/or satisfactory financial arrangement has not been completed by the tuition due date. Official transcripts of student course work and/or diploma are granted only after the student's account is paid in full. Registration for the next semester and continued enrollment will be available after the prior semester's balance is paid in full or satisfactory arrangements have been made with the Business Office.

Many NNU students choose to participate in a payment plan. For information on the payment plan, please contact the Business Office. Enrollment in a payment plan is to be completed by July 20, 2018. Payment plans are available for the academic year or individual semesters.

Advanced Deposits And Fees

New Student Advanced Tuition Deposit: \$250 is to be paid by May 1 for students applying for fall semester and by October 15 for students applying for spring semester. Receipt of the deposit is required before the student is allowed to begin registration and receive housing arrangements. Advanced work toward program scheduling cannot be done until the advanced deposit is received. Refunds shall be made according to the following schedule:

Date of Cancellation for fall semester	Amount of Refund
By May 1	Full Refund
By May 2 and thereafter	No Refund
Date of Cancellation for spring semester	Amount of Refund
By November 15	Full Refund
By November 16 and thereafter	No Refund

Refund Of Charges For Students Who Withdraw

All students withdrawing from NNU must complete the "Request for Withdrawal from School" form available from the Center for Academic Success and Advising. All withdrawals are subject to a \$100 withdrawal fee, if the withdrawal occurs after the add/drop date of the semester.

Exceptions to the refund schedule listed below will be considered for cases of medical or other hardship on a case-by-case basis upon request of the student and submission of appropriate documentation.

Tuition, Fees, Room and Board: Students who withdraw from school prior to or on the last day to drop courses for the semester shall receive a refund of 100% of tuition and fees charged. Students withdrawing after the last day to drop courses for the semester shall receive a prorated refund of tuition and fees. Students are not eligible for a refund of charges after 60% of the semester. Room and board charges for the semester are refunded on a prorated basis. The withdrawal date is defined as the earlier of: (1) the date that the student began the official withdrawal process or officially notified NNU of intent to withdraw, or (2) for those students who leave school without notifying an appropriate NNU official, (a) the midpoint of the semester, or (b) the last day of documented academic-related activity. The Center for Academic Success and Advising Director determines the official date of withdrawal.

Refund Distribution: Students who withdraw from NNU during a semester and have received federal financial aid shall be reviewed for federal financial aid eligibility at the time of withdrawal. When a refund to federal programs is required, the following refund distribution will be used:

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Perkins Loan
4. Federal PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (FSEOG)
7. Other Title IV Aid Programs
8. Other Federal Sources of Aid
9. Other State, Private or Institutional Aid
10. Parents or other third party, and then the Student

Refunds to NNU's institutional aid programs are based on the tuition and fees withdrawal proration rate; i.e., if one-half tuition and fees are refunded, one-half of any institutional aid will be refunded to institutional programs. Note: additional policies may apply to refund of NNU institutional aid.

Withdrawing From Courses

If a student withdraws from all courses during a semester, regardless of the reason, federal regulations require Northwest Nazarene University (NNU) to determine the amount of Title IV Federal aid the student has earned. The Title IV aid programs that are covered by this law are: Federal Pell Grants, Direct Loans (both subsidized and unsubsidized), Direct PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), Federal Perkins Loans, TEACH Grants, and Iraq and Afghanistan Service Grants.

Though a student's financial aid is posted to their account at the start of each period, funds are earned as the student completes the period. If a student withdraws during their expected term of enrollment the amount of Title IV aid that the student has earned up to that point is determined by a specific formula. If the student received more assistance than has been earned at the time of withdrawal, the excess funds must be returned by the school and/or by the student to the federal government. This is referred to as a Return to Title IV (R2T4).

Federal regulations require a recalculation of financial aid eligibility if a student:

- officially withdraws from all courses for the semester;
- stops attending before the semester ends without officially withdrawing;
- fails all classes and/or;
- does not complete all the sessions for which they were originally registered for in a period of enrollment.

Students who do not begin attendance in classes are not eligible for federal financial aid and must repay any federal assistance originally received.

The R2T4 calculation may result in the student and/or parents being responsible for directly returning additional loan amounts to the U.S. Department of Education.

Any amount of unearned grant funds that must be returned is called an overpayment. The maximum amount of a grant overpayment that must be repaid is half of the grant funds received or that were scheduled to be received. Grant overpayments of \$50 or less do not need to be repaid. Arrangements can be made through NNU or the U.S. Department of Education to return the unearned grant funds.

Determining the Amount of Federal Aid Earned

Students earn the Title IV Federal aid they originally received by remaining enrolled in and participating in all classes for which they are registered. Participation may be through physical attendance or active participation such as submission of homework or participation in course discussions for online courses.

The amount of federal aid that has been earned is determined on a prorated basis. For example, if 30% of the period of enrollment has been completed prior to withdrawal, the student has earned 30% of his or her aid, but has not earned the remaining 70%. Return of Title IV funds are based on this 70% unearned percentage.

Once a student has attended more than 60% of the semester for which he or she is registered, the student is considered to have earned all of the financial aid originally awarded and will not be required to return any funds.

If the student received (or the student's parent received on their behalf) excess Title IV program funds that must be returned, NNU must return an amount equal to the lesser of:

- the student's institutional charges multiplied by the unearned percentage, or
- the student's Title IV program assistance multiplied by the unearned percentage.

Post-Withdrawal Disbursement of Title IV Funds

If a student does not receive all of the funds earned, the student may be due a post-withdrawal disbursement. Prior to disbursal of a post-withdrawal disbursement, the student must provide NNU with permission to do so. The student may choose to decline *all* of the loan funds so that no additional debt is incurred.

NNU is entitled to use all or a portion of the student's post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges. NNU must be provided with permission from the student to use the post-withdrawal grant disbursement for all other school charges. If the student does not give NNU the requisite permission, the student will be offered the funds; however, this will result in a balance due to NNU.

For Students Enrolled in Modules

A student is considered withdrawn if the student does not complete all of the days in each session that the student was originally scheduled to complete. NNU tracks enrollment in each session that does not span the entire fall, spring, or summer semester and combines the sessions to determine the student's expected period of enrollment.

NNU determines if a student enrolled in a series of modules is a withdrawal and subject to recalculation of federal financial aid eligibility based on the following questions:

- After beginning attendance in the period of enrollment, did the student cease to attend or fail to begin attendance in a course he or she was scheduled to attend? If the answer is *no*, this is not a withdrawal.

If the answer is *yes*, then:

- Was the student still attending any other courses when the student ceased to attend or failed to begin attendance in a course? If the answer is *yes*, this is not a withdrawal.

If the answer is *no*, then:

- After ceasing to attend or failing to begin attendance in a course did the student confirm with NNU that they will be attending a course in a session beginning later in the enrollment period? If the answer is *yes*, this is not a withdrawal.
- If the answer is *no*, this is a withdrawal and the R2T4 calculation will be performed.

Student Financial Aid

In an effort to assist students in their pursuit of a comprehensive Christian education, NNU is committed to providing scholarships, grants, state and federal funds (Title IV aid) to eligible students.

The awarding of financial assistance to students is primarily for the purpose of:

1. Recognition of achievements
2. Assisting students in acquiring a college education at NNU
3. Recruiting and retaining students

The University believes that the following objectives are consistent with this philosophy:

1. Rewarding students for excellence in academic performance
2. Rewarding students for achievements that may be other than academic
3. Aiding students for whom the pursuit of a college education is an unusual financial hardship

Application for Admission and Financial Aid is a combined process for traditional undergraduate students at NNU. Priority for aid awards (scholarships, grants, loans, etc.) from federally funded and other programs will be given to students who have submitted an NNU Application for Admission and Financial Aid and the Free Application for Federal Student Aid (FAFSA) to NNU by January 15th for the following fall's admission. Students must apply for aid by completing the FAFSA each year after October 1st. The following information will explain this process in more detail. All institutional scholarships and grants are considered when determining a student's minimum financial aid award offer. Demonstration of Need - Northwest Nazarene University uses the Free Application for Federal Student Aid (FAFSA) to determine a student's eligibility for federal aid. Colleges use the Expected Family Contribution (EFC) from the FAFSA as an index to determine need for aid eligibility. Colleges determine the amount of need by taking the school's cost of attendance and subtracting the EFC, which results in need.

The FAFSA can be completed at fafsa.gov and should be filed as early as possible after October 1st each year for the following school year. The FAFSA uses tax information from 2 years prior. Tax information for 2016 is used on the 2018-2019 FAFSA.

Payment of Financial Aid: Financial aid is disbursed to traditional undergraduate students by crediting half of the year's total award to the student's account each semester. If a student is only enrolled for one semester, other regulations may apply.

Requirements for Financial Aid: To receive any financial assistance, students must maintain satisfactory academic progress toward a degree. The Standard of Satisfactory Academic Progress for Financial Aid is available through the Office of Financial Aid.

In order to receive federal aid funds, a student must meet the following requirements:

- Be admitted to NNU as a degree-seeking student.
- Be a U.S. citizen or an eligible non-citizen.
- Be enrolled for 6 or more credits for most federal programs. Audited courses, some repeated courses, and credit by examination credits cannot be counted.
- Demonstrate [satisfactory academic progress](#) toward a degree according to NNU policy.
- Have a valid social security number.
- Register with Selective Service, if required to do so.
- Not be in default on any federal student loans, nor have borrowed in excess of loan limits, nor owe a refund on any grant under Title IV federal student aid programs.
- Not be ineligible based on a drug conviction.

Scholarships

All first-time traditional freshmen at NNU are automatically considered for all scholarships that they may be eligible to receive by completing the NNU Application for Admission and Financial Aid and submitting other necessary application materials such as final high school transcripts or official college transcripts.

Tuition Scholarships

Academic Scholarship: Students who display excellence in academic achievement are given this award. The award is determined based upon cumulative GPA and highest ACT or SAT score (both GPA and a test score are required to receive this award). Academic Scholarships are renewed each year as long as the student is maintaining a 2.5 cumulative GPA. The Academic Scholarship must be applied to tuition costs.

Christian Education Partner Scholarship: Students who attended a mission partner Christian high school and earned a cumulative GPA of 3.0 or higher are eligible for this scholarship. Students are awarded an NNU annual scholarship of \$4,000 for up to four years dependent on the number of years the student attended the high school. One year of attendance at the high school equals one year of NNU Mission Partner Scholarship.

Professional Allowance: Students eligible for this discount include full-time, unmarried traditional undergraduate dependent students, whose parent or guardian's primary income is based on being a Nazarene or non-Nazarene missionary, senior pastor, chaplain, pastoral staff, District Superintendent, or Assistant District Superintendent. Also eligible are dependent students whose parents are missionaries or staff of Mission Aviation Fellowship. Dependency status is defined in the same manner as the FAFSA definition when being considered for this award.

Army Reserve Officer Training Corps (ROTC): Students attending NNU are eligible to apply for Army ROTC two-, three-, and four-year scholarships. These pay for tuition, fees, and room charges (meal plan not included) for each year that the scholarship is received. Students who do not receive the Army ROTC scholarship, but are participating in ROTC classes and who are approved by the faculty adviser, will be given a \$3,400 room stipend.

Ministry: Freshmen students who are Nazarene and majoring in ministry are given a ministry scholarship. Renewal of this is determined by the faculty of the School of Theology and Christian Ministries.

Miscellaneous Scholarships: Miscellaneous Scholarships are also awarded for athletics, music, forensics, and engineering based on student achievement.

Nazarene and CCCU Tuition Remission: Dependents of full-time faculty and first-line administrators at U.S. and Canadian Nazarene colleges/universities or Nazarene Theological Seminary and Council for Christian Colleges and Universities (CCCU) schools can apply for up to a full tuition allowance. The number of allowances given is limited. Contact the Office of Financial Aid for details. The requirements as described by the General Church Department of Education, CCCU and/or NNU are in force for this allowance. Applicants must provide a signed Tuition Remission Recommendation Form from the institution where the parent is employed. Dependency status is defined in the same manner as the IRS/tax definition when being considered for this award.

Grad-Back Tuition: Students taking traditional undergraduate courses who have completed a baccalaureate degree at NNU receive a 50% reduction in the per credit cost of tuition.

Senior Citizens: Students who are sixty years of age and older may enroll for non-credit courses at no charge. Those who take course work for credit will receive a 50% reduction in the per credit cost of tuition.

NUU Matching Scholarships

NUU offers matches to some awards for eligible students who fit specific criteria as detailed below:

Trustee Matching Church Scholarship: A full-time student whose local church awards funds for his or her use in paying University costs will be eligible to receive matching funds. The match is based on the first \$350 received from the church during the academic year.

This applies to Nazarene and non-Nazarene churches. NNU will match a church award for two semesters each school year, until work is completed on the first bachelor's degree for a traditional full-time undergraduate student. Students below a 2.0 cumulative GPA are not eligible for a full match and will only be matched on a one-to-one basis. For on-region Nazarene churches who have paid their education budget in full, a 7:1 match will be awarded. On-region Nazarene churches who have partially paid their education budgets will receive a 6:1 or 5:1 match. Students sponsored by an on-region Nazarene church who has not paid their education budget, off-region Nazarene churches, and some Treasure Valley non-Nazarene churches have been approved to receive a 4:1 match. Please check with Financial Aid to see if your church qualifies. Non-Nazarene church awards will be matched at a 1:1 ratio.

NYI Awards: NYI and Regional Main Event scholarships are awards given to students in recognition of excellence in various areas of talent as well as quizzing competitions within the district (NYI) and/or Region (Main Event) each year. NYI awards can be won at a local or national (Q or NYC) level.

The student should present a copy of each award to the NNU Office of Financial Aid so that the scholarship(s) can be included as part of the students overall financial aid offer. Students must be accepted for admission and be full-time undergraduate, degree seeking, currently enrolled students at NNU in order to receive these awards. Any other conditions for use appear on the certificate.

The NYI and NYC/Q scholarships contain specific directions for the student to follow in order to request that the NYI portion of the funds be sent to NNU. This usually requires a written request from the student to someone within the NYI organization. Once these funds are received, NNU will match these scholarships on a 1:1 basis (up to \$500 per academic year). Regional Main Event scholarships are awarded at face value.

Scholarship Requirements and Restrictions

All scholarship recipients are to be enrolled full-time, have a minimum cumulative grade point average of 2.00 (or higher, if so indicated by the scholarship criteria), and meet any other eligibility requirements detailed in the criteria of the scholarship. Institutional aid can be prorated for seniors in their final semester of coursework who are taking more than 6 credits but are not full-time. Academic scholarships require a 2.5 cumulative GPA. Scholarships based on per credit cost for post-baccalaureate and senior citizens are not subject to these requirements.

The University reserves the right to cancel or alter these scholarships in the case of misconduct or in the case of any conduct which, in the judgment of the University, makes it necessary.

Federal Grants

The United States Government, through the Department of Education, has made funds available for several Federal grant programs.

Federal Pell Grant: The award amount for the Federal Pell Grant is determined annually by the federal government. Eligibility is determined by completing the Free Application for Federal Student Aid (FAFSA) online at fafsa.gov. Once submitted, a Student Aid Report (SAR) is created, which indicates the student's eligibility for this grant.

Federal Supplemental Educational Opportunity Grant (FSEOG): FSEOG awards are funds made available and allocated to students with the lowest Expected Family Contribution (EFC) who also qualify for a Federal Pell Grant. The Federal Pell Grant is solely determined by the EFC on the FAFSA and the Federal Government's Pell amounts. The student's FAFSA must be submitted by January 15th, to be considered for this grant.

Federal Loans

These loans are low-interest, fixed rate federal loans borrowed through the federal government.

Federal Direct Subsidized Student Loans: A [subsidized](#) loan is one that the government pays the interest while the student is in school, in a grace period, or in deferment. A student must complete the FAFSA to be considered for a subsidized loan. Repayment begins six months after graduation or discontinuance of at least half-time, degree-seeking enrollment. First-time borrowers must additionally complete a [Master Promissory Note \(MPN\)](#) and [Entrance Counseling](#) to better understand repayment and options.

Federal Direct Unsubsidized Student Loans: Students who do not qualify or only qualify for part of the subsidized loan based on need are eligible for an [unsubsidized](#) loan. An unsubsidized loan is one that the government does not pay the interest on the loan while the student is in school, in a grace period, or in deferment. Payments of principal and interest may be deferred while enrolled at least half-time as a degree-seeking student. Repayment begins six months after graduation or discontinuance of at least half-time, degree-seeking enrollment. A student must complete the FAFSA to be considered for an unsubsidized loan. First-time borrowers must additionally complete a [Master Promissory Note \(MPN\)](#) and [Entrance Counseling](#) to better understand repayment and options.

Federal Perkins Loans: The [Federal Perkins Loan](#) is a low-interest loan which is provided by the federal government and NNU. This loan is awarded on the basis of financial need as determined by the student's Free Application for Federal Student Aid (FAFSA) analysis. Due to federal legislative changes made by Congress, authorization for the Federal Perkins Loan program expired after September 30, 2017.

Other Sources of Financial Aid

The Bureau of Indian Affairs: The U.S. Department of Interior provides grants, loans, and summer work to American Indian students to enable them to continue their education. Students must demonstrate high scholastic ability and need financial assistance. More information and eligibility requirements may be determined by contacting the area director or agency office having a record of tribal membership.

Vocational Rehabilitation: Assistance is available to residents of many states who have a disability that is a barrier to employment. Further information may be obtained by contacting the nearest State Vocational Rehabilitation Office.

Dependent's Educational Assistance Program: This program provides educational opportunities for many children of veterans who died or were permanently and totally disabled in or as a result of service in the Armed Forces of the United States. Widows and wives may also qualify if the veteran husband is deceased or permanently and totally disabled from service-connected causes. For latest benefit figures and further information on additional programs, contact the nearest local or regional Veterans Administration Office or visit www.benefits.va.gov/gibill.

Post 9/11 and Yellow Ribbon Benefits: This program provides educational opportunities for many veterans, spouses, and children of veterans who served in the Armed Forces of the United States after 9/11. For latest benefit figures and further information on additional programs, contact the nearest local or regional Veterans Administration Office or visit www.benefits.va.gov/gibill.

Army Reserve Officer Training Corps (ROTC): Students attending NNU are eligible to apply for Army ROTC two-, three-, and four-year scholarships. These scholarships pay for tuition, fees, and room charges (meal plan not included) for each year that the scholarship is received.

Part-Time Employment

On-Campus Employment: All NNU students are eligible to apply for part-time work on campus. A variety of on-campus offices hire students, such as Facilities, Learning Commons, Bookstore, and others. All students are encouraged to apply for positions of interest by following the directions listed in each job posting located on the [Career Center's website](#). First-time students are encouraged to work no more than 12 hours per week at any job or combination of jobs on campus.

A number of on-campus positions are funded in part by Federal College Work-Study program funds. Work study eligibility is determined by the [Office of Financial Aid](#) personnel upon review of the student's FAFSA information, cost of attendance, and other aid awarded, and is communicated to the student in an award letter. Federal Work Study is awarded to eligible students who have secured on-campus employment through the [Career Center](#).

America Reads: The America Reads program makes funds available to institutions of higher education in order to pay university students to tutor elementary students in reading. NNU works with several schools in the community assisting with their reading programs. The student must be eligible for Federal College Work-Study funds to participate in this program. Eligibility is determined by the [Office of Financial Aid](#) personnel upon review of the student's FAFSA information, cost of attendance, and other aid awarded, and is communicated to the student in an award letter. NNU pays the student on a monthly basis.

Part-time Off-Campus Employment: Numerous students secure their own arrangements for part-time off-campus employment in the local community. Students are encouraged to review postings located on the [Career Center's website](#) to identify part-time off-campus opportunities.

Off-Campus Study Opportunities

Financial aid may be available to students studying in an off-campus study program (not an NNU program) that has been approved through the [Off-Campus Study](#) office. Students must be in at least their second year of full-time enrollment at NNU, and must return to NNU the following Fall or Spring semester (unless it was their final semester).

Students remain eligible for federal and state aid. For university financial aid, students are eligible to receive one half of what he or she otherwise would receive, up to \$7,000. A student can only receive university aid for one semester in an off-campus study program.

Student Rights And Responsibilities

As recipients of Federal student aid, students have certain rights and responsibilities. NNU believes that knowing these rights and responsibilities will place students in a better decision-making position to achieve their educational goals.

Student Rights

All students have the right to know:

1. The cost of attending a particular school and what the school's policy is on refunds to students who withdraw.
2. What financial assistance is available including information on all federal, state, local, private, and institutional financial aid programs.
3. The school's financial aid personnel, where their office is located, and how to contact them for information.
4. The procedure and deadlines for submitting applications for each available financial aid program.
5. How the school selects financial aid recipients.
6. How the school determines financial need.
7. How much of their financial need, as determined by the school, has been met.
8. How and when financial aid will be received.

9. The interest rate on federal student loans, the total amount that must be repaid, length of the re-payment period, when the payment begins, and what cancellation or deferment provisions apply.
10. If students are offered a Federal College Work-Study job, what kind of job it is, what hours they must work, what their duties will be, what the rate of pay will be, and how and when they will be paid.
11. The school's policy in reconsidering a student's aid package if he or she believes a mistake has been made, or if his or her enrollment or financial circumstances have changed.
12. How the school determines whether students are making [satisfactory academic progress](#) and what happens if they are not.

Student Responsibilities

All students must:

1. Pay special attention to the Free Application for Federal Student Aid (FAFSA), complete it accurately, and submit it on time to the processor. Errors may delay or prevent a student from receiving aid.
2. Know and comply with all deadlines for applying or re-applying for aid.
3. Provide all documentation, corrections, and/or new information requested by the Office of Financial Aid.
4. Notify the University of any information that has changed since applying for financial aid.
5. Read, understand, and keep copies of signed documents.
6. Repay any student loans. When a promissory note is signed, it is an agreement to repay the loan.
7. Complete [Entrance Counseling](#) (incoming students) and [Exit Counseling](#) (outgoing students) online if the student has a Federal Perkins Loan or Federal Direct Student Loan.
8. Notify the University of a change in name, address, or attendance status. If a student has a Federal Direct Student Loan, he or she must also notify the loan service provider of these changes.
9. Satisfactorily perform the work agreed upon in a Federal College Work-Study job.

Fees

More than 18 semester credits	Block rate plus \$345/credit	Block rate plus \$345/credit
Post-Baccalaureate: NNU Graduate	\$635 per credit	\$635 per credit
Post-Baccalaureate: non-NNU Graduate	\$1,265 per credit	\$1,265 per credit

Cost for a typical undergraduate student

Type	Cost Per Semester	Cost Per Year
Tuition	\$14,650	\$29,300
Fees	\$250	\$500
Room and Board	\$3,625	\$7,250
Insurance (*charged in the fall for the year)	\$1,773*	\$1,773*
Total	\$20,298	\$38,823

Senior Citizens

Senior citizens, 60 or older, may enroll in classes for non-credit at no charge on a space available basis. Course fees may apply. Classes taken for credit: \$635 per semester credit, plus course fee if applicable.

Statement of Charges

Students may view their charges and financial aid on the NNU portal; my.nnu.edu. Changes in the student's course load may result in an increase or decrease in financial aid. When adding or dropping classes, students should contact their financial aid officer to determine if any of their financial aid will be affected.

Students are reminded that lenders deduct a processing fee from their Direct Student loans, Direct Plus loans, and Alaska Student Loan. Questions concerning your financial aid should be directed to (208) 467-8638, 1-877-668-4968, or financialaid@nnu.edu.

It is the student's responsibility to ensure that information regarding payment of amounts due is communicated to the person who will be paying the account.

Fees and Other Charges for Past Due Accounts

Failure to pay student's account by the due date will result in a late fee. Accounts 45 days past due will also be assessed a finance charge at the rate of 1.25% monthly (15% annually).

When a student is no longer enrolled at NNU and a balance remains on their account, the student is responsible for paying the University's cost of collection. This includes, but is not limited to, collection agency fees not to exceed 40% of the debt and may also include court and attorney fees.

Board and Room

Room cost is for a single student in a shared dorm room. A private room (when available) is an additional \$600 per semester. Room charge includes furniture and utilities. Room assignments are made by the Office of Student Life (208) 467-8643.

Plan Type	Cost Per Semester	Cost Per Year
Silver meal plan and single student in shared dorm room	\$3,625	\$7,250

This meal plan offers students 230 entries per semester and \$100 Flex dollars per semester that may be used at *The Bean*.

Alternative meal plans are available to certain students. Information on these alternative meal plans is available from the Office of Student Life.

Undergraduate Degree Requirements

The College of Arts and Sciences at Northwest Nazarene University offers three degrees, the Bachelor of Arts, the Bachelor of Science, and the Bachelor of Science in Nursing. Majors are offered in 40 fields of study. To qualify for a bachelor's degree at NNU, the student must satisfy the seven (7) requirements described below. Faculty and staff members at the University advise students concerning progress toward graduation. However, the student is responsible for meeting all graduation requirements.

In order for a student to graduate under the requirements of the catalog in use at the time he/she matriculated, the student must complete a bachelor's degree within seven (7) years. Otherwise, the student must use the most recent catalog.

1. Total Credits. The student must complete a minimum of 124 semester credits.
2. Upper-Division Credits. The student must complete at least 32 semester credits in courses numbered above 2999.
3. Quality of Grades. All grades must average C (2.000) or better. A grade of C- (1.700) or better must be earned in all courses which apply toward the major. Some majors have higher GPA requirements. See individual program descriptions for details.
4. Residence. Each student must spend a minimum of one year, full-time standing, in residence. If only one year is spent at NNU, it must be the senior year and must include a minimum of eight semester credits in the major.
5. General Education Program. The student must complete the General Education Program as described below.
6. Major Field of Study. The student must complete the requirements for one major or two co-majors.
7. Application for Graduation. Candidates for a degree must submit an application for graduation one semester prior to the intended graduation date.

The General Education Program

According to the mission statement, Northwest Nazarene University offers an undergraduate curriculum that "is designed to instill a habit of mind that enables each student to become God's creative and redemptive agent in today's world." This curriculum provides both depth (the student's major field of study) and breadth (the General Education Program) to nurture our students' highest intellectual, physical, and spiritual development.

The General Education Program is the foundation of all undergraduate education at Northwest Nazarene University. It purposely expresses, through curriculum, the mission of the University as a Christian liberal arts institution in the Wesleyan heritage. The objective of the General Education Program is to provide a common experience for the personal and intellectual growth of each student. Students are brought into contact with the great persons, ideas, and movement of human culture and the Christian faith. The curriculum is intellectually challenging and designed to set the tone for all courses at the University.

3. Social Science

- Approved social science course from the list above

IV. Intellectual and Practical Skills (9 credits)

ENGL1030. University Writing and Research (3)

To be completed by end of first year of residence. Must be completed with a grade of C- or higher.

ENGL3015. Topics in Writing (3)

or: any ENGL course with a W designation (3) Must be completed with a grade of C- or higher.

COMM1210. Introduction to Public Speaking (3) or COMM1211. Technical Communication (3)

Must be completed with a grade of C- or higher.

Mathematics Proficiency (0)*

One of the following minimum test scores. Test scores must have been obtained within the previous five years.

- ACT Math Score of 21 or higher
- SAT Math Score of 570 or higher

- Accuplacer Elementary Algebra Score of 74 or higher
- Completion of an approved college level math course

**Must be completed by the end of the fourth semester in residence.*

V. Cross Cultural Experience

Students are required to complete 4 points of cross cultural experiences. This may be accomplished in *any combination* of the following experiences (i.e. one Level III experience plus one Level I experience would complete the requirement):

Level IV Experience; (4 points) complete the following:

- Enrollment in CLST1004CC Intercultural Lab (no credit) prior to participating in a cross cultural experience
- Approved travel (e.g., cross-cultural semester abroad, 2 week (14 days) mission trip) or students who have lived overseas for at least one year after the age of 7
- A 10-page paper reflecting on the cross cultural experience

Level III Experiences (3 points) complete the following:

- Enrollment in CLST1003CC Intercultural Lab (no credit) prior to participating in a cross cultural experience
- Approved travel 7-10 days in a non-English speaking country
- A seven-page paper reflecting on the cross cultural experience

Level II Experiences (2 points) complete the following:

- Enrollment in an Intercultural Lab 2 (no credit) prior to participating in a cross cultural experience
- Approved US/Canada travel experience or approved life experience
- A five-page paper reflecting on the cross cultural experience

OR

- Enrollment in the corresponding Intercultural Lab 2 (no credit) when registering for one of the courses listed below
- 10-15 contact hours
- A five page paper reflecting on the cross cultural experience

Additional Note:

Interdisciplinary courses may be offered periodically which will satisfy two general education requirements with one course. Completion of interdisciplinary courses will reduce the number of credits required to satisfy the general education requirements. However, the student must still complete 124 overall credits and 32 upper division credits to satisfy graduation requirements.

Honors College General Education

Students enrolled in the Honors College may use the following courses to fulfill the specified general education requirements. A grade of C- or higher is required.

Honors College Course	General Education Requirement(s)
HNRS2550. Western Intellectual Traditions I (3)	HUMN1010 Cornerstone Philosophy Elective
HNRS2560. Western Intellectual Traditions II (3)	Non-US History Elective ENGL1030 University Writing and Research
HNRS3550. Science and Science Fiction (3)	Natural Science Lecture Elective Literature Elective
HNRS3560. Being Human: Theological and Psychological Reflections (3)	Social Science Elective Upper-Division Theology Elective

Note: The student will earn 3 credits for each of the above Honors College courses even though the course may fulfill two general education requirements.

Academic Programs Offered

Northwest Nazarene University offers 40 majors, 7 co-majors, and 46 minors through 17 academic departments.

In order to earn a bachelor's degree, a student must complete one major *or* two co-majors. Although a minor is not required, it provides a well-defined set of courses identifying a secondary area of expertise.

Majors Offered

Northwest Nazarene University offers undergraduate degrees in 40 majors. Some majors provide an additional area of emphasis or concentration. A major within a single area of study generally requires 36-50 credits. An interdisciplinary major generally requires 40-60 credits. Some majors with external accreditation or licensing requirements may have a higher credit requirement. The degree requirements for each major can be found in the Academic Departments chapter of this catalog.

Individualized Major: For students whose educational objectives cannot be met by one of the majors given above, an individualized major allows students to design a program of study. Each individualized major must be approved by the appropriate curriculum committee. For additional information, see the Special Programs chapter.

Co-Majors Offered

Northwest Nazarene University offers seven co-majors from three academic departments. The co-major combines the strengths from two disciplines to form a single Bachelor of Arts degree. Each co-major requires 25-35 credits. Students must complete the requirements from two co-majors or a major and a co-major from two different disciplines. Students will choose their co-major from two of the following areas:

Art and Design

- Graphic Design
- Studio Art

Language, Literature, and Cultural Studies

- Creative Writing

Philosophy and Religion

- Christian Theology
- Family Ministries
- Missions
- Social Justice

Minors Offered

Northwest Nazarene University offers 48 minors from 15 academic departments. A minor consists of a minimum of 15 to a maximum of 24 credits. A minimum of nine credits in the minor may not be duplicated in a major or another minor. Fifty percent of the course credits must be taken at NNU, and fifty percent must be upper-division credits. The requirements for each minor can be found in the Academic Departments chapter of this catalog.

Academic Perspectives

Academic Integrity

Northwest Nazarene University seeks to establish academic integrity within the University community. Such integrity is fundamental to the principles of the Judeo-Christian tradition and is consistent with the nature and culture of Northwest Nazarene University. This serves to promote the desired values of truth, transformation, and community by fostering a spirit of honest intellectual inquiry. The University has identified the following as unacceptable practices, regardless of the environment in which they occur (face-to-face, online, or blended classrooms). These practices include, but are not limited to:

1. Cheating in its various forms, whether copying another student's work, allowing your own to be copied, completing work, in whole or in part, for another student, using unauthorized aids on an assessment, having someone else take an exam for you (in-class, take-home, or online), submitting as your own another person's work, rescheduling an exam relying on a false excuse;
2. Plagiarizing, e.g. presenting as your own the words or ideas of another person, including inadequate documentation of sources (electronic, Internet, or print) and excessive dependence on the language of sources even when documented, by using a similar order of sentences while altering a few words or word order;
3. Submitting the same work from a current or previous course or assignment without prior written approval from the professor;
4. Using copyrighted material without appropriate citation or copying software or media files (such as music, movies, etc.) without permission;
5. Checking into class for another student who is tardy or absent;
6. Fabricating data, including falsifying or manipulating data to achieve desired results, reporting results for experiments not done (dry labbing), or falsifying citations in research reports;
7. Denying other students access to academic information whether in the classroom, the library (by hiding books, for example), or a computer lab;
8. Destroying, altering, or tampering with another student's work to impede academic progress;
9. Obtaining course materials and/or problem solutions from a professor, student, or online source without professor authorization;
10. Falsely reporting completion of course requirements;
11. Altering, falsifying, or misrepresenting an academic document;
12. Communicating false information whether oral, written, electronic or nonverbal;
13. Forging signatures; and/or
14. Aiding others to engage in any of the above violations.

Students who either witness or have knowledge of violations are responsible for informing the instructor or appropriate University personnel.

Any student who is identified in violation of the academic integrity policies outlined above during his/her college matriculation is subject to the following discipline by the Vice President of Academic Affairs, in addition to actions taken by the respective professor:

1. First reported violation - professor's discretion (see below)
2. Second reported violation - failure in the course (if the student has not already failed the course)
3. Third reported violation - dismissal from the university

Faculty members must notify the student of her/his violation of the academic integrity policy and give the student an opportunity to respond. Because violations of academic integrity cumulatively lead to dismissal, faculty members are required to report each case to their Dean and to the Academic Affairs Office.

Academic Load

Academic load refers to the total number of semester credits for which the student is registered during any one semester.

Twelve semester credits constitute a full academic load, while 16 semester credits constitute an average academic load. Students may enroll for 19 credits without special permission. Students with a cumulative grade point average of 3.40 or above may enroll for 20 or 21 credits through a petition process with the approval of the Registrar.

Academic Petition Policy

A student who wishes to be granted an exception to a general academic policy may file a Special Academic Petition with the university Registrar. The Special Academic Petition is to be used for policies relative to (a) registration deadlines; (b) eligibility for upper-division credit; (c) academic load; (d) transfer credit; (e) university honors; (f) general education requirements; or (g) any other general academic policy.

Action of the Registrar: The Registrar will either grant or deny the petition and will notify the student in writing no later than seven days after receiving the completed Special Academic Petition.

If a student is dissatisfied with the action of the Registrar, the student may appeal the decision in accordance with the Academic Appeals Policy. The *First Appeal to Department Chair or Program Director* must be filed within twenty-one days of the action of the Registrar.

Academic Appeals Policy*

Appeals Process

Informal Appeal to Faculty Member. A student who believes that a faculty member has taken an adverse action against the student shall discuss the problem through an informal meeting with the appropriate member of the faculty. Such informal meeting need not be

recorded in writing and does not require a written decision from the faculty member. Any student who believes that the outcome of the informal meeting results in a decision of the faculty member which constitutes an adverse action may initiate a First Appeal by filing a timely notice of appeal with the faculty member's department chair or program director. Any failure by the student to bring such a First Appeal within twenty-one days of the adverse action shall be deemed to be (a) a waiver by the student of any further appeal and (b) a final action by the University.

First Appeal to Department Chair or Program Director. If a student is dissatisfied with the resolution determined by the faculty member under the Informal Appeal described above, the student may pursue a First Appeal, but only if the student files a Notice of Appeal with the faculty member's department chair or program director within twenty-one days of the adverse action. Any such First Appeal shall be determined by the department chair or the program director. The Chair or Director shall provide the student notice of a hearing (if any) regarding such First Appeal and shall issue a written decision regarding such First Appeal within seven days of the chair's or director's receipt of the Notice of Appeal or the hearing, whichever is later. Any failure by the student to timely file such a Notice of Appeal shall be deemed to be (a) a waiver of any further appeal and (b) a final action by the University.

Second Appeal to College Dean. If a student is dissatisfied with the decision rendered by the department chair or program director of the department of the University within which the appeal is taken, the student may pursue a Second Appeal to the college dean, but only if the student files a Notice of Appeal with the college dean within seven days of entry of the written decision of the First Appeal. Any such Second Appeal shall be determined by the college dean. The college dean shall provide the student notice of a hearing (if any) regarding such Second Appeal, and, if a hearing occurs, shall issue a written decision regarding such Second Appeal within seven days of such hearing. Any failure by the student to timely file such a Notice of Appeal shall be deemed to be (a) a waiver of any further appeal and (b) a final action by the University.

Third and Final Appeal. If a student is dissatisfied with the decision rendered by the college dean, the student may pursue a Third and Final Appeal, but only if the student files a Notice of Appeal with the vice president for academic affairs within seven days of entry of the written decision of the Second Appeal. Within seven days of notice of the appeal, the VPAA shall inform the college dean of the appeal. The college dean shall appoint an Academic Appeals Committee and appoint a chair. The Third and Final Appeal shall be determined by the Academic Appeals Committee. The chair of the Academic Appeals Committee shall provide the student notice of a hearing (if any) regarding such Third and Final Appeal, and the Academic Appeals Committee shall issue a written decision regarding such Third and Final Appeal within 15 days of such hearing. Any decision by the Academic Appeals Committee shall constitute the final action of the University regarding the Academic Appeal.

Utah Residents: If you would like to file a complaint with the Utah Division of Consumer Protection, please refer to the information at <http://www.dcp.utah.gov/complaints/index.html>.

Academic Standing

Students are considered in **good academic standing** with the University when their semester and cumulative grade point averages (GPA) are above the University standard. The University standard is 1.75 for first year students and 2.0 for sophomores, juniors, and seniors. Students on **academic warning** are considered in good academic standing. Students on **academic probation** are not in good academic standing with the University. **Provisionally admitted first year students** who earn between a 1.0 and 1.75 during their first semester will be placed on academic probation during their second semester. Provisionally admitted first year students who earn below a 1.0 during their first semester will be **academically dismissed** from the University.

All other provisionally admitted students who earn less than a 2.0 GPA during their first semester will be placed on **academic probation** during their second semester.

Fully admitted first year students who earn less than a 1.75 GPA during their first semester will be placed on **academic probation** during the next semester.

Fully admitted first year students who earn less than a 1.75 GPA during their second semester *only*, with a cumulative GPA above 1.75, will be placed on **academic warning** during the next semester.

Fully admitted first year students who earn a cumulative GPA below 1.75 for *two consecutive* semesters will be **academically dismissed** from the University.

Sophomores, juniors, and seniors whose semester GPA falls below 2.0 and whose cumulative GPA is above 2.0 will be placed on **academic warning for one semester**. *Students on academic warning are considered to be in good academic standing.*

Sophomores, juniors, and seniors whose semester GPA falls below 2.0 for two consecutive semesters will be placed on **academic probation**.

Sophomores, juniors, and seniors whose cumulative GPA falls below 2.0 will be placed on **academic probation**.

While on **academic probation**, if a student's semester GPA falls below 2.0 while the student's cumulative GPA is at or above 2.0, the student will be placed on **continued academic probation**.

While on **academic probation**, if a student's semester GPA, and cumulative GPA fall below 2.0 the student will be **academically dismissed** from the University.

Academic progress is reviewed by committee following each term (fall, spring, summer). If a student's grades were hindered by unforeseen circumstances, the student may appeal the dismissal through written communication to the **Academic Progress Committee (APC)**. The process of appeal does not guarantee reinstatement.

Students who have been academically dismissed may re-enroll at NNU after providing an official transcript showing a minimum of 12 college-level credits earned with a GPA of at least 2.0 from another accredited college or university. Academic standing is determined solely by the student's NNU cumulative GPA.

NNU summer sessions may be utilized as a means of raising a student's GPA to meet the University's standard for "good academic standing" prior to the beginning of fall semester. The student must submit a written letter of appeal to the APC specifically requesting a postponement in the decision of the APC until the completion of summer session courses. If the postponement is approved, the APC will re-evaluate the student's academic standing after summer session grades have been posted. All summer sessions combine to equal an academic term.

Academic policies only apply to academic standing and may not be the same as those used to determine eligibility for other areas (e.g., financial aid, NCAA athletics).

Additional Bachelor's Degree

Northwest Nazarene University offers three different undergraduate degrees: Bachelor of Arts (BA), Bachelor of Science (BS), and Bachelor of Science in Nursing (BSN).

A student may earn an additional bachelor's degree when the second degree contains 32 semester credits in addition to the total credits required for the first degree.

The following conditions will apply to the earning of an additional bachelor's degree:

1. All requirements for the second degree must be met.
2. A minimum of 16 credits, including at least 10 upper-division credits, must be taken at NNU.
3. A student who has not completed residency must complete at least 32 semester credits, including at least 10 upper-division, at NNU.
4. Theology 2100 must be taken.

Additional Major

To earn multiple majors, a student must complete all requirements in each major. Some academic departments may limit the number of majors that are allowed to be earned within the department.

Advanced Placement Credit

A maximum of eight (8) semester credits per course will be awarded for high school one year Advanced Placement courses.

Credit for AP exams is accepted (granted) as transfer credits from the Educational Testing Service. Original documentation from ETS is required and the credits are evaluated according to NNU standards.

College credit will be granted on the basis of scores 3, 4, or 5 made on the Advanced Placement Examination of the College Entrance Board. The number of credits granted will be determined by the NNU Registrar.

Credit will be granted as follows:

Test Name	NNU Equivalent	Credit

*Must have a score of 4 or 5 to receive credit.

**Students with a score of 3 or higher on the English Language/Comp or the English Literature/Comp AP test will be placed in ENGL1030. These students will have the option to take an NNU English Writing Evaluation. A superior score on the NNU English Writing Evaluation will waive the ENGL1030 general education requirement.

Changes in Registration (Drop/Add)

Adding a course is permitted through the sixth day after the first day of class. Dropping a course is permitted through the eighth day after the first day of class without the transaction appearing as a 'W' on the student's permanent record. The last day to withdraw from a 14-15 week semester course is the eighth day after the midterm grade due date of each semester. The last day to withdraw from a quad course is the 20th day of each quad session.

A faculty member or administrator may drop or withdraw a student under the following circumstances:

1. At or before the scheduled days to drop or withdraw from a course if the student is not attending and not participating in the course.
2. Before the last day to add courses if the student does not meet the prerequisite or corequisite for the course.

The above policy does not reduce the responsibility of the student to maintain his/her schedule.

Class Attendance and Absence Policy

Northwest Nazarene University expects students to complete all course requirements and achieve course-related student learning outcomes, including class attendance either in person or online, as appropriate. A strong positive correlation exists between class attendance and academic performance (Credé, Roch, and Kieszczynka, 2010). Students are responsible to create, with help from their advisors, academic schedules that coordinate with their other activities to minimize class absences.

Instructors are responsible to establish the class attendance and absence policy for their courses. If the instructor determines that attendance will directly affect students' grades, accurate attendance records must be kept and made available to the students. Students are

responsible to notify the instructor of inaccuracies before the end of the semester. If a student's total number of absences for a course exceeds the maximum limit established in the course syllabus, the instructor is encouraged to work with the student on an individual basis to find a reasonable, mutually acceptable resolution of conflicts and difficulties brought about by the student's absences in the course (particularly when absences are the result of a student's participation in University-sponsored activities). In some circumstances, withdrawal from the course or non-participation in the University-sponsored activity may be necessary.

Sponsors of University activities—including but not limited to class field trips or activities, conference attendance, activities for officially registered student organizations, athletic competitions, musical or theatrical performances or tours, and forensics meets—that require students to miss classes must submit a completed “University-Approved Activity Form” to the Office of Academic Affairs for approval.

Student Responsibilities for Class Absences

1. Students are responsible for course content and class work even if there are legitimate reasons for their absence(s).
2. Students must make arrangements with each instructor in advance of planned absences.
3. Students must notify each instructor (in person, via email, or other means as directed by the instructor) as soon as possible if they are unable to attend class due to illness or emergency.
4. Students are responsible to submit required class work, acquire information for classes missed, and make up missed assessment activities (assignments, quizzes, exams, etc.) as mutually determined by the instructor and student.
5. Students are responsible for providing appropriate documentation for class absences when requested or needed (e.g., illness, jury duty, etc.).
6. Where attendance and participation are required for practicums and internships (particularly as required for licensure or accreditation), students may be required to schedule additional time to compensate for the time missed (which may require additional student fees).

Instructor Responsibilities for Class Absences

1. Instructors' class attendance and absence policies must be stated in their course syllabi.
2. Instructors must indicate on all course syllabi the date and explanation of any assessed activity for which it is not feasible to replicate the original activity nor an alternate activity if the student is absent. The explanation must include how the student's grade will be affected should the student miss that assessed activity.
3. In cases where University-approved activities conflict with exam dates, instructors should make reasonable arrangements for either proctored, make-up, or early exams.
4. Instructors are strongly encouraged to allow students to make up missed course work for absences due to participation in University-sponsored activities, illness, or emergency (appropriate documentation may be required).

5. Instructors are encouraged to use professional discretion in allowing students to make up any missed assessed activity if notification and arrangements are not made in advance. However, instructors are not obligated to provide the student with an opportunity to complete either that assessed activity or an alternate activity.

University Personnel Responsibilities for Class Absences

1. University personnel responsible for scheduling activities that require students to miss classes must submit a completed "University-Approved Activity Form" to the Office of Academic Affairs for approval. Athletic team schedules are approved by the Athletic Commission and travel schedules are reviewed by the Faculty Athletics Representative.
2. University personnel responsible for activities requiring absence from classes will prepare and distribute, in advance, an official list of names of those students who plan to be absent and times they will be absent.
3. University personnel responsible for activities requiring absence from classes must be willing to proctor exams for students as necessary and provide opportunities for students to complete class work, homework, assessed activities, and exams while away from campus.
4. University personnel responsible for activities requiring absence from classes are expected to monitor the academic progress of participating students according to the Eligibility to Compete and/or Perform Policy. Students who are not performing at satisfactory academic levels may be strongly encouraged to attend classes rather than participate in the activity.

Student appeals related to the Class Attendance and Absence Policy will follow the current Academic Appeal Policy, located in the appropriate NNU Catalog.

Credé, M., Roch, S., and Kieszczyńska, U. (2010). Class Attendance in College: A Meta-Analytic Review of the Relationship of Class Attendance with Grades and Student Characteristics. *Review of Educational Research*, 80(2), 272-295.

Classification of Students

Students admitted to the University are classified as **freshmen** until minimum requirements for a higher classification have been met.

For **sophomore** standing, students must have completed 28 semester credits and have a cumulative grade point average of at least 1.700.

For **junior** standing, students must have completed 60 semester credits and have a cumulative grade point average of at least 2.000.

For **senior** standing, students must have completed 90 semester credits and have maintained a cumulative grade point average of at least 2.000. Senior standing does not assure candidacy for a degree.

Post-baccalaureate students are those who have received the baccalaureate degree and are registered for additional course work at the undergraduate level.

College Level Examination Program (CLEP)

The CLEP program may be used for granting university credits to those who demonstrate proficiency in specific subjects. The following are guidelines for accepting credits:

Credits earned by CLEP are granted to enrolled students. Such credits may be counted toward degrees but count as transfer credits, and they may not be included in the residency requirement for graduation.

Six semester credits will be given for each of the five areas of the CLEP General Examination wherein a student scores a 50 or above: English Composition, Mathematics, Humanities, Natural Sciences, and Social Sciences and History. A maximum of 20 semester credits will be allowed for CLEP General Examinations.

No grades or quality points will be assigned CLEP credits.

A student may not receive credit through CLEP for a course which is a prerequisite for a course already taken nor for an equivalent university course already taken.

Credit by Local Examination

Credit by examination may be desirable for enrolled students who have had prior experience with the subject matter of a course offered at NNU. The student petitions for credit by examination when he/she decides, in conference with the professor for the course, that it is advisable. This is to be done prior to and instead of registering for the course. Credit by examination is allowed only in exceptional cases. Credit by examination is not counted as part of the student's academic load for a semester. Credit by examination is not normally permitted the semester of graduation.

Credit for Military Experience

Credit for experience in the armed forces of the United States may be allowed in accordance with the recommendations of the American Council on Education. Credit is not granted for courses which are vocational or technical in nature. Official documents covering the work must be submitted to the Registrar for evaluation.

Course Numbering/Cancellation

In most departments the courses are arranged to cover a two-year cycle; some courses are offered every year, others in alternate years, thus giving a wider range of electives over a two-year period than could otherwise be offered.

Numbering System:

0090-0999	Remedial elective university credit
1000-1999	Freshman level courses
2000-2999	Sophomore level courses
3000-3999	Junior level courses
4000-4999	Senior level courses
5000-5999	Professional development courses
6000-9999	Graduate level courses

Students may enroll in a course numbered one level higher than their classification.

Cancellation of Courses:

The University reserves the right to cancel any course at any time.

Dantes Subject Standardized Tests (DSST)

The DSST program may be used for granting university credits to those who demonstrate proficiency in specific subjects, that have been designated by department chairs as meeting specific general education or major requirements.

The recommendation by the American Council on Education for designated passing scores and lower- and upper-division credit values will be used to issue university credits.

A student may not receive credit through DSST for a course which is a prerequisite for a course already taken nor for an equivalent university course already taken.

International Baccalaureate Program (IB)

Credit will be granted for individual Standard Level (SL) or Higher Level (HL) courses completed with a score of 5, 6, or 7. Five lower-division credits will be granted for each course. Students will not receive credit for English Language B (language acquisition) courses.

Students earning the International Baccalaureate Full Diploma will receive five credits for each course completed, for a total of 30 credits. No credit will be granted for the Theory of Knowledge (ToK) course.

Maximum Credits for Non-Classroom Experience

A maximum of 25 percent of the total credits required for a degree (31 credits) may be earned using CLEP, DSST, Advanced Placement, International Baccalaureate, and credit by examination.

Degree Requirement Substitution or Exemption

Only the registrar may make any substitutions or exemptions within the General Education Program for degrees.

Any substitutions for specific courses required for a particular program fulfilling concentrations, major, or minor requirements may be made only by the administrator or administrators of the program in consultation with the appropriate department chair.

Directory Information

The Family Educational Rights and Privacy Act (FERPA) enacted in 1974 advises institutions to comply with policy concerning the release of directory information. NNU follows the FERPA guidelines of disclosure of personal information.

Directory information is considered not harmful and does not invade student privacy. Students may request that directory information not be disclosed by contacting the assistant registrar in the Emerson Administration Building, Room 10, or at registrar@nnu.edu.

*Northwest Nazarene University requests the voluntary submission of student Social Security Numbers to assist in validating students, administering student financial aid programs, collecting student debts, and reporting under the Tax Relief Act of 1997.

Eligibility to Compete and/or Perform

Students who wish to compete and/or perform in intercollegiate and/or school-sponsored activities and/or academic courses which require audition and performance must be enrolled for at least 12 credits, be in good academic standing, and meet the specific academic standard of the group in which participation is sought.

Intercollegiate Athletic Eligibility

Northwest Nazarene University includes the following sports in its intercollegiate athletic program:

- **Men** - baseball, basketball, cross country, golf, soccer, and indoor and outdoor track and field.
- **Women** - basketball, cross country, golf, indoor and outdoor track and field, soccer, softball, and volleyball.

The men's and women's teams are members of the NCAA Division II. Teams compete in the NCAA Great Northwest Athletic Conference (GNAC). The individuals and teams compete for conference and regional championships, which may qualify them for national competition. Students who wish to compete in intercollegiate athletics must be enrolled full time (typically a minimum of 12 semester credits, with exceptions for undergraduate students in their last semester on schedule to graduate and students enrolled in a graduate program). Other requirements to compete include:

1. As a freshman, being registered with and declared qualified by the NCAA Eligibility Center.
2. Meeting all academic and general eligibility requirements as outlined in the NCAA Division II Manual and as required by GNAC and NNU.

Freshmen student-athletes who do not meet all academic requirements to compete may be allowed to participate in designated activities (competition not included) depending on their status of "Partial Qualifier" or "Nonqualifier" as outlined in Bylaw 14.3 of the NCAA Division II Manual, "Freshman Academic Requirements." Transfer student-athletes who do not meet all academic requirements to compete may be allowed to participate in designated activities (competition not included) as outlined in Bylaw 14.5 of the NCAA Division II Manual, "Transfer Regulations." Student-athletes who do not maintain all academic requirements to compete may be allowed to participate in the same activities (competition not included) designated for a freshman "Partial Qualifier."

Student-athletes may not compete in more than four seasons in any one sport.

Grade Reports

Grades are distributed to students at the end of the semester through the "my.nnu.edu" web-based portal system. A parent may be given a student grade report even though a student denies parental access if the student can be identified as a dependent.

Grading System

The academic work of the student is graded in accordance with the following system. Grade points per credit and an explanation of the grading system are also listed.

Grade	Explanation	Points
A	Distinctly superior or exceptional work	4.0
A-		3.7
B+		3.33
B		3.0
B-	Meritorious work	2.7
C+		2.33
C		2.0
C-		1.7
D+	Adequate work	1.33
D		1.0
F		0.0

A grade of F indicates failure and necessitates a satisfactory repetition of the course before credit can be allowed. In approved classes, a grade of P may be assigned. A grade of I or X indicates incomplete work. An incomplete may be given when, because of extreme circumstances, a student requires an extension of time to complete course work. An I may be granted only by petition, which the student may initiate through the professor or the professor may initiate on a student's behalf. The request must be approved by the registrar. When an I or X is submitted, it will always have a suffix grade attached which the student will receive if no further work is done for the course, e.g. ID or XF. If the incomplete is not made up by the close of the semester following the one in which the mark was incurred, the prefix I or X will be dropped from the grade unless an additional request is made to have the period of the incomplete extended. An instructor may request that the student make up the deficiencies before the end of the semester. On a pass/fail grade, an "IP" may not be assigned. The only incomplete grade that can be assigned to a pass/fail course is "IF".

Grade	Explanation
P	Passing Work
I	Incomplete work ("I" must be followed by a letter grade)
IP	In progress
L	Long semester

Grade	Explanation
X	No final examination ("X" must be followed by a letter grade)
W	Withdrawal
LC	Lab credit
CR	Credit
NC	Non-credit
AU	Audit

A grade of L may be given only in courses which require more than one semester to complete. The L grade will be replaced by either a P grade or a point-receiving grade upon course completion. An L grade will not normally extend beyond one calendar year unless an additional request is made and granted through the Registrar's Office to have the period of time extended. If one calendar year elapses and no extension is filed, the L grade will revert to a grade based on a student's current standing in the course as designated by the professor.

A grade of W is always recorded when a student has withdrawn according to prescribed procedures. Ordinarily, no withdrawals will be granted after the Friday of the eighth week of the semester.

No credit is awarded for a course receiving a grade of W. The W, S, I, L, and X are neutral grades and no quality points are given for them. The grade point average of a student is determined by dividing the total number of quality points earned in any semester by the total number of credits in his or her academic load, excluding neutral course units.

Honor Society

Phi Delta Lambda is the bachelor's level national honor society of the colleges and universities of the Church of the Nazarene. The faculty of Northwest Nazarene University has set the following standards for inclusion in the local Delta Chapter of this society: a favorable two-thirds vote of the faculty, good character, graduation in the upper 15 percent of the present graduating class, and a cumulative grade point average of 3.50. Students must have earned 60 semester credits at NNU or have transferred to Northwest Nazarene University with a CUM GPA of 3.5 or higher to be eligible for Phi Delta Lambda.

Honors at Graduation

Honors are awarded to bachelor's degree students according to the following criteria:

- Summa Cum Laude is awarded to students with a cumulative grade point average at or above 3.900.
- Magna Cum Laude is awarded to students with a cumulative grade point average between 3.750 and 3.899.
- Cum Laude is awarded to students with a cumulative grade point average between 3.500 and 3.749.

Students must have completed at least 60 semester credits at Northwest Nazarene University or have transferred to NNU with a transfer cumulative GPA of 3.5 or higher to be eligible for honors at graduation. The cumulative grade point average for determining honors is based only on grades received at Northwest Nazarene University.

Non-Credit Classes

With the consent of the registrar, the instructor concerned, and upon payment of a non-credit fee, individuals may enroll in approved courses on a non-credit basis if space is available in the course. Historically this type of non-credit enrollment has been for auditory involvement: individuals "audit" courses so they can listen to course lectures and classroom interaction. Those who are 60 years of age or older may enroll in non-credit courses without paying a non-credit fee, pending consent from the registrar and the instructor concerned.

Anyone who audits courses to fulfill their educational requirements for ordination will be required to pay the Course of Study tuition fee in addition to the non-credit fee. Individuals who enroll in a course on a non-credit basis may not receive credit for the course without re-enrolling in the course and completing all regular course requirements.

Semester Credit

One semester credit is a quantitative measure representing a class meeting once a week for 14 weeks for 55 minutes, with out-of-class preparation of approximately two hours per credit per week, or the equivalent.

Quad Credit

Quad credit (2 semester credits) is a quantitative measure representing a class meeting three times a week or two long periods per week for seven weeks, with out-of-class preparation of approximately eight hours per week, or the equivalent.

Official Enrollment

Official enrollment at Northwest Nazarene University means that a student has registered for a schedule of classes and has cleared his/her student account with the Business Office. Registration dates are found in the official University calendar published in this catalog and elsewhere.

Instructions for registration will be furnished to each student prior to the time of registration.

A final registration period of one or two days is scheduled at the beginning of each semester. A \$100 late registration fee will be charged for completion of registration after this designated time.

Repeated Courses

Students may repeat courses which they previously completed. Credit is allowed only once, and the credit earned and grade point average will reflect the most recent grade. While the original course and grade remain on the permanent transcript, they are not used to calculate credits earned or the cumulative grade point average. Courses that may be repeated for credit are so designated in their course description. If a student desires to replace an NNU course with a transfer course, a Request for Course Repeat form must be filed with the registrar before enrolling in the course.

Recommendations

Satisfactory completion of the prescribed academic curriculum does not in itself guarantee the recommendation of a student for entrance into a profession or professional school. The work habits, personality, and character traits of the student, as well as scores on examinations, may be considered in addition to his or her academic record. The completion of the recommendation is done at the sole discretion of the faculty member.

Registration Schedule

There is a registration period each fall semester to allow students to register for the following spring semester and summer session.

There is a registration period each spring semester to allow students to register for the following summer session and fall semester.

Registration access is granted to the following groups of students in the order listed below. Each group receives two days of access to registration before access is granted to the next group.

1. Seniors and all veterans
2. Juniors
3. Sophomores
4. Freshmen

Semester Length

A semester consists of approximately 14 weeks of instructional class days plus a final examination period, usually four days in length.

Student Access to Records

Northwest Nazarene University is in compliance with the Family Educational Rights and Privacy Act of 1974. Any student at Northwest Nazarene University may personally inspect, review, and have a copy made of any record kept on him or her. Where information regarding a student is commingled with that relating to other students, the student may have the information concerning only herself or himself transmitted orally. Anything in a

student's record that the student does not understand will be explained. The records are reviewed, and materials expunged, periodically.

In order to protect the right to privacy, the University will not make any personally identifiable records available, without the student's written consent, to anyone other than NNU officials with a legitimate educational interest, officials of other schools to which the student has applied, certain government officials, and certain persons in connection with an application for financial aid.

If a student concludes that his or her record contains inaccurate, misleading, or otherwise inappropriate data, the student may request an informal meeting with the appropriate administrator to see if, through discussion, a satisfactory agreement can be reached concerning correction, explanation, or deletion of material.

If satisfactory agreement cannot be reached informally, the student may proceed with the University appeal process. The claim of incorrectness must be proved before any material will be removed. The result of the judicial process will be provided to the student in writing within a reasonable period of time and is final.

Transcript of Academic Record

Students may review their academic records upon request and presentation of photo identification. Students may have an official transcript of their record prepared upon receipt of appropriate payment and an online request form located at registrar.nnu.edu/transcript. Such official transcripts will be supplied only when the student's account is in good standing. **Usually a minimum of five business days is required for processing official transcripts.**

The official transcript, which is dated, stamped with the registrar's signature, and sealed, is normally acceptable evidence of educational background to other institutions.

Transfer of Credits

Northwest Nazarene University accepts transfer credits as follows:

- University-level credits earned in academic degree programs at colleges and universities accredited by regional accrediting associations are accepted at upper- and lower-division levels.
- Credits earned at Bible colleges accredited by the Association of Biblical Higher Education (ABHE) are accepted at the lower division level.
- Credits earned at an international college or university that have been evaluated by a member of the National Association of Credential Evaluation Services (www.naces.org) are accepted at upper- and lower-division levels.
- Credits earned at non-regionally accredited colleges and universities which are accredited by an organization recognized by the Council for Higher Education Accreditation (CHEA) are granted on a case by case basis through the Special Academic Petition process.

The following policies apply to the acceptance of transfer credits by Northwest Nazarene University:

- Credits must be presented on an official transcript from the institution granting the credit.
- Credits are not accepted in which a grade lower than C- (1.70) was received.
- Remedial and developmental level courses are not accepted.
- Credits earned in vocational or technical programs are not generally accepted.
- A transfer student's classification is based on the total number of credits accepted.
- A maximum of 62 semester credits may be transferred from two-year colleges.
- The cumulative grade point average is based only on grades received at Northwest Nazarene University.

Questions regarding the transfer of credit should be directed to the Office of the Registrar.

Transfer of Associate of Arts Degree

A student who enrolls at Northwest Nazarene University with an Associate of Arts Degree from a regionally accredited institution completed prior to admission will receive:

1. Junior standing
2. Transfer credit up to a maximum of 62 semester credits
3. Waiver of all general education requirements, with the following exceptions:
 - a. BIBL1100 or an elective in Bible literature (3 credits)
 - b. THEO2100 Introduction to Christian Theology (3 credits)
 - c. KINE1000 Fundamentals of Wellness (1 credit)
(An equivalent transfer course may be substituted for this requirement.)
 - d. HUMN4010 Capstone (1 credit)
 - e. Cross Cultural Experience: Transfer students are required to complete two points of cross cultural experiences (one level 2 or two level 1 experiences).
 - f. Math Proficiency
 - g. Cornerstone course for freshmen: All students defined as freshmen by IPEDS must complete the Cornerstone course. This includes all students who have graduated from high school the year prior to enrollment at NNU, regardless of the number of college credits or degrees earned while in high school.

Note: A two-year transfer degree does not guarantee bachelor degree completion within two years. Course prerequisites, course sequencing, and upper division requirements must also be met.

Transfer students are encouraged to contact the Registrar's Office to determine applicability of their coursework to a specific bachelor's degree. General information can be given over the toll free number 1- 877-NNU-4-YOU. A complete transcript evaluation is

available by sending the request with an official copy of the university transcripts to: Registrar's Office, Northwest Nazarene University, 623 S University Blvd, Nampa, ID 83686. The minimum number of credits required to complete a degree is 124 semester credits of which 32 must be upper-division (courses numbered 3000 and above). For a complete listing of the undergraduate degree requirements, refer to the section in this catalog entitled "Undergraduate Degree Requirements."

Drop from Courses

Students who "drop" a class must do so before the eighth day after the first day of classes in any semester. Students may drop a course through the portal (my.nnu.edu) or complete a course drop form available in the Office of the Registrar. Dropped classes will not be recorded on the permanent record.

Withdrawal from Courses

Students desiring to "withdraw" from courses by the eighth day after midterm exams in any semester must complete a course Drop/Add form available in the Office of the Registrar. Withdrawals will be recorded on the permanent record as a "W" and will not be granted after the eighth day following the midterm grade due date of the semester.

Withdrawal from University

Students who find it necessary to withdraw from the university before the last class session prior to final exams must secure a Request for Withdrawal form from the Center for Academic Success and Advising. This form must be properly and satisfactorily completed, signed, and filed. An exit interview is required with both The Center for Academic Success and Advising and The Office of Student Life.

Special Programs and Study Opportunities

College/High School Integrative Programs - NNU Bridge Academy

Concurrent Credit Program:

The Concurrent Credit Program at Northwest Nazarene University is designed to enrich the educational opportunities of pre-college students who have demonstrated high academic ability. This program unites the services of NNU with high school and home school students, offering university-level credits for selected courses administered through NNU and taught at local and online high schools by NNU-approved instructors. The Concurrent Credit Program is fully accredited by the National Alliance Concurrent Enrollment Partnerships (NACEP). Tuition is determined yearly.

Express Education Program:

The Express Education Program at Northwest Nazarene University is designed for high school students who wish to enroll in university classes while maintaining their enrollment and participation in high school or home school. Express students travel to NNU and attend classes with traditional undergraduate students. This program allows the student, at least 16 years old or high school junior status, to enroll in any 1000 or 2000 level course, provided they meet the prerequisites. Tuition is determined yearly and includes an ID card, technology fee, access to the library, sports center, athletic events, and computer labs. Books are purchased separately.

An Express Education student (from high school or home-school):

1. Must be 16 years old, junior or senior standing, or equivalent.
2. Must have a GPA of 3.5, or ACT composite score of 18.
3. Is limited to 11 credits per academic semester and may apply for admission as a "temporary non-degree student" subject to noted policies and tuition/fees.
4. Is allowed to enroll for summer school, but subject to Summer School policies and tuition/fees.
5. Is able to enroll in any 1000 or 2000 level course, provided they meet the prerequisites and provided there is availability.
6. Must enroll in courses by the first day of NNU registration. Early registration is suggested, although traditional undergraduate students have priority of classes.
7. May take a course audit; however, this will require an academic petition and all associated fees.
8. May be involved in an ELWR course.
9. May take lessons (i.e., music) but would pay all usual fees associated with lessons.
10. Must pay EE (Express Education) tuition upon registration (first day of class) which is non-refundable unless the student is prohibited from enrolling in the course due to class size, etc.
11. Does not receive financial aid.
12. Must pay all additional fees related to a specific course (i.e., any related lab fee(s), or any other materials needed for the course) including textbooks.
13. Must follow and note that all deadlines are the same as NNU undergraduate, along with drop/withdrawal deadlines, final exam schedule, etc.

14. May be asked to meet with the High School Program Director if that student is failing, or has failed a class, to discuss course issues, including probation and or continuance.
15. Must assume responsibility to coordinate their high school and EE courses at NNU. Course equivalency is between the student and the high school administration.
16. Must have approval of parent or guardian, who will sign the Parental Consent on the Registration Form.
17. Must complete all necessary forms including Registration Form and Lifestyle Agreement Form and submit a High School Transcript and/or Test Scores.
18. Will receive an NNU Transcript noting course completion, upon request and payment. Transcripts may be ordered from the NNU Registrar's Office or may be ordered online via the NNU website. All transfer of credits is the responsibility of the student.

Individualized Major

The Individualized Major leads to the Bachelor of Arts or Bachelor of Science degree. It provides an individually designed major study plan for those students whose objectives cannot be met by the normal major study programs. A department chair selected by the individual student administers the program.

Requirements: A major study plan is prepared cooperatively by the sponsoring faculty member and the student, to be completed no later than the first semester of the junior year. The plan will be presented to the College of Arts and Sciences Academic Council for approval. Only those plans exhibiting unusual merit will be approved. The guidelines for the minimum and maximum number of credits for each individualized major are listed below:

Major	Minimum Credits	Maximum Credits	Upper-Division Requirement
Departmental Major	30	50	22
Interdepartmental Major	40	60	27

Honors College

Northwest Nazarene University is committed to academic and intellectual excellence, and the NNU Honors College is designed to provide intelligent, passionate, and curious students with challenges and opportunities that will allow them to expand their intellectual horizons. The Honors College at NNU offers teaching excellence, small seminar-style classes, and innovative courses in its core curriculum such that students in the Honors College form a cohesive learning group. Core courses that offer general education credit, symposia, and undergraduate research are the key elements in this program. Enrollment is limited. In addition to standard admission requirements, students must apply for and receive admission to the Honors College.

For more information, contact Dr. Steve Shaw at skshaw@nnu.edu.

Summer Session

Summer Session is designed to provide both core and elective courses that will allow students to get ahead. It also provides opportunity for students to enhance their academic profile by taking elective classes of interest and to study under professors they are unable to in a fall or spring schedule. Incoming freshmen, transfer students, and students from other universities are welcome to take summer session courses at NNU.

Department Of Military Science

Objective: The Senior Army ROTC program will provide world-class leadership training to transform Scholar - Athlete - Leaders at Northwest Nazarene University into commissioned officers prepared to lead a small group upon arrival at their first assignment in the United States Army, Army Reserve, or Army National Guard.

General: NNU is affiliated with the Senior Division, Army Reserve Officer Training Corps (ROTC) of Boise State University. The ROTC program is offered to students who have the desire and ability to become commissioned officers in the United States Army Reserve, National Guard, or Regular Army. Participation in the program is voluntary for the first two years.

The complete program of instruction comprises four years and one 29-day summer leadership course or two years and two summer leadership courses.

A complete statement of requirements is available in the Military Science office, located in the Emerson Administration Building. Phone number:(208) 467-8390.

Financial Assistance

Each contracted student receives an allowance of \$300 - \$550 per month for up to ten months during the school year. Summer Leadership course pay is in addition to meals, quarters, medical/dental, and travel pay and is \$775 (approximately). Two and three year scholarships are available to qualified students.

Study Abroad and Off-Campus Study Opportunities

NNU is affiliated with a number of other institutions and consortia that provide opportunities for students to study off-campus in locations around the world. For more information regarding all off-campus study opportunities, please visit offcampusopps.nnu.edu.

NOTE: All international study abroad opportunities are subject to the U.S. Department of State Travel Advisories and the NNU International Safety Commission.

CCCU Programs

NNU is affiliated with the Council for Christian Colleges and Universities (CCCU). It is an association of 117 members in North America and 65 affiliate institutions in 20 countries and offers the following semester and summer programs to students of its member institutions. The programs offer a unique opportunity for students to make the world their classroom. These interdisciplinary learning opportunities are available to second-semester sophomores, juniors, and seniors. For more information, contact the Study Abroad Advisor, 208.467.8875 or offcampusopps@nnu.edu.

Students studying in CCCU programs that are officially recognized by NNU may be eligible to remain enrolled as NNU students while studying off-campus. Information about these programs is also available at www.bestsemester.com.

CCCU International Programs:

Students interested in these international programs should contact the Study Abroad Advisor, 208.467.8875.

Australia Studies Centre (ASC)

The Australia Studies Centre (ASC) is offered in partnership with Christian Heritage College (CHC), a CCCU affiliate member in Carindale, a suburb of Brisbane, Queensland. The ASC is designed to integrate the firsthand observation and study of Australian culture, history, religion, politics and indigenous cultures together with experiential service learning and formal instruction in Christian Studies, Business Ministries, Social Sciences and Education and Humanities. Every student is required to take "The View from Australia: Issues in Religion, Politics, Economics and Cultural Values" and required to select either "Australian Aboriginal Cultures" or "Indigenous Cultures in Australia & Aotearoa (New Zealand)". Additionally, students choose electives from CHC offerings in the School of Christian Studies, Business, Education & Humanities, Ministries, and Social Sciences. Students live with Australian families and volunteer with local community service providers. Trips vary from semester to semester but may include excursions to the Australian Outback, Aboriginal Communities and New Zealand. ***ASC students earn 16 semester hours of credit.***

Latin American Studies Program (LASP)

Based in San José, Costa Rica, the Latin American Studies Program introduces students to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Through living with local families, students become a part of the day-to-day lives of Latin Americans. Students also take part in a practicum/internship and travel to nearby Central American nations. Students participate in one of four concentrations: Latin American studies (offered both fall and spring terms); advanced language and literature (designed for Spanish majors and offered both fall and spring terms); international business (offered only in fall terms); and environmental science (offered only during spring terms). Depending on their

concentration, students travel to nearby Central American nations including Nicaragua, Guatemala, Cuba, and Panama. ***LASP students earn 16-18* semester hours of credit.***

Northern Ireland Semester (NIS)

The Northern Ireland Semester, based in Belfast, provides students with a unique opportunity to explore Northern Ireland as well as Ireland. During the semester students will be housed at Lakeside Manor, a charming 19th-century mansion in Belfast. All students will take the core course, Peacemaking and Reconciliation in Northern Ireland. The course focuses on the religious and political conflict in that region as well as the actions taken to bring in an end to the conflict and ongoing efforts of reconciliation. Students also have options to take a variety of classes focusing on Irish history, culture, and literature, as well as broader topics related to Christian thought and intercultural communication. In addition to time in the classroom, there are several opportunities for experiential learning including a possible service learning project. The program is interdisciplinary in nature and open to students of all majors. NIS students earn 15-16 semester hours of credit.

Oxford Summer Programme (OSP)

The Oxford Summer Programme allows students, as affiliate members of Wycliffe Hall, University of Oxford, to do intensive scholarship in the oldest university in the English-speaking world. During the five-week programme, students hone their research and writing skills and delve into the areas that interest them the most while exploring the relationship between Christianity and the development of the British Isles. Seminars and tutorials are given on specialized topics under expert Oxford academics in the areas of English language and literature, history, including the history of art and history of science, philosophy, theology and the study of religion. The programme is structured for rising college sophomores, juniors, and seniors, graduate and seminary students, non-traditional students, teachers, and those enrolled in continuing education programs. ***OSP students earn 6 semester hours of credit.***

Scholars' Semester in Oxford (SSO)

The Scholars' Semester in Oxford is designed for students who want to study intensively and to a high standard. Students develop their academic writing and research skills and explore the disciplines and interests of their choice. As visiting students of Oxford University and members of Wycliffe Hall, students study in the oldest university in the English-speaking world. SSO students enroll in a primary and secondary tutorial, an integrative seminar and the British landscape course. Second term students write a thesis on a topic of their choice. Students group their work in a concentration so that all elements of their programme work together. SSO is designed for students interested in art history, classics, English language, and literature, history, modern languages (French, German, Italian, Portuguese, and Russian), musicology, philosophy, psychology and theology, though all majors may apply. SSO also offers 18 thematic or integrative concentrations such as history and philosophy of science and social sciences. Applicants are generally honors students and other very high-achieving students and must have at minimum a 3.7 GPA to

be considered for the programme. ***SSO students earn 17 semester hours of credit for a semester and may complete two semesters of the programme.***

Uganda Studies Program (USP)

The Uganda Studies Program provides students with both immersion in a local community and broad exposure to a variety of people and places in Uganda. USP is offered in partnership with Uganda Christian University (UCU), an international affiliate member of the CCCU located 15 miles east of the capital city of Kampala. Students either live on campus at UCU or with host families within walking distance of the university. All students will also participate in one or two short homestay experiences. As a result, a spectrum of Ugandan relationships gives USP students a firsthand perspective as they explore issues such as poverty, cultural expressions of Christianity and missions, and as they seek to reconcile the realities of East Africa with their Christian faith. Students also spend time in Rwanda and rural Uganda. The experience-based and practicum courses are taught by CCCU faculty while the African Context courses and courses from the UCU curriculum are taught by UCU faculty. In addition to the core experiential course, students will choose additional elective and/or African Context courses. USP Offers a Social Work emphasis for declared social work majors at the practicum level.

USP students earn up to 16 semester hours of credit.

CCCU U.S. Programs:

Students interested in these stateside programs should contact, Dr. Steve Shaw, 208.467.8878.

American Studies Program (ASP)

Since 1976, The American Studies Program has served as an experiential learning laboratory for students committed to connecting their faith to public affairs. Nearly 500 of ASP's 3,000+ alumni have returned to work in the DC metro area in a variety of professional fields—private and public, for-profit and non-profit. Each student enrolls in the program's two practicum courses: Internship and Topics in Leadership & Vocation. Students have the option of enrolling in a one-credit Professional Mentorship course. In addition, students apply to the Global Economy track, the Public Policy track, or the Strategic Communication track. The Global Economy track focuses on partnership initiatives taken by leaders in commercial, governmental and non-governmental organizations as they explore the impact they can achieve by collaborating on issues of sustainable development worldwide. The Public Policy track equips and supports students in their analysis of a pressing public policy issue. Each student produces original research by engaging area experts and practitioners off-site and in the classroom as they investigate the local, national and global factors that influence policy-making in Washington, DC. The Strategic Communication track engages strategic communication professionals working in Washington, DC, to explore contemporary issues and ethics in strategic communication and conduct case studies in crisis communication. ***ASP students earn 15–16 semester hours of credit.***

Contemporary Music Center (CMC)

The Contemporary Music Center provides students with the opportunity to live and work in the refining context of community while seeking to understand how God will have them integrate music, faith, and business. The CMC offers three tracks: Artist, Business, and Technical. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers, and producers. The Business Track is designed for business, arts management, marketing, communications and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters and entertainment industry entrepreneurs. The Technical Track prepares students for careers in live sound, concert lighting, and studio recording. Students within each of the tracks receive instruction, experience and a uniquely Christ-centered perspective on creativity and the marketplace while working together to create and market a recording of original music. Each track includes coursework, labs, directed study and a practicum. ***CMC students earn 16 semester hours of credit.***

Los Angeles Film Studies Center (LAFSC)

Founded in 1991, the Los Angeles Film Studies Center trains students to serve in various aspects of the film industry with professional skill and Christian integrity. Each semester, students live, learn and work in L.A. The curriculum consists of two required seminars: Hollywood Production Workshop (a film production course), and Faith and Artistic Development in Film, focusing on the role of film in culture and the relationship of faith to work in this very influential industry. In addition, students choose one elective course: screenwriting, acting, film production, or independent study. Internships in various segments of the film industry provide students with hands-on experience. The combination of the internship and seminars allows students to explore the film industry within a Christian context and from a liberal arts perspective. ***LAFSC students earn 16 semester hours of credit.***

The program, based at the Glennallen campus of Alaska Bible College, incorporates a core of four integrated courses in biology, anthropology, missions, and recreation totaling 14 credits. Additional credits (up to a total of 18) from internships and independent studies are available in biology, recreation, intercultural studies, missions, and business. This hands-on experiential semester (beginning August 1 and ending November 15) incorporates both theory and practice with numerous field trips and experiences in the local and more distant communities. Cross-cultural interactions with Native American communities (eight surround Glennallen) and local Alaskan life are the key components of the semester.

Au Sable Institute of Environmental Studies

Au Sable Institute is a Christian institute whose mission is to bring healing to the biosphere and the whole of creation. It offers academic programs in a variety of natural settings throughout the United States and the world from its home campus in Michigan. Northwest Nazarene University is an "eligible university," which allows students to enroll in Au Sable courses and internships. A variety of courses in environmental study and stewardship, including Environmental Ethics and Ecotheology, are offered at most locations. Most students enroll in summer sessions at the Great Lakes campus in the Great Lakes Forest in Michigan, the Pacific Rim Campus on Puget Sound in Washington, or the East Campus on the Chesapeake Bay in Virginia. International experiences are available at the Africa Institute for Scientific Research and Development at Olooseos near Nairobi, Kenya or Bishop Heber College in Tiruchirapalli, Tamil Nadu, and South Indian campuses. Course credit can be arranged through participating colleges or universities or by independent study at Northwest Nazarene University.

Student Life

Education involves not only the mind, but the development of the whole person, including the use of one's body, the management of emotions, the development of independence, the establishment of identity, and the development of purpose and integrity. Northwest Nazarene University is committed to the development of the whole person through the opportunities provided by a residential campus setting.

The commitment to the development of the whole person finds reality in numerous organized activities and programs including counseling and guidance, resident life programs, spiritual development, chapel, health services, social, recreational, and leisure time activities, intercollegiate and intramural sports programs, and a productive system of student government.

Campus Life

Each full-time undergraduate student is a member of The Associated Students of Northwest Nazarene University (ASNNU). The entire student body is organized for the purpose of carrying on the various student activities and encouraging involvement. The Student Government Association (SGA) serves as the Executive branch, a Student Senate is the Legislative branch, and Justices are selected to serve as the Judicial branch. There are numerous opportunities for involvement through class councils, committees, and various boards.

Lifestyle Expectations

The essential mission of Northwest Nazarene University is the development of Christian character within the philosophy and framework of genuine scholarship. NNU is a community committed to both developing scholars and growing Christians. Thus, each new student is encouraged to recognize the privilege of participating in a community committed to Christian scholarship. Behavioral expectations emerge because of the unique nature of this community.

All students are expected to live by the lifestyle guidelines as stated in the Student Handbook, which are based on the University's relationship to the Church of the Nazarene and the directives and guidelines established by it.

New students will receive a copy of the current Lifestyle Guidelines prior to their enrollment. The student is expected to read these policies. **The signature on the student application is an agreement to comply with the lifestyle guidelines of the university.** It is to be understood that the signed application is considered to be valid and binding throughout the period a student is enrolled at NNU. Any changes in campus policy from year to year will be identified in the revised Student Handbook online. All students are responsible to follow the policies outlined in the handbook. A copy is available on the web at www.nnu.edu/studenthandbook.

Any prospective student who feels he or she needs clarification of the printed regulations will have opportunity to discuss the matter with the Office of Student Life either prior to or at the time of registration.

In addition to the provisions of termination for misconduct, the University reserves the right, at the end of the academic semester, to deny re-enrollment or the right to access campus housing to any student when such action, approved by the President, is deemed to be in the best interest of the University or the student.

Clubs and Organizations

Students find outlets for their special interests in various campus organizations such as:

- Accounting Club
- Alpha Epsilon Delta (Pre-Med Honor Society)
- American Chemistry Club
- AMA (American Marketing Association)
- Angels (Ministry Club)
- Art Club
- Computer Club (ACM)
- Crusader League of Legends
- Enactus (SIFE)
- EPiC (Engineering and Physics Club)
- FCA (Fellowship of Christian Athletes)
- Filmmaker's Club
- International Justice Mission
- Journeys Outfitting Co. (Outdoors/Recreation Club)
- Music Club
- Sigma Tau Delta (English Honor Society)
- STAND Club (Advocacy/Ministry Club)
- Student Alumni Council
- SNA (Student Nursing Association)
- Swing Dance Club
- The System (Psychology Club)
- Vex (Robotics Club)
- Worship Ministries Club

Support Services

Counseling Center

Personal counseling is provided for students seeking understanding, support, and growth. Some of the areas addressed are student life, relationships, family concerns, personal issues (i.e., depression, abuse, addiction, etc.), premarital and marital counseling, and other issues of concern. NNU provides the Counseling Center as a free service and encourages its use.

The University offers a variety of opportunities, including:

1. Individual and couple counseling provided by licensed professional counselors, and/or supervised interns.
2. Co-curricular seminars covering issues such as safety, relationships, boundaries, suicide prevention and other pertinent issues.
3. Referral sources within the local community through the Counseling Center. These include special needs, emergency hospitalization, psychiatric care, or medication management. Financial responsibility for such off-campus referrals must be taken by the student and his or her parents.
4. Pastoral counseling provided by the University Chaplains to assist students in exploring spiritual areas of their lives.
5. Group Counseling. A variety of groups are led by trained counselors to help students deal with specific issues such as addictive behaviors, anxiety, and depression. Through these groups, students can find peer support and learn new skills.
6. Peer Mentors. These are students who receive training in active listening skills, referrals, and confidentiality to provide a resource to other students in helping them make the transition to a more fulfilling university life.

International Student Services and Programs

The office provides ongoing support to international students in the academic, spiritual, and social aspects of their lives. We seek to promote awareness, cooperative efforts, and understanding about the various aspects of ethnic, religious, and cultural diversity.

Career Center

The Career Center provides information and assistance to students who wish to assess career goals and investigate career opportunities. The Career Center helps students craft effective resumes, practice interviewing techniques, establish networking contacts with alumni and throughout the Northwest region, and identify internships and part/full-time or summer employment, including on-campus student employment opportunities. In addition, the Career Center sponsors a number of career-related events during the academic year. A few highlights include an Etiquette Dinner and Style Show, a Spring Career Fair, Resume Workshops and Alumni/Student Networking Events. For more information on these resources and events, please visit the Career Center website: careercenter.nnu.edu.

Spiritual Life

The Office of University Mission and Ministry gives direction to the spiritual life programs of the campus as one strategic component of its responsibilities. The University Chaplains are available to all students, faculty, and staff for issues related to spiritual development and pastoral counseling.

NNU is committed to developing a climate in which the spiritual lives of each member of the community can flourish. One's faith cannot be bought, sold, or inherited. It is the product of one's own relationship with God. Spiritual growth is maximized when faith is expressed through relationships and ministries.

As members of the Northwest Nazarene University community, students are stretched in their understanding of: (1) Christian commitment, (2) Christian ministry, and (3) Christian vocation. Faculty and staff are encouraged to pursue their own spiritual development and to be equipped and available to assist students in their walk with Christ.

Student Ministries

A wide variety of programs provide opportunities for guidance, encouragement, and instruction for a growing faith in Jesus Christ. Included in these programs are discipleship opportunities, covenant and accountability groups, international and domestic mission trips, and community service opportunities.

Chapel Services, Convocations and Campus Ministries: Why is "chapel" a required part of the NNU experience?

- **There are some things we all need to learn.** The life of the mind and life of the heart come together as we gather for chapel.
- **There are some things we all need to hear.** There are voices of challenge and hope, and cries of desperate need that you may not hear anywhere else.
- **There are some things we all need to do.** No one seeks the kingdom of God alone. We worship together, we pray together and we make a difference together.
- Why do we have chapel at Northwest Nazarene University? **Because there are some things we all need.**

Specific chapel and convocation attendance policies are addressed in the chapel/convocation policy section of the Student Handbook.

Each Monday the entire campus gathers for a weekly Community Chapel. These services form the core of community life at NNU, and include a blend of Christian music, updates on campus news, an opportunity for a member of the staff, faculty, or student body to testify publicly to God's ongoing work in their lives, and a message from one of the University Chaplains.

Chapels and convocations on Wednesdays and Fridays include a variety of speakers and programs designed more specifically for the student community.

Sunday Worship: All students are encouraged to become involved in a local church of their choice.

Lecture Series: Several special lecture series have been established across the years to enhance the chapel/convocation programming. A brief description of the major lecture series follows:

The E. E. Wordsworth Holiness Lecture Series has been endowed by the Wordsworth family to honor Rev. E. E. Wordsworth for his years of service to the Church. The purpose of the series is to emphasize the Wesleyan doctrine of perfect love.

The Mangum Missionary Lecture Series was established by the family to honor Dr. T. E. Mangum, Sr., for his dedication to medicine and missions. A missionary-in-residence is scheduled to make the college community aware of the needs of the world.

Residential Life

Northwest Nazarene University is a residential campus with over 70% of the eligible student population living in campus housing. The goal of the University is to enhance the educational experience of each student through campus community involvement and development.

In order to integrate this commitment, professionals work in each residence hall. These key individuals include the Resident Director (RD), who, along with Resident Assistants (RA's) work directly with the students. The staff makes every effort to create an environment conducive to the development of the whole person. Students are given opportunities for leadership along with many social, spiritual, educational, cultural, and recreational activities.

Events and activities offered in the residence halls are designed to create a safe place for the students to grow and develop skills that help them transition from home to university life, with each year building on the previous year, ultimately preparing them for independence and to be productive alumni. Community is built through small groups, seasonal parties, bible studies, community service, academic sessions, recreational activities, mentoring, and lots of food and fellowship.

Residential Life has strong partnerships with Academic Advising, the Wellness Center, University Mission and Ministry, and the Career Center for those students who need or desire further help or referral during their residential experience.

Residence Halls

Northwest Nazarene University's residence halls have a capacity for more than 800 students and are divided into upper and lower division categories. Students required to live on campus are:

- All traditional freshmen
- All unmarried students who do not have senior standing
- All students who are younger than 22 on or before the first day of the semester
- All students who do not reside with parents or guardians
-

Students who desire to live off-campus must apply by filling out Off-Campus Housing Forms and must meet established criteria as stated in the on-line handbook. In addition, off-campus students are expected to observe the same general rules of conduct as residential students.

Campus Safety

The Campus Safety office is located at 515 S. Ivy Street directly behind the NNU Alumni House.

For emergencies, safety escorts, or immediate facility access, please contact the 24/7 "Officer on Duty" at 208-467-8911 or on campus at 8911. The line is monitored 24 hours a day, 365 days a year.

Campus Safety Staff is available by appointment Monday-Friday 8:00 a.m. - 5:00 p.m. by calling 208-467-8911 or on campus 8911. The Campus Safety Office is closed on Fridays, weekends and holidays.

Vehicles

All students, faculty, and staff using NNU parking areas must register their vehicles and obtain a parking permit from the Office of Campus Safety. Go directly to the NNU PORTAL at <https://my.nnu.edu/ics> and log into your personal PORTAL account. Then select Vehicle Registration from the left pane. Fill in all of the necessary fields with your vehicle information and click on submit. A parking permit will be forwarded to you through campus mail or United States Postal Service. You are responsible for acting within NNU Standards as it pertains to vehicle use on campus. A complete copy of vehicle privileges and guidelines is available on Campus Safety's web page at <http://safety.nnu.edu/traffic-code>.

Food Services

Meals are provided at Northwest Nazarene University by Sodexo, Inc. and Affiliates. All students living on campus (with the exception of Holly Apartment residents) are required to carry a meal plan. Meal plan options are based on the residence hall in which a student lives. Any changes to the meal plan need to be made before the last day to add classes each semester.

Guests may eat in the cafeteria by purchasing meals on an individual basis. A guest pass is available at a discounted rate for visiting family members.

Athletic Opportunities

Intercollegiate Competition: Northwest Nazarene University is a member of the NCAA Division II Great Northwest Athletic Conference (GNAC) and provides the following sports in its intercollegiate athletic program:

- **Men** - baseball, basketball, cross-country, golf, track and field (indoor and outdoor), and soccer
- **Women** - basketball, cross-country, golf, soccer, softball, track and field (indoor and outdoor), and volleyball

Intramural Program: Student Development provides the opportunity for NNU students, faculty, and staff to participate in a variety of campus sports and activities through our intramural program, or Campus League. All of the activities and sports provided by Campus

League provide an opportunity to show off your skills, build relationships with teammates, make new friends, and have fun in a competitive (and non-competitive) environment. The NNU campus community can participate in the following Campus League Sports and Campus League Activities:

Campus League Sports:

- Flag Football
- Powderpuff Football
- Softball
- Basketball
- Ultimate Frisbee
- Outdoor Volleyball
- Soccer

Campus League Activities:

- Bowling Tournament
- Ping Pong Tournament
- Campus Golf
- Chili Cook-off
- Dessert Cook-off
- Four Square Tournament
- And many more...

Academic Departments

Welcome to the College of Arts and Sciences. When most people think of life at college, they imagine leaf-strewn sidewalks populated by challenging faculty and inquisitive co-eds walking amongst warm-looking brick buildings on a fall day. In truth, that image is very similar to the way we live in the College of Arts and Sciences. As a residential campus, students live and work in a community of scholars who are committed to the transformation of the whole person. As we try to understand the truths of the world around us, we do so in the context of a Christian community. We serve as we learn, and thereby carry our knowledge out into the world around our campus. If you are interested in living, learning, and serving in a residential community, then NNU is the place for you.

Applied and Liberal Studies Programs

Majors

[Bachelor of Arts, Applied Studies](#)

[Bachelor of Arts, Liberal Studies](#)

- Humanities Concentration
- Mathematics and Science Concentration
- Social Science Concentration

Bachelor of Arts, Applied Studies

This program leads to the Bachelor of Arts degree. Building on the strength of NNU's general education core curriculum, and course work from an applied area, the applied studies major provides students with the content, methodology, and implications of the basic areas of human knowledge; it fosters the attitude of intellectual curiosity harnessed by moral responsibility; and finally, it encourages students to think for themselves, and to be able to participate in life as autonomous individuals. The program is administered by the director of the Center for Academic Success and Advising.

The learning outcomes for applied studies graduates prepare the student to:

1. Utilize critical thinking that exhibits academic and intellectual inquiry by understanding the means of acquiring and assessing information from multiple sources and through diverse ways of knowing. (Truth)
2. Adapt knowledge and skills connecting critical thinking, vocation, service and academic disciplines to evaluate real world problems. (Transformation)
3. Become enlightened and engaged citizens who display a Christlike passion to promote justice, seek peace, and pursue tolerance in their communities. (Community and Service)
4. Develop a deeper understanding of the relation of self to world through investigation of the influence of social, cultural, economic, and political institutions in shaping human thought, value, and behavior. (Community)
5. Demonstrate clear and persuasive verbal and written communication skills.

Requirements: 60 credits including the following:

24 credits selected from one or two of the following areas: Applied Art, Business, Christian Ministry, Communication Studies, Computer Science, Criminal Justice, Cultural Studies, Education, Engineering, English (courses in writing or composition which may include ENGL 1030 and ENGL 3015), Kinesiology, Music (education, theory and applied), Nursing or Social Work.

- 12 credits in Humanities
- 12 credits in Social Sciences
- 12 credits in Mathematics and Sciences

In a single focus applied studies major, 12 credits of the 24 credits must be numbered above 2999. In a dual focus applied studies major, 12 credits of the 24 credits must be numbered above 2999, with at least 6 upper division credits taken in EACH applied area.

Notation: If Music is selected, no more than three credits of private lessons may apply. If Kinesiology is selected, no more than three credits of Kinesiology activities or activity labs may apply.

Bachelor of Arts, Liberal Studies

This program leads to the Bachelor of Arts degree. Building on the strength of NNU's general education core curriculum, the liberal studies major provides students with the content, methodology, and implications of the basic areas of human knowledge; it fosters the attitude of intellectual curiosity harnessed by moral responsibility; and finally, it encourages students to think for themselves, and to be able to participate in life as autonomous individuals. The program is administered by the director of the Center for Academic Success and Advising.

The learning outcomes for liberal studies graduates prepare the student to:

1. Utilize critical thinking that exhibits academic and intellectual inquiry by understanding the means of acquiring and assessing information from multiple sources and through diverse ways of knowing. (Truth)
2. Adapt knowledge and skills connecting critical thinking, vocation, service and academic disciplines to evaluate real world problems. (Transformation)
3. Become enlightened and engaged citizens who display a Christlike passion to promote justice, seek peace, and pursue tolerance in their communities. (Community and Service)
4. Develop a deeper understanding of the relation of self to world through investigation of the influence of social, cultural, economic, and political institutions in shaping human thought, value, and behavior. (Community)
5. Demonstrate clear and persuasive verbal and written communication skills.

Requirements: 60 credits in one of the three emphases listed below

1. Humanities Concentration
 - Humanities: 24 credits (including 12 credits numbered above 2999)
 - Mathematics and Science: 18 credits
 - Social Science: 18 credits
2. Mathematics and Science Concentration
 - Mathematics and Science: 24 credits (including 12 credits numbered above 2999)
 - Humanities: 18 credits
 - Social Science: 18 credits
3. Social Science Concentration
 - Social Science: 24 credits (including 12 credits numbered above 2999)
 - Humanities: 18 credits
 - Mathematics and Science: 18 credits

Department of Art and Design

No matter where we look, we encounter objects that were crafted through the vision of artists and designers. NNU's Art degree with emphasis in design, art, or art education prepares students to be creative, insightful, and morally responsible makers of our visual world. Our courses are designed to train students in a wide range of technical skills, develop their ability to make aesthetic judgments, and foster an appreciation for the art forms in everyday life. Ultimately, students graduate with the practical tools and critical thinking skills necessary to succeed as practicing artists, designers, and educators or in further academic study.

Faculty

Mike Bartlett, Amy Gilles, Paul Kinsman, Jamie Tucker

Learning Objectives

Technical Skills

- Graduates of the department will be proficient in the technical tools and materials necessary in their chosen area of artistic endeavor. (University value: Truth)
- Graduates of the department will be fluent in historical and contemporary art concepts and terminology. (University value: Truth)
- Graduates of the department will exhibit proficiency in writing and speaking about artistic ideas. (University value: Truth)

Conceptual Skills

- Graduates of the department will effectively employ visual problem solving skills. (University value: Truth)
- Graduates of the department will be able to think critically about art from a Christian worldview. (University values: Truth, Transformation)
- Graduates of the department will produce art that is culturally relevant and ultimately redemptive. (University values: Truth, Transformation)

Degrees Offered

The Bachelor of Arts degree in art is the professional undergraduate degree desired by serious students intent on pursuing careers or advanced degrees in the visual arts. The B.A. in art is designed to give students flexibility by letting them choose an area of emphasis after completing a series of core courses. Students choose the emphasis that is best suited to their academic interests and career goals.

Department of Biology

Faculty: Jennifer Chase, John Cossel, Jr., Ayokunle Hodonu, Jamee Nixon

The goals of the Northwest Nazarene University Biology Department are to create a community in which we:

1. Provide students with a broad conceptual background in the biological sciences.
2. Provide students with technical and analytical skills used in modern biological research or healthcare.
3. Provide students with an understanding of the nature of science and the methods of scientific investigation through discovery-based research experiences.
4. Provide students with an ethical and well-reasoned Christian view of creation and its care.

- The student is advised to prepare by taking at least two high school courses in laboratory science and three years of high school mathematics.
- In planning a college program, students should follow the requirements and recommendations of the particular professional schools to which applications for admission are planned. All demand a high grade point average and other evidences of superior scholarship.
- The students need not major in the sciences, provided they assure themselves, in consultation with the pre-professional advisor, that admission requirements are met.
- A major in Biology: Pre-Medical or Chemistry: Biochemistry are designed for matriculation into preprofessional programs.

As electives the student might consider additional courses in chemistry, biological science, mathematics, psychology, and sociology.

Concentration: Select a concentration from General Biology, Wildlife/Ecology, or Pre-Medical.

GENERAL BIOLOGY CONCENTRATION

Objective: To prepare students for entry level jobs in biology or to prepare students for graduate school.

Biology Concentration Requirements. In addition to the core, the following requirements apply: Sixteen (16) credits selected from biology numbered 2000 and above.

WILDLIFE/ECOLOGY CONCENTRATION

Objective: To prepare students for entry level jobs in ecology, wildlife, field or conservation biology, or to prepare students with similar vocational goals for graduate school.

Wildlife/Ecology Requirements: In addition to the core, the following requirements apply. A minimum of 16 credits including 12 credits from below ** and 4 additional BIOL credits numbered 2000 and above.

Animal Biology (choose 1):

Students planning on attending graduate school are responsible for ensuring that graduate school entrance requirements have been met. It is recommended that students carefully review the admission requirements of the program which they intend to seek admission before selecting these courses. Additional recommended classes include: General Microbiology, Environmental Science, and additional math (see above).

** Au Sable or other off-campus courses may be substituted with department approval.

Pre-Medical Concentration

Objective: A course of study that is suitable for application to Medical, Dental, Optometry, Physician Assistant, Veterinary, and Graduate School in biology.

In planning a college program, students should follow the requirements and recommendations of particular professional schools to which applications for admission are planned. Admission requirements vary from school to school. All demand a high grade point average and other evidences of superior scholarship.

Pre-Medical Concentration Requirements: In addition to the core, the following apply:

BIOL4410. Biochemistry I (3); **and**,
BIOL4410L. Biochemistry I Laboratory (1)
BIOL4420. Biochemistry II (3)
CHEM3220. Organic Chemistry II (3); **and**,
CHEM3220L. Organic Chemistry II Laboratory (1)
MATH2240. Elementary Statistics (3)

Select electives from the categories below to equal a minimum of 9 credits.

Bachelor of Science, Pre-Physical Therapy

Objective: To prepare the student for graduate studies in physical therapy or athletic training. The enrollments at the graduate schools are fixed, and students must compete for these positions.

Administrators:

Physical Therapy Emphasis: Chair, Biology Department
Athletic Training Emphasis: Chair, Kinesiology Department

Requirements: Completion of prescribed core plus requirements of one concentration

Physical Therapy Concentration (75 credits)

Athletic Training Concentration (75 credits)

Core Requirements:

BIOL2010. Human Anatomy and Physiology I (3); **and**,
BIOL2010L. Human Anatomy and Physiology I Laboratory (1)
BIOL2030. Human Anatomy and Physiology II (3); **and**,

Department of Business and Economics

Faculty: David Chaplin, Peter Crabb, Samuel Dunn, Joshua Jensen, Brenda Johnson, Jeff Lineman, Fred Sutton, Mollie Sweet, Konya Weber

The mission of the business department at Northwest Nazarene University is to educate students and develop them into ethical servant leaders who can transform a global society for the kingdom of Christ. We accomplish this goal by providing a strong, scholarly business curriculum rooted in the liberal arts tradition, which is delivered through traditional and innovative programs. To this end, the program is designed with the following values:

1. Students will receive the instruction necessary to pursue **Truth** and increase their knowledge across a range of contemporary business subjects including accounting, economics, finance, management, information technology, operations, international business environment, law, ethics, marketing, and communication.
2. Students will engage in activities that foster **Transformation** and facilitate the development of relevant skills in the contemporary business environment. These skills will include teamwork, qualitative and quantitative analysis, written and oral communication, use of technology, and decision making.
3. Students will be involved in activities within the **Community** as modeled by Jesus Christ through **Service** to others by applying concepts from business ethics, social responsibility, workplace respect, and biblical principles.

Admission to the School of Business

Majors in the School of Business are required to complete a minimum of 30 prescribed upper division credits (ACCT/ECON/BSNS) at Northwest Nazarene University. Exceptions must be approved by the department chair.

Admission to Advanced Standing

Majors in the department of Business and Economics are required to participate in an application and monitoring process that continues throughout their college program. Application to Advanced Standing may be made after the student has successfully completed or is progressing in a minimum of two classes listed below or with the approval of the department chair. This application typically occurs during the second semester of the first year.

ACCT2060. Financial Accounting (3)
ACCT2070. Managerial Accounting (3)
BSNS1110. Introduction to Business (1)
BSNS2170. Computer Applications in Business (3)
BSNS2220. Business Communication (3)
ECON2410. Principles of Microeconomics (3)
ECON2420. Principles of Macroeconomics (3)
BSNS2330. Math for Business and Finance (3)

To qualify for entrance into upper-division courses that are applicable for completion of degrees within the Department of Business and Economics, students must have Advanced Standing. To earn Advanced Standing, the following requirements must be met:

1. A student must be officially admitted to Northwest Nazarene University and declare a major or majors in Accounting, Business Administration, Economics, Global Business, Management, or Marketing.

2. A student must have completed or be progressing in business, economics, or accounting classes offered through the School of Business at the time of the interview or receive approval from the department chair.
3. A student must maintain a minimum cumulative grade point average of 2.5 or receive approval from the department chair.
4. A student must adhere to the School of Business Department Standards and University Values.
5. A student must complete the application for Advanced Standing.
6. A student must interview with a faculty panel and receive a positive recommendation and be accepted by vote of the business faculty.

Advanced Standing will be withdrawn if a student fails to enroll at NNU for a period of three consecutive semesters, does not maintain a 2.5 GPA, or does not uphold the Business Department Standards. A student must reapply for Advanced Standing upon re-admittance to NNU.

Business Majors and Minors

The School of Business offers six majors within the department:

- Bachelor of Science, Accounting
- Bachelor of Science, Business Administration
- Bachelor of Science, Financial Economics
- Bachelor of Science, Global Business
- Bachelor of Science, Management
- Bachelor of Science, Marketing

(To earn a Bachelor of Arts degree in any of the above majors, a student must complete an additional two semesters of an intermediate foreign language).

The School of Business offers the following minors within the department:

- Minor, Accounting
- Minor, Business Administration
- Minor, Financial Economics
- Minor, Global Business
- Minor, Management
- Minor, Marketing

Bachelor of Science, Accounting

Objectives:

To provide students with a general understanding of multiple areas of accounting, to prepare students for a career in public, corporate or governmental accounting, and to prepare students who want to embark on a management career with a strong accounting emphasis or to prepare students for graduate business and accounting programs.

A total of 150 semester hours of post high school work will be required to sit for the Certified Public Accountant (CPA) examination in several states. For most students this will take five years to complete. Some students may wish to pursue a Masters of Business Administration (MBA) to meet this requirement.

Administrator: Chair, Department of Business and Economics

Requirements: 66 credits: completion of the prescribed courses.

Core Courses (34 credits):

ACCT2060. Financial Accounting (3)

BSNS1110. Introduction to Business (1)

Department of Chemistry

Faculty: D. Timothy Anstine, Jerry Harris, Daniel Nogales

Learning Objectives:

1. Students will develop intellectual curiosity about chemistry and an appreciation for the practical role it plays in physical and biological science.
2. Graduates will understand and be able to communicate the key theories in each chemistry discipline: Analytical, Inorganic, Organic, and Physical.
3. Graduates will obtain skills in analysis, synthesis, instrumentation, and quantitative reasoning essential to establish and test hypotheses.
4. Students will integrate biblical principles and scientific knowledge to be God's agents in academia, industry, and society.

Bachelor of Science, Chemistry

Academic Objective:

This major is designed for the student who has goals of pursuing academic research or professional service in fields closely related to chemistry. This program of study fulfills most admission requirements for graduate school, although students should make sure that course work covers any expectations for specific programs.

Administrator: Chair, Department of Chemistry

Requirements: A total of at least 58-60 credits in science and math, including at least 30 credits in chemistry **and a concentration selected from the three listed below:**

CHEM2210. General Chemistry I (3); **and,**

CHEM2210L. General Chemistry I Laboratory (1)

CHEM2220. General Chemistry II (3); **and,**

CHEM2220L. General Chemistry II Laboratory (1)

CHEM4710. Structure Elucidation (3)
* CHEM4970. Research (1-6)
** CHEM4980. Senior Seminar/Capstone (1)
MATH2510. Calculus I (4)
PHYS2110. Physics for Science and Engineering I (3); **and**,
PHYS2110L. Physics for Science and Engineering I Laboratory (1)
PHYS2120. Physics for Science and Engineering II (3); **and**,
PHYS2120L. Physics for Science and Engineering II Laboratory (1)

Chemistry Concentration

13-14 credits in the following courses:

MATH2520. Calculus II (4)
MATH3540. Differential Equations (3)
PHYS4810. Fundamentals of Quantum Mechanics (3)

Choose one of the following:

BIOL4410. Biochemistry I (3); **and**,
BIOL4410L. Biochemistry I Laboratory (1)
CHEM4720. Advanced Organic Chemistry (3)
PHYS4720. Solid State Physics (3)

Biochemistry Concentration

14-15 credits in the following courses:

Environmental Chemistry Concentration

13-14 credits in the following courses:

BIOL2220. General Biology I (3); **and**,
BIOL2220L. General Biology I Laboratory (1)
BIOL3240. Plant and Animal Ecology (3); **and**,
*** approved Ecology course; or, approved
environmental chemistry or water quality course (3)
MATH2240. Elementary Statistics (3); **or**,
MATH2520. Calculus II (4)

In addition to the above requirements, the student will be required to successfully pass an oral examination or a written subject examination in the field of chemistry.

* A minimum of one credit is required, but a maximum of six credits in CHEM4970 will be allowed toward the major.

** CHEM4980 must be taken at Northwest Nazarene University.

*** Courses in ecology and environmental chemistry are available through the off-campus Au Sable Institute.

Bachelor of Arts, Chemistry

Objective: To prepare students for fields of chemistry not requiring advanced studies.

Administrator: Chair, Department of Chemistry

Requirements: A total of at least 42 credits in science and math, including at least 31 credits in chemistry.

Core Courses:

CHEM2210. General Chemistry I (3); **and,**

CHEM2210L. General Chemistry I Laboratory (1)

CHEM2220. General Chemistry II (3); **and,**

CHEM2220L. General Chemistry II Laboratory (1)

PHYS1110L. College Physics I Laboratory (1)

PHYS1120. College Physics II (3); **and,**

PHYS1120L. College Physics II Laboratory (1)

* A minimum of one credit is required, but a maximum of six credits in CHEM4970 will be allowed toward the major.

** CHEM4980 must be taken at Northwest Nazarene University.

Minor, Chemistry

Objective: The chemistry minor is a combination of the core courses found in the area of chemistry. It will provide the student with a broad and basic understanding of the field along with skills for laboratory work in chemistry.

Administrator: Chair, Department of Chemistry

Requirements: 24 credits. Every student must complete the following courses along with one of the options listed below:

CHEM2210. General Chemistry I (3); **and,**

CHEM2210L. General Chemistry I Laboratory (1)

CHEM2220. General Chemistry II (3) **and,**

CHEM2220L. General Chemistry II Laboratory (1)

CHEM2610. Analytical Chemistry (3) **and,**

CHEM2610L. Analytical Chemistry Laboratory (1)
CHEM3210. Organic Chemistry I (3) **and**,
CHEM3210L. Organic Chemistry I Laboratory (1)
CHEM3220. Organic Chemistry II (3); **and**,
CHEM3220L. Organic Chemistry II Laboratory (1)
CHEM3620. Integrated Laboratory I (1) **or**,
CHEM4610. Integrated Laboratory II (1)

Choose one course from the following:

CHEM3310. Inorganic Chemistry (3)
CHEM3510. Thermodynamics and Kinetics (3)
CHEM4710. Structure Elucidation (3)
CHEM4720. Advanced Organic Chemistry (3)

Department of Communication Studies

The mission of the Department of Communication Studies is to equip students with a better understanding of and skills in mass communication, human communication, research and performing arts. The department seeks to provide an appreciation and understanding of the history, theories, and techniques of mass communication and human communication while creatively engaging in the practice of multiple communication channels. Students are involved in varied activities to enhance their communication skills through writing, producing, directing, speaking, forensics research, drama, and community involvement. The faculty is committed to educating, training, advising, and encouraging the students of communication studies to use developed skills as "God's creative and redemptive agents in today's world."

Faculty: Arnold Ytreeide (Department Chair), M. Brooke Adamson, Donna Allen

Learning Objectives:

1. Graduates of the department and general education students will develop strong intellectual, social, and spiritual skills through a thorough understanding and application of intrapersonal, interpersonal, group, and organizational communication theory and technique.
2. Graduates of the department and general education students will understand the many facets of communication events, technologies, and processes that shape, determine, and interpret messages.
3. Graduates of the department and general education students will understand the fundamental role communication processes and skills play in building and maintaining a healthy and vibrant community.
4. Graduates of the department and general education students will experience and be able to defend the value of employing communication theory, process, and skills in service to others, and to further the spread of the gospel of Jesus Christ.

Bachelor of Arts, Communication

This major provides an understanding of the broad field of communication with exposure to all major areas of communication studies. The major provides flexibility in course selection to allow students to design an education that will prepare them for a broad range of careers that require communication skills of varying types. They will have the opportunity to learn about the processes of human communication which shape relationships, groups, and organizations, those focused on ways to persuade and entertain individuals, those related to working in the film industry, and those geared toward public relations and broadcasting.

Bachelor of Science, Communication

This major provides an understanding of communication processes with an emphasis on how communication affects relationships across societal contexts. Students gain an understanding of the processes of human communication which shape relationships, groups, and organizations, that persuade and entertain individuals, and that influence public opinion, media use, attitude and behavioral change. There is a strong focus on research and theory. Students can use their training to assume leadership positions in non-profit, government, and industry sectors, as well as specialize in research, and prepare for law school, graduate work, or professions with a strong research emphasis.

Bachelor of Arts, Public Relations

A course of study that prepares students for careers in diverse fields relating to public relations. Emphasis is placed on building relationships between organizations and their audiences through

media, media relations, critical thinking, writing, and speaking, understanding of the processes and roles of persuasion and rhetoric and of the critical nature of research. Students encounter both the theory and practice of public relations through rigorous classroom and group work, case studies, and internships.

Department of Education

Faculty: Jennifer Hill, Tracy Marshall, Shannon Panfilio-Padden, Holly Ripley, LoriAnn Sanchez (Department Chair), and Whitney Ward

Administrator: The chair is the administrator of the undergraduate Education Department.

Mission: The mission of the Department of Education at Northwest Nazarene University is to be a Christ-centered unit that develops capable, compassionate educators who are determined and prepared to meet the educational needs of young people in a changing world. This mission drives our work in undergraduate, graduate, and continuing education programs. It is articulated through the Learned-centered CORE conceptual framework underpinning all education programs.

Learning Objectives: Outcomes for NNU's education programs are aligned with the Idaho Core Teaching Standards.

Idaho Core Teaching Standards

Standard 1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard 2: Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard 3: Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Standard 4: Content Knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

Standard 5: Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Standard 6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision-making.

Standard 7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard 8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Standard 9: Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard 10: Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

Accreditation

The Educator Preparation Programs at Northwest Nazarene University are accredited based on the National Council for Accreditation of Teacher Education (NCATE) standards. The programs are fully approved by the Idaho State Board of Education.

The Educator Preparation Programs at Northwest Nazarene University are eligible and will seek accreditation based on the Council for the Accreditation of Educator Preparation (CAEP) standards in spring 2022. NNU is proud of its 51 year NCATE accreditation history and is prepared to meet the reviewed rigor and relevance of excellence by seeking accreditation based on the CAEP standards in 2022.

CHECKPOINT 1: ADMISSION TO EDUCATOR PREPARATION PROGRAM

Application for admission to the Educator Preparation Program should be made during the semester when EDUC2960 (Introduction to Instructional Design) is taken, or by spring semester of the candidate's sophomore year. Candidates who transfer to NNU with junior or senior classification should apply for admission to the Educator Preparation Program during their first semester of residency. Decision factors include scholarship, dispositions for teaching, satisfactory test performance, and residency as described below. Any person convicted of a felony must be cleared by the department chair prior to seeking admission to the Educator Preparation Program.

Requirements for admission:

The department, with the assistance of the Educator Preparation Council, conducts interviews of candidates. Candidates who are not enrolled at NNU for two consecutive semesters need to reapply for admission to the Educator Preparation Program when they return.

1. **Scholarship.** A cumulative grade point average of 3.0 or above must have been earned in university work. GPA is computed only on credits earned at NNU.
2. **Dispositions for teaching.** These values, commitments, and professional ethics are listed on the undergraduate dispositions assessment. They are demonstrated by candidates in courses, field experiences, and interviews.
3. **Knowledge assessment.** Satisfactory English and mathematics scores are required for admission. This requirement may be met by receiving the minimum score on any one of the tests in the chart below.

Test	Minimum English Score	Minimum Mathematics Score
ACT	21	21
SAT	544 on Reading and Writing	533
ACCUPLACER	169 on Reading & Sentence	74 on Elementary Algebra

4. **Residence.** One semester in residence at NNU must precede admission to the program. (Transfer students may apply during their first semester of residency.)

CHECKPOINT 2: ADMISSION TO ELEMENTARY READING AND SECONDARY METHODS COURSES

Checkpoint 2 occurs at the end of the fall semester prior to candidates enrolling in elementary reading or secondary methods courses. This is typically during the candidate's junior year.

CHECKPOINT 3: ADMISSION TO INTERNSHIP (ELEMENTARY)

Admission to the internship year occurs at the end of the semester in which EDUC3260 Content Literacy in K-8 Classrooms and EDUC3250 Fundamentals of Reading are taken (generally spring semester of the candidate's junior year).

CHECKPOINT 3: ADMISSION TO STUDENT TEACHING (SECONDARY)

Admission to secondary student teaching (EDUC4860 or EDUC4870) occurs at the end of the semester in which EDUC3510 Teaching Methods in Secondary Classrooms and content specific methods courses are taken (generally spring semester of the candidate's junior year).

CHECKPOINT 4: PROGRAM COMPLETION AND RECOMMENDATION FOR CERTIFICATION

Candidates must display appropriate dispositions for teaching, must have successfully completed all requirements for student teaching or internship with a grade of A or B, must have passed all state-required tests, and must have been recommended by the NNU Educator Preparation Council for certification.

Bachelor of Arts, Elementary Education (K-8)

Objective: To prepare candidates to teach in the elementary grades (K-8) and to meet certification requirements

Administrator: Chair, Undergraduate Education Department

ELEMENTARY PROGRAM REQUIREMENTS

Requirements: 55 credits in professional education; 34 credits in other required courses, most of which also meet general education requirements; and requirements for one middle school content area (Grades 5-9)

Professional Education Courses:

- *EDUC1100. Introduction to Education (1)

Program Certification Requirements:

To be recommended for elementary certification to the Idaho State Department of Education, a candidate must meet the following standards:

1. Complete all requirements for a baccalaureate degree.
2. Complete requirements of the Educator Preparation Program in effect at the time of admission to Educator Preparation as well as any additional requirements if required by changes in the standards of state regulatory agencies.
3. Complete all required courses in the elementary program with a grade of B- (2.7) or better. This grade requirement supersedes all other grade requirements for courses in more than one category.
4. Complete all required middle school concentration courses with a grade of C (2.0) or better.
5. Maintain a 3.0 or better cumulative GPA.
6. Pass the Praxis Elementary Multiple Subjects test (#5001).
7. Pass the appropriate Praxis middle school content area test.
8. Receive a favorable vote of the Educator Preparation Council for recommendation for certification.

Completing an Idaho-approved Educator Preparation Program will enable a candidate to be recommended for certification in other states. Deviations from the teaching major or certification requirements must be authorized by the department chair.

Elementary education candidates must complete the requirements for a middle school content area leading to a subject area endorsement. It is recommended that candidates choose one of the following content areas: English/language arts, math, science, or social studies. With approval of their advisor(s) and the undergraduate education chair, candidates may also choose to complete their middle school content area in any second teaching field offered by the university indicated with a 5-9 grade band.

Note: For those interested in teaching elementary art, kinesiology, or music, see those sections under **Secondary Education**, as these programs lead to 5-9, 6-12, or K-12 certification.

English/Language Arts Middle School Concentration (5-9)

*EDUC4870. Student Teaching in the Senior High School (11)

*EDUC4950. Seminar/Capstone (1) [Music Ed Area majors may substitute MUSC4000]

* Courses must be taken at Northwest Nazarene University.

Program Certification Requirements:

1. Complete all requirements for a baccalaureate degree.
2. Complete a subject teaching area of at least 45 semester credit hours as recommended by the subject department and approved by the Department of Education, or complete a first teaching field of at least 30 semester credit hours and a second teaching field of at least 20 semester credit hours as recommended by the subject departments and approved by the Department of Education. These areas and fields include:
 - Teaching areas: art, biology, chemistry, English, kinesiology, mathematics, music.
 - First teaching fields: art, biology, chemistry, English, history, kinesiology, mathematics, Spanish.
 - Second teaching field: American government/political science, art, biology, chemistry, communication, English, health, history, kinesiology, mathematics, music, physics, psychology, Spanish.
3. Complete requirements of the Educator Preparation Program in effect at the time of admission to Educator Preparation as well as any additional requirements if required by changes in the standards of state regulatory agencies.
4. Complete all required education courses in the secondary program with a grade of B- (2.7) or better.
5. Complete all required content courses with a grade of C (2.0) or better.
6. Maintain a 3.0 or better cumulative GPA.
7. Pass the Praxis content test(s) in teaching area or fields.
8. Receive a favorable vote of the Educator Preparation Council for recommendation for certification.

Completing an Idaho-approved Educator Preparation Program will enable a candidate to be recommended for certification in other states. Deviations from the teaching major or certification requirements must be authorized by the department chair.

Subject teaching areas and fields:

American Government/Political Science Second Teaching Field (6-12)

Requirements: 23 credits, including 2 credits in education methods

POLS1010. American National Politics (3)

POLS3410. American Political Thought and Ideology (3)

POLS3610. Comparative Politics (3)

HIST2030. Conflict and Consensus: American History to 1877 (3)

HIST2040. Conflict and Consensus: American History from 1877 (3)

EDUC3580. Methods of Teaching Social Studies in Secondary Schools (2)

Three credits in political science (3)

Select one of the following:

HIST1030. The World and the West I (3)

HIST1040. The World and the West II (3)

Art Teaching Area (5-9, 6-12, or K-12)

Requirements: 45 credits including 6 credits in education methods

ARDE1020. 2D Design (3)

ARDE1040. Drawing 1 (3)

ARDE2010. 3D Design (3)

ARDE2410. Painting 1 (3)

ARDE2350. Graphic Design 1: Introduction to Visual Communication (3)

ARDE2430. Introduction to Computer Graphics (3)

ARDE2760. Photography 1 (3)

ARDE3330. Teaching Art in the K-8 School (3)

ARDE3530. Teaching Art in the Secondary School (3)

ARDE3500. Studio Practice and Critique (3)

Choose two art history courses (6 credits) from:

ARDE3250. Art History 1 (3)

ARDE3750. Art History 2 (3)

ARDE3950. Modern and Contemporary Art History (3)

Choose three elective courses (9 credits) from:

ARDE2050. Ceramics 1 (3)

ARDE2070. Figure Studies (3)

ARDE3060. Printmaking (3)

ARDE3080. Introduction to Bookmaking and Letterpress (3)

ARDE3430. Digital Photography (3)

ARDE4870. Senior Exhibition (3)

Art First Teaching Field (5-9, 6-12, or K-12)

Requirements: 30 credits including 6 credits in education methods

ENGL2430. World Literature: The Enlightenment to the Modern Era (3)
ENGL3410. Greek and Roman Classics (3)

Health Second Teaching Field (5-9 or 6-12)

Requirements: 21 credits from kinesiology and related courses, including two credits in secondary methods

KINE2430. Health Issues in Today's Society (3)
KINE2730. Nutrition Across the Lifespan (2)
KINE2960. Field Experience in Kinesiology (1)
KINE3350. Teaching School Health (2)
KINE3640. Physiology of Exercise (3)
KINE4560. Administration of HPERD (3)
PSYC2110. Educational Psychology (3)

One of the course and lab combinations selected from:

BIOL2010. Human Anatomy and Physiology I (3); and

BIOL2010L. Human Anatomy and Physiology I Laboratory (1); **or**,
BIOL2030. Human Anatomy and Physiology II (3); **and**
BIOL2030L. Human Anatomy and Physiology II Laboratory (1)

Other requirements:

Current First Aid/CPR certification (American Red Cross preferred).
Completion of Lifeguard or Water Safety Instruction (WSI) certification.

History First Teaching Field (5-9 or 6-12)

Requirements: 32 credits of which 17 shall be numbered above 2999, including 2 credits in secondary methods

HIST1030. The World and the West I (3)
HIST1040. The World and the West II (3)
HIST2030. Conflict and Consensus: American History to 1877 (3)
HIST2040. Conflict and Consensus: American History from 1877 (3)
HIST3390. Recent America (3)
HIST3580. Teaching Social Studies in the Secondary School (2)
POLS1010. American National Politics (3)

Twelve credits in history numbered above 2999 (12)

History Second Teaching Field (5-9 or 6-12)

Requirements: 23 credits of which 8 credits shall be numbered above 2999, including 2 credits in secondary methods

HIST1030. The World and the West I (3)
HIST1040. The World and the West II (3)

HIST3390. Recent America (3)
HIST3580. Teaching Social Studies in the Secondary School (2)
POLS1010. American National Politics (3)

Three credits in history numbered above 2999 (3)

Kinesiology Teaching Area (5-9, 6-12, or K-12)

Requirements: 49 credits, including 6 credits in education methods

BIOL2010. Human Anatomy and Physiology I (3); **and**
BIOL2010L. Human Anatomy and Physiology I Laboratory (1)
BIOL2030. Human Anatomy and Physiology II (3); **and**
BIOL2030L. Human Anatomy and Physiology II Laboratory (1)
KINE1310. Introduction to Recreation and Kinesiology (3)
KINE2410. Introduction to Athletic Training and Physical Therapy with Laboratory (3)
KINE2430. Health Issues in Today's Society (3)
KINE2640. Kinesiology Majors Activity Laboratory (1) 4 required
KINE2730. Nutrition Across the Lifespan (2)
KINE2960. Field Experience in Kinesiology (1)
KINE3350. Teaching School Health (2)
KINE3360. Teaching PE in the Secondary Schools (2)

KINE3380. Teaching PE in the K-8 Schools (2)
KINE3560. Psychology and Techniques of Coaching (3)
KINE3600. Motor Development and Motor Learning (2)
KINE3630. Corrective and Adaptive PE (2)
KINE3640. Physiology of Exercise (3)
KINE3650. Biomechanics (3)
KINE4520. Tests and Measurements in Physical Education (3)
KINE4560. Administration of HPERD (3)

Other requirements:

Current First Aid/CPR certification (American Red Cross preferred)
Completion of Lifeguard or Water Safety Instruction (WSI) certification
Successful completion of the Kinesiology Department Fitness Component Tests

Kinesiology First Teaching Field (5-9, 6-12, or K-12)

Requirements: 39 credits, including 4 credits in education methods

KINE1310. Introduction to Recreation and Kinesiology (3)
KINE2410. Introduction to Athletic Training and Physical Therapy with Laboratory (3)
KINE2430. Health Issues in Today's Society (3)
KINE2640. Kinesiology Majors Activity Laboratory (1) 2 required
KINE2960. Field Experience in Kinesiology (1)
KINE3360. Teaching Physical Education in the Secondary Schools (2)
KINE3380. Teaching Physical Education in the K-8 Schools (2)
KINE3560. Psychology and Techniques of Coaching (3)

KINE4520. Tests and Measurements in Physical Education (3)
KINE4560. Administration of HPERD (3)

One course and lab combination selected from:

BIOL2010. Human Anatomy and Physiology I (3); **and**
BIOL2010L. Human Anatomy and Physiology I Laboratory (1);
or

BIOL2030. Human Anatomy and Physiology II (3); **and**
BIOL2030L. Human Anatomy and Physiology II Laboratory (1)

Other requirements:

Current First Aid/CPR certification (American Red Cross preferred)
Completion of Lifeguard or Water Safety Instruction (WSI) certification
Successful completion of the Kinesiology Department Fitness Component Tests

Kinesiology Second Teaching Field (5-9, 6-12, or K-12)

Requirements: 31 credits, including 4 credits in education methods

KINE2410. Introduction to Athletic Training and Physical Therapy with Laboratory (3)
KINE2430. Health Issues in Today's Society (3)
KINE2640. Kinesiology Majors Activity Laboratory (1) 2 required
KINE3360. Teaching Physical Education in the Secondary Schools (2)
KINE3380. Teaching Physical Education in the K-8 Schools (2)

KINE3560. Psychology and Techniques of Coaching (3)
KINE3600. Motor Development and Motor Learning (2)
KINE3630. Corrective and Adaptive Physical Education (2)
KINE3640. Physiology of Exercise (3)
KINE3650. Biomechanics (3)
KINE4520. Tests and Measurements in Physical Education (3)
KINE4560. Administration of HPERD (3)

Recommended:

BIOL2010. Human Anatomy and Physiology I (3) **and**
BIOL2010L. Human Anatomy and Physiology I Laboratory (1); **or**,
BIOL2030. Human Anatomy and Physiology II (3); **and**
BIOL2030L. Human Anatomy and Physiology II Laboratory (1)

Other requirements:

Current First Aid/CPR certification (American Red Cross preferred)
Completion of Lifeguard or Water Safety Instruction (WSI) certification
Successful completion of the Kinesiology Department Fitness Component Tests

Mathematics Teaching Area (5-9 or 6-12)

Requirements: 45 credits in mathematics of which 25 shall be numbered above 2999, and 2 credits in secondary methods

EDUC3570. Teaching Mathematics in the Secondary School (2)
MATH2240. Elementary Statistics (3)
MATH2310. Discrete Mathematics (3)
MATH2510. Calculus I (4)
MATH2520. Calculus II (4)
MATH3280. Modeling and Operations Research (3)
MATH3310. Introduction to Abstract Mathematics (3)
MATH3320. Linear Algebra (3)
MATH3410. Modern Geometry (3)
MATH3530. Calculus III (4)
MATH4100. History of Mathematics/Capstone (1)
MATH4320. Modern Algebra (4)
MATH4510. Introduction to Real Analysis (4)
Four mathematics elective credits (4)

In addition to the above requirements, the student is required to complete the Mathematics Content Knowledge Praxis test (#5161)

Mathematics First Teaching Field (5-9 or 6-12)

Participation in ensembles (may be taken for credit)
Half-recital in the senior year
Keyboard proficiency shall be determined by examination before enrolling for student teaching.
Students may acquire needed skills by taking applied piano.

Additionally Music-Education majors are required to:

1. participate in a minimum of one ensemble each semester;
2. participate four semesters in the major ensemble appropriate for their primary performance medium;
3. perform in both large and small instrumental ensembles appropriate to their particular instrument. All students whose applied performance area is instrumental will enroll in a small ensemble (chamber group, jazz combo, or similar ensemble) for at least one semester;
4. study privately each semester in their primary performance medium (voice or instrument) (additional fee required);
5. pass a juried examination in their performance medium each semester. A minimum of six examinations must be on file to qualify for graduation in music. Exceptions will only be by permission from the chair of the Music Department.
6. attend ten recitals or concerts during each semester.

Familiarization and compliance with music program policies as outlined in the *Music Program Handbook* is the student's responsibility. Copies are available in the Music Department office.

Note: Most students require more than 8 semesters to complete this program.

1. Cultural immersion experience
2. Journal of cultural experiences and resources
3. Portfolio of 3 major papers representing linguistics, civilization and literature
4. Demonstration of oral proficiency

Department of History and Political Science

Faculty: Justin Clardie (Interim Department Chair), Stephen Shaw, and Stephen Morgan

Learning Objectives:

1. To help students acquire academic and intellectual expertise in their respective disciplines and majors.
2. To assist students in the development and application of their skills of critical analysis and research, creativity, and communication consistent with a Christian liberal arts education.
3. To develop scholar-servants who are enlightened and engaged citizens and who display a Christlike passion to promote justice, seek peace, and pursue tolerance in their communities.
4. To promote learning as a life-long skill and interest that will enable students to apply their talents professionally and to experience a deeply-rooted sense of challenge and fulfillment in their lives.

One year of foreign language (same language, either modern or classical) (6-8)

Twenty-one credits in history numbered above 2999 (21)

Bachelor of Arts, International Studies

The International Studies major provides the student with an understanding of international affairs through the study of modern language, intercultural communication skills, business and international commerce, and the social and political realities which exist outside the United States. The major also develops in students critical liberal arts skills, such as written and oral

communication and critical thinking, and encourages students to seek solutions to contemporary problems through the application of personal and Christian values. Most of the career choices in this area, such as diplomacy, law, international finance, bilingual service, international ministry, and others, require advanced degrees or further specialized training.

Administrator: Dr. Justin Clardie

Pre-Professional Program - Pre-Law

Administrator: Dr. Stephen Shaw

The Association of American Law Schools recommends no prescribed pre-law program but suggests that students pursue work in courses that require disciplined and logical thought and clear and careful communication, especially lucid writing. NNU's rigorous liberal arts education is ideal training for law school and the legal profession; any liberal arts major is excellent preparation, but students may find programs in economics, history, literature, mathematics, philosophy, political science, psychology, science, and sociology quite relevant. Students should note that the precise use of English is increasingly stressed in the Law School Aptitude Test (LSAT). The pre-law advisor, Dr. Stephen Shaw of the Department of History and Political Science, actively assists students in preparing for law school. Recent graduates have attended law schools throughout the United States.

Department of Kinesiology

Faculty: Scott Kinnaman (Department Chair), Ben Gall

Learning Objectives:

1. Graduates of the department and general education students will be able to think critically and assess wellness benchmarks in order to increase awareness of personal wellness level competencies. (Truth and Transformation)
2. Graduates of the department will demonstrate current methods in leadership, management, and coaching techniques within respective professional employment environments. (Transformation, Community)
3. Graduates of the department will utilize and implement knowledge of the human body and its movement function within a recreational or an athletic setting in order to adapt and improve physical performance. (Truth)
4. Graduates of the department will be able to use a variety of information technologies, internships, field experiences, and student teaching experiences to help develop their personal style of leadership and instruction for future endeavors. (Transformation, Service)
5. Graduates of the department will be aware of the current health issues within the context of a complex societal environment. Graduates will understand issues of integrity and faith and the value these areas add to their profession. (Community)

Department of Language, Literature, and Cultural Studies

Faculty: David Blowers, Darrin Grinder, Kevin Dennis, Benjamin Fisher, Julie Straight, Devon Van Essen

Since scholars in the ancient world studied the *Iliad*, when Talmudic scholars studied the Torah, or as we translate the stories of indigenous peoples, the studies of language, literature, and cultures have been connected nearly seamlessly. Texts are alive in many media: the ways we build our homes, the ways we speak with each other, the ways we rear our children, the ways we approach the divine. In this department we seek to maintain these connections and encourage the studies of the way we talk, write, think, create, and live to enrich and inform one another in a challenging, nurturing, and vibrant environment. If you like to read, write, listen, create as a community of poets, scholars, travelers, and adventurers, this can be your academic home.

Learning Objectives:

1. Graduates of the department and general education students will be able to think critically, express themselves clearly, research successfully, and develop an appreciation for the medium of language through a variety of writing experiences (Transformation).
2. Graduates of the department and general education students read and discuss masterpieces of Western and world literature, emphasizing how the works relate to the world in which they were created and how they relate to the reader and world today (Truth).
3. Graduates of the department and general education students will have a concrete knowledge of authors and their literary works, understanding the author and work's place in the culture from which they arose and in the literary world as a whole (Truth).

Bachelor of Arts, Chinese Studies

The major in Chinese Studies at NNU provides students an opportunity to enroll in foundational courses in Mandarin and Chinese culture at NNU and then continue advanced study of language and culture in China or at other universities with accredited programs in Chinese Studies. Courses in Mandarin and Chinese Culture are taught through NNU's Confucius Institute, a partnership between NNU, Northwest University in Xi'an, China, and China's Hanban Institute. Faculty members in the Chinese Studies Program are heritage speakers from Northwest University, and students in the program have the opportunity to study at Northwest or other universities in China. Students in

Chinese Studies will learn increasingly complex grammar, Chinese characters, the pinyin phonetic system, and conversational Mandarin. Students are required to study abroad in China or at an accredited university with upper-division content in Chinese Studies.

PSYC4112. Human Diversity (3)
THEO3630. Exploring Western World Religious Traditions (3)
THEO3640. Exploring Eastern World Religious Traditions (3)

Recommended: Students are encouraged to complete a Level IV Cross Cultural Experience.

*In order to take courses with the HNRS prefix, students must be admitted to the Honors College.

Minor, Literature

The minor in literature provides a literature program to students majoring in areas other than English. Students will learn how to read and appreciate literature. They will receive an introduction to the historical breadth of one world area, and read more deeply in each of the following: American, British, and world literature.

Administrator: Chair, Department of Language, Literature, and Cultural Studies

Requirements: 18 credits of which 12 shall be numbered above 2999. Students must take at least one class from each of the following areas:

American Literature:

ENGL2210. American Literature to the Civil War (3)
ENGL2220. American Literature: Civil War to Present (3)
ENGL3210. Major Authors in American Literature (3)
ENGL3250. The American Novel (3)
ENGL4270. Minority Voices in American Literature (3)

British Literature:

ENGL2310. British Literature: Beowulf through the Age of Reason (3)
ENGL2320. British Literature: The Romantic Age to the Present (3)
ENGL3310. Major Authors in British Literature (3)
ENGL3350. The British Novel (3)
ENGL4340. Major Romantics and Victorians (3)
ENGL4350. Major British Authors to the Reconstruction (3)

World Literature:

ENGL2420. World Literature: The Ancient World to the Renaissance (3)
ENGL2430. World Literature: The Enlightenment to the Modern Era (3)
ENGL3410. Greek and Roman Classics (3)
ENGL3420. Foreign Literature in Translation (3)

Minor, Professional Writing

The minor provides students an introduction to the opportunities in print journalism. Students will learn the principles of professional writing and will have the opportunity to develop writing skills in a variety of creative modes. English majors will not be able to count English courses taken for their major.

Administrator: Chair, Department of Language, Literature, and Cultural Studies

Requirements: 21 credits of which 12 shall be numbered above 2999.

ENGL2610W. Introduction to Journalism (3)

ENGL3020W. Principles of Writing (3)

ENGL3040W. Creative Writing - Prose (3)

ENGL3050. Creative Writing - Poetry (3)

ENGL3960. Internship in Professional Writing (3)

Two courses selected from:

COMM1420. Introduction to Public Relations (3)

COMM2250. Introduction to Scriptwriting (3)

COMM3250. Advanced Screenwriting (3)

Minor, Spanish

The minor in Spanish provides students majoring in areas other than Spanish the opportunity to acquire practical language proficiency, intercultural sensitivity, and cultural knowledge; to gain appreciation of the cultural contributions of Spanish-speaking peoples; and to reflect critically on their own cultural values.

Administrator: Chair, Department of Language, Literature, and Cultural Studies

Requirements: 17 credits of which nine shall be numbered above 2999.

SPAN2010. Intermediate Spanish (4)

SPAN2020. Intermediate Spanish (4)

Nine credits in Spanish numbered above 2999 representing two of the following areas (9)

Culture (including history and civilization)

Linguistics

Literature

Students are highly encouraged to participate in a travel-abroad or cultural immersion experience in a Spanish-speaking country.

Department of Mathematics and Computer Science

Faculty: Jason Colwell, Dale Hamilton, Ed Korntved, Barry Myers (Department Chair)

Learning Objectives:

1. Every student should master the basic knowledge in the field of mathematics or computer science.
2. Every student should gain the required knowledge to prepare the student for employment after graduation or admission into graduate school.
3. Students should learn to think in a creative way but yet be able to express their thoughts in an organized fashion.
4. The computer science student should understand the basic principles of the major types of programming languages and other fundamental areas of computer science.
5. All students are expected to practice integrity in their daily interaction with their colleagues and in their work.

Department of Military Science

Department Objective: The Reserve Officers' Training Corps (ROTC) was established at Northwest Nazarene University in 1995 as a partnership with Boise State University under provisions recommended to the State Board of Education and in accordance with national requirements. Participation by students in the program is voluntary.

The objective of senior Army ROTC is to provide world-class leadership training by leveraging Northwest Nazarene University's outstanding academic programs to transform scholar-athlete leaders and provide tactically and technically competent future officers with a strong moral compass and essential skills to lead small units upon arrival to their first units in the United States Army, Army Reserve, and Army National Guard.

Minor

[Military Science](#)

Minor, Military Science

Objective: This program will prepare qualified students for a commission as a Second Lieutenant in the United States Army.

Requirements: Students who wish to enroll in the minor curriculum in military science must first apply and be accepted to upper-division (candidacy) for the advance program in military science. All advanced course ROTC students must be United States citizens. Non-citizens desiring to enroll in ROTC may attend classroom instruction only for the basic course. Every student must complete the following:

- MILS3010. Adaptive Team Leadership (3)
- MILS3020. Leadership in Changing Environments (3)
- MILS3900. Military Science Practicum (6)
- MILS4010. Developing Adaptive Leaders (3)
- MILS4020. Leadership in a Complex World (3)

Department of Music

Faculty: Philip Miller (Department Chair), Casey Christopher, Walden Hughes, Judy Marlett, George Turner

Learning Objectives: The objective of the music curriculum is to develop within students excellence in creating, performing, and appreciating music. The program serves the total student body by providing ensembles, lessons, and courses, which are open to all students. Also, the program makes available to the student body concerts and recitals throughout the year in the Swayne Auditorium and other auditoriums on campus. The program's course offerings provide the opportunity to do the following:

1. Pursue careers in music
2. Develop one's perception of the intrinsic and aesthetic values within musical expression (Truth)
3. Understand the interrelatedness of music and Christian service (Community and Service)
4. Prepare for service in church and community (Community and Service)
5. Relate music to life-long learning (Transformation)

An acceptable level of keyboard proficiency (determined by examination) is required in all emphases. A student may acquire needed skills by taking available piano courses.

Additionally all music majors are required to:

1. participate in a minimum of one ensemble each semester
2. participate four semesters in the major ensemble appropriate for their primary performance medium
3. study privately each semester in their primary performance medium (voice or instrument) (additional fee required)
4. pass a juried examination in their performance medium each semester. A minimum of six examinations must be on file to qualify for graduation in music. Exceptions will only be by permission from the chair of the Music Department.
5. attend ten recitals or concerts during each semester.

Familiarization and compliance with music program policies as outlined in the Music Program Handbook is the student's responsibility. Copies are available in the department office.

Applied Concentration

Designed for students interested in music performance and private studio teaching, and those who plan to pursue graduate work in performance, pedagogy, or theory. Requirements below are in addition to the 32 Core Course credits listed above.

Department of Nursing

Faculty: Leonie Sutherland (Chief Nursing Administrator), Jan Crabill, Michelle Hunt (BSN Chair), April Orduno, Linda Valenzuela, Jane Weis, Bonnie Zaroban

Nursing Mission Statement:

The mission of the baccalaureate nursing program at Northwest Nazarene University is to provide a quality education in professional nursing, grounded in the liberal arts. We endeavor to develop graduates who will:

- Serve God and humanity
- Act with wisdom, integrity and caring
- Demonstrate competence in an environment of diversity and change
- Develop effective nursing leadership strategies
- Value the pursuit of professional growth and graduate education

Nursing Program Learning Outcomes:

Graduates of the Bachelor of Science in Nursing program at Northwest Nazarene University will:

1. Integrate scientific and liberal arts education into nursing practice which is provided within a Christian perspective.
2. Apply leadership concepts and participate in nursing teams and with other members of the healthcare team to provide safe, high quality patient health outcomes.
3. Translate critical thinking principles into the clinical arena and lifelong learning in order to establish the foundation for their evidence-based practice and lifelong learning.
4. Utilize available technologies to advocate for patient safety, confidentiality, management of information, and work redesign.
5. Have a working knowledge of healthcare policy, finance, and structure at the local, regional, national, and global levels in order to advocate for patients and the profession.
6. Participate in assessment and educational initiatives to promote wellness and illness/disease/injury prevention to improve health for populations.
7. Integrate values reflective of the character of God and the Christian worldview, as well as those of professional ethics into their daily practice of nursing and the advancement of nursing as a profession.
8. Exhibit caring behaviors that show respect for the value and uniqueness of diverse persons as they safely integrate the nursing process for individuals, families, groups, and communities.
9. Articulate the value of pursuing practice excellence and professional engagement to foster professional growth and development.

These outcomes reflect the expectations of the *AACN Essentials for Baccalaureate Nursing Education* and the mission of the University and the Department of Nursing.

Department of Philosophy and Religion

Faculty: Jay Akkerman, Joseph Bankard, Rhonda Carrim, Joseph Gorman, Mike Kipp, Diane Leclerc, Brent Peterson, Stephen Riley, Richard Thompson, Celia Wolff

The Department of Philosophy and Religion serves both general students and departmental majors. Graduates of the Department will be able to enter a variety of fields. Those who major in philosophy will be prepared for graduate work in philosophy, ethics, religion, law, and related fields. Those who pursue academic programs focused on ministry preparation may pursue pastoral or lay ministries according to their calling and choice of minor, as well as graduate work in religion.

Minors in the Department of Philosophy and Religion serve two purposes:

1. Combined with the Christian Ministry major, most minors equip students for focused ministry.
2. The minors provide an introduction to focused ministry areas and academic disciplines for nondepartmental majors.

In consultation with a Philosophy and Religion Department faculty advisor, an individualized minor may be designed to prepare a student for a ministry area not addressed by the published minors.

The graduates of the Christian Ministry, Youth Ministry, or Intercultural Ministry major with a departmental minor and ministerial standing fulfill the Course of Study (COS) educational requirements for ordination in the Church of the Nazarene. These include the following outcomes:

1. **Content:** Graduates will have knowledge of the content and interpretation of the Old and New Testaments, the theology of the Christian faith, the doctrine of holiness, the history and mission of the church and the history and polity of the Church of the Nazarene.
2. **Competency:** Graduates will possess abilities in oral and written communication, analytical thinking, management and leadership, finance and church administration, preaching, pastoral care and counseling, worship leadership, evangelism and Christian education.
3. **Character:** Graduates will have knowledge of Christian ethics, spiritual formation, human development, and marriage and family life. They will demonstrate personal growth in their own character and spirituality.
4. **Context:** Graduates will have knowledge of the historical, social and contemporary environment in which they minister and be able to relate the mission of the church to that context.

Ministerial Preparation

The Department of Philosophy and Religion provides oversight and guidance to students preparing for Christian vocational ministry. Ministerial preparation includes academic achievement, personal development, and divine calling. Each major or minor sets forth a program of academic achievement.

The student's progress is monitored by the administrator of the major or minor. Matters of personal development are treated in a series of courses (PRTH1710, 2960, 3210, 3960, 4960) spread throughout the student's years of enrollment. Such matters as a call to ministry, personal religious experience, self-understanding and character development, professional conduct, avenues of Christian service, and ministerial licensing are discussed with each student. These courses include many hours of field experience and internship in a ministry setting, as well as personal interviews by members of the faculty and area pastors.

Because of the increasing complexity of ministry in contemporary society, the School and the Church of the Nazarene strongly encourage all ministerial students to prepare themselves well and complete a seminary education. Those students who do not intend to pursue graduate-level education for ministry preparation are urged to select the Christian Ministry major with an appropriate departmental minor in preparation for ministry following graduation. Those students who intend to fulfill the educational requirements for ordination in the Church of the Nazarene through their undergraduate program must complete either the Christian Ministry major with an appropriate departmental minor or the Missions major with a minor in Christian Ministry.

Ministerial Standing

Ministerial Standing is a formative process that encourages the highest possible standards in students planning to enter vocational ministry. This process seeks to be developmental and holistic by recognizing personal growth in students over time, rather than merely applying a fixed standard uniformly. The items assessed in the process toward acceptance are: academic performance (Truth), personal initiative, leadership (Community), spiritual formation (Transformation), and the ability to integrate academic learning into the local ministry context (Service).

Prior to achieving Ministerial Standing, a student is considered to be in ministry observation/exploration. However, Ministerial Standing is mandatory for formal admission to a program of ministry preparation and for graduation with a Christian Ministry, Youth Ministry or Intercultural Ministry major from the School of Theology and Christian Ministries (STCM). Ministerial Standing is also required for those students who are seeking to fulfill the educational requirements for ordination in the Church of the Nazarene. In addition, Ministerial Standing will be

strongly considered in awarding Religion Department scholarships as well as in making recommendations to local churches, pastors, church leaders, and graduate schools.

Application to Ministerial Standing:

To be eligible for a program of ministry preparation, a student must meet the following requirements for the achievement of Ministerial Standing:

1. complete the following courses prior to application: PRTH1710, CHED1810, and BIBL1100
2. have a minimum cumulative grade point average of 2.5 or better
3. apply for Ministerial Standing in the spring semester of the student's sophomore year and reapply each subsequent year
4. obtain favorable character references from peers, NNU faculty, NNU Student Development, and pastors
5. submit critical assignments in ministerial training
6. interview with a STCM faculty subcommittee and
7. receive a favorable recommendation for the granting of Ministerial Standing from the STCM faculty.

Students who do not achieve Ministerial Standing will receive clear feedback and be encouraged to reapply the following year.

Continuation of Ministerial Standing:

To continue to hold Ministerial Standing, a student must meet the following requirements:

1. make progress toward the completion of the student's degree program by being enrolled in NNU during one of the previous two semesters
2. maintain a minimum cumulative grade point average of 2.5 or better
3. reapply for Ministerial Standing annually (including the application requirements above) and
4. receive favorable recommendations from field experience and/or internship.

Failure to meet any of these four requirements will result in the withdrawal of Ministerial Standing. Graduating seniors who do not achieve Ministerial Standing cannot graduate with a Christian Ministry, Youth Ministry or Intercultural Ministry major but may seek to graduate from the university with a different major. However, a student whose Ministerial Standing has been withdrawn may reapply after one semester, with a favorable recommendation from the Dean of the School of Theology and Christian Ministries.

Bachelor of Arts, Philosophy and Religion

Objective: Graduates will be prepared for and able to pursue graduate studies in religion, philosophy of religion, or a related field. Entrance requirements for specific graduate schools may be met through proper course selection. Students will be encouraged to spend at least one semester abroad or in an off-campus program.

Bachelor of Arts, Biblical Studies

Objective: This major provides students with opportunity to develop skills in the interpretation of the Bible, including the development of beginning skills in the biblical languages. This major complements other programs offered in the Department of Philosophy and Religion, the School of Theology and Christian Ministries, and the University at large. Although most programs within the Department of Philosophy and Religion are related to vocational forms of ministry, this particular major may be taken by persons with either vocational or personal interests and goals.

Graduates of the Biblical Studies major with ministerial standing will demonstrate the following program outcomes:

1. Students will know and be able to describe the overarching narrative of the Bible, the central contents and purposes of its major canonical divisions, and the relationship between the two Testaments.
2. Students will be able to explain and illustrate the phenomenon of intertextuality and the relevance of the literary and historical context of the various parts of the Bible.
3. Students will be able to state and discuss coherently the principles and issues of biblical hermeneutics and to compare and contrast the results of biblical interpretation with the central data of the other theological disciplines, including church history, systematic theology, and ethics.
4. Students will be able to interpret biblical texts, employing appropriate critical methods and demonstrating some competence in translating the original languages of the Bible.
5. Students will be able to analyze the unity and diversity of the various biblical traditions and construct biblical theologies that are faithful to the entire Bible.
6. Students will relate Scripture to life situations, particularly in the context of the church (in preaching, teaching, pastoral care, discipleship, and the practice of ministry), but also in relation to the contemporary cultural context outside the church.
7. Students will be able to locate themselves clearly within the spectrum of biblical scholarship and be able to discuss and differentiate their commitments with others in a civil manner.
8. Students will display and be able to defend the value they assign the Bible, demonstrating how it informs and forms their personal religious identity, spirituality, character, and values.
9. Students will be able to justify the Bible's relevance to their vocational plans, formulating practices consistent with their commitment to Scripture in their chosen field of ministry.

Requirements: 40 core credits and 21 foundational credits, which also meet general education requirements.

Foundational Courses: These courses from the general offerings are required as foundational to the major:

Ministerial Standing (Senior year)

Bachelor of Arts, Christian Ministry

Objective: This major prepares students to go directly into ministry after graduation. It is strongly recommended that students also complete a departmental minor. The combination of the Christian Ministry major with a designated departmental minor provides the educational requirements for ordination as an elder in the Church of the Nazarene. The requirements of other denominations may be met through the selection of elective courses.

Graduates of the Christian Ministry major with ministerial standing will demonstrate the following program outcomes:

1. Students will know the general content and purposes of the major divisions of the Bible and the relationship between the Testaments.
2. Students will understand and apply principles of biblical hermeneutics by exegeting passages of Scripture, using forms of biblical criticism and relating their work to other theological disciplines.
3. Students will value and relate Scripture to their own spiritual growth and to life situations, particularly in the context of the Church's pastoral practices.

4. Students will know and describe key themes of Wesleyan theology within the thought and history of the Christian Church: the attributes of the Triune God, Incarnation, the condition and hope for humanity and creation, the loving and saving nature of the divine-human relationship, the meaning of holiness, and the call to character and service for followers of Christ.
5. Students will integrate Wesleyan theology with pastoral theology to construct and develop a theology of worship, preaching, sacraments, leadership and ministry.
6. Students will serve as creative and redemptive agents by participating in the Church, by valuing all persons and creation through practicing love and stewardship.
7. Students will explain and construct sophisticated philosophical arguments, both orally and in writing, critically evaluating arguments using principles of sound reasoning from both formal and informal logic.
8. Students will identify and define key themes within the history of Western philosophy.
9. Students will know and develop biblical, historical, cultural/sociological, and theological principles for the practices of ministry: constructing sermons and lessons, designing and leading worship, responding to the need of her/his congregation, initiating and fostering congregational health, building congregational leaders, and analyzing and constructing a plan to reach the community.
10. Students will know and describe how to lead, disciple, evangelize, and equip the church for ministry.
11. Students will display a growing personal and spiritually transformed life valuing personal, pastoral, and professional integrity in serving as an example of holiness of heart and life.

Ministerial Standing (Senior year)

Bachelor of Arts, Intercultural Ministry (Missions)

Objective: The major prepares students to minister in a global cross-cultural setting. It provides a wide range of foundational knowledge and skills with specific focus in a mission worldview. The School of Theology and Christian Ministry will help students work through the appropriate steps leading to appointment as missionaries by the Church of the Nazarene or other mission agencies. The major does not meet ordination requirements in the Church of the Nazarene. However, students can fulfill ordination requirements by also taking the Christian Ministry minor. Seminary is recommended for further preparation.

Graduates of the Intercultural Ministry (Missions) major and ministerial standing will demonstrate the following program outcomes:

1. Students will know the general content and purposes of the major divisions of the Bible and the relationship between the Testaments.
2. Students will understand and apply principles of biblical hermeneutics by exegeting passages of Scripture, using forms of biblical criticism and relating their work to other theological disciplines and intercultural contexts.
3. Students will value and relate Scripture to their own spiritual growth and to life situations in ways that demonstrate respect and sensitivity in intercultural contexts.
4. Students will know and describe key themes of Wesleyan theology within the thought and history of the Christian Church: the attributes of the Triune God, Incarnation, the condition and hope for humanity and creation, the loving and saving nature of the divine-human

relationship, the meaning of holiness, and call to character and service for followers of Christ.

5. Students will integrate Wesleyan theology with a biblical theology of Christian mission to construct and develop a theology of leadership and ministry in intercultural contexts.
6. Students will serve as creative and redemptive agents by participating in the Church, by valuing intercultural ecclesial communities, and by valuing all persons and creation through practicing love and stewardship.
7. Students will explain and construct philosophical arguments, both orally and in writing, critically evaluating arguments using principles of sound reasoning from both formal and informal logic.
8. Students will know and develop biblical, historical, cultural/sociological, and theological principles for the practices of intercultural ministry: respectful engagement with other cultures and religions; initiating and/or fostering intercultural relationships in conjunction with God's mission (*missio Dei*); partnering with those from other cultural contexts in responding to the needs of people (individuals and groups), a community, and/or a congregation.
9. Students will compile the basic principles of the social sciences for the purposes of integrating them into living and the practice of ministry in an intercultural context. This includes knowing and appraising the theories behind and best practices for ministry, and knowing how to contextualize such theory and practice to intercultural settings.
10. Students will display a growing personal and spiritually transformed life valuing personal, social, and professional integrity in serving as an example of holiness of heart and life.

For those desiring to complete the Course of Study educational requirements for ordination in the Church of the Nazarene, a Christian Ministry minor would also be required.

Bachelor of Arts, Youth Ministry

Objective: This major prepares students for a variety of youth ministry settings, including both local church and parachurch contexts. For those students from the Church of the Nazarene, educational requirements for ordination as an elder in the Church of the Nazarene also require the Christian Ministry minor along with this major. Other denominations' requirements may be met through the selection of elective courses.

Graduates of the Youth Ministry major with ministerial standing will demonstrate the following program outcomes:

1. Students will know the general content and purposes of the major divisions of the Bible and the relationship between the Testaments.

2. Students will understand and apply principles of biblical hermeneutics by exegeting passages of Scripture, using forms of biblical criticism and relating their work to other theological disciplines.
3. Students will value and relate Scripture to their own spiritual growth and to life situations, particularly in the context of the Church's pastoral practices.

Department of Physics and Engineering

Faculty: Duke Bulanon, Joshua Griffin, Dan Lawrence, William Packard, and Stephen Parke

The Department of Physics and Engineering teaches students to be creative problem solvers. It not only gives students a solid foundation in theory and analytical skills, but also provides hands-on training in modern software, test equipment, and fabrication equipment. The department faculty seek to instill a Christian perspective in everything done, including applying technical knowledge and skills to various Christian mission and humanitarian projects around the world. Our graduates are well prepared for a career in industry and for graduate school.

Department Learning Objectives:

1. Graduates of the department will be able to identify and explain the major theories of the fields of physics and engineering, and will be able to apply them to problems presented.
2. Graduates of the department will be able to use standard software and scientific equipment. They will be able to use these tools to design and carry out experiments or design projects.
3. Graduates of the department will be able to write a coherent technical report of a scientific or engineering nature.
4. Graduates of the department will develop a Christian perspective to the natural world, without compromising scientific principles. They will be able to use the abilities learned to positively affect the world around them.

ABET Engineering Program Educational Objectives (PEOs)

Within a few years after graduation, NNU engineering alumni will be:

1. Practicing engineering (or a related field) with professionalism, integrity, and Christian principles.
2. Advancing in their career through continuous learning, leadership, and teamwork.
3. Serving their profession, the community, and God's creation.

ABET Engineering Student Outcomes (SOs)

By the time of graduation, NNU engineering students will demonstrate:

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to practice engineering with professionalism, ethics, and Christ-like principles, and to make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Engineering Missions Program

The Engineering Missions Program is for students desiring a professional engineering degree as well as training for Christian missions and/or compassionate service engineering work. The program may require additional semester(s) of study.

Requirements:

1. Complete all requirements of the BS Engineering degree.
2. Complete all requirements of the minor in Missions.
3. The capstone Senior Design Project (ENGR4971 and ENGR4972) for the engineering degree must involve an approved Christian mission and/or compassionate engineering design project in conjunction with the religion department. When approved, these 4 credits will count for the PRTH3960 Field Experience in Christian Ministry, and PRTH4960 Internship in Christian Ministry courses in the Missions minor.
4. The NNU General Education Cross-Cultural Experience must be satisfied by completing an approved two week or longer field visit to build/install the capstone design project.

In addition, the student must take the Physics Major Fields Examination in their last semester.

Twelve (12) credits in another discipline of which nine (9) shall be numbered above 2999.

Note: Normally these courses will fulfill the requirements of a pre-professional school or will complement physics in areas such as chemical physics, biophysics, health physics, law, or business. For students desiring to fulfill this requirement in mathematics, the 12 credits must be in addition to those listed within the major.

Minor, Physics

Objective: This program will give a student pursuing a liberal arts degree a background in the field of physics.

Administrator: Chair, Department of Physics and Engineering

Requirements: 18 credits, including 10 upper division credits. Every student must complete the following courses along with two of the options.

PHYS2110. Physics for Science and Engineering I (3); **and,**

PHYS2110L. Physics for Science and Engineering I Laboratory (1)

PHYS2120. Physics for Science and Engineering II (3); **and,**

PHYS2120L. Physics for Science and Engineering II Laboratory (1)

PHYS3130. Modern Physics (3); **and**,
PHYS3130L. Modern Physics Laboratory (1)

Choose two courses from the following:

PHYS3410. Analytic Mechanics (3)

PHYS4610. Electricity and Magnetism (3)

PHYS4710. Optics (3)

PHYS4720. Solid State Physics (3)

PHYS4810. Fundamentals of Quantum Mechanics (3)

Department of Psychology, Sociology, and Criminal Justice

The Department of Psychology, Sociology, and Criminal Justice provides an interdisciplinary approach to the study of individuals and groups. The department offers a broad understanding of human behavior, including the development, relationships, physiological functioning, and interactions of individuals in systems. Drawing primarily on models from psychology, cultural anthropology, and criminal justice, the department educates students in the methods of social and psychological research; diversity and its various expressions; indigenous experience; national, international, ethnic, religious, class, and gender perspectives; and models of advocacy and social justice.

The department contributes to the liberal arts education of NNU students through courses offered to meet the general education core requirement, and those that support major requirements in other disciplines. More in-depth study leads to the majors in criminal justice, psychology, and cultural anthropology. Each of these provides students with a solid background in the questions, methods, and theories of the disciplines, and prepares them for occupations and further study in psychology, sociology, culture, and related fields. The department models and trains its students to be Christian professionals serving the community.

Bachelor of Arts, Criminal Justice

The mission of the Criminal Justice major is to graduate individuals who are prepared to enter occupations or graduate study in the field with strong liberal arts skills (acquire information from a variety of sources; communicate clearly and effectively in written and oral formats; understand and work effectively with individuals from a variety of backgrounds; and think critically and make informed decisions). Students will be competent in the theories, models, and methods of investigation in criminology, and in the fields and practices within criminal justice. The major will serve students as part of a traditional four-year Christian liberal arts program. The major also serves graduates from a community college program in criminal justice and individuals who hold the BA degree in another field and wish to change professions.

Administrator: Chair, Department of Psychology, Sociology, and Criminal Justice

Learning Outcomes:

1. Graduates with this major will demonstrate skills consistent with a liberal arts education, including the abilities to read and listen with understanding; learn independently; communicate clearly and effectively in written and oral formats; think critically; work

effectively in teams; make thoughtful decisions; and show sensitivity to and skills working with diverse populations.

2. Graduates with this major will articulate the impact of a Christian, and specifically Wesleyan, understanding of human nature and society, justice, grace, and restoration on thinking and practice in criminal justice occupations.
3. Graduates with this major will demonstrate appreciation for and application of the values of honesty and personal integrity; dignity and worth of individuals; and fairness and justice.
4. Graduates with this major will competently discuss and apply a knowledge base including introductory level courses in the behavioral sciences of sociology, psychology, and political science; exposure to the fundamental theories and practices in criminology, delinquency, law enforcement, corrections, criminal law and the court systems; and methods of study in social sciences and criminology in particular.
5. Graduates with this major will have exposure to a variety of professionals in the field and engage in service learning in at least one work setting.
6. Graduates with this major will be prepared for entry level work in a variety of occupations in the field of criminal justice or graduate training in the field.

Bachelor of Arts, Cultural Anthropology

The Cultural Anthropology major at NNU provides students with a broad theoretical framework and approaches in the study of society. Students will study humankind in groups and subgroups, cultures, the social lives of individuals and groups, and global social processes. Coursework includes the study of various sociological perspectives and frameworks, and includes courses in the related social sciences of psychology and cultural studies.

Administrator: Chair, Department of Psychology, Sociology, and Criminal Justice

Learning Outcomes:

1. Graduates of this major will be able to conduct ethnographic and statistical research and understand research methods in cultural studies and sociology (Truth, Transformation).

2. Graduates of this major will be able to critically and thoughtfully analyze cultural issues from a variety of perspectives, and will demonstrate comprehensive understanding of ethnicity, cultural aspects of religion, gender, and class (Community, Truth).
3. Graduates of this major and general education students will be able to use a variety of information technologies to research topics in the literature of related fields (Community, Transformation).
4. Graduates of this major and general education students will be able to identify the major theoretical perspectives and contributors to the discipline (Community).
5. Graduates of this major and general education students will reflect critically on their own cultural values and traditions. Graduates will learn to compare and contrast their own cultures with those studied throughout the major program (Truth, Community).
6. Graduates of this major will develop intercultural competencies as they interact and collaborate with individuals of a culture different from their own (Transformation).

Requirements: 47 credits of which 24 shall be numbered above 2999: 35 core credits; 2 years of a modern foreign language (12-16 credits); and a cultural immersion experience for major students.

Cultural Immersion Experience for Major Students: Students majoring in Sociology who have not lived in a cross-cultural setting different from their own culture(s) are required to study in such a setting for an extended period of time. Examples of acceptable experiences are a college-level summer school session or academic-year program at an international school recognized by Northwest Nazarene University. Approved Off-Campus (OCAM prefix) courses or approved transfer courses from travel-study programs may be substituted for courses listed in the categories above. Prior approval of a travel-study program must be obtained from the chair of the department. For more information about approved programs and university procedures for study abroad experiences, visit offcampusopps.nnu.edu. May fulfill a General Education Level IV Cross-Cultural Experience if taken with CLST1004CCC Semester Abroad Intercultural Lab 4.

Bachelor of Arts, Psychology

Administrator: Chair, Department of Psychology, Sociology, and Criminal Justice

Learning Outcomes:

1. Graduates of this major and general education students will understand the scientific method in social science and graduates will be able to carry out a research project.
2. Graduates of this major will exhibit basic interpersonal skills; an understanding of a variety of professional roles; the purpose of at least one community agency, the clients it serves, and the intervention methods it uses.

3. Graduates of this major and general education students will be able to use a variety of information technologies to research topics in the literature of the field.
4. Graduates of this major and general education students will be able to identify the major theories and contributors to the discipline.
5. Graduates of this major will be able to meaningfully discuss the nature and behavior of human beings from Christian and social scientific perspectives, and to recognize the points of consensus and tension between the two. They will understand how to integrate issues of faith and values with the theories and practices of psychology.

Department of Social Work

Faculty: Lawanna Lancaster (Department Chair and Director of the MSW program), Drey Campbell, Mary Curran, LeAnn Stensgaard (Director of the B.A. program), Kimberly Lowe, Al Sanchez, Scott Slater

The primary goal of the Bachelor of Arts, Social Work program at Northwest Nazarene University is to prepare students for generalist social work practice in a variety of settings, both domestic and international. Students are required to complete a minimum of 38 credits of core social work courses and 18 credits of support courses included in the 124 credits needed to graduate. In addition, students will complete a minimum of 520 hours of supervised field experience in the community in settings such as child welfare, corrections, developmental disability services, health care, mental health, schools, and other agencies.

Northwest Nazarene University's social work program is nationally accredited at the undergraduate and graduate level by the Council on Social Work Education (CSWE).

Learning Objectives

- To nurture in students a Christlike worldview which embraces the values and ethics of the profession, including personal integrity, global diversity, a just society, and spiritual enrichment
- To cultivate in students a passion for alleviating discrimination, poverty, oppression, and all other forms of injustice for at-risk populations
- To prepare students for advanced social work practice through the presentation of a comprehensive curriculum for working with individuals, families, groups, organizations, and communities
- To provide students with a quality education and field experience in a creative learning environment that promotes the development and application of the Council on Social Work Education core competencies at the generalist levels (www.cswe.org)

Mission of the Department: The primary program mission is to prepare students for beginning practice in the profession of social work.

Admission to Methods Courses: To qualify for entrance into upper division courses applicable for completion of a degree within the Department of Social Work, students must complete the following requirements:

1. Be officially admitted to Northwest Nazarene University
2. Have a minimum cumulative grade point average of 2.5
3. Declare a major in Social Work
4. Complete SOWK1720 and SOWK2110
5. Be enrolled in or have taken SOWK2850 and SOWK2851
6. Make application to take methods courses
7. Be interviewed by the Department of Social Work faculty
8. Be accepted by the Department of Social Work faculty to take methods courses

The student will be placed on probationary status if a minimum cumulative grade point average of 2.5 is not maintained.

Please note: Academic credit is not given for life or work experiences.

ARDE—Art and Design

ARDE1020 2D Design (3)

A foundations course designed to promote an understanding of and appreciation for the various technical and aesthetic qualities fundamental to the visual arts.

ARDE1040 Drawing 1 (3)

An exploration of drawing with a foundation in observational studies. Throughout the course a broad range of drawing materials and applications will be introduced. Includes lecture and discussion on the history of drawing and the nature of drawing in contemporary art. **Prerequisites:** ARDE1020, or instructor's approval.

ARDE2010 3D Design (3)

An introductory studio experience, this course examines both technical and aesthetic relationships specific to three-dimensional forms as well as creative problem-solving through manipulation of various media and techniques. This course also emphasizes tool usage and studio safety. **Fees:** Additional fee required.

ARDE2020 Survey of Visual Art (3)

An introduction to the stylistic characteristics and cultural context of important artistic movements in art history. Students will have the opportunity to challenge their pre-conceptions of what “good” art is, think critically about how they approach looking at a piece of artwork, and develop relevant vocabulary for discussing visual art. Every student who takes this course should leave with a greater appreciation for the ways that our contemporary society is built upon the foundation of art and culture from the past and have the tools and confidence to engage with that culture. This course is designed specifically for the non-art major.

ARDE2050 Ceramics 1 (3)

A studio-based course designed to introduce students to the various basic forming, decorating, glazing, and firing techniques used in the medium of clay. **Fees:** Additional fee required.

ARDE2070 Figure Studies (3)

Coursework will be based on observation of the live model and will be carried out as an exploration in various traditional and non-traditional 2D media and methods for representing the figure. Offered alternate years. **Fees:** Additional fee required. **Prerequisites:** ARDE1040, or instructor's approval.

ARDE2094 Special Topics (1-3)

A concentrated study of one topic in art. May be repeated for credit. **Prerequisites:** Instructor's permission.

ARDE2280 Illustration 1: Visual Voice (3)

An introductory course in illustration with an emphasis on developing conceptual skills, individual expression, and technical expertise in a variety of media. Students will focus on the process of taking a project from thumbnails and roughs, through to finished art. **Fees:** Additional fee required. **Prerequisites:** ARDE1040

ARDE2350 Graphic Design 1: Introduction to Visual Communication (3)

An introduction to graphic design with emphasis on exploring the roles and responsibilities of design in contemporary culture. Studio projects will focus on graphic problem-solving through the use of symbols, type, and imagery, with additional emphasis on the exploration of design applications, techniques, issues, and media fundamental to the graphic design profession.

Prerequisites: ARDE1020, or instructor's approval. **Corequisites:** ARDE2430

ARDE2360 Graphic Design 2: Typography (3)

An exploration of typography as a vehicle for expressive communication. Visual hierarchy, principles of contrast, verbal messages, and the consideration of communication models will all be emphasized. **Prerequisites:** ARDE2350, ARDE2430

ARDE2410 Painting 1 (3)

An introduction to the fundamentals of painting. This course is designed to develop the student's ability to accurately translate color and effectively organize pictorial space and compositional ideas. **Fees:** Additional fee required. **Prerequisites:** ARDE1040, or instructor's approval.

ARDE2430 Introduction to Computer Graphics (3)

An introductory digital design course emphasizing industry standard drawing, photo editing and layout computer applications, especially the Adobe Creative Suite. Students will gain foundational technical skills that are applied through relevant projects. **Fees:** Additional fee required.

ARDE2760 Photography 1 (3)

An introductory course in the fundamentals of black and white photography and the medium as a means of visual expression. Students will learn 35mm camera operation, film developing and darkroom printing. Basic design principles are reinforced through assignments. Students should have a 35mm SLR camera. **Fees:** Additional fee required. **Prerequisites:** ARDE1020, or instructor's approval.

ARDE3010 Sculpture 1 (3)

Intermediate studio experience with emphasis upon development and refinement of practical and theoretical concerns related to three-dimensional artwork. Projects in this course will include various additive, reductive, and constructive procedures, as well as historical and contemporary

sculptural issues. Offered alternate years **Fees:** Additional fee required. **Prerequisites:** ARDE1020, ARDE2010

ARDE3050 Ceramics 2 (3)

Further exploration, development, and refinement of individual projects in the medium of clay. This course is designed to explore both traditional vessel and sculptural ceramic forms. Contemporary issues as well as the use of other media along with clay are explored. **Fees:** Additional fee required. **Prerequisites:** ARDE2050, or instructor's approval.

ARDE3060 Printmaking (3)

An introduction to the processes and history of printmaking with an emphasis on screen-printing for artistic and commercial purposes. Processes may include screenprinting and blockprinting techniques. Offered alternate years. **Fees:** Additional fee required. **Prerequisites:** ARDE2430, or instructor's approval.

ARDE3070 Drawing 2 (3)

A continued exploration of drawing processes, materials and methods of representation. Expanding upon the foundation established in Drawing 1, less conventional materials and processes will be introduced. Emphasis will be placed on the development of the student's individual visual vocabulary. Offered alternate years. **Prerequisites:** ARDE1040

ARDE3080 Introduction to Bookmaking and Letterpress (3)

Students will explore a variety of book structures as well as an introduction to letterpress printing. Students will learn to hand set type in the letterpress studio. Book forms that may be explored are folded, pop-up, soft and hard cover structures. A variety of sewing techniques will be included. **Fees:** Additional fee required.

ARDE3250 Art History 1 (3)

Survey of visual art and architecture from its pre-historic origins through the Gothic period. Offered alternate years.

ARDE3280 Illustration 2: Visual Story Book (3)

A continuation of illustrative approaches and techniques with emphasis in visual journalism, visual narrative, and portfolio development. Students will create a series of images with a unifying theme or narrative for exhibition and portfolio use. Additional instruction will be given on the business of illustration and potential career paths. **Prerequisites:** ARDE1040, ARDE2280, or instructor's approval.

ARDE3330 Teaching Art in the K-8 School (3)

Introduces elementary education majors to theoretical and practical experiences necessary for incorporating a discipline-based art education program into the elementary school curriculum. This course may include actual teaching experiences. (See EDUC3330) **Prerequisites:** Instructor's approval, Program admission required.

ARDE3340 Design History: Industrial Revolution to Contemporary Design (3)

An examination of the history, process and practice of design from the middle of the 18th century to the new millennium. Objects, designers, history and culture which led to the birth and development of the design profession will be addressed, along with design's influences in art, architecture, science and industry.

ARDE3360 Graphic Design 3: Advanced Practice (3)

Advanced applications of graphic design including multifaceted communication problems, professional-level assignments and critical analysis of various historic and contemporary graphic

forms. Emphasis will also be placed on the development of professional production techniques.

Fees: Additional fee required. **Prerequisites:** ARDE2350, ARDE2360, ARDE2430

ARDE3410 Painting 2 (3)

A continuing exploration of painting including more contemporary materials and processes. Historical and contemporary approaches will be analyzed. Emphasis on the individualization of each student's visual vocabulary and their understanding of contemporary issues in painting. Offered alternate years. **Fees:** Additional fee required. **Prerequisites:** ARDE2410

ARDE3430 Digital Photography (3)

Students will explore digital imaging techniques and applications of acquiring, manipulating and outputting digitized photographic images using Adobe Lightroom and Photoshop. Students should have a DSLR for this course. **Fees:** Additional fee required. **Prerequisites:** ARDE2430, ARDE2760, or instructor's approval.

ARDE3440 Introduction to Web Design (3)

Introductory experiences in the creation and production of web-based graphic forms through the use of HTML and industry-standard software applications including Adobe Dreamweaver. **Fees:** Additional fee required. **Prerequisites:** ARDE2350, ARDE2360, or instructor's approval.

ARDE3500 Studio Practice and Critique (3)

Cross-emphasis studio course structured to develop professional studio practice through rigorous critique, individuated expression, and criticality regarding relevant issues in contemporary art production. Course normally taken in the junior year. **Prerequisites:** Declared Art major, or instructor's approval.

ARDE3530 Teaching Art in the Secondary Schools (3)

This course examines pragmatic techniques and philosophical approaches necessary to design, implement, and evaluate a comprehensive discipline-based art education program at the secondary school levels. Additionally, both historical and contemporary art education issues are examined, discussed, and evaluated. (See EDUC3530) **Prerequisites:** Junior classification, or instructor's approval. Program admission required., or instructor's approval. Program admission required. **Corequisites:** EDUC3750, EDUC3510

ARDE3730 Advanced Typography (3)

An advanced exploration of typography as a vehicle for expressive communication, especially as it relates to the online and digital environment. Students will explore advanced typographic concepts such as learning to design custom typefaces using font generation software, developing type in motion (eg. film and digital application title sequences), and developing typography for user-centered interactive experiences (eg. websites, kiosks, digital apps). **Prerequisites:** ARDE2360

ARDE3750 Art History 2 (3)

Survey of visual art and architecture from the Renaissance through the 20th century. Offered alternate years.

ARDE3760 Photography 2 (3)

Introduction to alternative photographic processes and medium format cameras. Skills learned in Photography 1 are applied with more advanced opportunities for self expression and conceptualization. Students will gain a working knowledge of the history of photography. Topics may include: Cyanotype, VanDyke brown, Fuji film, digital negatives, handmade Pinhole cameras, Encaustic, liquid emulsion, and bookbinding. **Fees:** Additional fee required. **Prerequisites:** ARDE2760

ARDE3950 Modern and Contemporary Art History (3)

The history of visual art from Impressionism in the 19th century to contemporary art in the 21st century, including a survey of art criticism and theory. Focused on the development of modern and contemporary art and its relationship to experience as a defining factor, this course is an exploration of the impact and implications for current art production and reception. Exposure to contemporary art through field trips to galleries and museums. Offered alternate years. **Fees:** Additional fee required.

ARDE4030 Sculptural Installation (3)

This course is designed for junior and senior art majors. The purpose of this course is to explore both traditional and non-traditional art media in site-specific and installation formats. Offered alternate years. **Fees:** Additional fee required. **Prerequisites:** ARDE1020, ARDE2010

ARDE4094 Special Topics (1-3)

A concentrated study of one topic in art. May be repeated for credit. **Prerequisites:** Instructor's permission.

ARDE4360 Graphic Design 4: Portfolio Preparation (3)

Advanced design course emphasizing the development of a working portfolio and other self-promotional materials. Additional projects may include books, CD jackets, packaging, logotypes, and corporate identity campaigns. **Fees:** Additional fee required. **Prerequisites:** ARDE2350, ARDE2360, ARDE2430, ARDE3360

ARDE4440 Advanced Web Design (3)

Advanced web design course with emphasis on the construction of dynamic commercial websites with additional consideration of theories of interactivity, animation, and usability on the web. Course will also focus on the development of technical skills using industry-standard applications. **Prerequisites:** ARDE3440, ARDE2360, ARDE2430

ARDE4500 Studio Practice and Critique (3)

Cross-emphasis studio course structured to develop professional studio practice through rigorous critique, individuated expression, and criticality regarding relevant issues in contemporary art production. Course normally taken in the senior year. **Prerequisites:** ARDE3500

ARDE4540 Integrated Media Campaigns (3)

This course will require the development of broad-based media campaigns utilizing a variety of print, digital, and social media. The development of dynamic and appropriate visual systems and implementation of those systems toward a specific market audience will be emphasized. Projects may include real-world campaigns for local and regional institutions. **Prerequisites:** ARDE3360, ARDE3440, BSNS 3530 OR BSNS 3510, or instructor's approval.

ARDE4870 Senior Exhibition (3)

A course in professional practices for the studio artist and designer. Students will learn the practical skills necessary to promote, design and carry out an exhibition or portfolio presentation of their work culminating in a solo or group exhibition in the Friesen Galleries. **Prerequisites:** ARDE4360 OR ARDE4500. Art major with Senior classification, or instructor's approval.

ARDE4950 Engaging Art and Faith (3)

A senior-level capstone experience in which students concentrate on class readings that engage their faith perspective with their art and design practice. The nature of the fine arts disciplines lends itself to servant leadership, therefore servanthood through the visual arts will be a component in this course. Course will include discussions, writings and projects that engage the community. Previous projects have been Stations of the Cross during Holy Week, working with

Grace Episcopal Church and Farmway Village students, and an art workshop with refugee women at Full Circle Exchange. Fulfills a General Education Level One Cross Cultural Experience if taken with ARDE4950CC Intercultural Lab 1. Fulfills Capstone requirement. **Fees:** Additional fee required for optional Cross-Cultural credit. **Prerequisites:** Senior classification.

ARDE4960 Internship (3)

Course designed to give students hands-on working experience in the professional art and design world. A minimum of 140 hours required. This is a pass/fail course. **Prerequisites:** Junior or Senior classification.

ARDE4990 Aesthetics and Faith (3)

A senior level capstone course integrating philosophy and the visual arts. Students will have a working knowledge of basic theories in aesthetics with an aim toward an informed assessment of the visual arts. The culminating project will consist of a group-produced artwork displaying a robust synthesis of aesthetic theory, basic art practice, and the university outcomes. The project will include a ten page paper articulating the group's process. Offered: Alternate years. **Fees:** Additional fee required. **Prerequisites:** Senior classification.

A survey of key biological principles including subject areas of cell structure, physiology, zoology, botany, ecology, genetics and evolution. Course goals include helping students develop an understanding of the nature and processes of science, and exploring how key biological concepts apply to citizens. It is designed for the general student and will not meet major requirements for degrees in biology.

BIOL1010L Introduction to Biology Laboratory (1)

A study of selected topics in a laboratory setting intended to reinforce concepts taught in BIOL1010, and to facilitate learning the processes of science. **Fees:** Additional fee required. **Corequisites:** BIOL1010

BIOL1030 Earth Science (3)

Study of the earth's crust and mantle with emphasis on the physical and chemical processes at work in the earth. The principle of uniformity and the rock cycle are used to study formation and

transformation of rocks and minerals. Topics on erosion, volcanism, earthquakes, and mountain building are included; weather and climate are included whenever pertinent. Although designed primarily for non-science majors, all students may take this course. **Corequisites:** BIOL1030L

BIOL1030L Earth Science Laboratory (1)

A laboratory course taught in connection with BIOL1030. Field and laboratory activities are included. **Fees:** Additional fee required. **Corequisites:** BIOL1030

BIOL1040 Environmental Science (3)

A study of the issues pertaining to environmental sustainability including topics such as population growth, energy, pollution, and conserving biodiversity. A central theme is Christian Stewardship.

BIOL1040L Environmental Science Laboratory (1)

A study of selected topics in a laboratory setting intended to reinforce concepts taught in BIOL1040, and to facilitate learning the processes of science. **Corequisites:** BIOL1040

BIOL1060 Human Biology (3)

Selected topics related to the human body with particular emphasis on the integration of form and function as well as genetics and ethics. This course does not apply toward major requirements in biology.

BIOL1060L Human Biology Laboratory (1)

A laboratory study, using selected topics relating to the human body, which is intended to be taught in connection with BIOL1060. This course does not apply toward major requirements in biology.

Fees: Additional fee required. **Corequisites:** BIOL1060

BIOL1960 Clinical Observation (1)

Designed to provide an observation experience in physical therapy or athletic training settings. May be repeated for credit. (See KINE1960)

BIOL2010 Human Anatomy and Physiology I (3)

A study of the structure and function of the human body using a systems approach. The following topics will be covered: cell biology, histology, integumentary system, skeletal system, muscular system, nervous system, and sensory organs. **Corequisites:** BIOL2010L

BIOL2010L Human Anatomy and Physiology I Laboratory (1)

A laboratory study of select organ systems that will be explored using prosected human cadavers, anatomical models, and computerized data acquisition and analysis. **Fees:** Additional fee required. **Corequisites:** BIOL2010

BIOL2030 Human Anatomy and Physiology II (3)

A study of the structure and function of the human body using a systems approach. The following systems will be covered: endocrine, circulatory, lymphatic, respiratory, digestive, urinary, and reproductive systems. **Corequisites:** BIOL2030L

BIOL2030L Human Anatomy and Physiology II Laboratory (1)

A laboratory study of select organ systems that will be explored using prosected human cadavers, anatomical models and computerized data acquisition and analysis. **Fees:** Additional fee required. **Corequisites:** BIOL2030

BIOL2094 Special Topics in Biology (1-3)

A variety of timely topics may be explored as the demand of students or the interest of the faculty involved dictates. **Prerequisites:** Instructor's approval

BIOL2220 General Biology I (3)

A survey of the basic concepts of biology with emphasis on cellular processes and genetic principles. This course is designed for students who intend to major in the sciences and those in pre-medicine and related fields. **Corequisites:** BIOL2220L

BIOL2220L General Biology I Laboratory (1)

A laboratory study of the basic concepts of biology with emphasis on cellular processes and genetic principles. **Fees:** Additional fee required. **Corequisites:** BIOL2220

BIOL2230 General Biology II (3)

A survey of the basic concepts of biology with emphasis on life's diversity. This course introduces students to systematics, taxonomy, and the biology of representatives from the domains of Eubacteria (true bacteria), Archaea (methanogenic bacteria, etc.), and Eukarya (protists, fungi, plants, and animals). This course is designed for students who intend to major in the sciences and those in pre-medicine and related fields. **Corequisites:** BIOL2230L

BIOL2230L General Biology II Laboratory (1)

A laboratory study of the basic concepts of biology, using selected topics relating to the biodiversity of life. **Fees:** Additional fee required. **Corequisites:** BIOL2230

BIOL2240 Plant and Animal Ecology (3)

A study of the interactions between environment, flora and fauna at the population, community and ecosystem levels, including current theory and application. **Prerequisites:** BIOL2220, BIOL2230, or instructor's approval.

BIOL2300 Idaho Amphibians (4)

This field-intensive course acquaints the student with the uniqueness and diversity of Idaho's amphibians. Through lecture, laboratory sessions and field trips, the course explores the distinguishing features for identification, distribution, natural history, and habitat requirements of Idaho's amphibian species. Amphibian declines and the conservation issues of each species are discussed throughout. This course can be used as general education laboratory credit.

BIOL2320 Idaho Birds of Prey (4)

This course acquaints the student with the uniqueness and diversity of Idaho's birds of prey. Through lecture, laboratory sessions and field trips, the course explores the distinguishing features for identification, distribution, natural history, and habitat requirements of most North American birds of prey. Threats to raptor populations and the conservation issues of each species are discussed throughout. This course can be used as general education laboratory credit.

BIOL2420 Microbiology (3)

A survey of the structure, metabolism, and control of various bacteria, viruses, parasites and fungi with special emphasis on the disease causing microorganisms. **Prerequisites:** CHEM1210, CHEM2210 or BIOL2220 **Corequisites:** BIOL2420L

BIOL2420L Microbiology Laboratory (1)

A study of selected topics in a laboratory setting, which is intended to be taught in connection with BIOL2420. **Fees:** Additional fee required. **Corequisites:** BIOL2420

BIOL2970 Introduction to Research (1)

Students will develop an understanding of the nature of science and how to conduct scientific inquiry. Course content will include literature search, experimental design, and basic analysis.

BIOL3094 Special Topics in Biology (1-3)

A variety of timely topics may be explored as the demand of students or the interest of the faculty involved dictates. **Prerequisites:** Instructor's approval

BIOL3160 Plant Taxonomy (3)

A study of the principles of plant classification with emphasis on collection and identification of native and introduced vascular plants. Offered: Alternate years. **Prerequisites:** BIOL2230

Corequisites: BIOL3160L

BIOL3160L Plant Taxonomy Laboratory (1)

A laboratory oriented to the identification and field study of native and introduced plants, which is intended to support BIOL3160. Offered: Alternate years. **Fees:** Additional fee required.

Corequisites: BIOL3160

BIOL3250 Tropical Ecology (3)

A study of the major themes and principles of ecology applied within the framework of the Neotropics. Emphasis will be placed on the autecology and natural history of select species (both vertebrate and invertebrate), and the ecological interactions at the population, community and ecosystem levels. Students will gain an understanding of select tropical biomes and representative ecological interactions from each biome. A Christian perspective will be used to explore the human dimensions of tropical ecology and the appropriate ethic for conservation. **Prerequisites:** BIOL2240, or instructor's approval.

BIOL3250L Tropical Ecology Laboratory (1)

A study of selected topics of Neotropical ecology conducted in a field setting while visiting various tropical biomes. This laboratory course requires international travel and consequently a current passport. The course fee will cover travel costs including airfare, in-country transport, food, lodging and necessary field supplies. **Fees:** Additional fee required. **Prerequisites:** BIOL2240, or instructor's approval. **Corequisites:** BIOL3250

BIOL3300 Vertebrate Zoology: Herpetology (3)

A survey of the structure, function, ecology and systematics of amphibians and reptiles (herpetology). Representative taxa from the Pacific Northwest will provide field context for these explorations, while laboratory explorations will utilize diverse taxonomic representatives. Course will include identification of Idaho fish, amphibian, and reptile species. Offered: Alternate years.

Prerequisites: BIOL2220, BIOL2230, or instructor's approval. **Corequisites:** BIOL3300L

BIOL3300L Vertebrate Zoology: Herpetology Laboratory (1)

A study of selected topics in laboratory and field settings, which is intended to be taught in connection with BIOL3300. Representative taxa from the Pacific Northwest will provide field context for these explorations, while laboratory explorations will utilize diverse taxonomic representatives. Offered: Alternate years. **Corequisites:** BIOL3300

BIOL3320 Vertebrate Zoology: Ornithology (3)

A survey of the structure, function, ecology, behavior and systematics of birds (ornithology). Representative taxa from the Pacific Northwest will provide context for these explorations. Course will include identification of Idaho bird species. Offered: Alternate years. **Prerequisites:** BIOL2220, BIOL2230, or instructor's approval. **Corequisites:** BIOL3320L

BIOL3320L Vertebrate Zoology: Ornithology Laboratory (1)

A study of selected topics in laboratory and field settings, which is intended to be taught in connection with BIOL3320. Representative taxa from the Pacific Northwest will provide context for

these explorations. Course will include identification of Idaho bird species. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3320

BIOL3330 Vertebrate Zoology: Mammalogy (3)

A survey of the structure, function, ecology, behavior and systematics of mammals (mammalogy). Representative taxa from the Pacific Northwest will provide context for these explorations. Course will include identification of Idaho mammal species. Offered: Alternate years. **Prerequisites:** BIOL2220, BIOL2230, or instructor's approval. **Corequisites:** BIOL3330L

BIOL3330L Vertebrate Zoology: Mammalogy Laboratory (1)

A study of selected topics in laboratory and field settings, which is intended to be taught in connection with BIOL3330. Representative taxa from the Pacific Northwest will provide context for these explorations. Course will include identification of Idaho mammal species. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3330

BIOL3360 Vertebrate Comparative Anatomy (3)

A comparative study of the development and anatomy of all classes of vertebrates, including organ and organ systems levels of comparison. Recommended background: BIOL2230. Offered: Alternate years. **Corequisites:** BIOL3360L

BIOL3360L Vertebrate Comparative Anatomy Laboratory (1)

A study of selected topics in a laboratory setting, with an emphasis on dissections of representatives of vertebrate classes, which is intended to be taught in connection with BIOL3360. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3360

BIOL3420 General Microbiology (3)

A survey of the structure, metabolism, and control of various bacteria, viruses, parasites, and fungi. This course is intended for science majors with a strong molecular emphasis compared to BIOL2420. Offered: Alternate years. **Prerequisites:** BIOL2220 **Corequisites:** BIOL3420L

BIOL3420L General Microbiology Laboratory (1)

A study of selected topics in a laboratory setting, which is intended to be taught in connection with BIOL3420. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3420

BIOL3460 Cell Biology (3)

A study of the processes common to life at the molecular and cellular level. This course deals primarily with the structure and function of eukaryotic cells with focus on cell composition, organelles, cytoskeleton, bioenergetics, metabolic processes, cell signaling, the cell cycle, apoptosis, and cancer. It is strongly recommended that Genetics (BIOL3720) be taken prior to this course. Offered: Alternate years. **Prerequisites:** BIOL2220, BIOL2230, or instructor's approval.

Corequisites: BIOL3460L

BIOL3460L Cell Biology Laboratory (1)

A study of selected topics in a laboratory setting, which is intended to be taught in connection with BIOL3460. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3460

BIOL3500 Bioethics (2)

A survey of biotechnological advances and a review of ethical theories. A series of guest lecturers explore various facets of biotechnology and ecology as viewed from each particular discipline. These include issues viewed from research science, ecology, genetics, reproduction technologies, ethics, sociology, and politics. **Prerequisites:** BIOL1060 or equivalent

BIOL3510 Studies in Histology (1)

A supervised practical survey of normal human cells and tissues. This is a microscopic laboratory study of all the organ systems. Offered: Alternate years. **Prerequisites:** BIOL2220, BIOL2230

BIOL3520 Developmental Biology (3)

An in-depth study of the processes of vertebrate development and reproduction with emphasis on the underlying molecular and cellular mechanisms. Gametogenesis, fertilization, cleavage, gastrulation, organogenesis, histological differentiation, early events in embryological development, and late events in embryological development. Offered: Alternate years.

Prerequisites: BIOL2220, BIOL2230, or instructor's approval.

BIOL3520L Developmental Biology Laboratory (1)

A study of selected topics in a laboratory setting, which is intended to be taught in connection with BIOL3520. Offered: Alternate years. **Corequisites:** BIOL3520

BIOL3540 Immunology (3)

This course introduces students to the immune system and the basics of immunology. Topics will begin with a survey of the cells and organs of the immune system, innate and adaptive immunity, lymphocyte development, and effector mechanisms of both cell-mediated and humoral immunity. Concluding topics will integrate basic immunological concepts with regulatory interactions between different components of the immune system, deleterious effects of aberrant immune processes, and the immunopathology of various disease states. Offered: Alternate years.

Prerequisites: BIOL2220, BIOL2230 **Corequisites:** BIOL3720

BIOL3560 Endocrinology (3)

An introduction to the biology of the endocrine glands and the hormones they secrete. Offered: Alternate years. **Prerequisites:** BIOL2220, CHEM2210, CHEM2220

BIOL3620 Vertebrate Physiology (3)

An in-depth survey of the basic physiological principles of vertebrate organs and systems, with emphasis placed on humans. Offered: Alternate years. **Prerequisites:** BIOL2220, BIOL2230

Corequisites: BIOL3620L

BIOL3620L Vertebrate Physiology Laboratory (1)

A study of selected topics in a laboratory setting, which is intended to be taught in connection with BIOL3620. Offered: Alternate years. **Fees:** Additional fee required. **Corequisites:** BIOL3620

BIOL3640 Teaching Science in the Secondary School (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to this subject in the secondary school. Includes opportunities for students to assist and teach a minimum of 20 hours. (See EDUC3640) **Prerequisites:** Junior classification, Program admission required. **Corequisites:** EDUC3750, EDUC3510

BIOL3720 Genetics (3)

This course introduces students to classical Mendelian and contemporary molecular genetics. Topics will include Mendelian patterns of inheritance, transmission genetics, chromosome structure and function, genetic mutation, chromosomal aberrations, the structure, function and control of genes, techniques in genetics and model organisms, cell-cycle dynamics, recombinant DNA mechanisms, population genetics, etc. **Prerequisites:** BIOL2220, BIOL2230 **Corequisites:** BIOL3720L

BIOL3720L Genetics Laboratory (1)

A study of selected genetics topics in a laboratory setting, which is intended to be taught in connection with BIOL3720. **Fees:** Additional fee required. **Corequisites:** BIOL3720

BIOL3740 Origins (3)

This course is designed to inform students of competing views of origins from a Christian perspective and to prepare students for graduate school. Biblical, classical and current theories of origins will be surveyed, with an emphasis on modern synthetic theory of organic evolution, including mechanisms, adaptations, and phylogeny. **Prerequisites:** BIOL2220, BIOL2230, BIOL3720

BIOL3820 Pathophysiology (3)

An in-depth exploration of the mechanisms and manifestations of selected human disease states resulting in alterations of the body's dynamic equilibrium. **Prerequisites:** BIOL2010, BIOL2030; or, BIOL2220, BIOL2230

BIOL3850 Biological Foundations of Behavior (3)

A comprehensive study of basic brain organization and function and the neural substrates of emotion, motivation, learning, and memory. Recommended background: BIOL2010, 2030; or, 2230. Offered: Alternate years. **Corequisites:** BIOL3850L

BIOL3850L Biological Foundations of Behavior Laboratory (1)

Students will complete lab tasks involving exploration of biopsychological concepts. Students will also complete dissection of a sheep brain and a cow eye. Offered: Alternate years **Fees:** Additional fee required. **Corequisites:** BIOL3850

BIOL3920 Cadaver Dissection I (1)

A directed dissection of human cadavers using a systems approach focusing on integumentary, muscular, and nervous system anatomy. **Prerequisites:** Instructor's approval

BIOL3930 Cadaver Dissection II (1)

A directed dissection of human cadavers using a systems approach focusing on cardiovascular, respiratory, digestive, urinary, and reproductive system anatomy. **Prerequisites:** Instructor's approval

BIOL3960 Internship in Biology (1-4)

A supervised, practical work experience in the student's area of interest performed under a trained professional in a chosen field of biology for a minimum of 40 hrs. per credit. By exposure to a variety of skills and settings the student gains an understanding of various professions in biology and obtains practical experience in his/her area of interest. May be repeated for credit.

Prerequisites: Completed application form including work supervisor consent, and instructor's permission.

BIOL3970 Research (1-3)

Involves the participation of the student with a faculty member in an individual investigative project or literature review. May be repeated for up to 4 credits. **Prerequisites:** BIOL2970, or instructor's approval.

BIOL4094 Special Topics in Biology (1-3)

A variety of timely topics may be explored as the demand of students or the interest of the faculty involved dictates. **Prerequisites:** Instructor's approval

BIOL4240 Field Ecology (3)

A study of the interactions between environment, flora and fauna in the field with emphasis on the identification and ecology of species. Various ecological techniques such as estimating abundance, evaluating spatial patterns, and sampling and estimating community parameters, will be applied and technologies such as geographical information systems (GIS) will be explored. Offered: Alternate years. **Prerequisites:** BIOL2240, or instructor's approval. **Corequisites:** BIOL4240L

BIOL4240L Field Ecology Laboratory (1)

A study of selected topics in laboratory and field settings, which is intended to be taught in connection with BIOL4240. Offered: Alternate years **Fees:** Additional fee required. **Corequisites:** BIOL4240

BIOL4410 Biochemistry I (3)

A qualitative and quantitative study of the molecular basis of biological function. Major topics include biomolecular structure and behavior, proteins and enzymes, membranes, thermodynamics and cell metabolism. An in-depth survey of the major areas of biochemistry. **Prerequisites:** CHEM3210

BIOL4410L Biochemistry I Laboratory (1)

A practical application of biochemistry techniques to investigate the principles of biochemistry. Students will engage in experiments that make use of spectroscopy, chromatography, electrophoresis, kinetics assays, and other methods. Abilities in written communication, in the form of reports and notebooks, will be developed around these standard laboratory skills. **Fees:** Additional fee required. **Corequisites:** BIOL4410

BIOL4420 Biochemistry II (3)

A qualitative and quantitative study of the molecular basis of biological function. Major topics include cell metabolism and molecular genetics. An in-depth survey of the major areas of biochemistry. **Prerequisites:** BIOL4410

BIOL4960 Internship in Physical Therapy (1-4)

A supervised, practical work experience in physical therapy. The pre-physical therapy student works with registered physical therapists in clinical settings. By exposure to a variety of skills and settings the student gains an understanding of the profession of physical therapy. May be repeated for credit. **Prerequisites:** KINE1960, Junior classification, and a cumulative grade point average of 3.20.

BIOL4970 Pre-Physical Therapy Capstone (1)

This experience is required of seniors completing the B.S. degree in Pre-Physical Therapy degree and involves the written and oral presentation of work completed in BIOL4960. It will also include a written reflection pertaining to University Outcomes.

BIOL4980 Senior Seminar/Capstone (1)

This experience is required of seniors completing the B.S. or B.A. degrees in Biology degrees and involves the written and oral presentation of work completed in BIOL3970, as well as written reflections on University Outcomes, and completion (at or above a 10th percentile composite score) of the Biology Major Fields Test.

BSNS—Business

BSNS1110 Introduction to Business (1)

This course is a survey of the field of business including organizing and managing businesses, managing human resources and marketing. Introduces financial issues such as accounting, money and banking, securities markets, business issues, business ethics and international business.

BSNS2170 Computer Applications in Business (3)

Introduction to computers as a tool for business. Includes fundamental concepts of information technology and the use of business application software such as word processing, spreadsheets, database, graphics, electronic communications, and the web. **Prerequisites:** Computer proficiency, or instructor's approval.

BSNS2220 Business Communication (3)

Study of the process and objectives of effective business writing and presentations. The course includes a review of English composition in basic business correspondence and e-systems.

BSNS2330 Business Statistics (3)

An introductory course to statistical theory and applications for decision-making purposes in business. Topics include the role and use of statistics, tables and graphs, data analysis, probability distributions, descriptive measures, and statistical inference, including sampling, hypothesis testing, confidence intervals, analysis of variance, quality control, and regression analysis. Fulfills the General Education Mathematics Competency requirement. **Prerequisites:** Minimum ACT Math score of 21, SAT Math score of 570, or Accuplacer Elementary Algebra score of 74, or passed MATH0950 Intermediate Algebra, or instructor's approval.

BSNS2950 Field Experience in Business (1-3)

Designed to provide an introductory leadership experience in various business settings. Course includes involvement in various community projects, both as an observer and as a participant. Includes 30-40 hours per credit when completed. This course will have a pass/fail grade and will be determined by the instructor. May be repeated for credit.

BSNS3030 Management Information Systems (3)

The course considers management information systems from the perspectives of the manager, accountant and data processing professional. Topics include: introductory concepts, hardware and software resources, common areas of application, and planning and developing management information systems. The areas of application include: financial information systems; information systems for marketing production, personnel, and managerial-decision models, and general office information systems.

BSNS3094 Special Topics in Business (1-3)

This course is designed to address specific business topics as designated by the instructor of record and approved by the department chair.

BSNS3410 Business Law I (3)

Study of the present day law of business in the United States as it relates to contracts, sales, agency, the legal environment, and selected topics. Ethical considerations and international topics are also discussed.

BSNS3420 Business Law II (3)

Study of the present day law of business in the United States as it relates to corporations, agency, and negotiable instruments. Emphasis is also given to legal principles as they apply to partnerships, corporations, and non-corporate associations. Ethical considerations and international topics are also discussed. **Prerequisites:** BSNS3410, or instructor's approval.

BSNS3510 Principles of Marketing (3)

Study of marketing from the point of view of the business firm. Topics include the structure of the marketing system, the nature of marketing management, consumer behavior, marketing research, product policy, pricing policy, channels of distribution policy, promotion policy, and analytical techniques useful to marketing management.

BSNS3530 Marketing Communications (3)

Course will deal with the use of advertising, personal selling, sales promotion and public relations as elements in a promotional program. A managerial framework is used to emphasize the integrative aspects of the objectives, copy, media selection, budget decision, audience targeting, and

the development of an ad campaign. Offered: Alternate years **Prerequisites:** BSNS3510, or instructor's approval.

BSNS3550 Sales Management (3)

Course includes functional aspects of sales force management, personal selling methods, procedures for recruiting, selecting, and training new salespeople, compensation and expense control systems, problems of sales force motivation and supervision; methods of territorial and quota assignment, sales department budgets, distributor-dealer relations, and other selected topics. Offered: Alternate years **Prerequisites:** BSNS3510, or instructor's approval.

BSNS3580 Retail Management (3)

Study of the operation and management of retail organizations. Topics include location, layout, pricing, promotion, and purchasing. Offered: Alternate years **Prerequisites:** BSNS3510, or instructor's approval.

BSNS3640 Principles of Management (3)

Study of the functions and principles of management with emphasis on relationships between workers and management as well as between individual employees. Topics cover the areas of planning, organizing, directing and controlling personnel, and decision-making procedures and techniques.

BSNS3650 Human Resource Management (3)

A study of the strategic issues in managing human resources. Topics include developing and implementing human resource policies and procedures, human resource planning, job design, analysis and evaluation, staffing, compensation, performance appraisal, training and development career management, labor relations, and legal, ethical and global human resource issues. Offered: Alternate years **Prerequisites:** BSNS3640, or instructor's approval.

BSNS3710 Principles of Finance (3)

An introduction to financial management. Topics include financial statement analysis, valuation of cash flows, capital budgeting, the time value of money, the concepts of risk and return, cost of capital and applications of these concepts in the firm. **Prerequisites:** ECON2410, BSNS2330 or ACT Math of 21, or instructor's approval.

BSNS3810 Business Ethics (3)

Ethical aspects of management decision making from a Christian perspective. Course will pose fundamental questions about executive decisions and the human impact of corporate power.

BSNS3950 Field Experience in Business (1-3)

Designed to provide an introductory experience as a leader in various business settings. Consists of involvement in various community projects, both as an observer and as a participant. The component includes 30-40 hours per credit when completed. This course will have a pass/fail grade determined by the instructor. May be repeated for credit.

BSNS3960 Internship in Business (2-3)

On-the-job experience that involves the decision-making and problem-solving techniques, skills and knowledge acquired in the classroom. This experience is under the supervision of both a business professional and professor. This course will have a pass/fail grade determined by the instructor. May be repeated for credit.

BSNS4560 Consumer Behavior Marketing Research (3)

Integrated course that examines consumer behavior theory and develops the marketing research skills needed to measure customers' attitudes and predict their behavior. Offered: Alternate years **Prerequisites:** BSNS3510, BSNS2330 or MATH2240, or instructor's approval.

BSNS4590 Global Marketing (3)

The course covers the differences between marketing endeavors in international markets and those applicable to domestic markets. Differences in culture and customs as they relate to marketing are also analyzed. Offered: Alternate years **Prerequisites:** BSNS3510, or instructor's approval.

BSNS4600 Global Business Strategies (3)

The course will cover the structure of global operations, methods of entering international markets, cultural impact on business practices, legal and ethical impact on multi-international business, human resource management in international firms, and international movement of business factors. Fulfills a General Education Level II Cross-Cultural Experience if taken with BSNS4600CC Intercultural Lab 2.

BSNS4610 Entrepreneurship (3)

Major topics include: identifying potential high growth business opportunities, characteristics of entrepreneurs, developing creativity, evaluating market potential, preparing a business plan, and choosing an exit or succession strategy. Offered: Alternate years. **Prerequisites:** BSNS3640, or instructor's approval.

BSNS4670 Organizational Behavior (3)

A study of the effects of organizational structure and style on morale, productivity, and efficiency. Offered: Alternate years **Prerequisites:** BSNS3640, or instructor's approval.

BSNS4690 Global Operations Management (3)

The course will cover the structure of global operations and apply quantitative tools needed to make effective decisions. The interaction of operations within the organization will be studied. Offered alternate years.

BSNS4980 Senior Seminar In Business (3)

Applications seminar requiring students to utilize various business concepts. While topics of current interest in business will be covered, the main emphasis of the course will be on entrepreneurial research projects. **Prerequisites:** Accounting, Business, Economics, Global Business, Management and Marketing majors with senior classification, or instructor's approval.

CHED—Christian Education**CHED1810 Christian Discipleship (3)**

An introduction to the history and philosophy of the educational work of the church. The various programs of Christian education will be introduced. **Fees:** Additional fee required.

CHED2094 Topics in Christian Ministries (1)

A workshop approach to aspects and problems of religious education and compassionate ministries. Topics and coordinators will vary. May be repeated for a different topic.

CHED2220 Instructional Bible Study (2)

A Bible study course that will examine and apply appropriate methods for teaching the Bible. Opportunity is given to develop personal skills in teaching and leading small group Bible studies. Offered: Alternate years.

CHED3810 Children's Ministries (2)

A study of the characteristics of children and an introduction to their spiritual needs and development. Emphasis will be placed on the challenge of the church in meeting their total needs. Offered: Alternate years.

CHED3820 Foundations of Youth Ministry (2)

A study of activities relating to the church and its involvement with youth. The course is particularly designed to aid those who are specializing in ministry to youth. Offered: Alternate years. **Fees:** Additional fee required.

CHED3840 Family Ministries (2)

An exploration of the principles and practices of educational ministry to families. The course will focus on the changing definition of family and the exploration of current strategies of ministry to the church as family. Attention will be given to fostering spiritual growth in families. Offered: Alternate years.

CHED3860 Principles of Youth Ministry (2)

A study of the nature and needs of youth with special attention given to identity and faith development as well as current information from the discipline of youth ministry. Offered: Alternate years. **Fees:** Additional fee required. **Prerequisites:** CHED3820

CHED4094 Topics in Christian Ministries (1)

A workshop approach to aspects and problems of religious education and compassionate ministries. Topics and coordinators will vary. May be repeated for a different topic.

CHEM—Chemistry**CHEM1040 Forensic Science (3)**

An introductory course in forensic chemistry, biology, and physics for the general student. This course will explore the science related to forensics such as data collection, DNA analysis, entomology, drugs, explosives, and ballistics. No prior knowledge of chemistry is assumed. Offered: Alternate years **Corequisites:** CHEM1040L

CHEM1040L Forensics Science Laboratory (1)

An application and exploration of the principles and techniques described in CHEM1040. Offered: Alternate years **Fees:** Additional fee required. **Corequisites:** CHEM1040

CHEM1200 Principles of General Chemistry (3)

This course will prepare a student for entry into CHEM1210 or CHEM2210. A grounding in major principles of general chemistry including atoms, nomenclature, molecular structure, bonding and stoichiometry. No prior knowledge of chemistry is assumed.

CHEM1200L Principles of General Chemistry Laboratory (1)

An application and exploration of the principle techniques described in CHEM1200. **Corequisites:** CHEM1200

CHEM1210 Principles of Organic and Biochemistry (3)

An introduction to the major areas of chemistry needed for a career in the health sciences including: stoichiometry, states of matter, pH, equilibrium, organic functional groups, organic structure, reactions, lipids, carbohydrates, steroids, proteins, enzymes, RNA-DNA, metabolism and the chemistry of nutrition. **Corequisites:** CHEM1210L

CHEM1210L Principles of Organic and Biochemistry Laboratory (1)

An application and exploration of the principles and techniques described in CHEM1210. **Fees:** Additional fee required. **Corequisites:** CHEM1210

CHEM2094 Topics in Chemistry (1-3)

A study of a current topic in chemistry or biochemistry. Topics may include, but are not limited to,

environmental chemistry, organic chemistry, computer modeling and biochemical advancements.
Prerequisites: Instructor's approval

CHEM2210 General Chemistry I (3)

An in-depth survey of the principles underlying chemistry including atomic structure, periodic table and laws, bonding, chemical reactions, stoichiometry, states of matter, pH, nuclear and industrial chemistry. Previous chemistry is recommended. **Prerequisites:** ACT Math score of 21 or higher, or SAT Math score of 570 or higher, or Accuplacer Elementary Algebra score of 74 or higher, or instructor's approval. **Corequisites:** CHEM2210L

CHEM2210L General Chemistry I Laboratory (1)

An application and exploration of the principles and techniques described in CHEM2210, including physical properties, stoichiometry, gas laws and thermochemistry. An emphasis is placed on basic laboratory techniques and sensor-based data acquisition. **Fees:** Additional fee required.

Corequisites: CHEM2210

CHEM2220 General Chemistry II (3)

An in-depth survey of the principles underlying chemistry, including solutions, acids/bases, solubility, thermodynamics, kinetics, and electrochemistry. Emphasis is placed on a quantitative understanding of chemical phenomena. **Prerequisites:** CHEM2210 **Corequisites:** CHEM2220L

CHEM2220L General Chemistry II Laboratory (1)

An application and exploration of the principles and techniques described in CHEM2220, including equilibrium, acids, bases, kinetics, thermodynamics, and electrochemistry. Emphasis is placed on safety and report writing. Includes qualitative analysis. **Fees:** Additional fee required.

Corequisites: CHEM2220

CHEM2230 General Chemistry for Engineering Students (3)

Introduction to important concepts and principles of chemistry, including atomic structure, molecular bonding, chemical reactions, stoichiometry, gas laws, thermodynamics, entropy, kinetics, equilibrium, and electrochemistry. Emphasis is placed on areas considered most relevant in an engineering context, practical applications of chemical principles in engineering and technology.

Prerequisites: Math ACT score of 21 or equivalent on Accuplacer Exam. **Corequisites:** CHEM2230L

CHEM2230L General Chemistry for Engineering Students Laboratory (1)

Introduction to important concepts and principles of chemistry in the laboratory, emphasis on areas considered most relevant in an engineering context, practical applications of chemical principles in engineering and technology. **Fees:** Additional fee required. **Corequisites:** CHEM2230

CHEM2610 Analytical Chemistry (3)

An application of the principles and reactions of chemistry as they relate to product quality and analysis of materials. Includes in-depth review of pH, electrochemistry, stoichiometry and titration. **Prerequisites:** CHEM2220 **Corequisites:** CHEM2610L

CHEM2610L Analytical Chemistry Laboratory (1)

A laboratory exploration to complement the topics and techniques in CHEM2610. Includes sampling, statistics, chemical, titration, and electrochemical methods, with an emphasis on using spreadsheets to simulate and analyze. **Fees:** Additional fee required. **Corequisites:** CHEM2610

CHEM3094 Topics in Chemistry (1-3)

An advanced study of a current topic in chemistry or biochemistry. Topics may include, but are not limited to, environmental chemistry, organic chemistry, computer modeling and biochemical advancements. **Prerequisites:** Instructor's approval

CHEM3210 Organic Chemistry I (3)

An in-depth analysis of modern organic chemistry including structure, bonding, stereochemistry, reactions, mechanisms, synthesis and spectroscopy. **Prerequisites:** CHEM2220 **Corequisites:** CHEM3210L

CHEM3210L Organic Chemistry I Laboratory (1)

A laboratory application of the principles and techniques described in CHEM3210. An emphasis is placed on laboratory technique, keeping a laboratory notebook, synthesis schemes, and identification. Incorporates advanced laboratory techniques such as HPLC, GCMS, FT-IR, and NMR. **Fees:** Additional fee required. **Corequisites:** CHEM3210

CHEM3220 Organic Chemistry II (3)

A continuation of CHEM3210 Organic Chemistry I. **Fees:** Additional fee required. **Prerequisites:** CHEM3210 **Corequisites:** CHEM3220L

CHEM3220L Organic Chemistry II Laboratory (1)

A continuation of CHEM3210L Organic Chemistry I Laboratory. **Fees:** Additional fee required. **Prerequisites:** CHEM3210L **Corequisites:** CHEM3220

CHEM3310 Inorganic Chemistry (3)

An in-depth analysis of inorganic chemistry with review of atomic structure, bonding, and periodic properties. Includes states of matter, structure of materials and coordination and organometallic chemistry. Offered: Alternate years **Prerequisites:** CHEM2220

CHEM3510 Thermodynamics and Kinetics (3)

A survey of thermodynamics, equilibria, and kinetics with emphasis on concepts and applications in chemistry, biochemistry and materials. Offered: Alternate years **Prerequisites:** CHEM2220

CHEM3620 Integrated Laboratory I (1)

An advanced laboratory course incorporating work from the major chemistry subdisciplines: organic, inorganic, physical and instrumental. Emphasis will be placed on integrating aspects of chemical synthesis, spectroscopic characterization and determination of physical properties. **Fees:** Additional fee required. **Prerequisites:** CHEM2220

CHEM4094 Topics in Chemistry (1-3)

An advanced study of a current topic in chemistry or biochemistry. Topics may include, but are not limited to, environmental chemistry, organic chemistry, computer modeling, and biochemical advancements. **Prerequisites:** Instructor's approval

CHEM4610 Integrated Laboratory II (1)

An advanced laboratory course incorporating work from the major chemistry subdisciplines: organic, inorganic, physical, and instrumental. Emphasis will be placed on integrating aspects of chemical synthesis, spectroscopic characterization, and determination of physical properties. **Fees:** Additional fee required. **Prerequisites:** CHEM3620

CHEM4710 Structure Elucidation (3)

Identification of organic compounds using physical and chemical properties, infrared and mass spectroscopy, and nuclear magnetic resonance spectroscopy, including advanced techniques in proton, carbon, and multi-dimensional spectra. **Prerequisites:** CHEM3220

CHEM4720 Advanced Organic Chemistry (3)

Advanced study of organic chemistry, including reaction mechanism, total synthesis, and molecular orbital theory. **Prerequisites:** CHEM3220

CHEM4970 Research (1-6)

A capstone experience consisting of a faculty supervised independent investigative project.

Prerequisites: Permission of the department chair.

CHEM4980 Senior Seminar/Capstone (1)

An oral and written communication of the research project. **Prerequisites:** Permission of the department chair

CHIN—Chinese**CHIN1010 Elementary Chinese (4)**

This course is for students who wish to begin the study of Mandarin and Chinese characters, and will include an introduction to Chinese culture. Topics will include the acquisition of basic vocabulary, sounds and structures with emphasis on conversation and basic Chinese characters. Students will participate in level-one modules designed to improve speaking, listening, and reading and writing. Fulfills a General Education Level 1 Cross-Cultural Experience if taken with CHIN1010CC Intercultural Lab 1.

CHIN1020 Elementary Chinese (4)

A continuation of CHIN1010. For students who wish to begin the study of Mandarin and Chinese characters and acquire an introduction to Chinese culture. Topics will include the acquisition of basic vocabulary, sounds and structures with emphasis on conversation and basic Chinese characters. Students will participate in level-two modules designed to improve speaking, listening, and reading and writing. Fulfills a General Education Level I Cross-Cultural Experience if taken with CHIN1020CC Intercultural Lab 1.

CHIN1030 Elementary Chinese (2)

A continuation of CHIN1020. For students who wish to begin the study of Mandarin and Chinese characters and acquire an introduction to Chinese culture. Topics will include the acquisition of basic vocabulary, sounds and structures with emphasis on conversation and basic Chinese characters. Students will participate in level-two modules designed to improve speaking, listening, and reading and writing. Fulfills a General Education Level I Cross Cultural Experience if taken with CHIN1030CC Intercultural Lab 1.

CHIN1094 Topics in Chinese Culture, Literature or Linguistics (3)

Topics of special interest in Chinese culture, including history, literature, or linguistics. May be taught in Chinese or English. **Prerequisites:** Instructor's permission if course is taught in Chinese. May be repeated for credit.

CHIN2010 Intermediate Chinese (4)

For students who have completed elementary Chinese. A refinement of basic skills and structure with continued emphasis on Chinese characters and increasing emphasis on speaking, listening, reading, writing, and culture. Fulfills a General Education Level II Cross Cultural Experience if taken with CLST1002CC Intercultural Lab 2. **Prerequisites:** CHIN1030, or equivalent

CHIN2020 Intermediate Chinese (4)

A continuation of CHIN2010. For students who have completed elementary Chinese. A refinement of basic skills and structure with continued emphasis on Chinese characters and increasing emphasis on speaking, listening, reading, writing, and culture. Fulfills a General Education Level II Cross-Cultural Experience if taken with CHIN2020CC Intercultural Lab 2. **Prerequisites:** CHIN2010, or equivalent

CHIN2094 Topics in Chinese Culture, Literature or Linguistics (1-3)

Topics of special interest in Chinese culture, including history, literature, or linguistics. May be taught in Chinese or English. **Prerequisites:** Instructor's permission if course is taught in Chinese. May be repeated for credit.

CHIN3010 Advanced Conversation and Composition (3)

A continuation of 2020. Course will include extensive conversation with continued emphasis on composition and Chinese characters. Students will complete modules in speaking, reading, writing, and listening in the broader context of Chinese culture. **Prerequisites:** CHIN2020, or instructor's approval.

CHIN3020 Advanced Conversation and Composition (3)

A continuation of 3010. Course will include extensive conversation with continued emphasis on composition and Chinese characters. Students will complete modules in speaking, reading, writing, and listening in the broader context of Chinese culture. **Prerequisites:** CHIN3010, or instructor's approval.

CHIN3094 Topics in Chinese Culture, Literature or Linguistics (1-3)

Topics of special interest in Chinese culture, including history, literature, or linguistics. May be taught in Chinese or English. **Prerequisites:** Instructor's permission if course is taught in Chinese. May be repeated for credit.

CHIN4094 Topics in Chinese Culture, Literature or Linguistics (1-3)

Topics of special interest in Chinese culture, including history, literature, or linguistics. May be taught in Chinese or English. **Prerequisites:** Instructor's permission if course is taught in Chinese. May be repeated for credit.

CHIS—Church History**CHIS3094 Topics in Church History (1)**

An examination of some phase of church history not covered in other courses. May be repeated for credit.

CHIS3410 History and Manual, Church of the Nazarene (2)

A study of the historical backgrounds and development of the Church of the Nazarene. Special attention will be given to the content and spirit of the Manual of the Church of the Nazarene.

CHIS3610 History of the Christian Tradition I (3)

A study of the historical development of Christianity from 150 to 1300 C.E. The course will trace the significant influences in history on the theological and ecclesiastical changes and maturation through the first ten centuries. The student will be given opportunity to read primary sources as well as grasp the overall flow of church history. **Fees:** Additional fee required. **Prerequisites:** THEO2100

CHIS3620 History of the Christian Tradition II (3)

A study of the historical development of Christianity from 1300 C.E. to the 21st century. The course will trace the significant influences in history on the theological and ecclesiastical changes and maturation from the Middle Ages through the present. The student will be given opportunity to read primary sources as well as grasp the overall flow of church history. **Prerequisites:** THEO2100

CLST—Cultural Studies

CLST1001CC Intercultural Lab - Level 1 (0)

This lab is a co-requirement with Level 1 (1 point) cross-cultural courses and stand-alone experiences for the General Education Cross Cultural Requirement. In order to fulfill general-education requirements for an approved Level 1 (1 point) course or stand-alone experience, students must enroll in the intercultural lab. In the lab, students will complete the cross-cultural seminar and various self-reflection exercises related to their cross-cultural experience.

CLST1002CC Intercultural Lab - Level 2 (0)

This lab is a co-requirement with Level 2 (2 points) cross-cultural courses and stand-alone experiences for the General Education Cross Cultural Requirement. In order to fulfill general-education requirements for an approved Level 2 (2 points) course or stand-alone experience, students must enroll in the intercultural lab. In the lab, students will complete the cross-cultural seminar and various self-reflection exercises related to their cross-cultural experience.

CLST1003CC Intercultural Lab - Level 3 (0)

This lab is a co-requirement with level 3 (3 points) cross-cultural courses or travel experiences for the General Education Cross Cultural Requirement. In order to fulfill general-education requirements for an approved level 3 (3 points) course or travel experience, students must enroll in the intercultural lab. In the lab, students will complete the cross-cultural seminar and various self-reflection exercises related to their cross-cultural experience.

CLST1004CC Intercultural Lab - Level 4 (0)

This lab is a co-requirement with level 4 (4 points) cross-cultural courses or travel experiences for the General Education Cross Cultural Requirement. In order to fulfill general-education requirements for an approved level 4 (4 points) course or travel experience, students must enroll in the intercultural lab. In the lab, students will complete the cross-cultural seminar and various self-reflection exercises related to their cross-cultural experience.

CLST1010 Cultural Orientation for International Students (2)

This course will provide international students with opportunities to focus on issues of adjustment to U.S. culture generally and the classroom environment specifically. Basic values of the home culture will be compared and contrasted with those of North American colleagues and instructors. Models for identifying cultural characteristics will be studied and applied to the present cultural context by combining conceptual structures with field trip experiences and interactions with individuals in the NNU, Nampa and larger community. Focus will be placed on English comprehension, analytical thinking and interacting in a classroom environment.

CLST1020 Dynamics of Intercultural Dialogue (2)

This course will bring together North American and international students with the express purpose of examining the dynamics of intercultural interaction. Course content will focus on exploring models for identifying cultural characteristics, understanding the dynamics of intercultural communication and participating in activities that explore the nature and influence of culture. This course will incorporate 10 hours of "contact time" (required for a Level II experience) into structured interactions during class time. Fulfills a General Education Level II Cross-Cultural Experience if taken with CLST1020CC Intercultural Lab Level 2.

CLST1094 Topics in Cultural Studies (1-3)

Cultural studies topics courses introduce material of particular relevance to the core curriculum in cultural studies. Topics courses are offered on a rotating basis, and include such content as: gender and identity, intercultural communication, and cultural identity in modernity. Students will

research various topics within the areas of sociology and cultural studies. May be repeated for credit.

CLST2094 Topics in Cultural Studies (1-3)

Cultural studies topics courses introduce material of particular relevance to the core curriculum in cultural studies. Topics courses are offered on a rotating basis, and include such content as: gender and identity, intercultural communication, and cultural identity in modernity. Students will research various topics within the areas of sociology and cultural studies. May be repeated for credit.

CLST2960 Cultural Studies Practicum (1)

This course will prepare students for upper division field experience and internships in cultural studies. The course will provide opportunities for students to study and engage specific cross cultural groups living in the United States, spend time with individuals from those cross cultural traditions and meet a Level 1 Cross cultural Requirement by reflecting and writing about their interactions. Fulfills a General Education Level I Cross-Cultural Experience if taken with CLST2960CC Intercultural Lab Level 1. **Prerequisites:** Instructor's approval

CLST2970 Sophomore Research in Cultural Studies (1)

The student will assist an upper division research student or professor in conducting research. The student will learn the basics of the selected topic of research and gain experience in research methods. May be repeated for a maximum of 2 credits. **Prerequisites:** Instructor's approval

CLST3094 Topics in Cultural Studies (1-3)

Cultural studies topics courses introduce material of particular relevance to the core curriculum in cultural studies. Topics courses are offered on a rotating basis, and include such content as: gender and identity, intercultural communication, and cultural identity in modernity. Students will research various topics within the areas of sociology and cultural studies. May be repeated for credit.

CLST3960 Cultural Studies Field Experience (1-3)

This course will provide opportunities for students to study and engage specific cross-cultural groups living in the United States and spend time with individuals from those cross cultural traditions. Fulfills a General Education Level II Cross-Cultural Experience if taken with CLST3960CC Intercultural Lab Level 2. **Prerequisites:** Instructor's approval

CLST3970 Junior Research in Cultural Studies (1)

The student will begin the process of developing independent research. This may be in cooperation with a professor or senior research student. May be repeated for a maximum of 2 credits.

Prerequisites: CLST2970, or instructor's approval.

CLST4010 Capstone (1)

This course provides students with a context for reflection and self-analysis regarding their educational experience at NNU. The approach in this course to self-analysis and critical reflection is two-fold: 1) students will reflect on their comprehensive educational experience through the lens of the four university outcomes, and 2) students will think about and discuss the integration of their learning with their future, post-university lives. (See CRIM4010, HUMN4010, PSYC4010, SOGY4010, SPAN4010)

CLST4094 Topics in Cultural Studies (1-3)

Cultural studies topics courses introduce material of particular relevance to the core curriculum in cultural studies. Topics courses are offered on a rotating basis, and include such content as: gender and identity, intercultural communication, and cultural identity in modernity. Students will

research various topics within the areas of sociology and cultural studies. May be repeated for credit.

CLST4970 Senior Research in Cultural Studies (1-4)

The student will develop and complete an empirical research project and a written report suitable for submission to a professional journal or the student will assist a faculty member in independent professional research. May be repeated for a maximum of 6 credits. **Prerequisites:** CLST3970, or instructor's approval.

CLTA—Cultural Anthropology

CLTA1550 Introduction to Cultural Anthropology (3)

This course focuses on basic perspectives and concepts for understanding and productively relating to groups and individuals in other cultures. It includes an introduction to the discipline, history of the discipline and its development, and methods of cultural anthropology. This course fulfills a General Education Level II Cross Cultural Requirement if taken with CLTA1550CC Intercultural Lab 2.

CLTA2030 Intercultural Communication (3)

A course focusing on the contexts in which intercultural communication takes place and the impact of those contexts on communication. The course also develops ethnographic skills as a tool for adapting to a cross-cultural context. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with CLTA2030CC Intercultural Lab Level 2.

CLTA2040 Introduction to Ethnography (3)

Ethnography is a powerful tool for analyzing cultural dynamics, objects and settings. Its methodology is being used increasingly in multiple disciplines such as medicine, multinational organizational dynamics and marketing. This course will introduce the components of ethnographic fieldwork and provide opportunities for developing skills appropriate to doing qualitative research. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with CLTA2040CC Intercultural Lab 2.

CLTA2250 Issues of Developing Nations I (3)

A course designed to guide students in the study of under or lesser developed nations. Recognizing the issues are complex, the course covers the interrelatedness of political, cultural, and economic development as well as the influences of religion, conflicts, and special populations. The course is interdisciplinary in nature. (See: SOGY2250) Offered: Alternate years.

CLTA3180 Race, Class and Gender (3)

A study of the contemporary diversity of society with a focus on inter-group relations (e.g., assimilation, conflict, and pluralism). Emphasis is placed on gaining an understanding of the multi-cultural nature of American society in comparison with other societies and on formulating a viable response. Recommended: SOGY1550 or SOGY2430. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with CLTA3180CC Intercultural Lab 2. (See SOGY3180) **Prerequisites:** Junior standing, or instructor's approval.

CLTA3250 Issues of Developing Nations II (3)

A course designed to allow students an advanced study of under or lesser developed nations. Students will study the interrelated issues of political, cultural and economic development as well as the influence of religion, conflicts and special populations. Students will select a discipline in which she or he will complete an in-depth study. (See: SOGY3250) Offered: Alternate years.

CLTA3340 Sociology of the Family (3)

A study of the nature and diversity of marriage and family relationships, and of perspectives for investigating and understanding the social issues and forces impacting them with the aim of clarifying standards and objectives. (See: SOGY3340) Offered: Alternate years.

CLTA3550 Sociology of Religion (3)

An examination of the changing role and function of religion for the individual and in society, with emphasis on understanding and responding to the forces conditioning the nature of this relationship. Recommended: SOGY2030, or SOGY2430. (See: SOGY3550) Offered: Alternate years.

CLTA3970 Junior Research in Cultural Anthropology (1)

The student will begin the process of developing independent research. This may be in cooperation with a professor or senior research student. May be repeated for a maximum of 2 credits.

Prerequisites: CLTA1550, CLTA2030, CLTA2040

CLTA4094 Topics in Cultural Anthropology (1-4)

A variety of courses designed to provide theoretical knowledge and practical experience to enhance the preparation of students in the cultural anthropology program. May be repeated for credit with different topics.

CLTA4720 History of Anthropological Theory (3)

This course provides an account of the historical growth of anthropology as a discipline by describing the parallel, convergent and interdependent developments of all major traditions in cultural anthropology. This will include thinkers from well before the formation of the discipline in the academy, through the founding thinkers to the ferment of post-modern thinkers.

Prerequisites: CLTA1550, CLTA2030

COMM—Communication Studies**COMM1010 Introduction to Communication (3)**

An introduction to the foundations of the field of communication and the communication process. Topics will include communication theories, areas of communication, and how communication affects society and research in the field.

COMM1210 Introduction to Public Speaking (3)

An introduction to verbal communication in groups, listening, and public speaking. Emphasis will be placed on speaking, delivery issues, speech construction, audience connection, and the communication process.

COMM1211 Technical Communication (3)

An introduction to verbal communication in groups, listening, and public speaking focused on the unique challenges of public speaking for those in technical and scientific fields. Emphasis will be placed on speaking, delivery issues, speech construction, audience connection, and the communication process.

COMM1260 Cinema Production I (1)

An introduction to visual communication for Mass Communication majors and other students interested in basic video production. Emphasis is placed on telling a story through the visual media and includes introductions to composition, camera movement, audio, lighting, and editing. Appropriate for any major which may need to communicate through video presentations such as ministry, business, teaching, etc.

COMM1310 Oral Interpretation (3)

This course is an introduction to the intellectual, emotional, and aesthetic aspects of literature. Emphasis is placed on analysis and presentation of literature as it communicates to the listener. Performances include prose, poetry, and drama. Offered: Alternate years.

COMM2010 Small Group Communication (3)

An approach to small group communication theory with emphasis on identifying and developing appropriate communication strategies for various group situations. Offered: Alternate years.

COMM2020 Media Systems and Literacy (3)

A study of the history, structures, technologies, genres, theories and influences of the mass media on individuals and society. Designed to prepare students to be media literate, critical, and responsible producers and consumers of the mass media.

COMM2030 Interpersonal Communication (3)

An introduction to interpersonal communication theories, research and practice. Focus is on influences and effects of interpersonal relationships and ways to improve communication. Satisfies a General Education Social Science requirement.

COMM2050 History of Film and Television (3)

A survey of the development of technology, programming and business of both motion pictures and television. Includes a study of the major personalities, scandals and events which shaped both industries. Offered: Alternate years

COMM2094 Topics in Communication Studies (1-3)

A concentrated study of one topic in communication studies. May be repeated for credit.

COMM2120 Communication Activities (0-2)

Opportunities for Communication and Mass Communication majors as well as non-majors to prepare for and participate in a variety of communication activities approved by the department. May be repeated for credit. Instructor permission is required.

COMM2250 Introduction to Scriptwriting (3)

A survey of the process, forms, and techniques for writing scripts in non-fiction applications. This includes advertising, news, documentary, corporate training and promotion. Course includes lecture, scriptwriting exercises, labs, and analysis and critique of student work.

COMM2260 Cinema Production II (3)

A study of the roles and processes of professional cinema production in both single and multicam scenarios. Includes the technical and creative aspects of producing, directing, camera, lighting, sound, editing, graphics, and basic engineering for digital production. Course includes traditional lecture, lab exercises, and individual and group video projects. **Prerequisites:** COMM1260

COMM2280 Audio For Film and Television (3)

A lab course involving student production of voice, music, and sound effects projects. Includes a study of microphone selection and placement, signal processing and shaping, and field and studio recording as they specifically relate to film and television production and post production.

COMM2420 Introduction to Public Relations (3)

An introduction to the theory, research, and practical aspects of public relations. Emphasis will be placed on the process of public information dissemination in business, industrial, educational and social organizations. Offered: Alternate years.

COMM2950 Internship in Communication Studies (1-3)

The student may select a supervised professional internship - with 50 clock hours per credit

required. This activity concludes with a formal written and oral presentation. **Prerequisites:** Courses basic to the area of the internship as approved by the advisor. May be repeated for credit upon approval by the advisor.

COMM3010 Producing Film and Television (3)

A survey of the many roles and responsibilities of the television and motion picture producer. Students will follow the development of a major film and television project from inception to release, learn to analyze and predict the shifting moods of the industries, and develop the practical skills of a producer. **Prerequisites:** COMM2260

COMM3020 Organizational Communication (3)

The study of the nature and function of communication within the organization. Emphasis will be on group process, networks, discussion, decision-making, message creation and organizational climate and culture.

COMM3030 Film Theory and Criticism (3)

Survey of narrative and documentary motion pictures, from Edison and Lumiere to the present. Course covers the structural and aesthetic trends of motion pictures through the viewing and analysis of selected classic films that exemplify these trends. Offered: Alternate years.

COMM3050 Nonverbal Communication (3)

Study of the types and effects of nonverbal communication in our lives including: touch, space, physical appearance, movement, facial expression, vocalics, and artifacts. Emphasis will be placed on nonverbal theories and research on nonverbal communication in interpersonal interaction.

Prerequisites: COMM2030

COMM3094 Topics in Communication Studies (1-3)

A concentrated study of one topic in communication studies. May be repeated for credit.

Prerequisites: Instructor's approval

COMM3120 Advanced Communication Activities (1-2)

Advanced opportunities or leadership roles for Communication and Mass Communication majors as well as non-majors in a variety of communication activities approved by the department. May be repeated for credit. **Prerequisites:** Instructor's approval

COMM3210 Advanced Public Speaking (3)

A course designed to enable students to improve their public speaking techniques. Emphasis will be placed both on theory and skill development. Offered: Alternate years. **Prerequisites:** COMM1210

COMM3250 Advanced Screenwriting (3)

An advanced seminar approach to screenwriting, covering writing for narrative and documentary TV/film. Students write scripts for documentaries and teleplays/screenplays. Offered: Alternate years. **Prerequisites:** COMM2250, or instructor's approval.

COMM3260 Cinema Production III (3)

Advanced techniques and concepts of both single and multi-camera cinema production. Includes technical and engineering issues, commercial and program development, and advanced techniques in lighting, composition, audio recording, camera movement and post-production. **Prerequisites:** COMM2260, or instructor's approval.

COMM3280 Communication Law and Ethics (3)

Survey of communication law and ethics and the relevance to concerns of consumers and producers of communication events. Students learn the nature and value of making an argument, the foundations of U.S. law as it relates to communication, and the makeup and procedures of the court

system, all within a Christianity-based ethical context. Students accomplish this through extensive case studies and competitive exercises. Offered: Alternate years

COMM3290 Cinema Production IV (3)

A lab course designed to familiarize the student with the advanced tools and techniques of cinema production, concentrating on visual effects and post-production. Includes editing theory and an introduction to industry standard third-party software packages for graphic design, image manipulation, and 3-D animation. **Prerequisites:** COMM3260

COMM3420 Persuasion (3)

A practical approach to the study of psychological and rhetorical principles vital to influencing human behavior. Topics include major social science theoretical perspectives, expertise, trustworthiness, likability, use of emotions, and sequencing of messages. Offered: Alternate years.

COMM3500 Argumentation and Debate (3)

Theory and practice of argumentation and debate. Research, analysis, reasoning, evidence, preparation of briefs, organization, and delivery. Intercollegiate tournament participation encouraged but not required. Offered: Alternate years.

COMM3600 Broadcast Communication (3)

A skills-based class designed to help the student learn and perfect the skills required for communicating through the broadcast media. Emphasis will be placed on diction, presentation, poise, and organization in press conferences, reporting, and news room situations. Offered: Alternate years. **Prerequisites:** COMM2250

COMM3650 Teaching Communication Studies in Secondary Schools (2)

Strategies appropriate to this subject field. Includes instructional materials and tools and curricular structure common to the subject in the secondary school. Includes opportunities for students to assist and teach a minimum of 20 hours. (See EDUC3650) **Prerequisites:** Junior classification, Program admission required. **Corequisites:** EDUC3750, EDUC3510

COMM4094 Topics in Communication Studies (1-3)

A concentrated study of one topic in communication studies. May be repeated for credit.

Prerequisites: Instructor's approval

COMM4200 Intercultural Communication (3)

Intercultural Communication looks at the complexity of communication when considering communication within and across cultures. A combination of theory, application, and experience will be included. Satisfies a General Education Level II Cross-Cultural Experience if taken with COMM4200CC - Intercultural Lab Level 2.

COMM4250 Cinematography (3)

An introduction to the art and responsibilities of the Director of Photography. Students learn to interpret the story of the script through accomplished visual images on film. Topics include film emulsions, exposure and latitude, advanced lighting techniques, film camera operation, color correction, the work and art of the Director of Photography. **Prerequisites:** COMM3260

COMM4260 Cinema Directing (3)

Advanced techniques of film style television, documentary and feature film directing. Course includes script analysis, studio and location shooting, and interpretation of story through the direction of image making and actor performance. Students work together to direct a short feature or documentary on digital cinema. **Prerequisites:** COMM4250

COMM4420 Advanced Public Relations (3)

An in-depth study of the theory and practice of public relations in the U.S. Emphasis will be placed on analyzing and assessing case studies in public relations problems and in designing and executing a professional public relations campaign. Students will engage in reading, criticism, analysis, and design activities. **Prerequisites:** COMM2420, or instructor's approval.

COMM4440 Rhetorical Theory and Criticism (3)

Explores classical and modern perspectives of rhetoric. Includes a study of classical and modern rhetoricians and their contributions to the art of rhetoric. Offered: Alternate years.

COMM4610 Communication Research and Theory (3)

Study of communication theories and the influence of communication on individuals and society. This course includes a survey of selected topics, research designs and methods in communication. The course culminates with original student papers and/or group research projects. **Prerequisites:** PSYC2215

COMM4950 Internship in Communication Studies (1-3)

Supervised internship or research in communication. A student may select (1) a professional internship with 50 clock hours per credit required; or, (2) a major research project. Either activity concludes with a formal written and oral presentation. May be repeated for credit upon approval by the advisor. **Prerequisites:** Courses basic to the area of the internship as approved by the advisor.

COMM4970 Senior Research Project (1)

A one-year capstone experience involving a research project, paper, and a major media production. Must be repeated for credit in the senior year. Required of all Mass Communication majors. Senior Project is pass/fail.

COMM4980 Seminar in Communication Studies (1)

A senior level course which both reviews the major theories and research methods and prepares the student for a future in professional communications. Includes a review of the student's senior project, resume building, interviewing techniques, and preparation for graduate school.

COMP—Computer Science**COMP1220 Introduction to Computer Science (3)**

Provides a broad coverage of topics in computer science and its applications. Investigates the capabilities of computer technology. Includes an introductory experience in programming. Also includes introductions to professional ethics and careers. **Prerequisites:** An ACT Math score of 23 or its equivalent.

COMP2040 Introduction to Web Development (3)

Introduces students to the world of computer science through the world-wide web, focusing on the techniques of web-page creation. No programming background is required, although students will learn some programming through scripting languages. Offered: Alternate years. **Prerequisites:** COMP1220 or instructor's permission.

COMP2094 Topics in Computer Programming (1-4)

An intensive study of one programming language not covered in other courses. **Prerequisites:** Instructor's permission. May be repeated for credit.

COMP2220 Computer Programming I (3)

Further study of the syntax and semantics of a programming language using object-oriented design

methodology. Problem-solving heuristic and algorithm development will be emphasized.

Prerequisites: ENGR1010, COMP1220, ENGR1010 or COMP1220. **Corequisites:** COMP2220L

COMP2220L Computer Programming I Laboratory (1)

A required laboratory associated with COMP2220. **Corequisites:** COMP2220

COMP2260 Event-Driven Programming (3)

An introduction to the principles of developing application programs to run in a Windows environment. Development of real-world, multi-form, commercial applications taken from engineering, business, and industry will be emphasized. Offered: Alternate years. **Prerequisites:** COMP2220 **Corequisites:** COMP2260L

COMP2260L Event-Driven Programming Laboratory (1)

A required laboratory associated with COMP2260. Offered: Alternate years. **Corequisites:** COMP2260

COMP2630 Computer Architecture (3)

An introduction to the basic concepts of a computer system and its architecture using the 80x86 microprocessor. This includes memory, control, and arithmetic logic unit (ALU) interactions. Instruction types, formats, and data representation are studied. **Prerequisites:** COMP2220

COMP2750 Data Structures (3)

Introduction to commonly used computer data structuring techniques. Topics include graphs, stacks, queues, lists, trees, sorting, searching, and memory management. **Prerequisites:** COMP2220

COMP3094 Special Topics in Computing (1-4)

A study of some areas not covered in other computing courses. **Prerequisites:** Instructor's permission. May be repeated for credit.

COMP3230 Introduction to Spatial Analysis (3)

Introduction to Geographic Information Systems (GIS) and the utilization of geospatial data for observation of data in a means that is not possible in written or tabular format. Spatial analysis allows questions to be considered where a primary consideration is the relationship between where different entities are located.

COMP3330 Database Design and Programming (3)

An introduction to application program development in a database environment with an emphasis on data structures, file organization, hierarchical network and relational data models and storage devices. Offered: Alternate years. **Prerequisites:** COMP2750, MATH2310 **Corequisites:** COMP3330L

COMP3330L Database Design and Programming Laboratory (1)

A required laboratory associated with COMP3330. Offered: Alternate years. **Corequisites:** COMP3330

COMP3370 Systems Analysis and Design (3)

A study of techniques and tools used to analyze problems with an emphasis on defining the present state of a system and offering a set of alternative designs, which provide an improved system. The types of optimization criteria and tools for performing this analysis will be investigated with examples from business and engineering. Offered: Alternate years. **Prerequisites:** COMP2220

COMP3430 Operating Systems I (3)

An introduction to the major concepts of operating system principles. This includes an understanding of the organization and architecture of computer systems at the register-transfer and programming levels of system description. This includes operating system concepts relating

specifically to current operating system standards and a formal treatment of programming language translation and compiler concepts. Offered: Alternate years. **Prerequisites:** COMP2630, COMP2750 **Corequisites:** COMP3430L

COMP3430L Operating Systems I Laboratory (1)

A required laboratory associated with COMP3430. Offered: Alternate years. **Corequisites:** COMP3430

COMP3440 Operating Systems II (3)

A continuation of COMP3430 Operating Systems I. Offered: Alternate years. **Prerequisites:** COMP3430

COMP3530 Computer Graphics (3)

An overview of the hardware, software, and techniques used in computer graphics. Topics include 2-D and 3-D transformations, clipping, windowing, display files, surface plots, and fractals. Offered: Alternate years. **Prerequisites:** COMP2630 **Corequisites:** COMP3530L

COMP3530L Computer Graphics Laboratory (1)

A required laboratory associated with COMP3530. Offered: Alternate years. **Corequisites:** COMP3530

COMP3630 Networks and Data Communications I (3)

A study of digital data communication in computer networks. The problems, rationales, and possible solutions for various communication protocols will be discussed as well as OSI model and various network protocols. Offered: Alternate years. **Prerequisites:** COMP2630, COMP2750

COMP3640 Networks and Data Communications II (3)

A continuation of COMP3630 Networks and Data Communications I. Offered: Alternate years. **Prerequisites:** COMP3630

COMP3750 Algorithm Analysis (3)

A medium level algorithmic class to introduce various categories of algorithms, formal specification and verification, and algorithmic schemas for specific problems. The algorithm topics include divide and conquer, backtracking, dynamic programming, string processing, graph algorithms, geometric algorithms, fast arithmetic algorithms, genetic programming, and NP completeness and approximation. Offered: Alternate years. **Prerequisites:** COMP2750

COMP3970 Introduction to Senior Project (1)

Presentation of possible topics for the senior software development or research project. Discussion of the style of the written paper and oral presentation. Methods of collecting background information and data will be presented. Attendance at senior seminar presentations is required. **Prerequisites:** Junior classification, Computer Science major.

COMP4330 Machine Learning and Data Mining (3)

An introduction to basic artificial intelligence concepts that are widely used in modern computer systems using bioinformatics as examples. These concepts include learning theory, supervised and unsupervised learning, machine learning applications, association rules, clustering, classification and data mining applications. Offered: Alternate years. **Prerequisites:** COMP2750

COMP4430 Compilers (3)

A formal treatment of programming language translation and compiler concepts. Emphasis is on parsing algorithm, translation specifications and development of machine-independent code. Offered: Alternate years. **Prerequisites:** COMP2630, COMP2750

COMP4680 Software Development Project (4)

An application of the computer programming and system development concepts, principles, and practices to a comprehensive systems development project. The student may work individually or as a part of a team in the development of a significant software project. **Prerequisites:** COMP3970, Senior classification

COMP4970 Research (1-3)

Involves the participation of the student with a faculty member in an individual investigative project. May be repeated for up to 4 credits. **Prerequisites:** Instructor's approval

COMP4980 Senior Seminar/Capstone (1)

Required of and limited to senior students. The seminar involves the written and oral presentation of the research project completed in COMP4680 or 4970. **Prerequisites:** COMP4680 or COMP4970. Must be taken at NNU.

CRIM—Criminal Justice**CRIM1500 Introduction to Criminal Justice (3)**

This course is an overview of the criminal justice system in the United States and covers four major content areas: the nature of crime and laws; policing and law enforcement; courts and adjudication; and corrections.

CRIM2250 Law Enforcement and Community Policing (3)

This course examines the history and roles of police in American society, including the philosophy, policy, structure and methods of law enforcement at the local, state and federal levels. In addition, characteristics of effective police work, as well as contemporary issues facing law enforcement officers and agencies today will be scrutinized. Students will closely examine the two extremely important aspects of addressing crime through the building of partnerships with community and develop critical thinking/problem solving skills of how to best address the issues and fear in communities where they serve.

CRIM2960 Criminal Justice Practicum (1)

This course will prepare students for field experiences and internships in criminal justice settings. All criminal justice students seeking field experiences or internships must satisfactorily complete this course prior to registering for CRIM3960 or CRIM4960.

CRIM3094 Topics in Criminal Justice (3)

A variety of courses designed to provide theoretical knowledge and practical experience to enhance the preparation of students in the criminal justice program. May be repeated for credit with different topics.

CRIM3150 Corrections (3)

This course provides an overview of the field of corrections, including its history and the goals, methods, and institutions that characterize it today. Topics include clients and officers, programs and facilities, life in and after incarceration, community corrections, and issues of punishment and reform, including innovation in policy, programs, and techniques.

CRIM3200 Juvenile Justice (3)

A study of the forms, causes, and consequences of juvenile delinquency. Intervention for offenders, preventive measures, and the legal and treatment system for dealing with juveniles will also be studied. The course is designed to expose students to textual/theoretical material and knowledgeable professionals from agencies in the community.

CRIM3550 Criminology (3)

This course is designed to introduce students to criminology as a field of study. Students will be introduced to theories that attempt to explain criminal behavior from social, economic, biological, personality and individual perspectives. It includes study of the types of crime, the classes and nature of offenders, and methods for treating offenders and preventing crime.

CRIM4010 Capstone (1)

This course provides students with a context for reflection and self-analysis regarding their educational experience at NNU. The approach in this course to self-analysis and critical reflection is two-fold: 1) students will reflect on their comprehensive educational experience through the lens of the four university outcomes, and 2) students will think about and discuss the integration of their learning with their future, post-university lives. (See CLST4010, HUMN4010, PSYC4010, SPAN4010)

CRIM4250 Criminal Court Systems (3)

This course provides a description and analysis of the structure, functions, and procedures of the criminal court system in the United States, including the roles of the prosecutor, defender, judge, jury, and court administrator. The history of the system and issues facing the criminal courts today are examined. Offered: Alternate years.

CRIM4350 Criminal Law (2)

This course provides an introduction to the criminal law, including an historical overview and a survey of general legal principles. It covers basic elements of common and statutory law, and discusses specific categories of offenses and defenses used against prosecution for them. Offered: Alternate years.

CRIM4360 Criminal Procedure (2)

This course emphasizes the procedural protections established in the Bill of Rights and enforced by the courts through the procedural exclusion of evidence or the procedural dismissal of cases. In the course, students study the Fourth Amendment (Search and seizure), the Fifth Amendment (Rights against self-incrimination and double jeopardy), the Sixth Amendment (Rights to grand jury indictment, notice of charges, speedy and public trial, trial by impartial jury, confrontation of witnesses, compulsory process of favorable witnesses, and assistance of counsel), the Eighth Amendment (Rights against excessive bail and cruel and unusual punishment), and the Fourteenth Amendment (Application of Bill of Rights to the states).

CRIM4960 Internship in Criminal Justice (3-15)

This course requires 45 hours per credit in an approved setting of intensive experience-based learning. Course is designed to give students in-depth, work-setting knowledge of an aspect of the field of criminal justice. Students assume career-related duties as deemed appropriate by their site-supervisor and approved by their major advisor. May be repeated for a maximum of 15 credits.

Prerequisites: CRIM2960, Junior standing and instructor's permission, Program admission required.

CRIM4970 Senior Research in Criminal Justice (1-4)

The student will either develop and complete an empirical research project and a written report suitable for submission to a professional journal or assist a faculty member in independent professional research. May be repeated for a maximum of 6 credits. **Prerequisites:** Instructor's permission.

ECON—Economics

ECON1010 Personal Finance (3)

An introduction to decision making in personal economics. Emphasis will be placed on the financial choices faced by individuals in the build-up and management of net worth. Topics covered include education and experience, earning and spending, savings and debt, taxes and inflation, insurance, investments, and contracts.

ECON1050 Analysis of Economic Issues (3)

Introduction to the theory of supply and demand, and application of this theory to economic issues such as social security, crime, medical care, poverty, higher education, economic systems, pollution, big business, free trade, the U.S. national debt, and economic growth.

ECON2410 Principles of Microeconomics (3)

A study and application of microeconomic analysis; includes supply, demand, pricing, consumer choice, and international concerns.

ECON2420 Principles of Macroeconomics (3)

A study and application of macroeconomic analysis; includes gross national product, national income, consumption, investment, inflation, economic growth and development, and international applications.

ECON3010 Personal Finance and Stewardship (3)

A study and application of the planning and organizing of personal finances. Class will explore how students manage and address the challenges of becoming good stewards of their gifts, talents, time and resources. Topics covered include education and experience, earning and spending, savings and debt, giving and tithing, taxes and insurance, and social responsiveness.

ECON3094 Special Topics in Economics (1-3)

An examination of various economic questions and theories not covered in other economic courses. Topics include: financial economics, game theory, health economics, labor economics, environmental economics, public finance and the history of economic thought. May be repeated for credit. **Prerequisites:** Instructor's approval

ECON3150 Managerial Economics (3)

An application of tools of microeconomics and how they relate to managerial decision making. Includes study of the internal and external economic environments of firms for managerial decision making. Topics include supply and demand, quantitative demand, analysis, production and costs, market structures, game theory, pricing strategies, organization of firms, and social perspectives on managerial decision making. Offered: Alternate years **Prerequisites:** ECON2410 or ECON2420, or instructor's approval.

ECON3510 Money and Financial Institutions (3)

A study of monetary economics, including fluctuations of money, determinants on money supply and demand, study of financial institutions, determinants of interest rates, principles and practice of banking and financial intermediaries, formation of monetary policy, the Federal Reserve System, and international monetary forces. Offered: Alternate years **Prerequisites:** ECON2410 or ECON2420, or instructor's approval.

ECON3770 Saving and Investing (3)

An introduction to the economics of lifetime saving and investing decisions. Includes introduction to financial institutions involved in saving and investing, operation and properties of stock, bond, and real estate markets, role of tax laws and practices in life-time saving and consumption

decisions, time value of money principles, saving to achieve personal goals, rate of return and risks of alternative investments in the context of principles of Christian stewardship. Offered: Alternate years. **Prerequisites:** ECON2410 or ECON2420, or instructor's approval.

ECON4050 Global Economics (3)

A survey of the theory and practice of international trade and finance around the world. Includes examination of the problems of developed and less developed countries in the world economy. Other topics include globalization, international comparison of standards of living, theories of international exchange, currency markets, balances of international payments, trade policies, transitions from socialism, international economic institutions, regional economic integration and international economic crisis. Offered: Alternate years. **Prerequisites:** ECON2420, or instructor's approval.

EDUC—Education

EDUC1100 Introduction to Education (1)

Exploration of the rewards and challenges of the teaching profession. Course includes discussion of current issues in education, an overview of the NNU education program, insights from enthusiastic educators, and a 25-hour field experience at the grade level/content area of the candidate's interest.

EDUC2094 Special Topics in Education (1-4)

An opportunity to study current issues in the field of education. Topics may vary. May be repeated for credit. **Prerequisites:** Instructor's approval

EDUC2110 Educational Psychology (3)

A study of the psychological implications involved in the teaching-learning situation with emphasis on those psychological principles applicable to children ages 6-12 and adolescents 13-18. A variety of learning and developmental theories based on research from the field of psychology are covered. May be taken same semester as EDUC1100. (See PSYC2110) **Prerequisites:** EDUC1100, or instructor's approval.

EDUC2250 Cultural Diversity in Education (2)

A reflective exploration of race, socio-economic, and changing demographics in communities and schools. Includes a focus on common beliefs held by teachers that may affect the achievement gap between white and minority students. Culturally relevant teaching practices will be developed to enhance learning opportunities for students of color. Course includes a 10-hour field experience. Fulfills a General Education Level II Cross-Cultural Experience if taken with EDUC2250CC Intercultural Lab 2. **Prerequisites:** EDUC1100

EDUC2550 Innovative Instruction (3)

This course is designed to support future instructors by increasing their knowledge of innovative strategies in education to facilitate growth in student learning. Utilizing models of innovative instruction and ISTE NETS teacher standards, this course will explore global educational practices, pushing educators to move instruction from a highly structured setting to a more student-centered environment where students take ownership and personalize their learning. **Prerequisites:** EDUC1100

EDUC2960 Introduction to Instructional Design (1)

An overview of lesson planning and domains of teaching. During a 30-hour field experience candidates will design and teach at least one lesson in a classroom. **Fees:** Additional fee required. **Prerequisites:** EDUC1100

EDUC3000 Mathematics Lab for Elementary Teachers (2)

Lab-oriented exploration of mathematical concepts to provide understanding of basic mathematical structures and strategies for the elementary teacher. Course includes a 10-hour field experience to observe and teach conceptual math strategies in an elementary classroom. May be taken same semester as MATH2010 or MATH2020. **Prerequisites:** MATH2010, MATH2020, Program admission required.

EDUC3010 Teaching English in Secondary Schools (3)

This course introduces pre-service teachers to the fundamentals of theory and practice necessary to teach language arts to the secondary student. Research based best practices of teaching grammar, writing, and literature will be emphasized. Candidates will write and teach lesson plans. Candidates are required to complete a 20-hour field experience. (See ENGL3010) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3150 Education of Exceptional Children (3)

A survey of the characteristics and educational needs of students with learning challenges and those identified as gifted. Course emphasizes causes, incidence, and implications of disabilities and practical strategies for assisting all students to succeed in the regular classroom. Also included is information on special education law and individual educational plans as they apply to general education teachers. A 15-hour field experience is included. Exempt: Kinesiology Ed majors who take KINE3630. **Prerequisites:** EDUC2960, or instructor's approval. Program admission required.

EDUC3240 Classroom Management in K-8 Classrooms (3)

An in-depth study of classroom management principles and practices for K-8 teachers. Focus is on equipping candidates with knowledge and skills for effectively managing a classroom. Course explores motivation, classroom environment, minimizing management problems through proactive strategies, and systematically modifying inappropriate behavior. **Prerequisites:** Junior classification, Program admission required.

EDUC3250 Fundamentals of Reading (3)

An in-depth study of the essential components for developing the literacy capabilities of elementary children. Focus includes research-based practices of developing word recognition, fluency, and comprehension. Course includes a 25-hour field experience in an elementary classroom during which the candidate observes the set up and administration of a reading program and participates in reading instruction. This course meets part of the ICLA requirements of the Idaho Department of Education. **Prerequisites:** Junior classification., Program admission required.

EDUC3260 Content Literacy in K-8 Classrooms (3)

An exploration of principles and strategies for helping K-8 students acquire reading and writing skills essential for effective learning in subject areas. Emphasis is on helping future teachers design instruction that develops vocabulary concepts, enhances comprehension, and addresses the varying backgrounds and needs of elementary and middle school students as they interact with text. Course includes a 25-hour field experience providing opportunities for students to teach lessons related to their middle school content area. This course meets part of the ICLA requirements of the Idaho Department of Education. **Prerequisites:** Junior classification, Program admission required.

EDUC3310 Teaching English Language Learners (1)

Exploration of the unique cultural values of children and families whose primary language is not English and study of teaching strategies for helping all students to succeed. Course includes a 15-hour multicultural field experience. Fulfills a General Education Level II Cross-Cultural Experience if taken with EDUC3310CC Intercultural Lab 2. **Prerequisites:** EDUC2960, EDUC1100, or instructor's approval. Program admission required.

EDUC3330 Teaching Art in the K-8 School (3)

Introduces elementary education majors to theoretical and practical experiences necessary for incorporating a discipline-based art education program into the elementary and middle school curriculum. This course may include actual teaching experiences. (See ARDE3330) **Fees:** Additional fee required. **Prerequisites:** Program admission required.

EDUC3340 Teaching Music in the Elementary School (2)

Study in the application of the principles, procedures, and objectives in school music in the primary and intermediate grades. Special emphasis is given to the basic elements of music and creativity as found in Orff and Kodaly as well as folk music of various cultures and traditions. (See MUSC3450, MUSC3460) **Prerequisites:** Junior classification., Program admission required.

EDUC3350 Teaching School Health (2)

Course is designed to provide knowledge in three divisions of health education: healthful living, school health services, and health education. Topics include recognition of health issues of children and adolescents (K-12) with opportunity to develop competencies in handling methods and teaching techniques. Includes a 20-hour field experience. (See KINE3350) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3360 Teaching Physical Education in Secondary Schools (2)

Course will cover strategies appropriate to this subject field, instructional materials and tools, and curricular structure common to this subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See KINE3360) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3380 Teaching Physical Education in the K-8 Schools (2)

This course introduces candidates to the basic principles of physical education for children in grades kindergarten through eight. Emphasis will be placed on the development of systematic physical education programming. Candidates will participate in simulated teaching experiences and/or field observations. (See KINE3380)

EDUC3410 English Language Learners and Content Literacy in Secondary Classrooms (3)

This course prepares teacher candidates to demonstrate competency in comprehensive literacy skills and knowledge congruent with research on best literacy practices in adolescent literacy and with English Language Learners. It meets the ICLA requirements of the Idaho State Department of Education. The course focuses on principles and strategies for helping all students access content-specific materials and vocabulary presented in secondary classrooms. Candidates design lessons that promote content literacy and make content comprehensive for diverse learners. A 15-hour multicultural field experience provides candidates with the opportunity to apply strategies in a setting reflecting diverse student needs. Fulfills a General Education Level II Cross-Cultural Experience if taken with EDUC3410CC Intercultural Lab 2. **Prerequisites:** Junior classification, Program admission required.

EDUC3510 Teaching Methods in Secondary Classrooms (3)

An investigation of teaching methods and techniques appropriate for the secondary school classroom. Theoretical principles upon which teaching strategies are based and the principles of classroom management will be considered. Lesson and unit planning are included. Mini-teaching experiences are an integral part of this course. **Corequisite:** Methods courses in teaching area or first and second teaching fields. Exempt - music majors who do not have a second teaching field. **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750

EDUC3530 Teaching Art in the Secondary School (3)

An examination of pragmatic techniques and philosophical approaches necessary to design, implement, and evaluate a comprehensive discipline-based art education program at the secondary school level. Additionally, both historical and contemporary art education issues are examined, discussed, and evaluated. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See ARDE3530) **Prerequisites:** Junior classification., Program admission required.

Corequisites: EDUC3750, EDUC3510

EDUC3570 Teaching Mathematics in the Secondary School (2)

Course topics include strategies appropriate to this subject field, instructional materials and tools, and curricular structure common to this subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3580 Teaching Social Studies in the Secondary School (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to this subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See HIST3580) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3630 Teaching Foreign Language in the Secondary School (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to this subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See SPAN3630) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3640 Teaching Science in the Secondary School (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to this subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See BIOL3640) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3650 Teaching Communication Studies in Secondary Schools (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to the subject in the secondary school. Includes opportunities for candidates to assist and teach a minimum of 20 hours. (See COMM3650) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

EDUC3750 Classroom Management in Secondary Schools (2)

An in-depth study of classroom management theory and application for secondary teachers. Focus is on equipping future teachers with knowledge and skills for effectively managing a classroom. Course explores motivation, classroom environment, minimizing management problems through proactive strategies and interpersonal skills, responding to minor and serious behavior problems, and systematically modifying inappropriate behavior. **Corequisite:** methods courses in teaching area or fields. **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3510

EDUC3920 Foundations of Education (2)

Exploration of the historical, philosophical, social, and legal foundations of the teaching profession. Purposes and challenges of education will be addressed in relationship to today's changing world. **Prerequisites:** Program admission required.

EDUC3960 Field Experience (1)

An additional 30-hour field experience consisting of classroom observation and participation in lesson preparation and classroom presentations. Candidate assignments will be based on previous experience and individual needs. This course should not be taken the same semester as enrollment in EDUC2960, EDUC3150, EDUC3250 or EDUC3260. May be repeated for credit. **Prerequisites:** EDUC1100, EDUC2960, or instructor's approval.

EDUC4430 Teaching the Whole Child (1)

An exploration of research findings and classroom strategies for incorporating movement and the arts into the elementary curriculum for increased development and learning in children. Focus includes physical education, music, art, and drama. Also included is a study of the impact of these areas on the brain development, motivation, and academic performance in all students, including those who may struggle in school. **Prerequisites:** Approval for intern year. Senior classification. **Corequisites:** EDUC4440, EDUC4460, EDUC4540, EDUC4550, EDUC4810

EDUC4440 Elementary Internship I (3)

Initial teaching experiences in full-day participation in an elementary classroom. Emphasis is on learning classroom routines, establishing classroom environment and rapport with students, and participating as a team member with a cooperating teacher and school staff. **Prerequisites:** Approval for intern year. Senior classification. **Corequisites:** EDUC4430, EDUC4460, EDUC4540, EDUC4550, EDUC4810

EDUC4450 Elementary Internship II (11)

A continuation of full-day participation in an elementary classroom. Interns assume increased responsibility for standard-based instruction in all areas of the curriculum, including implementation of a content area unit of study. Interns experience immersion in all aspects of the elementary school setting, including instructional decision-making, accommodations for diverse learners, student assessment, classroom management, and professional development opportunities. The semester culminates with interns assuming full responsibility for the classroom. Weekly seminars are part of this experience. **Fees:** Additional fee required. **Prerequisites:** EDUC4430, EDUC4440, EDUC4460, EDUC4540, EDUC4550, EDUC4810 **Corequisites:** EDUC4950

EDUC4460 Assessment and Intervention in Reading (3)

An examination and application of research-based practices used for assessment to guide instruction in literacy. Candidates diagnose literacy needs of a struggling reader using a battery of assessments and design and deliver intervention to support that elementary student's literacy development. This course meets part of the Idaho Comprehensive Literacy Act requirements of the Idaho Department of Education. **Prerequisites:** Approval for intern year. Senior classification. **Corequisites:** EDUC4430, EDUC4440, EDUC4540, EDUC4550, EDUC4810

EDUC4540 Methods of Teaching Social Studies and Language Arts in the Elementary Classroom (4)

An integrated study of teaching methodology which encompasses elementary school social studies and language arts. Candidates design instruction to meet curriculum standards, devise accommodations for students with diverse needs, and plan assessment procedures to monitor student progress. A focus on unit and lesson planning, classroom environment, instruction, and professionalism equips candidates for the student teaching experience. This course meets part of the Idaho Comprehensive Literacy Act requirements of the Idaho Department of Education. **Prerequisites:** Department approval, Program admission required. **Corequisites:** EDUC4430, EDUC4440, EDUC4460, EDUC4550, EDUC4810

EDUC4550 Methods of Teaching Science and Mathematics in the Elementary Classroom (4)

A study of teaching methodology encompassing elementary school science and mathematics. Candidates design instruction to meet curriculum standards, devise accommodations for students with diverse needs, and plan assessment procedures to monitor student progress. A focus on unit and lesson planning, classroom environment, instruction, and professionalism equips candidates for the student teaching experience. **Prerequisites:** Department approval, Program admission required. **Corequisites:** EDUC4430, EDUC4440, EDUC4460, EDUC4540, EDUC4810

EDUC4771 Philosophy of Christian Education (1)

Introductory examination of the nature and function of belief structures and how these belief structures impact the way one teaches in Christian schools. This course will include consideration and development of one's worldview.

EDUC4810 Elementary School Start-Up (1)

A fall field experience to acquaint the intern with practices for beginning the school year in an elementary school. Interns attend opening faculty meetings in the school and observe and assist the teacher during the first week of school. Materials and instructions for this course must be secured from the Director of Student Teaching three months prior to the opening of school. **Prerequisites:** Approval for intern year. Senior classification. **Corequisites:** EDUC4430, EDUC4440, EDUC4460, EDUC4540, EDUC4550

EDUC4850 Secondary School Start-Up (1)

Attendance at the opening faculty meetings, assisting in the preparation for opening of school and observing and assisting the teacher in a regular public school classroom situation during the first week of school. This work is to be done in the fall before student teaching. Materials and instructions for this course must be secured from the Director of Student Teaching three months prior to the opening of school. **Prerequisites:** Approval for student teaching. Senior classification.

EDUC4860 Student Teaching in the Middle/Junior High School (11)

Directed observation, participation, and responsible teaching conducted under the supervision of a middle school/junior high school teacher and NNU supervisor. Weekly seminars are a part of this program. Candidates participating in fall student teaching should plan to report to their assigned school the first day that the teachers report. Candidates participating in spring student teaching will need to complete a "school startup" experience in the fall before their student teaching. If possible, this start-up experience should be with their cooperating teacher. **Fees:** Additional fee required. **Prerequisites:** EDUC3750, EDUC3410, EDUC3510, Approval for student teaching. Senior classification. Special Methods courses. **Corequisites:** EDUC4950

EDUC4870 Student Teaching in the Senior High School (11)

Directed observation, participation and responsible teaching conducted under the supervision of a senior high school teacher and NNU supervisor. Weekly seminars are a part of this program. Candidates participating in fall student teaching should plan to report to their assigned school the first day that the teachers report. Candidates participating in spring student teaching will need to complete a "school start-up" experience in the fall before their student teaching. If possible, this start-up experience should be with their cooperating teacher. **Fees:** Additional fee required. **Prerequisites:** EDUC3750, EDUC3410, EDUC3510, Approval for student teaching. Senior classification. Special methods courses. **Corequisites:** EDUC4950

EDUC4950 Seminar/Capstone (1)

Weekly reflection and discussion about changes in thinking and professional practice resulting

from growth in teaching competency as it intersects with growth in the four university outcomes.
Corequisite: Student teaching.

ELWR—English Language Writing

ELWR1061 Academic Language Acquisition (3)

This course integrates academic listening strategies, note-taking and academic discussion in addition to other preparation to give English as a Second Language (ESL) students the skills required to fully participate in the university classroom. A general academic vocabulary list taught through listening activities aids students' acquisition of frequently-used terms in an undergraduate course level context. **Prerequisites:** A TOEFL IBT score of 60/IELTS score of 5.0 or higher.

ELWR1062 Academic Language Acquisition II (3)

This course is a continuation of Academic Language Acquisition I. The course integrates academic listening strategies, note-taking and academic discussion in addition to other preparation to give ESL students the skills required to fully participate in the university classroom. The professor tailors the course to emphasize words and constructions frequently used in the students' major areas of study. **Prerequisites:** ELWR1061, or instructor's approval.

ELWR1063 Course-specific Language Support (3)

This adjunct model course links to a traditional undergraduate content course. The goal of this course is to provide ESL students the language skills and study strategies that can be further applied to other undergraduate courses. Particular focus will be given to the following skills: identifying the main idea of a passage, skimming the reading content, taking appropriate lecture notes, and writing succinct summaries. May be repeated once for credit.

ELWR1072 Academic Reading and Grammar (3)

This fundamental course introduces ESL students to academic vocabulary and provides a variety of tasks integrated with reading and writing skills. Grammar presentation will be a key aspect of this course in order to develop students' understanding and application of grammatical structures.

ELWR1073 Academic Writing for Non-Native Speakers of English I (3)

Focuses on basic writing tasks. These include summary and response as well as vocabulary and grammar development. Explores culture-based academic expectations and conventions in communications. **Prerequisites:** TOEFL score of 61 or successful completion of ELWR1072

ELWR1074 Academic Writing for Non-Native Speakers of English II (3)

Continuation of the goals of ELWR1073 and preparation for the demands of ENGL1030. Introduction to the writing process (prewriting, drafting, revising, editing) and concepts such as audience, purpose, and thesis. Continued emphasis on development of grammar and vocabulary. **Prerequisites:** ELWR1073, or Instructor Approval

ENGL—English

ENGL0900 Improvement of Language Usage (3)

A course for students who are not prepared for college-level composition, emphasizing a systematic study of language usage, spelling and writing.

ENGL1030 University Writing and Research (3)

A course which enables students to sharpen analytical reading skills and, through the medium of research projects, to refine existing critical thinking and writing skills, preparing them for rigorous academic writing. It acquaints students with current information technology, library resources, and

undergraduate research methods, covering the entire process of researching and writing persuasive essays. A student must earn a grade of C- or better. Students with an ACT English score of 18-21, or an SAT Reading Test score of 25-28, or an Accuplacer combined Reading and Sentence score of 140-168 must take ENGL1030L concurrently with ENGL1030. **Prerequisites:** Successful completion of ENGL0900, or ACT English score of 18, or SAT Reading score of 25, or Accuplacer combined Reading and Sentence score of 140, or passing of the NNU English Department Writing Evaluation, or advanced placement.

ENGL1030L University Writing and Research Lab (1)

A course designed to improve the success of students with an ACT English score of 18-21, or an SAT Reading Test score of 25-28, or an Accuplacer combined Reading and Sentence score of 140-168. Students will receive supplemental instruction in reading, analyzing, and writing persuasive essays. Must be taken simultaneously with ENGL1030, and a student must earn a grade of C- or better.

Prerequisites: Successful completion of ENGL0900, ACT English score of 18, SAT reading score of 25, or Accuplacer combined Reading and Sentence score of 140.

ENGL2050 Beginning Creative Writing (3)

An introduction to writing fiction, creative nonfiction, and poetry. Emphasis on basic forms, terms, and principles. Offered: every fall.

ENGL2120 English Grammar and Usage (2)

A systematic review of the principles and practice of traditional English grammar and usage conventions. An introduction to morphology and phonology is provided.

ENGL2122 English Grammar and Usage/Linguistics and History (3)

A systematic review of the principles and practice of traditional English grammar and usage conventions. An introduction to morphology and phonology is provided. This course will also introduce students to linguistic theory and the history of the English language, particularly as recorded throughout English literature. This course is taught partially with ENGL2120 and is offered yearly.

ENGL2210 American Literature: Colonial Period to the Civil War (3)

A survey of American writing from the colonial period through the Civil War emphasizing the development of American literary aesthetics, forms, and ideas.

ENGL2220 American Literature: Civil War to the Present (3)

A survey of American writing from the Civil War to the present time, emphasizing the development of American literary aesthetics, forms, and ideas.

ENGL2310 British Literature: Beowulf through the Age of Reason (3)

A survey of British literature from the Anglo-Saxon period through the Restoration.

ENGL2320 British Literature: The Romantic Age to the Present (3)

A survey of British literature from the Romantic and Victorian periods to the present time.

ENGL2410 Major Literature of the Western World (3)

An introductory study of major literary works drawn from the European, British, and American traditions. Special emphasis is placed on literary appreciation.

ENGL2420 World Literature: The Ancient World to the Renaissance (3)

A survey of selected literature from a variety of world cultures. Offered: Alternate years.

ENGL2430 World Literature: The Enlightenment to the Modern Era (3)

A survey of selected literature from a variety of world cultures. Offered: Alternate years.

ENGL2610W Introduction to Journalism (3)

This course will teach students basic reporting and news writing skills, focusing on Associated Press writing style. Additionally, students will be introduced to the best journalism practices dealing with news value and judgment. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL2980 Introduction to the Study of Literature (1)

An introduction to the basic approaches of literary study. Although open to all students, it is designed to serve as a cohesive agent for the major program. It is required of all majors in the English department. Recommended for the sophomore year. **Prerequisites:** 3 credits in literature.

ENGL3010 Teaching English in Secondary Schools (3)

This course introduces pre-service teachers to the fundamentals of theory and practice necessary to teach language arts to secondary students. Research based best practices of teaching grammar, writing, and literature will be emphasized. Students will write and teach lesson plans. Students are required to complete a 20-hour field experience. (See EDUC3010) **Prerequisites:** Program admission required. **Corequisites:** EDUC3750, EDUC3510

ENGL3015 Topics in Writing (3)

Building on the analytical, research, and writing skills gained in ENGL1030, this course provides students the opportunity to explore further the relationships between one particular field of study, academic discipline, or topic and to write critically, engagingly, and knowledgeably about related topics to an informed audience. A student must earn a grade of C- or better. May be repeated for credit with a different topic. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3020W Principles of Writing (3)

An advanced expository writing course emphasizing the thinking and writing skills necessary to develop an effective prose style. A general course appropriate for advanced students in any area, it is especially recommended for potential graduate students. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the English Department Writing Evaluation.

ENGL3040W Creative Writing - Prose (3)

Principles, techniques, and practice in writing both fiction and non-fiction. Small-group work and individual conferences are included. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3050 Creative Writing - Poetry (3)

Principles, techniques, and practice in writing poems. Emphasis on individual writing and small-group activities. Offered: Alternate years. **Prerequisites:** ENGL2050, or instructor's approval.

ENGL3094 Topics in English (1-3)

Specialized study of a topic, genre, or author. May be repeated for credit. **Prerequisites:** 3 credits in literature.

ENGL3120 Linguistics: Structure and History of English (3)

An investigation of both traditional and transformational descriptions of English with special attention to the contribution of structural linguistics to modern understanding of the operation of

language. Course will also include a study of the history of the English language from the early backgrounds to Old English to modern American English. Offered: Alternate years.

ENGL3210 Major Authors in American Literature (3)

A study of selected works of a major American author or authors. Some examples of course topics are: variations on the American Dream, doctors in literature, literature of the sea, small-town America, and American travel literature. May be repeated for credit. Offered: Alternate years.

ENGL3210W Major Authors in American Literature (3)

A study of selected works of a major American author or authors. Some examples of course topics are: variations on the American Dream, doctors in literature, literature of the sea, small-town America, and American travel literature. May be repeated for credit. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3250 The American Novel (3)

A study of the development of the American novel through reading and discussing important novels by American authors. Offered: Alternate years.

ENGL3250W The American Novel (3)

A study of the development of the American novel through reading and discussing important novels by American authors. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3310 Major Authors in British Literature (3)

A study of selected works of a major British author or authors. Some examples of course topics are: faith and doubt in British literature, British fantasy from Swift to Tolkein, and poetry of the Brownings. May be repeated for credit. Offered: Alternate years.

ENGL3310W Major Authors in British Literature (3)

A study of selected works of a major British author or authors. Some examples of course topics are: faith and doubt in British literature, British fantasy from Swift to Tolkein, and poetry of the Brownings. May be repeated for credit. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3320 Shakespeare (3)

A study of representative plays through reading, viewing, and discussing comedies, tragedies, and histories.

ENGL3320W Shakespeare (3)

A study of representative plays through reading, viewing, and discussing comedies, tragedies, and histories. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, Completion of ENGL1030 with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3350 The British Novel (3)

A study of the development of the British novel through reading and discussing important novels by British authors. Offered: Alternate years.

ENGL3350W The British Novel (3)

A study of the development of the British novel through reading and discussing important novels by

British authors. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3410 Greek and Roman Classics (3)

A study of The Iliad, The Odyssey, Greek drama, The Aeneid, and other ancient Greek and Roman works. Offered: Alternate years.

ENGL3420 Foreign Literature in Translation (3)

Major works of a foreign country or other geographic area (not the United States or Great Britain) will be studied in English translation. Some examples of course topics are twentieth century European literature, literature of the Far and Near East, Latin-American literature, literature of the African diaspora, or literature of European existentialism. The course topics may also focus on the works of a major author in translation. May be repeated for credit. Offered: Alternate years.

ENGL3420W Foreign Literature in Translation (3)

Major works of a foreign country or other geographic area (not the United States or Great Britain) will be studied in English translation. Some examples of course topics are twentieth century European literature, literature of the Far and Near East, Latin-American literature, literature of the African diaspora, or literature of European existentialism. The course topics may also focus on the works of a major author in translation. May be repeated for credit. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3510 Twentieth Century Poetry (3)

A study of representative British and American poetry of the twentieth century. Offered: Alternate years.

ENGL3520 Twentieth Century Drama (3)

A study of representative European, British, and American drama from Ibsen to Ionesco. Offered: Alternate years.

ENGL3740 Children's Literature (3)

A study of literature written for children, from pre-school age onward. The course samples a variety of types of literature and will prove valuable for general students, prospective teachers, or parents who wish to enrich their own background in children's literature and to develop qualitative judgment skills.

ENGL3740W Children's Literature (3)

A study of literature written for children, from pre-school age onward. The course samples a variety of types of literature and will prove valuable for general students, prospective teachers, or parents who wish to enrich their own background in children's literature and to develop qualitative judgment skills. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL3910 Literary Criticism (3)

The study and application of representative literary criticisms from Plato to the present. It is required of English and English-education majors and recommended for the junior year. Offered: Alternate years. **Prerequisites:** 9 credits in literature.

ENGL3960 Internship in Professional Writing (3)

Students will work at least 100 hours in a professional writing situation, such as a newspaper, on a

schedule convenient to the needs of the business or office and the students' own course work. The writing situation will be selected in consultation with the Language, Literature, and Cultural Studies Department Chair. Students will have opportunity to observe and participate in all facets of the business. A supervisor in the business situation will agree to serve as editor, instructor, and supervisor, and be approved by the Language, Literature, and Cultural Studies Department Chair. Credit and grade will depend upon the completion of the hours in a dependable, professional manner as verified from the supervisor to the professor.

ENGL4270 Minority Voices in American Literature (3)

A course studying the literature of American cultural minorities. Course content may be either multi-cultural or monocultural. May be repeated for credit.

ENGL4270W Minority Voices in American Literature (3)

A course studying the literature of American cultural minorities. Course content may be either multi-cultural or monocultural. May be repeated for credit. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL4340 Major Romantics and Victorians (3)

Readings in British Romantic and Victorian poetry and prose. The course focuses upon the rapidly changing art and ideas through these periods. Offered: Alternate years.

ENGL4340W Major Romantics and Victorians (3)

Readings in British Romantic and Victorian poetry and prose. The course focuses upon the rapidly changing art and ideas through these periods. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL4350 Major British Authors to the Restoration (3)

A course exploring poetry in English from the Middle Ages until 1700. Content may focus on one or two significant poets (Chaucer, Shakespeare, Milton), or on a literary period. Offered: Alternate years.

ENGL4350W Major British Authors to the Restoration (3)

A course exploring poetry in English from the Middle Ages until 1700. Content may focus on one or two significant poets (Chaucer, Shakespeare, Milton), or on a literary period. This course fulfills the general-education "W" requirement. **Prerequisites:** ENGL1030, with a grade of C- or better, or an ACT English score of 30 or higher AND a superior score on the NNU English Department Writing Evaluation.

ENGL4980 Senior Seminar (1)

A review of the English program and a commencement of a lifetime of independent reading and thinking. This course meets the university general education requirement for a capstone course. Required of all majors in the English department. **Prerequisites:** Senior classification.

ENGR—Engineering

ENGR1010 Introduction to Engineering (3)

An introduction to the engineering profession, the engineering disciplines, and the engineering design process. Principles of professionalism, ethics, teamwork, and problem solving. Introduction to engineering software tools such as MATLAB, Mathematica, and Excel. Team-oriented, hands-on design project. **Fees:** Additional fee required.

ENGR1050 Engineering Graphics and Design (3)

An introduction to engineering computer-aided design and rapid prototyping. Use of design tools, such as AutoCAD and SolidWorks, along with a 3D printer, and a CNC mill to fabricate rapid prototype parts. Drawings include pictorial, orthographic projection, auxiliary, and section views.

Fees: Additional fee required.

ENGR2100 Engineering Statics (3)

Resultants of forces, moments and couples, centroids, area moments of inertia, beams, free body diagrams, two- and three-dimensional equilibrium systems, trusses, frames, and friction.

Prerequisites: MATH2510, ENGR1050, PHYS2110

ENGR2200 Digital Systems (3)

Analysis and design of basic combinatorial and sequential logic, Boolean algebra, Karnaugh maps, counters, adders, shift registers, multiplexers, and latches. ADC and DAC data conversion, field programmable gate arrays (FPGA's) and application-specific integrated circuits (ASIC'S).

Concurrent: ENGR2200L **Prerequisites:** ENGR1010 or COMP1220 **Corequisites:** COMP2220

ENGR2200L Digital Systems Laboratory (1)

Prototyping and testing of simple combinatorial and sequential digital circuits using gates, flip-flops, multiplexers, decoders. Introduction to FPGA's and Verilog/VHDL. Concurrent: ENGR2200

Fees: Additional fee required.

ENGR2210 Electrical Circuits (3)

Fundamental principles of electrical circuits, DC and AC circuit analysis, single and three-phase electric power systems, electric motors. Introduction to circuit components, Ohm's and Kirchhoff's laws, superposition, Thevenin and Norton theorems, operational amplifiers, RL and RC transients, circuit simulation with SPICE. Sinusoidal steady-state analysis, transformers, frequency response, Bode plots, resonance and filters. Fourier series, Fourier transforms, and Laplace transforms.

Concurrent: ENGR2210L **Corequisites:** PHYS2120, MATH3540

ENGR2210L Electrical Circuits Laboratory (1)

Prototyping and testing of simple DC, AC, and RLC transient circuits, operational amplifiers, transformers, power supplies, filters. Concurrent: ENGR2210 **Fees:** Additional fee required.

ENGR2310 Instrumentation and Measurements Laboratory I (1)

Principles of measurement. Basic instrumentation and measurement techniques in experiments. Includes using instrumentation software such as LabVIEW to design virtual instruments. Error analysis of measurements. Selected experiments will be performed using test equipment and sensors such as oscilloscopes, function generators, multimeters, thermocouples, strain gauges, and photodiodes. **Fees:** Additional fee required. **Corequisites:** PHYS2120

ENGR2320 Instrumentation and Measurements Laboratory II (1)

A continuation of ENGR2310. Selected experiments will be performed using test equipment and sensors such as oscilloscopes, function generators, multimeters, thermocouples, strain gauges, and photodiodes. Advanced LabVIEW programming and interfacing with instruments and sensors for data acquisition and instrument/actuator control. Design of experiments and advanced data analysis. Hypothesis testing. **Fees:** Additional fee required. **Prerequisites:** ENGR2310

ENGR3094 Topics in Engineering (1-4)

An approved concentrated study in a field of engineering not covered in other courses. May be repeated for credit. **Prerequisites:** Instructor's approval

ENGR3095 Engineering Internship (1-4)

An approved practical engineering field experience, usually in industry, supervised by an engineer

and formally reported by the student. **Prerequisites:** Instructor's permission. May be repeated for credit.

ENGR3100 Mechanics of Materials (3)

Elasticity, strength and modes of failure of engineering materials; theory of stresses and strains of ties, shafts, beams, and columns. **Prerequisites:** ENGR2100

ENGR3110 Engineering Thermodynamics (3)

Introduction to classical thermodynamics through the second law; system and control volume analysis of thermodynamic processes; irreversibility and availability. Energy and the first law. Entropy and the second law. Conventional power and refrigeration cycles. Equations of state, ideal-gas mixtures, properties of gaseous mixtures, combustion and chemical equilibrium.

Prerequisites: PHYS2120 **Corequisites:** MATH3540, CHEM2230

ENGR3120 Engineering Dynamics (3)

Kinematics and kinetics of three-dimensional motion of particles, systems of particles, and rigid bodies; translating and rotating reference frames, space mechanics; work-energy, impulse-momentum, and impact problems; introduction to vibrations MATLAB applications and dynamic system modeling and design. Motion converters, mobility equations; Geometric synthesis of linkages; gear teeth; analysis and synthesis of gear trains and planetary gear differentials; computer aided design. **Prerequisites:** ENGR2100 **Corequisites:** MATH3540

ENGR3400 Control Systems (3)

Introduction to the operation of dynamic systems, elements of modeling, equilibrium and linearization, Laplace transformation techniques, system response via the transfer function, block diagrams and computer simulation, matrix operations, system response via state variables, and stability. Modeling and simulation of lumped parameter mechanical, electrical, thermal, fluid, and mixed systems, control algorithms, stability, transient response and frequency response.

Concurrent: ENGR3400L **Prerequisites:** ENGR2210, ENGR2320, MATH3540

ENGR3400L Control Systems Laboratory (1)

Experiments and simulations of mechanical, electrical, thermal, fluid, and mixed systems, control algorithms, stability, transient response and frequency response. Demonstration of control system design techniques using LabVIEW controlled hardware experiments. Introduction to PLC and automation programming. **Concurrent:** ENGR3400 **Fees:** Additional fee required.

ENGR3410 Engineering Economics and Ethics (3)

Concepts and techniques useful in the economic evaluation of engineering alternatives. Application of economic and financial principles to capital investment. Analysis by present worth, annual cash flow, rate of return, benefit-cost, and replacement considerations. Depreciation, taxes, inflation, probability and risk, and evaluation of optimum use of resources. In-depth coverage of ethics and professionalism. **Prerequisites:** ENGR1010

ENGR4100 Fluid Mechanics (3)

Fluid properties; fluid statics, continuity, momentum, and energy principles, laminar and turbulent flow, boundary layers, dimensional analysis and similarity, closed conduit flow, open channel flow, and turbomachinery. One-dimensional open channel flow; compressible flow. **Prerequisites:** ENGR3100, ENGR3120

ENGR4110 Machine Design (3)

Study of the kinematics and kinetics of machines and machine components. Introduction to design specification and procedures for machine components, including linkages, gears, cams, bearings, clutches, shafts, and brakes. Finite element analysis shaft design of joints (threaded fasteners,

welds, springs, keys, etc.); design of gear trains; lubrication and bearing design. Application of the principles of statics and mechanics of materials to the design of machine elements. Failure criteria in yielding, fatigue and buckling, statistical considerations. **Prerequisites:** ENGR3100, ENGR1050, ENGR3120

ENGR4120 Advanced Mechanical Laboratory (1)

Design and fabrication of mechanical systems. Selected experiments in heat transfer and fluid mechanics. **Fees:** Additional fee required. **Corequisites:** ENGR4100, ENGR4150

ENGR4130 Mechatronics (3)

Mechanical automation integrated with electronics and microcontroller technology; A/D and D/A conversion; parallel I/O; programmable timer operation; interfacing sensors and actuators.

Concurrent: ENGR4130L **Prerequisites:** ENGR2200, ENGR3120, ENGR3400

ENGR4130L Mechatronics Laboratory (1)

Practical laboratory experience in mechatronics. A major design team project to implement a mechatronic robot system. **Concurrent:** ENGR4130 **Fees:** Additional fee required.

ENGR4140 Vibrations (3)

Free and forced vibration of discrete and continuous systems. Lagrange's equation, Fourier series, Laplace transforms; matrix and computational methods. Linear vibration of machine elements, lumped parameter single and multi-degree of freedom systems solutions; computer-aided solutions of linear and nonlinear systems; simple laboratory vibration measurement and comparative vibration analysis. Natural and forced motions, and dynamic loading; vibration of elastic bodies.

Prerequisites: ENGR3100, ENGR3120

ENGR4150 Heat Transfer (3)

Fundamentals of heat transfer by conduction, convection, and radiation. Applications to heat exchanges, tubes, surfaces, phase changes, and mass transfer. Numerical methods for solving heat transfer problems. Design of equipment involving heat-transfer processes. Steady-state and transient heat conduction; role of convection for internal and external forced flows and in buoyancy-driven flow; thermal radiation processes and properties. **Prerequisites:** ENGR3110

ENGR4170 Agricultural Automation (3)

Principles and application of engineering technologies supporting agricultural production. Agricultural vehicle robots, agricultural infotronics, precision agricultural systems, field crop production automation, orchard and vineyard automation, pesticide application control, automated irrigation management, food processing automation, and mechanization, sensing, and control of biological systems. **Prerequisites:** ENGR4110, ENGR4130

ENGR4200 Microprocessors (3)

Microprocessor architecture, software development tools, and hardware interfacing. Machine and assembly language programming, instruction set, addressing modes, programming techniques, memory systems, I/O interfacing, and interrupt handling with practical application in data acquisition, control, and interfacing. **Prerequisites:** COMP2220, ENGR2200

ENGR4200L Microprocessors Laboratory (1)

Prototyping and testing of microprocessor-based systems using a macroassembler and a hardware development board. **Concurrent:** ENGR4200 **Fees:** Additional fee required.

ENGR4210 Electronics (3)

A study of solid-state diodes, transistors, light emitting diodes, photo diodes and other semiconductor devices. Transistors in basic amplifier circuits. AC equivalent circuit models, frequency response, single and multi-state amplifiers. Differential, power and feedback amplifiers,

oscillators and analog building blocks. Linear and non-linear analog circuits including filters, oscillators, phase-locked loops, and waveform generators. **Concurrent:** ENGR4210L

Prerequisites: CHEM2230, ENGR2210

ENGR4210L Electronics Laboratory (1)

Prototyping and testing of electronic components, circuits and analog systems containing diodes, BJT's, FET's, and Op Amps. **Concurrent:** ENGR4210 **Fees:** Additional fee required.

ENGR4220 Signal Processing (3)

Time-domain and frequency-domain analysis of signals and systems, applications of Fourier series, Fourier transform, and Laplace transform in circuits and systems, Analog filters. Signal sampling and reconstruction. Difference equations, Z-transforms, and the discrete Fourier transform.

Fundamentals of digital filters. Introduction to the theory and practice of digital signal processing: discrete-time signals and systems, A/D and D/A conversion, filter design, DSP architecture and implementation. FIR filters, IIR filters, FFT, and implementations. DSP applications using MATLAB and Simulink. **Prerequisites:** COMP2220, ENGR2200, ENGR2210, ENGR3400

ENGR4230 Embedded Systems (3)

Hardware and software design of embedded systems with peripheral interfaces, using development boards. Team system design project. **Concurrent:** ENGR4230L **Prerequisites:** COMP2220, ENGR2200

ENGR4230L Embedded Systems Laboratory (1)

Design, implementation and testing of embedded systems, peripheral interfaces. **Concurrent:** ENGR4230 **Fees:** Additional fee required.

ENGR4250 Electromagnetics (3)

A vector calculus based study of the laws of Gauss, Biot-Savart, Ampere and Faraday; application of the equations of Laplace and Poisson to boundary valued problems. Development of Maxwell's equations for electric and magnetic fields. Electromagnetic properties of materials. Wave equation, plane waves and Lorentz force law. Polarization, Poynting's vector, transmission lines, waveguides, and antenna radiation. **Prerequisites:** MATH3530, MATH3540, PHYS2120

ENGR4260 Communication Systems (3)

This course covers fundamental concepts in communication systems with an emphasis on digital communications and applied electromagnetics. The goal is to give students an introduction to both the hardware and theory of modern communication systems. Topics include the following: probability, random variables and random processes, deterministic and stochastic signals, noise, baseband and passband digital signal modulation, transmission line theory, introduction to antennas, radio link budgets, M-ary signaling, and selected topics in analog modulation (e.g., amplitude and frequency modulation). **Prerequisites:** ENGR2210 **Corequisites:** ENGR4250

ENGR4400 Experiment Design (3)

This course will show how to take an idea for an experiment or measurement and turn it into an executable experiment. Examples of how this was done historically will be studied. In addition, the course will discuss a variety of techniques used for design of experiments (DOE) to make measurements such as, but not limited to, electrical, pressure, temperature, force, and nuclear measurements some of which will be used in the design of actual experiments which will be implemented in the companion laboratory course. The course will show how one would design an apparatus so a desired experiment or set of measurements can be performed. As a final project, students will be required to design their own experiment, build the apparatus, and conduct the experiment. **Prerequisites:** PHYS2120, ENGR2320 or PHYS2320

ENGR4400L Experiment Design Laboratory (1)

The laboratory course will use the concepts taught in the class to design and build an actual apparatus for doing an experiment or set of measurements. Data will be collected, analyzed, and the apparatus modified as directed by the analyses. Concurrent: ENGR4400.

ENGR4971 Senior Design Project I/Capstone (2)

The first in a sequence of two senior capstone design project courses. Student teams will complete a system design project under the supervision of an industry or mission client. Teamwork, project planning and management, specification, budgeting, design review, prototyping, testing, weekly reporting, project reports, and oral presentations. The deliverables are: Project Proposal, Project/System Requirements Review, and Design Review. **Fees:** Additional fee required.

Prerequisites: Senior Engineering majors by instructor's permission.

ENGR4972 Senior Design Project II/Capstone (2)

The second in a sequence of two senior capstone design project courses. Student teams will complete a system design project under the supervision of an industry or mission client.

Teamwork, project planning and management, specification, budgeting, design review, prototyping, testing, weekly reporting, project reports, and oral presentations. The deliverables are: Prototype Review, Final Implementation Review and Design Report for the client. **Fees:** Additional fee required.

Prerequisites: ENGR4971

FREN—French**FREN1010 Elementary French (4)**

For students who have less than two years of high school French. These courses are designed to be taken in sequence. Objective: to help students acquire an active command of the four basic communication skills (speaking, oral comprehension, writing, reading) in French as well as an awareness of how French language and culture are intimately intertwined. Offered: Alternate years. Fulfills a General Education Level 1 Cross-Cultural Experience if taken with FREN1010CC Intercultural Lab 1.

FREN1020 Elementary French (4)

A continuation of FREN1010. For students who have less than two years of high school French. These courses are designed to be taken in sequence. Objective: to help students acquire an active command of the four basic communication skills (speaking, oral comprehension, writing, reading) in French as well as an awareness of how French language and culture are intimately intertwined. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with FREN1020CC Intercultural Lab 2. **Prerequisites:** FREN1010, or equivalent.

FREN2010 Intermediate French (4)

For students who have had at least two years of high school French or one year of college French. This sequence is designed to reactivate and further develop communication skills in French and to enhance cultural awareness of French-speaking cultures and literature. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with FREN2010CC Intercultural Lab 2. **Prerequisites:** FREN1020, or equivalent.

FREN2020 Intermediate French (4)

A continuation of FREN2010. For students who have had at least two years of high school French or one year of college French. This sequence is designed to reactivate and further develop communication skills in French and to enhance cultural awareness of French-speaking cultures and literature. Offered: Alternate years. Fulfills a General Education Level II Cross-Cultural Experience if taken with FREN2020CC Intercultural Lab 2. **Prerequisites:** FREN2010, or equivalent.

GEOG—Geography

GEOG1050 Introduction to Geography (3)

An introduction to the basic concepts, principles and themes in the discipline of geography. The course also includes an investigation into the unique characteristics of the world's twelve major geographic realms. Special emphasis will be placed on the influence of geography on social, political, environmental, and economic aspects of human development.

GREK—Greek

GREK2110 Elementary New Testament Greek I (3)

A study of the basic elements of New Testament Greek. Grammar, vocabulary, and syntax will be emphasized. The course will include selected readings in the Greek New Testament. Offered: Alternate years.

GREK2120 Elementary New Testament Greek II (3)

A study of the basic elements of New Testament Greek. Grammar, vocabulary, and syntax will be emphasized. The course will include selected readings in the Greek New Testament. The course will focus on advanced grammar, application of exegetical principles and methods, and utilization of the major scholarly resources for Hebrew exegesis, applied to these Old Testament materials. **Prerequisites:** HEBR2120

HEBR4420 Hebrew Exegesis: Hebrew Prophets (2)

An advanced study of one or more books dealing with the prophets of ancient Israel in the Hebrew text. The course will focus on advanced grammar, application of exegetical principles and methods, and utilization of the major scholarly resources for Hebrew exegesis, applied to these Old Testament materials. **Prerequisites:** HEBR2120

HIST—History

HIST1030 The World and The West I (3)

Begins with the classical eras, both east and west (ca. 600 BC) and ends in about 1600. The course goal is twofold: to understand both the primary cultural heritages of the world and their growing interconnectedness, and to put the energy and distinctiveness of the Western tradition into perspective with other political worlds and religious world-views.

HIST1040 The World and The West II (3)

Begins in 1600 and proceeds to the present, trying to understand and assess the parallel and increasing interactive developments in the West and other parts of the world. Colonial enterprises of many types interact with indigenous cultures and systems in what we now call "third world" areas. Nation-building with competitive empires affects Europe, Africa and Asia. Very different independence struggles punctuate 19th and 20th century history.

HIST1070 American History Survey (3)

A study of American history from European exploration to the present, with attention to the founding of the United States, the major developments and events, and the role of the citizen in U.S. history. This course is designed for the general student and will not meet major requirements for degrees in history.

HIST2030 Conflict and Consensus: American History to 1877 (3)

An introduction to American history from the period of exploration and colonization to the conclusion of reconstruction. Major themes and events include the European settlement of North America, Native American responses to European development of colonial America, the war for American independence, nation-building in the Early Republic, the development of slavery, Western expansion, and the Civil War and reconstruction.

HIST2040 Conflict and Consensus: American History from 1877 (3)

An introduction to American history from the conclusion of reconstruction to recent times. Major themes include Western expansion, industrialization and urbanization, imperialism, two world wars, American life between the wars, radicalism and revolt, and the post-Cold War world.

HIST3040 "Not the Dark Ages" (3)

An examination and celebration of those who preserved and extended worship, literature and community in most unsettled times, from 500 to 1100 AD. Dynamic centers of energy belie the term "Dark Ages": great families of monks, the Anglo-Celtic passion for spirituality and education, Islamic

cities and culture in Spain and rulers like Charlemagne, Alfred the Great and Otto the Great. The course culminates in the remarkable, fertile and energetic 12th century. Offered: Alternate years

HIST3050 Renaissance and Reformation (3)

Beginning with seminal figures and movements in the pivotal 13th century, an exploration of the dynamic economic and cultural flourishing which underlies the long and exciting phenomenon we know best as the Renaissance. Reforms in several versions arise from that energy, culminating in profound changes in the Roman church as well as new long-lived configurations of faith and practice. Impacts upon and developments in political conceptions and practice complete the picture. Offered: Alternate years

HIST3094 Topics in History (2-3)

Offers a thematic approach to historical interpretation. The course may be conducted in a seminar format and may be repeated for credit by permission. Topics will vary.

HIST3210 Social Science Research Methods (3)

The study and application of empirical research methods in the social sciences, with an emphasis on political science. The course will include discussions relating to the philosophy of science, an overview of research designs, the conduct of empirical research, and the organization and preparation of research papers. (See POLS3210.) Offered: Alternate years.

HIST3250 History of American Culture (3)

An examination of the social currents of American thought and culture, emphasizing ideas and concepts that have influenced the development and growth of American institutions and values from the colonial era to the present. General themes include gender values, race relations, and class conflicts. Offered: Alternate years **Prerequisites:** ENGL1030, or instructor's approval.

HIST3330 U.S. Foreign Policy (3)

An in-depth examination of the factors influencing the U.S. as a participant in the international system, especially from the end of World War II to the present. Topics include U.S. foreign policy and ideology, domestic politics and interest groups, public opinion and the media, and historical events considered chronologically. (See POLS3330.) Offered: Alternate years

HIST3390 Recent America (3)

An in-depth exploration of modern America from 1945 to the present emphasizing the political, economic, diplomatic, and social aspects of the period. The course will investigate the origins of the Cold War, McCarthyism, increasing presidential power, the U.S. and the Third World, the civil rights struggle, women's movement, student revolts, Vietnam, Watergate, and the New Right and post-Cold War America. Offered: Alternate years **Prerequisites:** ENGL1030, or instructor's approval.

HIST3440 History of Christianity in America (3)

A study of American Christianity from the colonial period to the present. The course will focus on the varieties of religious experiences in historical context. Included will be such themes as Puritanism, the Great Awakenings, Christian utopias, the Social Gospel, Fundamentalism, and liberation theology. Emphasis will be placed on the mutual influence of religion and American culture. Offered: Alternate years

HIST3480 Modern Europe (1800-Present) (3)

An in-depth exploration of Europe from the political and industrial revolutions of the 18th and 19th centuries through contemporary European society and culture, including 19th century "isms" (romanticism, liberalism, socialism, nationalism, imperialism) and world wars.

HIST3490 Modern Africa (3)

An exploratory survey of African history below the Sahara and from the 18th century to the

present. In addition to dealing with the extraordinary historiographic challenges, serious attention will be given to the impact of slaving operations, the persistence of tribal life and loyalties, the effects of colonial government, the movements to independence and the challenge of current situations. Offered: Alternate years

HIST3500 The Dragon and the Rising Sun (3)

Traces the parallel and interlocked histories of China and Japan from 1800 to present. With common cultural factors but very different settings, the response of these two peoples to the challenge of the West to their states and autonomy, as well as issues faced by internal dissension and tension, fills the period of the 19th century. In the 20th century, the extraordinary military and economic strength of Japan and the long struggle to find balance and cohesion fills the story. Finally, the current potential and problems of each people are assessed. Offered: Alternate years

HIST3580 Teaching Social Studies in the Secondary School (2)

Strategies appropriate to this subject field, instructional materials and tools, curricular structure common to this subject in the secondary school. Includes opportunities for students to observe and teach a minimum of 20 hours in a secondary classroom. (See EDUC3580) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

HIST3850 British and American Victorians (3)

An exploration of Victorian culture, especially in Great Britain and the United States. Particular attention will be paid to transatlantic networks of social reform, politics, and evangelical faith.

HIST4030 Roman Empire and Christian Community (3)

Explores the parallel development of two parallel "worlds," the imperial system inaugurated by Caesar Augustus and the community launched by Jesus Christ. Roots of each "world," in the Roman Republic and the Jewish heritage, are presented first. The political framework of the Empire then serves as framework as the social history of the Roman people is explored along with economic and religious factors. Offered: Alternate years

HIST4540 American Constitutional History (3)

A survey of United States Constitutional history from its origins to the present. Emphasis is placed on the constitutional system as a whole, rather than on constitutional law as developed by the Supreme Court. The course examines the origins and general principles of constitutional thought, traces its elaboration in the founding and development through the crises over state rights and union in the nineteenth century, the Civil War amendments, controversy over liberty of contract, New Deal intervention and the crisis of the court, the developing doctrine of civil rights and civil liberties, and the growth of the administrative state. Offered: Alternate years

HIST4970 Senior Thesis and Capstone (4)

A two-part requirement for all history majors. The departmental component (Thesis) is an independent research paper of 25-30 pages, which includes demonstration of historical methods and the use of primary sources. It will be written under the supervision of the history faculty. The university component (Capstone) includes a careful evaluation of the fulfillment of the university outcomes in the growth and experience of the student while at NNU, in discussion and an extended paper of eight to ten pages. **Prerequisites:** Senior standing

HNRS—Honors

HNRS2550 Western Intellectual Traditions I (3)

The course will focus on the Western Intellectual Tradition (WIT) from the time of the Greeks to the 16th and 17th centuries. We begin with Plato and Aristotle and continue with Augustine, Dante, Machiavelli, Cervantes, and Thomas Hobbes. We will examine critically some of the perennial

questions of "the human condition," and students will be exposed to some of the foundational texts, ideas, issues, and events that comprise the WIT. Crisis and continuity in the ancient and modern eras will be scrutinized as we evaluate critically the origins and development of the WIT through a close reading of primary texts produced by some of the greatest minds of the WIT. Our purpose, however, is not to worship blindly these texts (which are timely and timeless); rather we seek to subject them to critical analysis befitting the manner in which they were composed. **Prerequisites:** Acceptance into program

HNRS2560 Western Intellectual Traditions II (3)

This course will focus primarily on the Western Intellectual Traditions (WIT) since the sixteenth century. The seventeenth century revolutions in cosmology, science, and philosophy are characterized by a number of important themes, centered around the rise of new epistemologies, methodologies, and sources of authority. In this course, we will look at the following three principal areas of change: the demise of church authority in settling scientific and philosophical questions, the demise of Aristotelian physics, and the revolutionary potential of new scientific and religious thought. We will examine these by looking at major thinkers and events of the period and the impact that each had on the dynamic intellectual evolution of the time. By the late nineteenth century, Modern Western thought was again in crisis, calling into question the foundations of Western political, scientific, and economic power. In the twentieth century, liberal democracy triumphed politically over its competitors, primarily communism and fascism; however, its original philosophical foundations were increasingly untenable. The course will conclude with a critical evaluation of the relationship of faith, philosophy and science in modernity. **Prerequisites:** Acceptance into program

HNRS3550 Science and Science Fiction (3)

This course will explore a tiny handful of works by some of the most significant and challenging writers of science fiction--some we may have heard of, and some who are new to us. Through these explorations, we will experience a diversity of literary landscapes, ideas, cultures, and ethnicities, most of them speculative and fictional. Perhaps most interestingly, we will discuss and learn the scientific concepts behind these stories. **Prerequisites:** Acceptance into program

HNRS3560 Being Human: Theological and Psychological Reflections (3)

This course will examine what it means to be human from both a theological and a psychological perspective. This is obviously an interdisciplinarian approach to the topic, one that will reap rich benefit for the student. It will show that we are integrated persons and should be considered holistically, not as spiritual beings in opposition to our psychological and social characteristics. Additionally, this course will examine being human from the perspective of spiritual formation. **Prerequisites:** Acceptance into program

HNRS3970 Honors Thesis Research (0-3)

This course begins the process of creating a quality honors thesis. Students will select their thesis topics, choose their faculty advisers, and develop thesis proposals with their advisers. In this course, students actively begin serious work on their honors theses. Offered: Fall Semester. **Prerequisites:** Junior standing in the Honors College

HNRS4970 Honors Thesis (0-3)

In this course, students will author the Honors Thesis, an independent, creative, faculty-mentored essay or project that is the culmination of academic work in the Honors College. This course is designed to showcase mastery of content, theory, and methodology specific to each student's academic discipline. In majors that require a thesis or final project, the Honors Thesis will supplement the existing major requirement. **Prerequisites:** Senior standing in the Honors College

HUMN—Humanities

HUMN1010 Cornerstone (3)

This course is intended to help students develop a life-long passion for learning. They will explore the habits of mind of various academic disciplines and discover differing perspectives on the pursuit of knowledge as well as their commonalities and connectedness. Students will be introduced to the four University outcomes, develop skills necessary for a successful college experience, and begin collecting a portfolio to document their learning and track their personal, spiritual, and academic growth throughout their college career.

HUMN4010 Capstone (1)

This course is intended to help students reflect on their undergraduate experience and plan for the future. Students will reflect on what they have learned by reviewing portfolio materials they have collected, habits of mind they have acquired through study of the disciplines, and the development of their ideas about the four University outcomes. Using the education they have acquired, they will begin planning ways to provide effective service and leadership in their families, churches, community, and work. (See CLST4010, CRIM4010, PSYC4010, SOGY4010, SPAN4010)

INTD—Interdisciplinary

INTD3550 Science and Science Fiction (3)

This course will explore a tiny handful of works by some of the most significant and challenging writers of science fiction--some we may have heard of, and some who are new to us. Through these explorations, we will experience a diversity of literary landscapes, ideas, cultures, and ethnicities, most of them speculative and fictional. Perhaps most interestingly, we will discuss and learn the scientific concepts behind these stories.

KINE—Kinesiology

KINE1000 Fundamentals of Wellness (1)

This course is an approach to health and physical education that relates the value of physical activity to the human body. The content of the course will be presented by utilizing lecture and laboratory sessions. The course emphasizes the "holistic" wellness approach to the individual regarding the dimensions of wellness. **Corequisites:** KINE1000L

KINE1000L Fundamentals of Wellness Laboratory (0)

This course is designed to allow students to assess personal health benchmarks related to overall wellness including: body composition, cardiorespiratory fitness, muscular strength, endurance and flexibility, skill related fitness, and blood lipids analysis. Students will develop a personal wellness program based on personal health assessments. **Corequisites:** KINE1000

KINE1010 Adapted Physical Education (1)

This course offers students who have deficiencies an opportunity to correct and overcome them as well as a chance to learn skills and recreational activities which are adapted to their particular conditions. Emphasis is given to individual guidance and healthy attitude development through this course. This course fulfills one general education KINE activity requirement.

KINE1020 Heart Healthy Activities (1)

Wellness activities of adult fitness such as: aerobic fitness, cycling, life guarding, physical fitness, yoga, core fusion, Crossfit, Taiji, Taekwondo, skiing, swimming (intermediate), jogging/walking, indoor/outdoor recreational sports and games, and water fitness. Two activities will be offered per

semester. This course fulfills the general education KINE activity requirement. May be repeated for elective credit but not for general education credit. **Fees:** Additional fee required.

KINE1030 Lifetime Sport Activities (1)

Introductory skill, rules and play of a selected activity such as: archery, backpacking, badminton, bowling, golf, racquetball, rock climbing, soccer, softball, swimming (beginning), tennis, weight training, and volleyball (beginning and intermediate). Two activities will be offered per semester. This course fulfills the general education KINE activity requirement. May be repeated for elective credit but not for general education credit. **Fees:** Additional fee required.

KINE1040 Outdoor Activities (1)

Outdoor recreation and leisure selected activities such as: climbing, skiing, riflery, archery, challenge course, survival/search and rescue, wilderness backpacking, scuba, horsemanship and cycling/mountain biking. Open to all students, but does not fulfill the KINE general education requirements. **Fees:** Additional fee required.

KINE1310 Introduction to Recreation and Kinesiology (3)

An introductory course for majors in the field of health, kinesiology, recreation, or athletic training. Emphasis is placed on history, objectives, philosophy and careers within the profession.

KINE1960 Clinical Observation (1)

A field-based observational experience which enhances first hand practical knowledge in either a physical therapy or athletic training setting.

KINE2094 Topics in Kinesiology (1-4)

A course designed for those planning to enter the field of health, kinesiology, athletic training or recreation. Current issues will be addressed in health, physical education and recreation that have not been covered in other courses. May be repeated for credit.

KINE2410 Introduction to Athletic Training and Physical Therapy with Laboratory (3)

An introductory course for students interested in athletic training or physical therapy. Emphasis will be placed on basic anatomy and exposure to career opportunities. Laboratory will coincide with lecture about joint structure, evaluation, taping and support techniques. **Fees:** Additional fee required.

KINE2430 Health Issues in Today's Society (3)

Emphasis is on major health issues and problems of adolescent and college age students including: drugs, alcohol and tobacco, human sexuality, STD's, mental health, consumer health, infectious and noninfectious diseases, and environmental health.

KINE2500 Fitness Activities (1)

A practical application of military style fitness adapted for any students who wish to improve their overall physical fitness level. Emphasis is on cardiovascular and upper body development. May be repeated for up to 12 credits. This course fulfills the general education KINE activity requirement.

KINE2640 Kinesiology Majors Activity Laboratory (1)

Sports activity laboratory for Department of Kinesiology majors only; emphasis is on sports skills, development and teaching techniques. A variety of activities will be covered, including: soccer, football, aerobic fitness, racket sports, fitness testing/fitness prescription, movement-rhythms, softball, volleyball, track and field, basketball, weight training, tennis and challenge course. Majors will take 4 credits; fulfills one KINE majors general ed requirement. Pre-requisite: open to KINE majors only.

KINE2700 Leadership in Outdoor Recreation (3)

This course introduces the history of outdoor leadership, resources, program planning, and design and management. An emphasis on outdoor leadership theory and understanding group facilitation and teaching strategies will be the central focus of the course. Successful completion prepares a student to design and lead outdoor educational activities.

KINE2730 Nutrition Across the Lifespan (2)

A basic course surveying the nutrients required by the human body and their assimilation, function, deficiency and food sources. Course will include a study of proper dietary intake throughout the life cycle, emphasizing the importance of nutrition to good health. Includes clinical application.

KINE2750 Outdoor Pursuits (2)

Fundamental skills and instructional techniques for outdoor educational activities. Also includes outdoor equipment use and safety emphasis. Fulfills one general education lifetime activity requirement. **Fees:** Additional fee required.

KINE2760 Intercollegiate Athletic Participation (1)

Participation in intercollegiate athletics. May be taken by athletes, managers, athletic trainers, statisticians, and cheerleaders. May be repeated for a maximum of eight credits: one credit per sport per year and a maximum of two credits per year.

KINE2770 HH: Competitive Athletics (1)

This course is designed to meet the general education activity requirement by participation in collegiate competitive athletics. Students must be a member of a college level program and track weekly activity levels. Completion requires performing an activity analysis that compares and contrasts activity levels to the Surgeon General's guidelines for physical activity for Americans.

KINE2850 Camp Administration and Outdoor Education (2)

An introduction to the philosophy, methods and skills necessary for outdoor leaders, along with instruction techniques in outdoor equipment use and safety emphasis. Experiences are provided in various outdoor educational settings.

KINE2900A Outdoor Skills - Water (2)

Course is designed to introduce and develop skills associated with boating, watersports and recreational activities that are water related. Course focuses on boating safety, boating laws, water safety, water rescue, paddling techniques, scuba and float plans. Course includes visit to local fish hatchery, and travel to local lakes and rivers including practice with canoes, kayaks and stand up paddle boards as part of the course. **Fees: Additional** fee required.

KINE2900B Outdoor Skills - Land (2)

Course is designed to develop skills associated with outdoor activities on land. Course covers topics in orienteering, GPS, leave no trace principles, camping, hiking, trip planning, and essential survival skills. Students will be required to participate in evening or weekend activities or planned trips to practice skills and techniques taught in class. **Fees:** Additional fee required.

KINE2900C Outdoor Skills - Snow (2)

This course combines classroom knowledge and field experience in the areas of snowshoe, cross country skiing, downhill skiing and snowboarding along with safety and leave no trace principles with these activities. The student will be required to participate in evening or weekend trips to participate in skill experiences. **Fees:** Additional fee required.

KINE2960 Field Experience in Kinesiology (1)

Designed to provide an introductory experience as a leader in various health, kinesiology, and

recreational settings. Students will receive experience as a teaching assistant in a Fundamentals of Wellness Laboratory setting by administering and interpreting wellness/health assessments.

KINE3350 Teaching School Health (2)

Course is designed to provide knowledge in three divisions of health education: healthful living, school health services, and health education. Topics include recognition of health issues of children and adolescents, (K-12) with opportunity to develop competencies in handling methods and teaching techniques. Includes a 20-hour field experience. (See EDUC3350) **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

KINE3360 Teaching Physical Education in the Secondary Schools (2)

Course will cover strategies appropriate to this subject field, instructional materials and tools, and curricular structure common to this subject in the secondary school. Includes opportunities for students to observe and teach a minimum of 20 hours in a secondary classroom. **Prerequisites:** Junior classification., Program admission required. **Corequisites:** EDUC3750, EDUC3510

KINE3370 Teaching Health in the Elementary Schools (1-2)

This course will serve as an introduction to health education and will acquaint the teacher with contemporary concepts for teaching health in the elementary school. Emphasis will be on learning and identifying health needs in the elementary school population.

KINE3380 Teaching Physical Education in the K-8 Schools (2)

This course introduces students to the basic principles of physical education for children in grades kindergarten through eight. Emphasis will be placed on the development of systematic physical education programming. Students will participate in simulated teaching experiences and/or field observations. (See EDUC3380)

KINE3440 Advanced Athletic Training (3)

A study of advanced theory in the techniques of athletic training that are necessary for the professional athletic trainer. Topics include recognition and understanding of identification, and care and rehabilitation of specific injuries. Particular emphasis is placed upon the proper use of various therapeutic modalities. Offered: Alternate years. **Prerequisites:** KINE2410

KINE3560 Psychology and Techniques of Coaching (3)

A study of the psychological implications of dealing with the student athlete in areas of motivation and performance. Coaching techniques in various sports and mentor experiences will be covered.

KINE3600 Motor Development and Motor Learning (2)

A study of movement education in the areas of motor behavior, motor development and learning theories. Movement patterns throughout the various life spans, psycho-motor and perceptual-motor development are covered in the course.

KINE3630 Corrective and Adaptive Physical Education (2)

A course designed to help the students to develop understanding of the special needs child, including opportunity for learning to recognize defects, limitations, capacities and problems. Students are taught to develop individual educational programs for special needs children.

KINE3640 Physiology of Exercise (3)

This course studies the effects of exercise and training on various body systems. A study of how energy sources are derived and utilized by the body, the principles of training and developing training programs. Labs included within the coursework will focus on a study of clinical exercise testing and data collection.

KINE3650 Biomechanics (3)

A study of the mechanical principles and external and internal forces involved in human movement and athletics. Emphasis on the application of mechanical principles in sport technique and how to evaluate sport skills quantitatively and qualitatively. Labs within the course study mechanical principles, description of motion and use of technology in analyzing movement.

KINE3960 Field Experience in Kinesiology/Recreation (1)

Designed to provide an advanced experience as a leader in various health, kinesiology or recreational settings. May be repeated for credit in a different setting.

KINE4094 Special Topics in Kinesiology (1-4)

Topics relating to health, physical education, athletic training, or recreation not ordinarily covered in other courses. **Fees:** Additional fee required.

KINE4520 Tests and Measurements in Physical Education (3)

Course introduces the use of tests, measurement and evaluation in physical education classes. Topics include teacher and program evaluations, selection, administration, construction and evaluation of skill and written examinations. Course satisfies Math General Education requirement.

KINE4560 Administration & Supervision of HPERD (3)

This course is designed to serve as an introduction to the techniques of administration and supervision in kinesiology and athletics. Emphasis is given to leadership theory, principles of sport training, current issues, and preparation for entry level employment.

KINE4860 Recreation Management and Facilities Planning (3)

Development of skills and techniques necessary for successful leadership in municipal and school recreational programs and includes the study of trends, problems and interrelationships of community agencies. Offered alternate years.

KINE4950 Internship in Athletic Training (1)

Practical application of the theory of training technique in a variety of settings. Training skills and principles may be applied to achieve the established goal of prevention and care of athletic injuries.

KINE4960A Recreation and Sport Internship (3)

Practical experience in planning, leading, supervising and evaluating recreation programs while working in a specific situation under qualified personnel. May be repeated for credit once.

KINE4960B Recreation and Sport Internship (3)

Practical experience in planning, leading, supervising and evaluating recreation programs while working in a specific situation under qualified personnel. May be repeated for credit once.

KINE4970 Kinesiology Senior Capstone (1)

Capstone course that helps kinesiology majors prepare for graduation and transition into the profession on a variety of levels (employment, graduate school, etc.). This course is the culminating academic experience that is intended to bring together the kinesiology major's knowledge and experiential base. The course is intended to help majors be reflective and thoughtful relating to their academic, social, spiritual and professional development at Northwest Nazarene University.

MATH—Mathematics**MATH0900 Essential Mathematics (3)**

Whole numbers, fractions and mixed numbers, decimals, ratio, proportion, percent, measurement, geometry, introduction of algebra, solving equations, and statistics. This is a credit/no credit

course. Receiving credit for this course prepares the student to take MATH1100 or MATH2240. Credit for courses numbered below 1000 is not transferable.

MATH0950 Intermediate Algebra (3)

Linear equations and inequalities, graphing lines, systems of equations, exponents, polynomials, factoring, radicals, complex numbers, and the quadratic formula. **Prerequisites:** Pass MATH0900, an ACT Math score of 21 or higher, or and SAT Math score of 570 or higher, or an Accuplacer Elementary Algebra score of 74 or higher; or instructor's approval. Students must verify they have met the prerequisites on the first day of class. This is a credit/no credit course. Receiving credit for this course prepares the student to take MATH1300. Credit for courses numbered below 1000 is not transferable.

MATH1100 Liberal Arts Mathematics (3)

Students will explore mathematical ideas and logical reasoning. This class will look at mathematical applications in life which may include topics such as statistics, fair voting schemes, prime numbers, and modular arithmetic. Students will also develop their own insights and theorems through the exploration of mathematical patterns. The content of the class may vary each semester. The course is designed for non-science majors. The course satisfies the general education mathematics competency requirement. **Prerequisites:** ACT Math score of 21 or higher, or SAT Math score of 570 or higher, or Accuplacer Elementary Algebra score of 74 or higher.

MATH1300 College Algebra (3)

Topics include polynomial arithmetic, synthetic division, zeroes of polynomials, systems of linear equations, matrices and matrix multiplication. Students must verify prerequisites the first day of class. **Prerequisites:** ACT Math score of 23 or higher, or SAT Math score of 600 or higher, or Accuplacer Elementary Algebra score of 117 or higher, or Accuplacer College Level Math score of 50 or higher, or instructor's permission. This course prepares students to take MATH1400 and MATH2510.

MATH1400 Trigonometry (3)

Topics include the study of the trigonometric functions, plane trigonometry, and analytic trigonometry. Students must verify prerequisites the first day of class. **Prerequisites:** MATH1300 (a grade of C or better), an ACT Math score of 26 or higher, or an SAT Math score of 670 or higher, or an Accuplacer College Level Math score of 60 or higher, or instructor's permission. This course prepares students to take MATH2510.

MATH2010 Fundamental Mathematical Structures I (3)

Includes problem solving and mathematical reasoning, sets, relations and functions, numeration, the system of whole numbers, integers and rational numbers, and number theory. Laboratory activities are included. **Prerequisites:** EDUC1100, Math ACT score of 21 or higher, or SAT Math score of 550 or higher, or Accuplacer Elementary Algebra score of 74 or higher, or instructor's approval.

MATH2020 Fundamental Mathematical Structures II (3)

Includes probability and statistics, basic geometric concepts and measurement, constructions, congruence, similarity and transformations. Laboratory activities are included. **Prerequisites:** MATH2010, or instructor's approval.

MATH2240 Elementary Statistics (3)

Introduction to statistical terminology and basic concepts, including common uses and misuses of statistics. Topics include experimental design, sampling, descriptive statistics, correlation and regression, probability, and tests of significance. This is a valuable course for students in all majors. This course satisfies the general education mathematics competency requirement. Students must

verify prerequisites the first day of class. **Prerequisites:** ACT Math score of 21 or higher, or SAT Math score of 570 or higher, or Accuplacer Elementary Algebra score of 74 or higher, or credit for MATH0900, or instructor's permission.

MATH2310 Discrete Mathematics (3)

An introduction to graph theory, logical operators, mathematical induction, enumeration and Boolean algebra. Students must verify prerequisites the first day of class. **Prerequisites:** MATH1300 (a grade of C or better).

MATH2510 Calculus I (4)

Limits, derivatives, integration and applications of the derivative, applications of integrals, integration techniques, logarithmic, exponential, trig and inverse trig functions. Students must verify prerequisites the first day of class. **Prerequisites:** MATH1400 (a grade of C or better), an ACT Math score of 28 or higher, or an SAT Math score of 710 or higher, or an Accuplacer College Level Math score of 103 or higher, or instructor's permission.

MATH2520 Calculus II (4)

Infinite series, vectors, partial differentiation, multiple integrals. Students must verify prerequisites the first day of class. **Prerequisites:** MATH2510

MATH3094 Topics in Mathematics (1-4)

Intensive study of one topic.

MATH3280 Modeling and Operations Research (3)

A survey of fundamental operations research techniques. Emphasis is given to the linear programming model. Other topics will be chosen from network models, decision analysis, queuing theory and dynamic programming. Offered: Alternate years **Prerequisites:** MATH1300 or MATH3320.

MATH3310 Introduction to Abstract Mathematics (3)

Logic, mathematical induction, sets, equivalence relations and equivalence classes, and order relations are studied. Emphasis is given to constructing sound mathematical arguments.

Prerequisites: MATH2310 or MATH2510, or instructor's approval.

MATH3320 Linear Algebra (3)

A study of vector spaces, linear transformations, matrices, determinants and system of equations. Special attention is given to the connection between linear transformations and matrices. Offered: Alternate years **Prerequisites:** MATH1300 or MATH2510.

MATH3410 Modern Geometry (3)

A review of Euclidean geometry is followed by a wider view of geometry. Topics may include hyperbolic geometry, finite geometries and metric geometries other than Euclidean. Offered: Alternate years **Prerequisites:** MATH1400 or MATH2510, or instructor's approval.

MATH3530 Calculus III (4)

A study of Euclidean space and the calculus of functions on this space. In particular vector fields with the operators curl and divergence as well as the integral calculus involving line and surface integrals. Green's Theorem, Stokes Theorem, and Gauss' Theorem are further topics to be studied. Students need to verify they have the prerequisite the first day of class. **Prerequisites:** MATH2520

MATH3540 Differential Equations (4)

A first course in ordinary differential equations. Linear algebra will be introduced for systems of linear differential equations. Students need to verify they have the prerequisite the first day of class. **Prerequisites:** MATH2520

MATH3560 Numerical Analysis (3)

Numerical solution of algebraic and transcendental equations and systems of linear equations, interpolation, finite differences, numerical differentiation and integration and solution of differential equations. Emphasis on methods most adaptable for computer use. **Prerequisites:** MATH2520, **Recommended:** MATH3540 and a programming language.

MATH4100 History of Mathematics/Capstone (1)

A study of the emergence of numeration methods, the invention of new mathematical systems, the development of geometry, algebra, calculus and related concepts, and the life stories of some of the persons involved. May be repeated for credit. **Prerequisites:** MATH2510

MATH4240 Probability and Statistics I (3)

Study of combinatorial analysis, probability, random variables and their distributions, estimation, statistical inference, regression and correlation, and analysis of variance. Students must verify prerequisites the first day of class. **Prerequisites:** MATH2520

MATH4250 Probability and Statistics II (3)

A continuation of MATH4240 Probability and Statistics I. Students must verify prerequisites the first day of class. **Prerequisites:** MATH4240

MATH4320 Modern Algebra (4)

The similarities between the algebraic structures arising in the study of number systems, modular arithmetic and polynomial operations will be used to introduce the study of groups, rings, fields, and their mapping. These structures will be applied to number theoretic and geometric problems. Offered: Alternate years **Prerequisites:** MATH3310 or MATH3320, or instructor's approval.

MATH4330 Modern Algebra (2)

A continuation of MATH4320 Modern Algebra. Offered: Alternate years **Prerequisites:** MATH4320

MATH4510 Introduction to Real Analysis (4)

Course one of a two-course sequence in the theory of calculus. Topics include limits, continuity, derivatives, integrals, sequence, series and series of function. An introduction to metric topology is given. Offered: Alternate years **Prerequisites:** MATH2520, MATH3310

MATH4520 Introduction to Real Analysis (2)

A continuation of MATH4510. Offered: Alternate years **Prerequisites:** MATH4510

MDLG—Modern Languages**MDLG1094 Topics in Modern Language (1-3)**

Offered on rotation, introductory modern language topics courses are taught in multiple languages. Chinese, Japanese, Arabic, American Sign, and other languages of particular relevance to the core curriculum may be offered as topics courses. Students will acquire basic vocabulary, sounds, and structures through an emphasis on conversation. Modern language courses also provide an introduction to cultures and cultural studies. May be repeated for credit.

MDLG2094 Topics in Modern Language (1-3)

MILS—Military Science

MILS1010 Introduction to Military Science and Leadership (1)

An introduction to ROTC, military customs and traditions, benefits of Army Service and basic military skills. Laboratory consists of participation in leadership exercises, introduction to land navigation, adventure training, rifle marksmanship, and basic First Aid.

MILS1020 Foundations of Leadership (1)

A continuation of Introduction to Military Science and Leadership. **Prerequisites:** MILS1010

MILS2010 Innovative Team Leadership (2)

An overview of Military Leadership which prepares students for ROTC advanced courses. Classroom and laboratory instruction includes: leadership, land navigation, adventure training, oral and written communications, responsibilities of Army officers, and other general military subjects. Course is designed to aid future leaders in acquiring effective skills for influencing others, with particular reference to positions of military leadership.

MILS2020 Military Leadership (2)

A continuation of learning leadership skills with continuing emphasis on professional development through land navigation, first aid, marksmanship, and other military skills. Laboratory consists of progressive participation in leadership exercises, adventure training, and tactical operations.

MILS2500 Military Style Fitness (1)

A practical application of military style fitness adapted for any students who wish to improve their overall fitness level. Emphasis is on cardiovascular and upper body development. May be repeated for up to 12 credits.

MILS2900 Military Science Practicum (6)

A field based introduction to military subjects such as land navigation, map reading, marksmanship, and leadership. Practicum is a four-week Leadership Training course at Fort Knox, Kentucky. The course fulfills MILS1010, 2010, 2020, and ROTC program requirements. Students may also earn a two-year scholarship while completing this course. The NNU Army ROTC advisor determines enrollment eligibility.

MILS3010 Adaptive Team Leadership (3)

A study of basic Army tactics and leadership skills required to increase poise and confidence for military trainers and leaders. Students learn the techniques of effective counseling, training, and leadership in a military environment. Laboratory consists of progressive participation in advanced leadership exercise and practical application of basic tactics and leadership skills. **Prerequisites:** MILS1010, MILS1020, MILS2010, MILS2020, or MILS2900

MILS3020 Leadership in Changing Environments (3)

A continuation of MILS3010. Refines the fundamentals of small unit combat operations and basic leadership skills. Prepares students for success in MILS3900, the Leader Development and Assessment Course (LDAC) at Fort Lewis, Washington. Laboratory consists of practical application of the basic soldier and leader skills studied in class including conceptualizing, decision-making, communication, planning, executing, and assessing in a tactical environment. **Prerequisites:** MILS3010

MILS3900 Leadership Practicum in a Culturally Diverse Environment (6)

A field based course which provides students with the opportunity to apply the leadership and soldier skills they have learned on campus. Students will work with and provide leadership to culturally diverse groups of people. The course is completed at the thirty day Army ROTC cadet

summer training at Fort Knox Army Post in Kentucky. Note: This course is required for all contracted students and is usually completed during the summer between junior and senior years. Fulfills a General Education Level II Cross-Cultural Experience if taken with MILS3900CC Intercultural Lab Level 2. **Prerequisites:** MILS3010

MILS4010 Developing Adaptive Leaders (3)

In this course cadets will learn to identify the responsibility of key staff roles and use situational opportunities to teach, train, and develop subordinates. This course develops proficiency in planning, executing, and assessing complex operations, functioning as a member of a staff, and providing leadership performance feedback to subordinates. Cadets assess risk, make ethical decisions, and coach fellow ROTC cadets. **Prerequisites:** MILS3010, MILS3020

MILS4020 Leadership in a Complex World (3)

This course focuses on the dynamics of leading in the complex situations of current military operations in the contemporary operating environment. It will also examine the differences in customs and courtesies, military law, principles of war, and rules of engagement in the face of international terrorism. Much of the curriculum is centered around aspects of interactions with non-government organizations, civilians on the battlefield, and host nation support. **Prerequisites:** MILS4010

MILS4960 Military Science Internship (1)

This internship will allow cadets to apply skills acquired throughout their time in Army ROTC to further prepare them for commissioning as officers in the Army, Army Reserves, and Army National Guard having already completed the senior level requirements for the minor in Military Science prior to commissioning into the Army. **Prerequisites:** MILS4010, MILS4020, and instructor approval

MUSC—Music

MUSC0200 Master Class (0)

Weekly one-hour recital and workshop required of music majors.

MUSC0250 Concert/Recital Attendance (0)

Music majors are required to attend a minimum of 10 concerts and recitals each semester, providing exposure to a wide variety of performances and repertoire.

MUSC0900 Fundamentals of Music (2)

Topics include music reading and conceptualizing, treble and bass clef notation, simple and compound time signatures, rhythmic notation, melodic notation, sol-fège singing, and Finale note entry software use. This class is required for those scoring below 75% on the Basics of Music pre-test. Offered Quad 1 fall semester. Credit for courses numbered below 1000 is not transferable.

Corequisites: MUSC1210

MUSC1200 Beginning Music Theory I (2)

An introduction to the fundamentals of harmony and the use of analysis as the central activity in the study of music theory. **Prerequisites:** MUSC0900, or instructor's approval. **Corequisites:** MUSC1210

MUSC1210 Beginning Music Theory I Laboratory (1)

An introduction to and application of aural skills, including sight-singing, rhythmic dictation, melodic and harmonic dictation. **Corequisites:** MUSC1200

MUSC1220 Beginning Music Theory II (3)

A further study and application of the fundamentals of harmony and the use of analysis as the central activity in the study of music theory. **Prerequisites:** MUSC1200 **Corequisites:** MUSC1230

MUSC1230 Beginning Music Theory II Laboratory (1)

A further study and application of aural skills, including sight-singing, rhythmic dictation, melodic and harmonic dictation. **Prerequisites:** MUSC1200 **Corequisites:** MUSC1220

MUSC1260 Fundamentals of Acting (3)

A course designed to acquaint the student with the fundamental skills necessary to acting and to explore the basic elements of the actor's art. This course will explore the physical, vocal, intellectual, and technical aspects of acting in a format that encourages freedom of imagination and personal growth. Offered: Every Fall.

MUSC1270 Introduction to Directing (3)

The study of the basic techniques of stage direction including play analysis, director/actor and director/designer communication, and technical problems of movement, composition, picturization, and blocking. Students will practice the craft by presenting in-depth research and script analysis and directing scene work. **Offered:** Alternate Spring Semesters.

MUSC1310 Digital Music and Technology (3)

An introduction to computer and sound technologies used in church, studio, classroom, and performing venues. Technologies will include applications in office-suite (word processing, data base, presentation, spread sheet), musical notation, musical composition, accompaniment, and digital recording as well as hands-on work in mixing and sound reinforcement.

MUSC2020 Survey of Performing Arts (3)

An introduction to the stylistic characteristics and cultural climate of the important artistic epochs in history. Includes both the western and the non-western traditions.

MUSC2094 Special Topics (1-3)

A concentrated study of one topic in music. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC2096 Field Experience in Worship Arts (1)

Course is an overview of the ministry and work of a church worship pastor. During a 30-hour field experience the student, the music department supervising faculty member, and the cooperating local church music leader will coordinate for weekly meetings and assignments. Course is designed for observation and hands-on experience in music ministry in the church.

MUSC2110 Introduction to Worship Arts and Leadership (2)

An introductory course dealing with the call to ministry through music. Topics include fundamental philosophies of music in the church, current issues and practical considerations of a career in the church today. Offered: Alternate years; normally offered fall odd numbered years.

MUSC2200 Intermediate Music Theory I (3)

Study of harmony and analysis including modulation, romantic harmony, enharmonic functions, elementary forms and 20th century techniques. **Prerequisites:** MUSC1230, MUSC1220
Corequisites: MUSC2210

MUSC2210 Intermediate Music Theory Laboratory I (1)

Study and application of aural skills, including sight-singing, rhythmic dictation, four-part dictation and advanced harmonic dictation. **Prerequisites:** MUSC1220, MUSC1230 **Corequisites:** MUSC2200

MUSC2220 Intermediate Music Theory II (3)

Further study of harmony and analysis including modulation, romantic harmony, enharmonic functions, elementary forms and 20th century techniques. **Prerequisites:** MUSC2200, MUSC2210 **Corequisites:** MUSC2230

MUSC2230 Intermediate Music Theory Lab II (1)

Further study and application of aural skills, including sight-singing, rhythmic dictation, four-part dictation and advanced harmonic dictation. **Prerequisites:** MUSC2200, MUSC2210 **Corequisites:** MUSC2220

MUSC2240 Improvisation (3)

Group study and exercise of improvisation. Students will explore jazz, blues, classical, and popular styles. May be repeated for credit. Offered: Alternate years, normally offered fall even numbered years. **Prerequisites:** Instructor's approval

MUSC2250 Private Music Instruction in Instrument or Voice (1-2)

Private instruction in piano, voice, organ, strings, percussion, woodwind or brass instruments. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC2251 Private Music Instruction in Instrument or Voice for the Music Major (1-2)

Private instruction in piano, voice, organ, strings, percussion, woodwind or brass instruments. Weekly 30 or 60 minute lesson, weekly Master Class and jury examination required. May be repeated for credit. **Fees:** Additional fee required.

MUSC2260 Advanced Acting (3)

A continuation of Fundamentals of Acting, this course is designed to further explore the actor's art, and continue to develop the individual's technique. Offered: Alternate Spring Semesters. **Prerequisites:** MUSC1260, or instructor's approval.

MUSC2350B Brass Methods (1)

Private or group instruction on one high and one low brass instrument, emphasizing the requisite skills to direct school instrumental programs. Offered: Alternate years, normally offered spring odd number years. **Fees:** Additional fee required.

MUSC2350P Percussion Methods (1)

Private or group percussion instruction emphasizing the requisite skills to direct school instrumental programs. **Offered:** Alternate years, normally offered spring even number years. **Fees:** Additional fee required.

MUSC2350S String Methods (1)

Private or group instruction on two string instruments emphasizing the requisite skills to direct school string programs. **Offered:** Alternate years, normally offered fall even number years. **Fees:** Additional fee required.

MUSC2350W Woodwind Methods (1)

Private or group instruction on two woodwind instruments emphasizing the requisite skills to direct school instrumental programs. Offered: Alternate years, normally offered fall odd numbered years. **Fees:** Additional fee required.

MUSC2370 Bella Voce (0-1)

Women's choir whose membership is open to non-majors as well as majors. Personnel chosen by audition. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC2371 University Men's Choir (0-1)

Audition for placement in appropriate section. Choir sings in music department concerts, chapels, and selected churches and community events. May be repeated for credit. **Fees:** Additional fee required.

MUSC2420 Musical Theatre Production/Opera Workshop (0-1)

Hands-on involvement in the performing of an opera, opera scenes, or a Broadway musical, including acting, singing, choreography, stage lighting and set construction. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC2430 Jazz Revival (0-1)

A jazz ensemble with vocalists and instrumentalists chosen by audition, with a broad repertoire of jazz and popular music. Membership open to non-majors as well as majors. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC2440 Orchestra (0-1)

Membership open to non-majors as well as majors. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC2450 Chamber Ensemble (0-1)

A course designed for students ready to participate in a small chamber group. Membership open to non-majors as well as majors. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC2451 Jazz Ensemble (0-1)

A course designed for students ready to participate in a jazz ensemble setting. Membership open to non-majors as well as majors. May be repeated for credit. **Fees:** Additional fee required.

Prerequisites: Instructor's approval

MUSC2460 Concert Band (0-1)

Most woodwind, brass, and percussion instruments are represented in the Concert Band. Membership is open to majors and proficient non-majors. May be repeated for credit. Initial auditions each year are primarily for chair placement. **Fees:** Additional fee required.

Prerequisites: Instructor's approval

MUSC2470 Troupe (0-2)

Auditioned ensemble which will form the core of NNU's theatre production. Members commit to a twice-weekly meeting time designed to foster ensemble and to build, staff and act in the production season. Production responsibilities will be assigned through consultation between the student and instructor. Intended for the student who wants a more intense and immersive experience in theatre production than participation in a play or musical can provide. May be repeated for credit.

Prerequisites: Audition.

MUSC2480 Theatre Production (0-1)

Hands-on involvement in the performing of a theatrical production, including acting, costuming, stage lighting, set construction and theatre management. May be repeated for credit.

Prerequisites: Instructor's approval

MUSC2490 University Choir and Orchestra (0-1)

An ensemble of select personnel chosen by audition. Ensemble's aims are to perform a variety of choral/orchestral literature from classical to contemporary. Membership open to majors and non-majors. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC2950 Field Experience in Music Management I (1)

Hands on experience managing a large ensemble through a tour, managing several small ensembles in small venue performances, or managing a large event like a festival or artist-in-residence visit. Management considerations include logistics, budgets, travel, housing and equipment needs for a variety of music groups. May be repeated for credit.

MUSC2951 Field Experience in Music Management II (1)

Hands-on experience coordinating marketing and logistics between campus departments for multiple performance venues. Management considerations include calendar, scheduling, communications and equipment needs for a wide variety of music performances. May be repeated for credit.

MUSC3150 Music Technology Lab (1)

Hands-on experience creating and maintaining a variety of computer and electronic music equipment systems. Taught in conjunction with existing courses in music technology. May be repeated for credit.

MUSC3200 Practicum in Worship Planning and Leadership (3)

A practical approach to the preparation for and leadership of music in varied worship settings. Includes traditional, evangelical, contemporary, and liturgical settings. Students will learn to create worship services using appropriate selections for varied situations, work with various types of accompaniment, and lead congregational music.

MUSC3210 Orchestration (3)

A study of the orchestral instrument families and exercises in writing scores for instrumental ensembles. Emphasis is placed upon full orchestra with secondary attention given to small ensembles and the special needs of school performing groups. Offered: Alternate years, normally offered fall even numbered years. **Prerequisites:** MUSC2220, MUSC2230, or instructor's approval.

MUSC3220 Counterpoint (3)

A study of 18th century counterpoint with emphasis on its influence on polyphonic writing of the 20th century. Offered: Alternate years, normally offered spring odd numbered years.

Prerequisites: MUSC2220, MUSC2230

MUSC3230 Composition (3)

The writing of original compositions, beginning with the song form and proceeding through the sonata form with emphasis given to stylistic elements. Offered: Alternate years, normally offered spring even numbered years. **Prerequisites:** MUSC2220, MUSC2230, or instructor's approval.

MUSC3260 Music History: Medieval, Renaissance and Baroque (3)

An introduction to music literature from ancient times to 1750.

MUSC3270 Music History: Classic, Romantic and Modern (3)

An introduction to music literature from 1750 to the present.

MUSC3430 Performance Practices (1)

Development and improvement of skills leading to effective stylistic comparison and evaluation of live and recorded musical performances.

MUSC3440 Diction (3)

A study of Italian, German, French, and English diction employing the International Phonetic Alphabet. Offered: Alternate years, normally offered fall odd numbered years.

MUSC3450 Teaching Music in the Elementary Schools I (2)

This class focuses on the major approaches to music education including Kodaly, Orff, Gordon's

Music Learning Theory, Dalcroze, and Suzuki. This course includes a field experience. Offered: Alternate years, normally offered fall odd numbered years. **Prerequisites:** Junior classification., Program admission required. **Corequisites:** MUSC3460

MUSC3460 Teaching Music in the Elementary Schools II (2)

This class focuses on the application of the learning theories presented in MUSC3450, procedures, and objectives in school music in the primary and intermediate grades. This course includes a classroom field experience and technology intensive lesson component. Offered: Alternate years, normally offered fall odd numbered years. **Prerequisites:** Program admission required.

Corequisites: MUSC3450

MUSC3470 Teaching Music in the Secondary Schools I (2)

This class focuses on strategies for instrumental/choral rehearsals and classrooms, materials, tools, and curricular structure common to the subject in the secondary schools. **Prerequisites:** Junior Classification., or instructor's approval. Program admission required. **Corequisites:** MUSC3480

MUSC3480 Teaching Music in the Secondary Schools II (2)

This class focuses on assessment and lesson planning in the secondary music rehearsal and classroom, as well as music advocacy, fund-raising, and program development issues. It will include a significant classroom field experience and a technology intensive lesson component.

Corequisites: MUSC3470

MUSC3500 Northwesterners (0-1)

A small vocal ensemble of select personnel chosen by audition. Ensemble will perform vocal jazz, contemporary Christian and a cappella literature. Membership open to majors and non-majors. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC3600 Basic Conducting (2)

Introduction to the fundamentals of conducting techniques, rehearsal methods, and musical score reading. Offered: Alternate years, normally offered fall even numbered years. **Prerequisites:** Instructor's approval

MUSC3610 Advanced Conducting (2)

Further study of conducting techniques, rehearsal methods and orchestral score reading. Offered: Alternate years, normally offered spring odd numbered years. **Prerequisites:** MUSC3600, or instructor's approval.

MUSC3620 Basic Conducting, Choral Methods, and Materials (3)

Introduction to the fundamentals of conducting, rehearsal methods, and choral scores. Topics include development of a school choral music program and finding choral music of various styles, genres, and cultures. Emphasis will be placed on classroom management for school choirs. Offered: Alternate years, normally offered fall even numbered years. **Prerequisites:** Instructor's approval

MUSC3630 Advanced Conducting, Instrumental Methods, and Materials (3)

Introduction to instrumental conducting, including rehearsal techniques, and band and orchestral score-reading. Topics include development of a school instrumental program and finding instrumental music of various styles, genres, and cultures. Emphasis will be placed on classroom management for school bands. Offered: Alternate years, normally offered spring odd numbered years. **Prerequisites:** Instructor's approval

MUSC3650 Advanced Audio Technology (3)

This course is designed to teach the technical aspects of multi-track recording, mixing, mastering, and producing digital audio and MIDI data. It is taught in lecture, discussion, and demonstration

formats, with emphasis on student oral presentations using supporting recordings. Offered alternate years. **Prerequisites:** MUSC1310

MUSC3750 Symphonic Literature (1)

A study of representative symphonic literature from the baroque, classic, romantic, and modern periods (18th, 19th, and 20th centuries). May be repeated for credit. Offered: Alternate years.

Prerequisites: Instructor's approval

MUSC4000 Music Capstone Seminar (1)

This course will help students reflect on their undergraduate experience and plan for the future. Designated class sessions will be geared toward discussion, and result in written reflections on University Values.

MUSC4094 Special Topics (1-3)

A concentrated study of one topic in music. May be repeated for credit.

MUSC4100 Forms and Analysis (3)

A study of standard musical forms in music from the common practice period to the present. Offered: Alternate years, normally offered fall odd numbered years. **Prerequisites:** MUSC2220, MUSC2230, or instructor's approval.

MUSC4250 Private Instruction in Instrument or Voice (1-2)

Private instruction in piano, voice, organ, strings, percussion, woodwind or brass instruments. Available to juniors and seniors who have reached an appropriate level of proficiency. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4251 Private Instruction in Instrument or Voice for the Music Major (1-2)

Private instruction in piano, voice, organ, strings, percussion, woodwind or brass instruments. Weekly 30 or 60 minute lesson, weekly Master Class and jury examination required. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4370 Bella Voce (0-1)

Women's choir whose membership is open to non-majors as well as majors. Personnel chosen by audition. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4371 University Men's Choir (0-1)

Audition for placement in appropriate section. Choir sings in music department concerts, chapels, selected churches and community events. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4390 Piano Methods (3)

A study of piano teaching materials and methods for the beginner through college level.

MUSC4410 Voice Methods (3)

A study of voice production, teaching methods and repertoire for the various voice classifications. Offered: Alternate years, normally offered spring even numbered years.

MUSC4420 Musical Theatre Production/Opera Workshop (0-1)

Hands-on involvement in the performing of an opera, opera scenes, or a Broadway musical, including acting, singing, choreography, stage lighting and set construction. May be repeated for credit. **Prerequisites:** Audition or instructor's permission.

MUSC4430 Jazz Revival (0-1)

A jazz ensemble with vocalists and instrumentalists chosen by audition, with a broad repertoire of

jazz and popular music. May be repeated for credit. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4440 Orchestra (0-1)

Membership open to non-majors as well as majors. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC4450 Chamber Ensemble (0-1)

A course designed for students ready to participate in a small chamber group. Membership open to non-majors as well as majors. May be repeated for credit. **Prerequisites:** Audition or instructor's approval.

MUSC4451 Jazz Ensemble (0-1)

A course designed for students ready to participate in a jazz ensemble setting. Membership open to non-majors as well as majors. May be repeated for credit. **Fees:** Additional fee required.

Prerequisites: Audition or instructor's approval.

MUSC4460 Concert Band (0-1)

The Northwest Nazarene University Concert Band is a course of membership in the largest instrumental ensemble of the Department of Music. Most wind and percussion instruments are represented in the ensemble. Membership is open to proficient non-majors as well as majors. May be repeated for credit. Initial auditions each year are primarily for chair placement. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

MUSC4470 Troupe (0-2)

Auditioned ensemble which will form the core of NNU's theatre production. Hands-on involvement in the performing of a theatrical production, including acting, costuming, stage lighting, set construction and theatre management. May be repeated for credit. **Prerequisites:** Instructor's approval

MUSC4490 University Choir and Orchestra (0-1)

An ensemble of select personnel chosen by audition. Ensemble's aims are to perform a variety of choral/orchestral literature from classical to contemporary. Membership open to majors and non-majors. May be repeated for credit. **Fees:** Additional fee required.

MUSC4950A Internship in Church Music (1-2)

Course designed to place students in a local church where, under the supervision of the instructor and the minister of music, the student will assume many of the responsibilities in the music ministry. May be repeated for credit.

MUSC4950B Internship in Audio Engineering (1-3)

Hands-on experience mixing, reinforcing and recording sound in musical performance venues. Students will learn about professional audio engineering equipment and techniques in chapel, church and/or studio settings. **Prerequisites:** MUSC1310, COMM2280

MUSC4980 Seminar in Music Business Management (3)

Topics researched and discussed in this seminar will include producing and selling a musical

recording, creation and management of a recording label, marketing and promotion and copyright issues. Offered: Alternate years, normally offered spring even numbered years.

NSCI—Natural Science

NSCI2094 Topics in Natural Science (1-3)

An interdisciplinary study of a current topic in natural science. Topics may include, but are not limited to, natural resources practicum, field geology of the Pacific Northwest, and general field geology. **Prerequisites:** Instructor's approval

NSCI3094 Topics in Natural Science (1-3)

An interdisciplinary study of a current topic in natural science. Topics may include, but are not limited to, natural resources practicum, field geology of the Pacific Northwest, and general field geology. **Prerequisites:** Instructor's approval

NSCI4094 Topics in Natural Science (1-3)

An interdisciplinary study of a current topic in natural science. Topics may include, but are not limited to, natural resources practicum, field geology of the Pacific Northwest, and general field geology. **Prerequisites:** Instructor's approval

NURS—Nursing

NURS1000 Introduction to the Profession of Nursing (1)

A survey course to help students explore nursing as a possible career path.

NURS2000 Health Assessment (3)

The focus of this course will be health assessment through the gathering of subjective and objective data through interview and physical examination of the adult client. An introduction to the nursing process, communication skills and documentation as related to health assessment will be presented. Older adult and cultural considerations will be addressed for each body system. Clinical/Nursing lab component. **Fees:** Additional fee required. **Prerequisites:** Program admission required.

NURS2015 Foundations of Professional Nursing and Nursing Care of the Older Adult (4)

There are two modules to this course. The first module provides an introduction to the theoretical foundations of nursing including nursing history and theory, the code of ethics, characteristics of professional practice and therapeutic relationships, and the healthcare delivery system in the U.S. The second module focuses on promoting healthy aging. Current theories on aging will be explored as well as the multidisciplinary needs of older adults, including developmental and relationship challenges, and meeting the physical, developmental, cultural and spiritual needs of older adults. The course will include an overview of the common health problems and transitions experienced by the elderly. End-of-life and palliative care will be introduced. Lab is directed toward the development of beginning therapeutic communication skills, and the adaptation of basic nursing care for the elderly client. Service learning opportunities in health promotion and risk reduction activities will be completed off-campus for this module. Clinical/Nursing lab component. **Fees:** Additional fee required. **Prerequisites:** Program admission required.

NURS2030 Fundamentals of Nursing (5)

This course focuses on the application of critical thinking through use of the nursing process. It integrates concepts from course prerequisites in the development and implementation of individualized plans of care. The use of evidence-based nursing intervention including basic

nursing interventions and medication administration are included. Clinical/Nursing lab component. **Fees:** Additional fee required. **Prerequisites:** NURS2015, NURS2000, BIOL2420, BIOL2420L, PSYC2100 **Corequisites:** KINE2730, BIOL3820

NURS2100 Medical Terminology (1)

A hybrid independent study, with online quizzes, designed to prepare students for comprehension and utilization of medical terminology in health professions.

NURS3010 The Childbearing Family (3)

Focuses on health promotion for the family during the reproductive years. Application of pharmacology, physiology & pathophysiology pertaining to childbearing families will be incorporated. Clinical/Nursing Lab component. **Fees:** Additional fee required. **Prerequisites:** NURS3020, NURS3030

NURS3015 Pediatrics and the Family Unit (3)

Focuses on the family, growth and development, health promotion, and preventive care of children. Application of pharmacology, physiology & pathophysiology pertaining to childrearing families will be incorporated. Clinical/Nursing Lab component. **Fees:** Additional fee required. **Prerequisites:** NURS3020, NURS3030

NURS3020 Mental Health (3)

This course focuses on the management of individuals with acute and chronic mental disorders in acute and community settings. Application of psychopharmacology will be integrated. Clinical component included. **Fees:** Additional fee required. **Prerequisites:** KINE2730, NURS2030, NURS3040, BIOL3820

NURS3030 Medical Surgical Nursing: Acute and Chronic Health Needs (6)

The nursing process is applied to selected acute and chronic disease processes. Clinical reasoning and critical thinking, health promotion, evidence-based practice, nursing management and transitional care of adult patients and their families in an acute care setting is emphasized. Clinical/Simulation Lab component. **Fees:** Additional fee required. **Prerequisites:** KINE2730, NURS2030, NURS3040, BIOL3820

NURS3040 Pharmacology (3)

An examination of the major classifications of drugs, mechanism of action, interactions and clinical implications will be discussed. Roles and responsibilities in utilizing pharmacotherapeutics will be explored. **Prerequisites:** NURS2015, NURS2000, BIOL2420, BIOL2420L **Corequisites:** KINE2730, BIOL3820

NURS4000 Medical Surgical Nursing: Complex Health Needs (5)

The impact of multifactorial complex health needs on the family will be explored. Critical thinking, evidence-based practice, and nursing management of clients with complex health needs will be practiced within high acuity settings for adults. Multidisciplinary collaborative care, transitional care, and end of life issues will be incorporated. Clinical/Simulation Lab component. **Fees:** Additional fee required. **Prerequisites:** NURS3010, NURS3015, NURS3030, NURS4030

NURS4010 Nursing of Diverse Populations in the Community (4)

Provides a foundation in population health. This course includes assessment, intervention and evaluation of culturally diverse and vulnerable populations. Service learning is a required component of this course. The students will learn the environmental influences upon the health of populations. Clinical component. Fulfills a general education Level II Cross-Cultural Experience if taken with NURS4010CC, Intercultural lab. **Fees:** Additional fee required. **Prerequisites:** NURS3010, NURS3015, NURS3030, NURS4030

NURS4020 Leadership and Management in Professional Nursing (3)

Explores concepts of leadership and management applied within professional nursing practice. Nursing and health care trends within the context of regional, national and international arenas will be explored. Emphasis is on healthcare systems and policy. **Prerequisites:** NURS4000, NURS4010

NURS4030 Nursing Research/Evidence-Based Practice (3)

Students acquire an understanding of the research process and evidence-based practice. Students will be guided in applying and incorporating research into evidence-based nursing practice. Human subject protection training is required. **Prerequisites:** MATH2240, ENGL1030, NURS3020, NURS3030

NURS4040 Transition to Professional Nursing Practice/Capstone (4)

This capstone course facilitates the transition from student to graduate professional nurse and fosters professional growth and development. Students will apply knowledge and skills acquired throughout the major under the mentorship of a nurse preceptor. Students will review and prepare for the National Council Licensing Examination (NCLEX). The course assists majors to reflect on their educational experience and professional development in light of the institutional values of Northwest Nazarene University. Clinical preceptorship of 180 hours. **Fees:** Additional fee required. **Prerequisites:** Instructor's approval

NURS4094 Special Topics in Nursing (1-2)

A study of special topics related to current issues and trends in nursing. Subject matter may change to meet the needs of the learner. **Prerequisites:** Instructor's approval

OCAM—Off Campus

OCAM1094 Topics (1-16)

An entry level off-campus program of study. **Prerequisites:** Academic advisor's permission on pre-registration schedule, off-campus program acceptance, and approved NNU application for off-campus study. May be repeated for credit under a different title.

OCAM2094 Topics (1-16)

A sophomore level off-campus program of study. **Prerequisites:** Academic advisor's permission on pre-registration schedule, off-campus program acceptance, and approved NNU application for off-campus study. May be repeated for credit under a different title.

OCAM3094 Topics (1-16)

A junior level off-campus program of study. **Prerequisites:** Academic advisor's permission on pre-registration schedule, off-campus program acceptance, and approved NNU application for off-campus study. May be repeated for credit under a different title.

OCAM4094 Topics (1-16)

A senior level off-campus program of study. **Prerequisites:** Academic advisor's permission on pre-registration schedule, off-campus program acceptance, and approved NNU application for off-campus study. May be repeated for credit under a different title.

PHIL—Philosophy

PHIL2010 Introduction to Philosophy (3)

A study of the major problems with which philosophy deals and an introduction to the major philosophers of the Western world. Students will be introduced to critical thinking and writing.

PHIL2020 Ethics (3)

An introduction to the concept of good, involving a study of the major ethical theories of the West and their applications to contemporary moral problems.

PHIL3010 History of Ancient and Medieval Philosophy (3)

A chronological study of the foundations of Western thought from the early Greeks through the medieval period, concentrating on the primary source material from Plato, Aristotle, Augustine, and Thomas Aquinas.

PHIL3020 History of Modern Philosophy (3)

A survey of the major philosophers of the 17th, 18th, and 19th centuries with special consideration for the influence of their thought upon the modern world. Offered: Alternate years.

PHIL3080 Critical Reasoning (3)

An introduction to the science of logic and reasoning, including both deductive and inductive reasoning processes. Basic concepts such as validity, soundness, strength, and argument evaluation will be covered. The course will also cover fallacies (both formal and informal), truth trees, biases within argumentation, and symbolic logic.

PHIL3094 Topics in Philosophy (1)

An examination of a specific area in philosophy. Topics will be announced as the course is scheduled and may include: applied ethical theory, philosophy of education, philosophy of logic, philosophy of nature, etc. Offered: Alternate years.

PHIL3410 Philosophy and Literature of Existentialism (3)

A study of the major concepts of existential philosophy along with the literary styles that are used by the major existential thinkers. The study will include Kierkegaard, Nietzsche, Sartre, Camus, Tillich, and Buber. (See THEO3410) Offered: Alternate years.

PHIL3520 Philosophy of Science (3)

A survey of the major theories in epistemology as they relate to scientific and philosophical investigation. The primary objective is to enhance the interdisciplinary dialogue taking place at the interface between science and philosophy. The course will also focus on some of the ethical and metaphysical implications of current scientific investigation.

PHIL3600 Clinical Ethics (3)

A review of the traditional theories of and the contemporary ethical applications to health care. The focus is the integration of ethical responsibility and the medical environment. Theorists and practitioners will contribute insight about methodology and motives that determine decisions made in modern medical care.

PHIL3620 Science and Christian Faith (3)

The primary objective of the course is to enhance the interdisciplinary dialogue taking place between science and theology. To accomplish this, the course will explore several core scientific theories and how these theories impact Christian theology. The three primary scientific theories covered in this course are cosmology and the big bang, the theory of macroevolution, and quantum physics. Each of these scientific theories has a significant impact on Christian theology. For instance, the big bang raises questions related to creation, provides evidence for a literal “beginning” and supports the argument from fine tuning. Similarly, evolution raises questions about the historical accuracy of Genesis 1-3, the fall, original sin, and the imago dei. Each of these theological views will be explored in depth. Finally, quantum physics calls into question the determinism of a clockwork universe and opens the door to chaos, indeterminacy and potentially human freedom. The key questions undergirding the course are as follows: How does modern science aid the theological

process? How has Christian faith aided the rise of modern science? How does modern science challenge some theological views? What are the limits of natural science in relation to the Christian faith? See THEO3620.

PHIL4210 Contemporary Philosophy (3)

A survey of the philosophers of the 20th century and the trends in natural, social, and political science that have impacted their thought. Both the analytic and continental streams of thought will be addressed with special attention given to positivism, existentialism, linguistic analysis, and postmodernism. Offered: Alternate years. **Prerequisites:** 4 credits in philosophy, or instructor's approval.

PHIL4430 Metaphysics (3)

An investigation of the ultimate philosophical commitments about reality. Topics selected may include the basic constituents of ontology, the nature of space and time, causality, freedom and the self. Representative figures in the history of philosophy may be considered and analyzed. Offered: Alternate years **Prerequisites:** 4 credits in philosophy, or instructor's approval.

PHIL4520 Philosophy of Religion (3)

A constructive study of religious claims, thoughts, and practices from the philosophic point of view. Special attention is given to problems such as: the idea of God, immortality, evil, freedom and determinism. **Prerequisites:** 4 credits in philosophy, or instructor's approval.

PHIL4900 Philosophy Capstone (1)

A course designed to bring to completion a student's NNU education, with an eye toward philosophical integration of the student's entire study. The course will involve systematic reflection of university outcomes and will seek to further refine a student's ability to read and write philosophy.

PHIL4980 Seminar in Philosophy (3)

A study of topics will be announced as the course is scheduled and could include: personality, social philosophy, philosophy of science, and aesthetics. Offered: Alternate years. May be repeated for credit. **Prerequisites:** 6 credits in philosophy, or instructor's approval.

PHIL4990 Philosophy and Aesthetics (3)

A senior level capstone course integrating philosophy and the visual arts. Students will gain a working knowledge of basic theories in aesthetics with an aim to understanding assessment of the visual arts. The culminating project will include a piece of group artwork displaying robust synthesis of aesthetic theory and basic art practice. The project will include a ten page paper articulating the group's process.

PHYS—Physics

PHYS1010 Introduction to Physical Science (3)

An interdisciplinary physical science course that covers the main educational topics in chemistry, physics, and earth science. This course is designed for elementary education majors but may be taken by any student for general education requirement. No prior knowledge of science is assumed. **Corequisites:** PHYS1010L

PHYS1010L Introduction to Physical Science Laboratory (1)

An interdisciplinary physical science lab that provides hands-on experimentations in the main educational topics of chemistry, physics, and earth science. This lab is designed for elementary education majors, but may be taken by any student for general education requirement. No prior knowledge of science is assumed. **Corequisites:** PHYS1010

PHYS1060 Descriptive Astronomy (3)

A descriptive study of modern astronomy for the general student with an emphasis on the structure and dynamics of stars, galaxies and the universe. The sun, planets and other objects in our local solar system will also be considered.

PHYS1060L Descriptive Astronomy Laboratory (1)

A laboratory course taught in connection with PHYS1060. Observational and laboratory activities are included, some in the evenings. **Fees:** Additional fee required. **Corequisites:** PHYS1060

PHYS1110 College Physics I (3)

A comprehensive non-calculus based approach to the fields of physics. Designed for students whose career goals are architecture, business, physical therapy, science education, and pre-medicine. Emphasis is placed on problem solving. Topics covered include mechanics, heat, thermodynamics and sound. **Prerequisites:** MATH1300, MATH1400, ACT Math score of 28 or higher, or SAT Math score of 710 or higher, or Accuplacer College Level math score of 103 or higher. **Corequisites:** PHYS1110L

PHYS1110L College Physics I Laboratory (1)

The laboratory uses the discovery approach to physical principles. The laboratory will cover basic labs in mechanics, wave motion and heat. **Fees:** Additional fee required. **Corequisites:** PHYS1110

PHYS1120 College Physics II (3)

A comprehensive non-calculus based approach to the fields of physics. Designed for students whose career goals are architecture, business, physical therapy, science education, and pre-medicine. Emphasis is placed on problem solving. Topics covered include electricity and magnetism, light and optics and modern physics. **Prerequisites:** MATH1300, MATH1400, PHYS1110, ACT Math score of 28 or higher, or SAT Math score of 710 or higher, or Accuplacer College Level Math score of 103 or higher. **Corequisites:** PHYS1120L

PHYS1120L College Physics II Laboratory (1)

The laboratory uses the discovery approach to physical principles. The laboratory will cover basic labs in electricity and magnetism, light and optics. **Fees:** Additional fee required. **Corequisites:** PHYS1120

PHYS2094 Topics in Physics (1-3)

A study in the field of physics not covered in other courses such as weather balloon launching, or conceptual physics. May be repeated for credit. **Prerequisites:** Instructor's approval

PHYS2110 Physics for Science and Engineering I (3)

A comprehensive calculus based examination of the fields of physics. Designed for science students whose career goals are in engineering, physics, chemistry, medicine, and veterinary science. Topics covered include mechanics, thermodynamics, wave phenomena and fluid mechanics. Concurrent Requisite: PHYS2110L. **Prerequisites:** ACT Math score of 28 or higher, or SAT Math score of 710 or higher, or Accuplacer College Level Math score of 103 or higher. **Corequisites:** MATH2510

PHYS2110L Physics for Science and Engineering I Laboratory (1)

The laboratory uses the discovery approach to physical principles. Selected experiments from the fields of mechanics, wave motion and heat will be performed. Concurrent Requisite: PHYS2110. **Fees:** Additional fee required.

PHYS2120 Physics for Science and Engineering II (3)

A comprehensive calculus based examination of the fields of physics. Designed for science students whose career goals are in engineering, physics, chemistry, medicine and veterinary science. Topics

covered include electricity and magnetism, light and optics. **Concurrent Requisite:** PHYS2120L. **Prerequisites:** PHYS2110 **Corequisites:** MATH2520

PHYS2120L Physics for Science and Engineering II Laboratory (1)

A comprehensive calculus based examination of the fields of physics. Designed for science students whose career goals are in engineering, physics, chemistry, medicine and veterinary science. Topics covered include electricity and magnetism, light and optics. **Concurrent Requisite:** PHYS2120.

Fees: Additional fee required.

PHYS3094 Topics in Physics (1-3)

A concentrated study in a field of physics not covered in other courses such as low temperature physics, Mossbauer spectroscopy, elementary particles, relativity, and cosmology. May be repeated for credit. **Prerequisites:** PHYS2120

PHYS3130 Modern Physics (3)

Basic ideas of quantum theory which led to the Rutherford-Bohr model of the atom, elementary quantum mechanics using Schroedinger's equation with applications to atoms, molecules, nuclei and elementary particles will be studied. Topics include: atomic and molecular spectra; ionic and covalent bonds; theory of alpha, beta and gamma decay, and quantum statistics of Bose and Fermi particles. **Concurrent Requisite:** PHYS3130L. **Prerequisites:** PHYS2120

PHYS3130L Modern Physics Laboratory (1)

This course is designed to provide students with experience in experimental research techniques used in modern physics. Emphasis is placed on experimental methods and procedures and the relationship among various observable quantities and data analysis. Experiments performed will include determining electron charge to mass ratio, lattice spacing determination using low-energy electron diffraction, nuclear decay rate measurements, spectroscopy, and others pertaining to topics covered in class. **Concurrent Requisite:** PHYS3130. **Fees:** Additional fee required.

PHYS3410 Analytic Mechanics (3)

Application of Newtonian mechanics to physical systems. Topics covered include central force problems, equations of motion of Lagrange and Hamilton, normal modes resulting from small vibrations, and rotating frames of reference. **Offered:** Alternate years **Prerequisites:** MATH3530, MATH3540, PHYS2110

PHYS4610 Electricity and Magnetism (3)

A vector calculus based examination of the laws of Gauss, Biot-Savart, Ampere and Faraday and the application of the equations of Laplace and Poisson to boundary valued problems. Maxwell's equations are introduced and used to investigate electromagnetic wave propagation in different media and radiation from antennas. **Prerequisites:** MATH3530, MATH3540, PHYS2120

PHYS4710 Optics (3)

Physical optics with emphasis on the application of the principles of interference, diffraction, and polarization; the study of lasers. Photometry and interferometry. **Prerequisites:** PHYS4610 or ENGR4250

PHYS4720 Solid State Physics (3)

An introduction to the physics of the solid state of matter. Topics include crystal structure, lattice vibrations and electronic band structure of crystals, electrical, optical, and thermal properties of solids, transport and other non-equilibrium phenomena in uniform and non-uniform solids. It is recommended that Modern Physics or Quantum Mechanics be taken before this course, or some general knowledge of solutions to Schrodinger's Equation. **Offered:** Alternate years **Prerequisites:** MATH3530, MATH3540, PHYS3130

PHYS4810 Fundamentals of Quantum Mechanics (3)

A beginning course in quantum mechanics which starts with the postulates and derives Schroedinger's equation from physical optics principles. Several simple systems are studied and the properties of eigen functions are used to introduce matrix methods and operator theory. Emphasis is placed on mathematical formalism with applications to atomic systems. **Offered:** Alternate years
Prerequisites: MATH3540, PHYS2120

PHYS4970 Research (1)

Participation with a faculty member in an individual investigative project or literature review. Required of all physics and engineering physics majors. May be repeated for credit.

PHYS4980 Senior Seminar/Capstone (1) Required of and limited to seniors. Involves a written and oral presentation of work completed in PHYS4970 or ENGR4970. **Prerequisites:** Instructor's approval

POLS—Political Science

POLS1000 Introduction to American Government (2)

Offered in conjunction with Boys' State or Girls' State, a one-week program designed as a leadership experience which allows self-participation in the election and legislative process of American government.

POLS1010 American National Politics (3)

An introduction to American politics from the 18th century to the present. Major themes and events include the writing of the U.S. Constitution, the development of American political principles and institutions, and contemporary political practices and issues in the United States.

POLS1030 The Foundations of Politics: The Quest for Peace and Justice (3)

An examination of peace and justice in political communities as well as the relationship of religious faith to political thought and practice. This course emphasizes the development of reading, writing, and critical thinking skills and examines historical and contemporary political issues rooted in perennial questions about justice.

POLS1050 Introduction to International Relations (3)

An introduction to the international political system and its major institutions, issues, and events. Major themes and events include the nature of the state system, national security and national interest, war and peace, alliances, diplomacy, the Cold War, conflict resolution, and international law.

POLS3094 Topics in Political Science (2-3)

An examination of various aspects of politics and political science conducted in a seminar format. May be repeated by permission for credit. Topics will vary.

POLS3210 Social Science Research Methods (3)

The study and application of empirical research methods in the social sciences, with an emphasis on political science. The course will include discussions relating to the philosophy of science, an overview of research designs, the conduct of empirical research, and the organization and preparation of research papers. (See HIST3210.) **Offered:** Alternate years.

POLS3310 Presidential Power: The Politics of Leadership (3)

An in-depth analysis of the presidency in the American political system. The course will examine the origins of the presidency, the nature of executive-legislative relations, the growth of presidential power, and the exercise of presidential power, especially in the modern era. **Offered:** Alternate years.

POLS3330 U.S. Foreign Policy (3)

An in-depth examination of the factors influencing the U.S. as a participant in the international system, especially from the end of World War II to the present. Topics include U.S. foreign policy and ideology, domestic politics and interest groups, public opinion and the media, and historical events considered chronologically. (See HIST3330.) **Offered:** Alternate years.

POLS3410 American Political Thought and Ideology (3)

A critical investigation of political ideas and ideologies from the pre-revolutionary era through the founding period, early 20th century and New Deal, to present distinctions between liberals, conservatives and other contemporary political orientations. The course examines the evolution of American political discourse, with particular emphasis on liberty, equality, the locus of power in the American political system, and the relationship between the included and excluded in American political history. **Offered:** Alternate years.

POLS3520 Theories of Politics (3)

A critical exploration of major themes and issues in the Western political and philosophical tradition from Plato to today, organized around the question, "Why should I obey the State?" Special emphasis will be placed on the concepts of state, citizen, obedience, and the rule of law. **Offered:** Alternate years.

POLS3610 Comparative Politics (3)

An in-depth study of how nations are governed, how different political systems operate, and the historical explanations for disparate levels of development. This course examines how modern political systems try to resolve complex domestic and international problems. Topics include the theoretical foundations of comparative political analysis, the relationship between the state, markets and civil society, and the growing importance of culture in explaining development and the quality of governance. **Offered:** Alternate years.

POLS4410 Constitutional Law (3)

An in-depth study of the U.S. Supreme Court and its role in the American political and legal systems. Landmark judicial decisions are examined concerning governmental powers, separation of powers, and federalism. Special attention is paid to legal reasoning and the role of the Court and its work in American government and society. Recommended for students interested in law school. **Offered:** Alternate years.

POLS4420 Civil Rights and Civil Liberties (3)

A critical examination of U. S. Supreme Court decisions involving constitutional rights and liberties with special attention given to the Bill of Rights and the Fourteenth Amendment. Topics will include religious freedom, freedom of expression, rights in criminal procedure, due process and equal protection, including racial and gender discrimination and sexual harassment. **Offered:** Alternate years. **Prerequisites:** POLS4410, or instructor's approval.

POLS4560 International Peace and Global Governance (3)

An in-depth study of conflict and conflict resolution in the international political system. This course examines various theories and models such as negotiation theory, peace studies, biblical models, international law, global human rights, and international order models. **Offered:** Alternate years.

POLS4960 Internship in Political Science (3)

A supervised, practical work experience in either the public or private sectors. The internship is required of all political science majors and provides an opportunity to gain practical experience in government and politics. **Prerequisites:** Instructor's approval

POLS4970 Senior Thesis and Capstone (4)

A two-part requirement for all political science and international studies majors. The departmental component (Thesis) is an independent research paper of 25-30 pages, which includes demonstration of critical analysis and evaluation involving scholarly research and data-gathering. The university component (Capstone) includes a careful evaluation of the fulfillment of the university outcomes in the growth and experience of the student while at NNU, in discussion and an extended paper of eight to ten pages.

POLS4980 Seminar in International Studies (3)

An in-depth examination of a particular problem, issue, or event in global affairs. The course is discussion-centered and involves extensive readings in the field of international studies. **Offered:** Alternate years.

PRTH—Practical Theology

PRTH1250 Christian Ministry Retreat (1)

A fall retreat for all Christian ministry majors, with specific emphases in spiritual formation and the development of community among students. Typically scheduled during a September weekend.

Fees: Additional fee required.

PRTH1440 Ministerial Scholarship Practicum (0)

A practicum designed to foster spiritual formation through reflection on personal spiritual reading (assigned weekly), sharing, accountability and prayer. This course will connect classroom learning about the Bible, theology, and ministry to local church practice (praxis) through weekly ministry experience in churches and other ministry situations. Required for all ministerial scholarship recipients.

PRTH1710 Exploring Vocation and Call (1)

An exploration of calling and vocation. Emphasis will be given to the experience of a "call." Stories of how others have experienced their call and come to serve in their vocation will be considered.

PRTH1900 Introduction to Parachurch Ministry (2)

An introduction to and study of vocational ministry outside traditional church or denominational contexts. Topics include the call to this type of ministry, working with local churches and governing boards, raising support, and developing an advisory committee.

PRTH2094 Topics in Evangelism (1)

An examination of some phase of evangelism not covered in other courses. May be repeated for credit.

PRTH2400 Christian Missions (3)

An introduction to the study of Christian missions. Attention will be given to biblical and theological foundations, historical perspectives, and cultural dimensions of missions in a contemporary world setting. A field trip is a required part of the course. Fulfills a General Education Level II Cross-Cultural Experience if taken with PRTH2400CC Intercultural Lab 2. **Fees:** Additional fee required.

PRTH2440 Ministerial Scholarship Practicum (0)

A practicum designed to foster spiritual formation through reflection on personal spiritual reading (assigned weekly), sharing, accountability, and prayer. This course will connect classroom learning about the Bible, theology, and ministry to local church practice (praxis) through weekly ministry experience in churches and other ministry situations. Required for all ministerial scholarship recipients.

PRTH2600 Foundations for Cross-Cultural Ministry (1)

An exploration of the call to missionary service and how to prepare for such service. Aptitude for cross-cultural service and conflict management skills will be emphasized. Weekend seminar. **Fees:** Additional fee required.

PRTH2960 Field Experience in Christian Ministry (1)

A study of practical applications in pastoral theology. In addition to the weekly class time, the student will be involved in some phase of Christian ministry in a local church or other appropriate ministry setting. **Fees:** Additional fee required. **Prerequisites:** PRTH1710 **Corequisites:** PRTH2960L

PRTH2960L Personal Development Lab (0)

Students in this lab meet in person or online with a student in NNU's graduate counseling program for the interpretation of their California Psychological Inventory (CPI) results and a formative assessment of their personal development with respect to theological studies and vocational ministry. Successful completion of this lab is required for graduation. Grade of Pass/Fail.

PRTH3094 Topics in Practical Theology (1)

An examination of some phase of practical theology not covered in other courses. May be repeated for credit.

PRTH3210 Spiritual Formation (2)

A study of the theory and practice of spiritual formation and Christian discipleship. Attention will be given to the reflective discipline of one's individual journey with God and personal spiritual development. Further attention will be given to discipling through mentoring and in small groups. A spiritual formation weekend retreat is an integral part of this course and is required of all students. **Fees:** Additional fee required. **Prerequisites:** PRTH1710

PRTH3220 Worship Theory and Development (2)

A study of the principles of Christian worship. Attention will be given to the development of contextualized, theologically informed worship, and the rites and sacraments of Christian worship **Fees:** Additional fee required.

PRTH3250 Worship Leadership and the Sacraments (2)

A study of the theology of worship and its integration into local contexts. Attention will be given to the creation, production, and implementation of Christian communal worship services. This course will also provide a theology and practice of the Christian sacraments of the Lord's Supper and Baptism. Offered: Alternate years **Fees:** Additional fee required. **Prerequisites:** PRTH3220

PRTH3440 Ministerial Scholarship Practicum (0)

A practicum designed to foster spiritual formation through reflection on personal spiritual reading (assigned weekly), sharing, accountability and prayer. This course will connect classroom learning about the Bible, theology and ministry to local church practice (praxis) through weekly ministry experience in churches and other ministry situations. Required for all ministerial scholarship recipients.

PRTH3710 Preaching (3)

A study of the preparation and delivery of sermons within the context of worship, includes preaching practice. **Prerequisites:** Instructor's approval

PRTH3750 Compassionate Ministries (2)

A study of the theology of social holiness as expressed in a life of compassionate stewardship. The course will explore current literature and programs being developed by evangelical churches focusing on compassionate ministries. Special attention will be given to the urban compassionate

ministry centers being developed by the Church of the Nazarene. A field trip is a required part of the course. Fulfills a General Education Level II Cross-Cultural Experience if taken with PRTH3750CC Intercultural Lab 2. **Fees:** Additional fee required.

PRTH3880 Camping and Recreation Ministry (2)

An introduction to the philosophy, methods and skills necessary to plan, organize and administer camp and recreation ministries for the local church and other connected entities. **Fees:** Additional fee required.

PRTH3960 Field Experience in Christian Ministry (1)

A study of topics in pastoral theology and their application. In addition to the weekly class time, the student will be contracted for involvement in some phase of Christian ministry in a local church or other appropriate ministry setting. **Fees:** Additional fee required.

PRTH4440 Ministerial Scholarship Practicum (0)

A practicum designed to foster spiritual formation through reflection on personal spiritual reading (assigned weekly), sharing, accountability and prayer. This course will connect classroom learning about the Bible, theology and ministry to local church practice (praxis) through weekly ministry experience in churches and other ministry situations. Required for all ministerial scholarship recipients.

PRTH4710 Missional Growth and Health (2)

A study of the church's mission and development with special emphasis on church health and growth. Attention will be given to observation of church and community, both historical and contemporary. Students will describe the socialization and dynamics of the church to culture, and develop skills for effective ministry. A field trip is required. **Fees:** Additional fee required.

PRTH4820 Pastoral Leadership (3)

A study of leadership and administration in Christian ministries. Areas to be discussed will include: spiritual gifts, selecting, organizing, and maintaining a church staff, conflict management and professional ethics. An independent study course that assists readers in developing higher level reading skills while increasing reading speed and comprehension. Focus will also be given to strategies for reading different types of documents.

STSK1510 Mathematics Strategies (1)

An individualized study of mathematics emphasizing re-entry, review, or development of mathematics competency in new areas. May be repeated a maximum of six times for credit.

STSK1610 English Strategies (1)

An individualized study of English writing conventions necessary to develop effective prose writing.

STSK1710 Personal Finance for College Students (1)

A self-study course to guide college students toward good financial stewardship. This course will be graded pass/fail.

STSK1810 Major and Career Exploration: A Strengths-Based Approach (2)

This course is designed to assist students in their major and career exploration process. Activities and course assignments are interactive and reflective in nature, and include self and career exploration, in-class and outside of class activities, usage of career assessment resources, exploration of academic majors and career options.

STSK3120 Academic Peer Mentoring (1)

This course is required of academic peer mentors within the Center for Academic Success and Advising. It is a one semester, one credit, letter grade course consisting of learning theory and skill training for coaching provisionally admitted freshmen. Topics include: time management, sensory learning preferences, note-taking, reading strategies, test taking, memory, education and development theory, motivation, self-regulation, wellness, and other general university study skills. May be repeated for credit. **Prerequisites:** Instructor's approval

STSK3220 Writing Consulting (0-1)

This class is required of all writing consultants in the Center for Academic Success and Advising. It is a semester long, one credit course that covers the basics of composition theory and writing mentorship. It is designed to support writing center consultants as they engage in peer-tutoring capacities. **Prerequisites:** Instructor's approval

STSK3710 Career and Life Planning: Preparing for the Journey (2)

This course will assist students with many aspects of transitioning from NNU, including clarifying strengths and goals, marketing yourself to find a meaningful job/career path, and exploring adjustments to change. Activities and course assignments will be interactive and will include creating a vision for life and work, learning how to develop job search skills and tools.

THEO—Theology

THEO2100 Introduction to Christian Theology (3)

A study of the essential doctrines of the Christian faith in systematic form. The underlying foundation will be biblical faith, with special emphasis given to the interpretation of the Wesleyan-Arminian tradition. This course is designed for general students. **Prerequisites:** BIBL1100

THEO3094 Topics in Theology (1-3)

An examination of some phase of theology not covered in other courses. May be repeated for credit.

Prerequisites: THEO2100

THEO3410 Philosophy and Literature of Existentialism (3)

A study of the major concepts of existential philosophy along with the literary styles that are used by the major existential thinkers. The study will include Kierkegaard, Nietzsche, Sartre, Camus, Tillich, and Buber. Offered: Alternate years. (See PHIL3410)

THEO3540 Christian Holiness (3)

A study of the doctrine of Christian perfection, stressing its biblical and historical background with particular attention to its development in the writings of John Wesley and the Wesleyan Holiness tradition. Special emphasis will be given to spiritual formation aspects of entire sanctification. This course is designed for general students. **Prerequisites:** BIBL1100, THEO2100

THEO3560 Theological Explorations of Evangelism (3)

A study of the various historical and contemporary expressions of evangelism from a theological perspective. The course seeks to help students develop a theological understanding of evangelism within the broader categories of ecclesiology and discipleship, as well as enabling them to reflect on and evaluate different methods often associated with evangelistic practices. **Fees:** Additional fee required.

THEO3580 Love (3)

An examination of theological and philosophical aspects of love. There will be a spiritual formation project. **Fees:** Additional fee required. **Prerequisites:** THEO2100

THEO3590 Theology of the Church (3)

An advanced study of ecclesiology exploring the relationship between communal worship, Christian belief, and ethics. The course will also explore the biblical and theological background of various Christian traditions, the relationship of the Church to culture, current ecclesiological shifts, and the trajectory of the Church in a postmodern culture. **Prerequisites:** THEO2100

THEO3620 Science and Christian Faith (3)

The primary objective of the course is to enhance the interdisciplinary dialogue taking place between science and theology. To accomplish this, the course will explore several core scientific theories and how these theories impact Christian theology. The three primary scientific theories covered in this course are cosmology and the big bang, the theory of macroevolution, and quantum physics. Each of these scientific theories has a significant impact on Christian theology. For instance, the big bang raises questions related to creation, provides evidence for a literal “beginning” and supports the argument from fine tuning. Similarly, evolution raises questions about the historical accuracy of Genesis 1-3, the fall, original sin, and the imago dei. Each of these theological views will be explored in depth. Finally, quantum physics calls into question the determinism of a clockwork universe and opens the door to chaos, indeterminacy and potentially human freedom. The key questions undergirding the course are as follows. How does modern science aid the theological process? How has Christian faith aided the rise of modern science? How does modern science challenge some theological views? What are the limits of natural science in relation to the Christian faith? See PHIL3620.

THEO3630 Exploring Western World Religious Traditions (3)

A historical and theological exploration of the dominant Western (Islam, Judaism) world religions and selected Christian sectarian movements. Special attention is given to student participation in religious [removed]field trips) and to the issue of religious pluralism. **Prerequisites:** BIBL1100, THEO2100, or instructor's approval.

THEO3640 Exploring Eastern World Religious Traditions (3)

A historical and theological exploration of the dominant Eastern (Hinduism, Buddhism, Taoism, and Confucianism) world religions. Special attention is given to student participation in religious [removed]field trips) and to the issue of religious pluralism. **Prerequisites:** BIBL1100, THEO2100, or instructor's approval.

THEO3700 Social Justice in the Christian Tradition (3)

The virtue of justice has deep roots in Christian Scripture, philosophy, and the Christian theological tradition as an essential feature of a society ordered toward the common good. What does justice look like in the tradition of Christian thought? What makes a just society? How might Christians actively contribute to a society that is more just? This course encourages students to explore such questions through Scripture, the church's theological heritage, and engagement with the work of active practitioners today. **Prerequisites:** BIBL1100, THEO2100, or instructor's approval.

THEO4240 Theology of Holiness (2)

A study of the theology of entire sanctification designed for Christian Ministry majors. Emphasis will be given to its biblical and historical background, especially as developed by John Wesley and the Wesleyan Holiness tradition. **Prerequisites:** BIBL1100, THEO2100

THEO4530 Christian Theology I (3)

An advanced systematic study of the Christian faith from a Wesleyan perspective, with particular reference to historical development and contemporary understanding. The subjects include Theological Methodology, Revelation and Inspiration, the Trinitarian God, Humanity, and Sin. **Fees:** Additional fee required. **Prerequisites:** Two courses in theology, or instructor's approval.

THEO4540 Christian Theology II (3)

An advanced systematic study of the Christian faith from a Wesleyan perspective, with particular reference to historical development and contemporary understanding. The subjects include Christology, Soteriology, Pneumatology, Christian Ethics, and Eschatology. **Fees:** Additional fee required. **Prerequisites:** 2 courses in Theology, or instructor's approval.

THEO4900 Religion Capstone (1)

The course evaluates how students in the Department of Philosophy and Religion have integrated theology and ministry practice through the use of case studies. The case studies will provide a context for faculty to assess whether students have integrated the university outcomes in their understanding of Christian ministry.
